INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Oak Grove Institute Foundation, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Oak Grove Institute Foundation, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Oak Grove Institute Foundation, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Oak Grove Institute Foundation, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Oak Grove Institute Foundation, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Oak Grove Institute Foundation, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Oak Grove Institute Foundation, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of Oak Grove Institute Foundation, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan's agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution profit sharing plan of Oak Grove Institute Foundation, Inc. ("the Foundation"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Benefits

The Plan covers all employees of the Foundation. Employees who are at least twenty-one years of age and have completed three months of service are eligible to participate in the Plan. The non-elective employer contribution match is made based on the approved percentage by the Foundation, with a maximum annual contribution not to exceed $1,200.

Plan earnings are allocated to all participants based on their proportionate beginning balances less distributions and expenses.

Termination

If employees terminate employment with the Foundation prior to six years of service, except for reasons of death or attaining normal retirement age (as defined by the Plan), they forfeit the right to receive a portion of their accumulated plan benefits. Plan benefits are paid to terminated employees in one lump sum.

Death Benefits

If an active employee dies, the employee's benefit becomes 100% vested and the beneficiary will receive the balance of the employee's account.

Vesting

Participants are immediately 100% vested in their employee contributions, consisting of elective deferral contributions and rollover contributions, and in any qualified nonelective employer contributions, together with related earnings. Employer matching contributions vest based on years of vesting service according to the following schedule:

Years of Vesting Service	Vested Percentage
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 or more years	100%

continued

1. Description of Plan, continued

Forfeitures

Forfeitures may be used to pay administrative expenses of the Plan. Forfeitures of matching contributions may be used to reduce matching contributions. There was a total of $14,138 and $0 in forfeited non-vested accounts at December 31, 2025 and 2024, respectively. There were $7,919 and $1,931 in forfeitures used in 2025 and 2024, respectively.

Payment of Benefits

A participant will be entitled to the vested value of his or her account when the participant leaves the Foundation for any reason, including total disability or death. If the participant leaves the Foundation before becoming fully vested in the value of the participant's matching contribution account, the participant will be entitled to the vested part of his or her account determined by the participant's years of service.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements is as follows:

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Interest is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains on investments bought and sold, as well as held, during the year.

continued

2. Summary of Significant Accounting Policies, continued

Fair Value Measurements

Generally accepted accounting principles provide guidance on how fair value should be determined when financial statements elements are required to be measured at fair value. Valuation techniques are ranked in three levels depending on the degree of objectivity of the inputs used with each level:

Level 1 inputs – quoted prices in active markets for identical assets
Level 2 inputs – quoted prices in active or inactive markets for the same or similar assets
Level 3 inputs – estimates using the best information available when there is little or no market

The Plan is required to measure certain investments at fair value. The specific techniques used to measure fair value for the financial statement element is described in the notes below that relate to the element.

Notes receivable from participants

Notes receivable from participants are reported at unpaid principal plus accrued but unpaid interest. Interest income is recognized as earned. Participant loan transactions, including defaults and account offsets, are accounted for according to their nature and applicable accounting requirements.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures as of the date and for the period presented. Actual results could differ from those estimates.

Administrative Expenses

The Foundation absorbs all administrative expenses of the Plan other than the contract services charged by Capital Bank and Trust Company and Empower Annuity Insurance Company ("the trustees"). During the years ended December 31, 2025 and 2024, the total contract charges were $13,686 and $3,415, respectively.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market volatility, and credit risks. Market risks include global events which could impact the value of investments securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the Statements of Net Assets Available for Benefits.

The Plan's investments do not include concentrations of credit risk. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across various asset classes and the utilization of investment managers.

Subsequent Events

Management has evaluated subsequent events through October 13, 2026, the date which the financial statements were available for issue. No events or transactions have occurred during this period that appear to require recognition or disclosure in the financial statements.

3. Notes Receivable from Participants

Notes receivable from participants totaled $48,432 and $53,665 at December 31, 2025 and 2024, respectively. Loans are secured by participants' vested account balances and are repaid through payroll deductions. Outstanding loans bear interest at rates ranging from 4.25% to 9.50% and mature through December 30, 2030. Loan amounts and repayment terms are subject to the Plan's provisions and applicable statutory limits.

4. Information Prepared and Certified by the Trustees

Management elected an ERISA Section 103(a)(3)(C) audit. The investment information identified below was prepared and certified as complete and accurate by the respective qualified institutions as of and for the years ended December 31, 2025 and 2024. The auditor's procedures concerning certified investment information were limited to those required for an ERISA Section 103(a)(3)(C) audit.

The following information, included in the accompanying financial statements and supplemental schedules, was obtained from data that has been prepared and certified to as complete and accurate by Empower Annuity Insurance Company and Capital Bank and Trust Company, for the years ended December 31, 2025 and 2024:

4. Information Prepared and Certified by the Trustees, continued

Empower Annuity Insurance Company - 2025	
Mutual funds	**$5,614,252**
Capital Bank and Trust Company - 2024	
Mutual funds	$4,823,579

During the years ended December 31, 2025 and 2024, the Plan's investments (including investments bought, sold, and held during the year) changed in value by $768,274 and $421,652, respectively, attributed to mutual funds.

5. Fair Value Measurements

The following table presents the balances of assets measured at fair value as of December 31, 2025 and 2024 on a recurring basis:

	Level 1	Level 2	Level 3	Total
December 31, 2025				
Mutual funds	$5,614,252	$ -	$ -	**$5,614,252**
December 31, 2024				
Mutual funds	$4,823,579	$ -	$ -	$4,823,579

The fair value of mutual funds has been measured on a recurring basis based on the NAV of shares held by the Plan at year-end. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments, which are traded on an active market (Level 1 inputs).

6. Related Party and Party-in-Interest Transactions

ERISA defines parties-in-interest more broadly than generally accepted accounting principles' related parties, encompassing all service providers to the Plan. Management identified no related parties that were not also parties-in-interest, and no material related party transactions occurred during the Plan year regarding compensation arrangements, expense allowances, or similar items.

Parties-in-interest transactions include those with Plan fiduciaries or employees, service providers, employers with covered employees, employee organizations with covered members, and persons owning 50% or more of such employers or employee associations, along with their relatives. Trustee transactions, including revenue sharing and fee offset agreements, as well as the Plan's payment of certain plan fees and expenses, qualify as parties-in-interest transactions. Administrative fees paid by the Plan to the trustee were $13,686.

continued

6. Related Party and Party-in-Interest Transactions, continued

The Plan's investment options include funds managed by Empower Annuity Insurance Company or its affiliates. As custodian and recordkeeper, Empower Annuity Insurance Company's transactions qualify as exempt parties-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Foundation. No officer or employee received compensation from the Plan for these services.

Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments, which were not covered by revenue sharing. The Plan also made direct payments to service providers which were not covered by revenue sharing.

7. Plan Termination

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue its contribution at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

8. Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code ("IRC") and, accordingly, the trust's net investment income is exempt from income taxes. The Plan is designed to operate as a standardized plan based on a favorable determination letter issued to the prototype sponsor that provides tax-exempt status under appropriate sections of the IRC. The plan sponsor believes that the Plan continues to qualify and to operate as designed.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Oak Grove Institute Foundation, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Oak Grove Institute Foundation, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Oak Grove Institute Foundation, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Oak Grove Institute Foundation, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Oak Grove Institute Foundation, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Oak Grove Institute Foundation, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Oak Grove Institute Foundation, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of Oak Grove Institute Foundation, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan's agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution profit sharing plan of Oak Grove Institute Foundation, Inc. ("the Foundation"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Benefits

The Plan covers all employees of the Foundation. Employees who are at least twenty-one years of age and have completed three months of service are eligible to participate in the Plan. The non-elective employer contribution match is made based on the approved percentage by the Foundation, with a maximum annual contribution not to exceed $1,200.

Plan earnings are allocated to all participants based on their proportionate beginning balances less distributions and expenses.

Termination

If employees terminate employment with the Foundation prior to six years of service, except for reasons of death or attaining normal retirement age (as defined by the Plan), they forfeit the right to receive a portion of their accumulated plan benefits. Plan benefits are paid to terminated employees in one lump sum.

Death Benefits

If an active employee dies, the employee's benefit becomes 100% vested and the beneficiary will receive the balance of the employee's account.

Vesting

Participants are immediately 100% vested in their employee contributions, consisting of elective deferral contributions and rollover contributions, and in any qualified nonelective employer contributions, together with related earnings. Employer matching contributions vest based on years of vesting service according to the following schedule:

Years of Vesting Service	Vested Percentage
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 or more years	100%

continued

1. Description of Plan, continued

Forfeitures

Forfeitures may be used to pay administrative expenses of the Plan. Forfeitures of matching contributions may be used to reduce matching contributions. There was a total of $14,138 and $0 in forfeited non-vested accounts at December 31, 2025 and 2024, respectively. There were $7,919 and $1,931 in forfeitures used in 2025 and 2024, respectively.

Payment of Benefits

A participant will be entitled to the vested value of his or her account when the participant leaves the Foundation for any reason, including total disability or death. If the participant leaves the Foundation before becoming fully vested in the value of the participant's matching contribution account, the participant will be entitled to the vested part of his or her account determined by the participant's years of service.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements is as follows:

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Interest is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains on investments bought and sold, as well as held, during the year.

continued

2. Summary of Significant Accounting Policies, continued

Fair Value Measurements

Generally accepted accounting principles provide guidance on how fair value should be determined when financial statements elements are required to be measured at fair value. Valuation techniques are ranked in three levels depending on the degree of objectivity of the inputs used with each level:

Level 1 inputs – quoted prices in active markets for identical assets
Level 2 inputs – quoted prices in active or inactive markets for the same or similar assets
Level 3 inputs – estimates using the best information available when there is little or no market

The Plan is required to measure certain investments at fair value. The specific techniques used to measure fair value for the financial statement element is described in the notes below that relate to the element.

Notes receivable from participants

Notes receivable from participants are reported at unpaid principal plus accrued but unpaid interest. Interest income is recognized as earned. Participant loan transactions, including defaults and account offsets, are accounted for according to their nature and applicable accounting requirements.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures as of the date and for the period presented. Actual results could differ from those estimates.

Administrative Expenses

The Foundation absorbs all administrative expenses of the Plan other than the contract services charged by Capital Bank and Trust Company and Empower Annuity Insurance Company ("the trustees"). During the years ended December 31, 2025 and 2024, the total contract charges were $13,686 and $3,415, respectively.

continued

2. Summary of Significant Accounting Policies, continued

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market volatility, and credit risks. Market risks include global events which could impact the value of investments securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the Statements of Net Assets Available for Benefits.

The Plan's investments do not include concentrations of credit risk. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across various asset classes and the utilization of investment managers.

Subsequent Events

Management has evaluated subsequent events through October 13, 2026, the date which the financial statements were available for issue. No events or transactions have occurred during this period that appear to require recognition or disclosure in the financial statements.

3. Notes Receivable from Participants

Notes receivable from participants totaled $48,432 and $53,665 at December 31, 2025 and 2024, respectively. Loans are secured by participants' vested account balances and are repaid through payroll deductions. Outstanding loans bear interest at rates ranging from 4.25% to 9.50% and mature through December 30, 2030. Loan amounts and repayment terms are subject to the Plan's provisions and applicable statutory limits.

4. Information Prepared and Certified by the Trustees

Management elected an ERISA Section 103(a)(3)(C) audit. The investment information identified below was prepared and certified as complete and accurate by the respective qualified institutions as of and for the years ended December 31, 2025 and 2024. The auditor's procedures concerning certified investment information were limited to those required for an ERISA Section 103(a)(3)(C) audit.

The following information, included in the accompanying financial statements and supplemental schedules, was obtained from data that has been prepared and certified to as complete and accurate by Empower Annuity Insurance Company and Capital Bank and Trust Company, for the years ended December 31, 2025 and 2024:

4. Information Prepared and Certified by the Trustees, continued

Empower Annuity Insurance Company - 2025	
Mutual funds	**$5,614,252**
Capital Bank and Trust Company - 2024	
Mutual funds	$4,823,579

During the years ended December 31, 2025 and 2024, the Plan's investments (including investments bought, sold, and held during the year) changed in value by $768,274 and $421,652, respectively, attributed to mutual funds.

5. Fair Value Measurements

The following table presents the balances of assets measured at fair value as of December 31, 2025 and 2024 on a recurring basis:

	Level 1	Level 2	Level 3	Total
December 31, 2025				
Mutual funds	$5,614,252	$ -	$ -	**$5,614,252**
December 31, 2024				
Mutual funds	$4,823,579	$ -	$ -	$4,823,579

The fair value of mutual funds has been measured on a recurring basis based on the NAV of shares held by the Plan at year-end. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments, which are traded on an active market (Level 1 inputs).

6. Related Party and Party-in-Interest Transactions

ERISA defines parties-in-interest more broadly than generally accepted accounting principles' related parties, encompassing all service providers to the Plan. Management identified no related parties that were not also parties-in-interest, and no material related party transactions occurred during the Plan year regarding compensation arrangements, expense allowances, or similar items.

Parties-in-interest transactions include those with Plan fiduciaries or employees, service providers, employers with covered employees, employee organizations with covered members, and persons owning 50% or more of such employers or employee associations, along with their relatives. Trustee transactions, including revenue sharing and fee offset agreements, as well as the Plan's payment of certain plan fees and expenses, qualify as parties-in-interest transactions. Administrative fees paid by the Plan to the trustee were $13,686.

continued

6. Related Party and Party-in-Interest Transactions, continued

The Plan's investment options include funds managed by Empower Annuity Insurance Company or its affiliates. As custodian and recordkeeper, Empower Annuity Insurance Company's transactions qualify as exempt parties-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Foundation. No officer or employee received compensation from the Plan for these services.

Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments, which were not covered by revenue sharing. The Plan also made direct payments to service providers which were not covered by revenue sharing.

7. Plan Termination

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue its contribution at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

8. Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code ("IRC") and, accordingly, the trust's net investment income is exempt from income taxes. The Plan is designed to operate as a standardized plan based on a favorable determination letter issued to the prototype sponsor that provides tax-exempt status under appropriate sections of the IRC. The plan sponsor believes that the Plan continues to qualify and to operate as designed.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.
