Independent Auditor's Report

To the Plan Administrator
Texas Pain Partners, PLLC Retirement Plan
San Antonio, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Texas Pain Partners, PLLC Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Texas Pain Partners, PLLC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Texas Pain Partners, PLLC Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Texas Pain Partners, PLLC Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Texas Pain Partners, PLLC Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Texas Pain Partners, PLLC Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - *Supplemental Schedule Required by ERISA*

The supplemental Schedule H, Line 4i—Schedule of Assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following brief description of the Texas Pain Partners, PLLC Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was amended and restated most recently effective August 1, 2025, changing the Plan Sponsor from Consultants in Pain Medicine, PLLC to Texas Pain Partners, PLLC. Additionally, the name of the Plan was changed from Consultants in Pain Medicine, PLLC 401(k) Profit Sharing Plan and Trust to Texas Pain Partners, PLLC Retirement Plan. The Plan is a defined contribution plan and upon restatement covering all employees of Texas Pain Partners, PLLC, Raul G. Martinez, MD PLLC, Mark Moran MD PLLC, and Shaun C. Jackson MD PLLC (collectively the Employer). Upon restatement Scott P. Worrich MD PLLC withdrew as a participating employer. The Plan covers all employees of the Employer except employees who are members of a collective bargaining unit and nonresident aliens, who have completed one year of service and who are age twenty-one (21) or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Employer may, at its discretion, match a portion of participant contributions or make a non-elective discretionary contribution known as a profit-sharing contribution. The Employer did for the year ended December 31, 2025 make a safe harbor contribution equal to 100% of the first 3% of eligible compensation for all employees eligible to make elective deferral contributions. Additionally, the Employer for the year 2025 through July 31, 2025, made a profit-sharing contribution equal to 100% of the first 2% of a participants' eligible compensation, thereafter the profit-sharing contribution was made only for employees making elective deferral contributions. Participants may contribute up to 100% of pretax annual income, as defined in the plan document. Participants may designate all or a portion of the deferred contributions as after-tax contributions into a Roth account. Participants who have obtained the age of 50 before the close of the Plan year are eligible to make catch-up contributions Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts earned under the provisions of the Plan are recorded as a liability with a corresponding reduction in contributions.

1. Description of Plan

Participant Accounts

Participants may direct their contributions to selected investments as made available by the Plan administrator. The Plan currently offers various mutual funds, a money market fund, and self-directed brokerage accounts as investment options for participants. The self-directed brokerage account option if elected allows participants to invest in a wide array of investments including equity, debt, mutual funds of registered investment companies, and other investments as elected by the participant. Participants may change their investment options at any time.

Each participant's account is credited with the participant's contribution, the Employer's contributions (if any), and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are not paid by the Employer. Allocations are in proportion to the participant account balances. Plan earnings are credited to each participant's account based upon the performance of the investments selected at each valuation date.

The benefit to which a participant is entitled is the benefit that can be derived from the participant's vested account.

Payment of benefits

On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Any vested account balance under $5,000 is automatically paid out as soon as administratively feasible. If the participant does not elect to have the distribution paid directly to him or herself or to an eligible retirement plan as a direct rollover, the Plan Administrator will pay the distribution as a direct rollover to an individual retirement account designated by the Plan Administrator. Hardship distributions are also available subject to certain limitations.

Vesting

Participants are 100% vested at all times in the accrued benefits from their elective contributions. Participants become 25% vested after two years of service and increasing 25% per year until 100% vested after the completion of four years of service in all matching and non-elective discretionary contributions made by the Employer and the earnings thereon.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts from nonvested accounts may be used by the Plan for several purposes including reducing the Employer's matching and non-elective contributions

1. Description of Plan

or applied to reduce administrative expenses of the Plan. Unallocated forfeitures at December 31, 2025 and 2024 were $10,041 and $9,026, respectively. Forfeitures totaling $5,000 were used to reduce Employer profit-sharing contributions in 2025.

Secure 2.0 Act

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Company has until December 31, 2026 to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date of these financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of participant initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

3. Information Certified by Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, a qualified institution and the custodian of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

	December 31,	
	2025	2024
Investments at fair value:		
Mutual funds	**$ 6,804,488**	$ 5,845,110

The custodian also certified to the completeness and accuracy of $465,349 of net appreciation in in fair value of investments and $583,256 of interest and dividend income related to the aforementioned investments for the year ended December 31, 2025.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan's independent auditors did not perform auditing procedures with respect to the above referenced information certified by the custodian which appears throughout the Plan's financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for major categories of investments measured at fair value:

Level 1 Fair Value Measurements

Self-directed brokerage accounts. Self-directed brokerage accounts are accounts that are managed by the individual participants and offer the participants the option of investing in funds within and outside the Plan investment options. All investments are valued at fair value using quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date (Level 1 inputs). All expenses and income associated with the participant's elections and activity are recorded at the individual participant level. Accounts primarily consist of mutual funds, common stocks, cash, U.S. governmental securities, and corporate bonds that are valued as described in this section.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Cash: Held primarily in short-term money market funds, which are valued at cost plus accrued interest.

U.S. government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 6,804,488	$ -	$ -	$ 6,804,488
Self-directed brokerage accounts	6,560,689	-		6,560,689
	$ 13,365,177	$ -	$ -	$ 13,365,177

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 5,845,110	$ -	$ -	$ 5,845,110
Self-directed brokerage accounts	7,717,445	-		7,717,445
	$ 13,562,555	$ -	$ -	$ 13,562,555

5. Tax Status

The Employer adopted effective January 1, 2021, the CCH Incorporated DBA FtWillliam Com, Non-Standardized Pre-Approved Profit Sharing Plan With CODA, which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in accordance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Capital Bank and Trust Company, an affiliate of American Funds. Capital Bank and Trust Company is the investment custodian as

6. Related Party Transactions and Party-In-Interest Transactions (continued)

defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan Sponsor paid certain administrative expenses related to the Plan for the year ended December 31, 2025.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Plan Termination

Although it has not expressed intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, all participants would become fully vested in their account balances.

9. Subsequent Events

Subsequent events were evaluated through October 15, 2026, the date the financial statements were available to be issued.
