INDEPENDENT AUDITORS' REPORT

To the Trustees,
Hillebrand Gori USA, LLC 401(k) Plan
Edison, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed the audits of the accompanying financial statements of Hillebrand Gori USA, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hillebrand Gori USA, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hillebrand Gori USA, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hillebrand Gori USA, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hillebrand Gori USA, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hillebrand Gori USA, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2025 and of assets held for investment purposes at end of year as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Hillebrand Gori USA, LLC 401(k) Plan
Edison, New Jersey

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

The following brief description of the Hillebrand Gori USA, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. ***General***

The Plan is a defined contribution plan qualifying under Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of Hillebrand Gori USA, LLC (the "Employer") and their beneficiaries with funds for retirement. The Plan's sponsor until December 31, 2022 was JF Hillebrand USA, Inc. and the Plan's name was the JF Hillebrand USA, Inc. 401(k) Plan. Effective December 31, 2022, Giorgio Gori USA, Inc. was merged with and into JF Hillebrand USA, Inc. with the latter changing name and form to Hillebrand Gori USA LLC. The Plan name was changed on January 1, 2023 to the Hillebrand Gori USA, LLC 401(k) Plan.

The plan was restated on a pre-approved document effective May 1, 2022. There were no significant amendments to the Plan adopted during the year ended December 31, 2025.

B. ***Eligibility***

Employees who have attained age 21 are eligible to make elective deferrals and enter the Plan on the first day of the month coincident with or next following satisfaction of that requirement. Employees are eligible for safe harbor matching and nonelective contributions upon attaining age 21 and completing one year of service (1,000 hours), with the same monthly entry date.

C. ***Participant Contributions***

Participants may contribute pre-tax and/or Roth elective deferrals, subject to annual limits under the Internal Revenue Code (IRC). Participants age 50 or older may make catch-up contributions. Participants may also roll over amounts from other qualified plans. Participants may change their deferral elections in accordance with Plan Administrator procedures and may stop contributing at any time.

D. ***Employer Contributions***

The Employer makes safe harbor matching contributions equal to 100% of elective deferrals up to 3% of compensation plus 50% of elective deferrals between 3% and 5% of compensation. The Employer may also make a discretionary nonelective contribution, allocated using an integrated (permitted disparity) formula to participants who complete 1,000 hours of service during the Plan year and are employed on the last day of the Plan year. These requirements are waived for participants who terminate due to death, disability, or attainment of normal or early retirement age.

Note 1 – Description of the Plan (continued)

E. ***Participant Accounts***

Individual accounts are established for each participant. The Plan offers a variety of registered investment companies, including a stable value core account, and mutual funds. Each participant's account is credited with the participant's contributions, the Employer contributions, and the proportionate share of dividends, interest and investment gains/losses, and allocated expenses since the preceding valuation date. Investments are participant-directed, and accounts are valued each business day.

F. ***Vesting***

Participants are always 100% vested in their elective deferrals (including Roth and catch-up contributions), safe harbor matching contributions, and rollover contributions, plus actual earnings thereon. Vesting in employer nonelective contributions, plus actual earnings thereon, is based on years of vesting service. A participant is 20% vested after two years of vesting service and vests an additional 20% each year thereafter, until 100% vested after six years. A participant earns a year of vesting service for each Plan year in which he or she is credited with at least 1,000 hours of service. A participant becomes 100% vested in nonelective contributions upon reaching early retirement age (55) or normal retirement age (65) while employed, or upon termination of employment due to death or disability. The nonvested portion of a terminated participant's account is forfeited at the earlier of the distribution of the participant's vested account balance or the participant incurring five consecutive one-year breaks in service.

G. ***Payment of Benefits***

Upon termination of service due to death, disability, retirement, or other reasons, a participant (or beneficiary) may receive the vested account balance as a lump-sum cash distribution. Vested balances of $5,000 or less may be distributed without the participant's consent. Installments are permitted only to satisfy required minimum distributions. While employed, participants may take in-service withdrawals from all accounts after attaining age 59-1/2 or normal retirement age (65), and from rollover accounts at any time. Hardship withdrawals are also permitted under the Plan's safe harbor hardship criteria from fully vested accounts, excluding safe harbor matching contributions.

H. ***Notes Receivable from Participants***

Participants may borrow from their fully vested account sources a minimum of $1,000 up to a maximum equal to the lesser of $50,000 (reduced by the participant's highest outstanding loan balance during the preceding 12 months) or 50% of their vested account balance. A participant may have no more than two loans outstanding at any time, and loans may not be refinanced. General purpose loans must be repaid within five years; loans used to acquire a principal residence may be repaid over a period of up to 15 years. Loans are secured by the balance in the participant's account and bear interest at the prime rate published in The Wall Street Journal plus 1%, fixed at origination. As of December 31, 2025, interest rates on outstanding loans ranged from 6.5%-9.5% with maturities through 2031. Principal and interest are paid ratably through payroll deductions. Loan origination and maintenance fees are paid by the borrowing participant.

Note 1 – Description of the Plan (continued)

I. ***Forfeited Accounts***
Forfeited nonvested accounts may be used to restore previously forfeited participant balances, reduce future Employer contributions, or pay reasonable administrative expenses of the Plan, and must be used no later than the end of the Plan year following the Plan year in which the forfeiture occurs. Forfeited nonvested accounts totaled $0 at December 31, 2025 and 2024. During 2025, no amounts were forfeited or utilized as forfeitures.

Note 2 – Summary of Significant Accounting Policies

A. ***Basis of Accounting***
The Financial statements of the Plan are prepared on the accrual basis of accounting.

B. ***Use of Estimates***
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

C. ***Investment Valuation and Income Recognition***
Investments are reported at fair value except for guaranteed interest accounts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note 4.

Investment contracts are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Accordingly, the statements of net assets available for benefits present the fair value of the investment contracts. The statement of net assets available for benefits is prepared on a contract value basis, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends, if applicable, are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. ***Expenses***
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

E. ***Payment of Benefits***
Benefits are recorded when paid.

Note 2 – Summary of Significant Accounting Policies *(continued)*

F. ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. As of December 31, 2025 and 2024, the Plan had $224,145 and $203,885, respectively, of outstanding loans.

G. ***Subsequent Events***

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be used.

Note 3 - Information Certified by Custodian (Unaudited)

The following is a summary of the unaudited information regarding the Plan that was prepared by Transamerica Trust Company, the Custodian of the Plan. The Plan Administrator obtained certifications from the Custodian that such information is complete and accurate.

	2025	2024
Statements of net assets available for benefits		
Investments and participant loans	$ 15,744,246	$ 13,078,993
Statements of changes in net assets available for benefits		
Interest, and investment gain	2,084,625	

Note 4 – Fair Value of Plan Assets

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Note 4 – Fair Value of Plan Assets (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are designed to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Shares held in mutual funds are valued based on the market price of the shares held by the Plan at year end, which are based on the share prices quoted by the fund, representing the fair value of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on recurring basis and the level within the ASC 820 fair value hierarchy in which the fair value measurements fall at December 31, 2025 and 2024:

		Fair Value Measurements Using		
	Total	(Level 1)	(Level 2)	(Level 3)
At December 31, 2025				
Mutual funds	$ 15,099,607	$ 15,099,607	$ -	$ -
Investments at fair value	$ 15,099,607	$ 15,099,607	$ -	$ -
At December 31, 2024				
Mutual funds	$ 12,616,262	$ 12,616,262	$ -	$ -
Investments at fair value	$ 12,616,262	$ 12,616,262	$ -	$ -

[(a)]In accordance with Subtopic 820-10, certain investments that are measured at fair value using net asset value per share practical expedient have been excluded from the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 5 – Investment Contract with Insurance Company

The Plan holds a fully benefit-responsive investment contract (insurance company/general account or Transamerica Stable Fund Account) with Transamerica Life Insurance Company ("Transamerica"), listed in the Statements of Net Assets Available for Benefits as Investments at contract value. Transamerica maintains the contributions in a general account. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. The contract values are determined daily based on the fair values of the underlying investments, including separate accounts under group annuity contracts and all mutual funds under NAV custodian agreements. Contract values represent contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Contract value is considered the fair value of the investment for financial reporting purposes because it represents the amount payable on demand at the reporting date. The group annuity contract held by the Plan meets the five conditions to be considered fully benefit-responsive. A Plan merger or termination would limit the Plan from transacting at contract value. Although participants generally may withdraw assets from the Stable Value Option without restrictions, plan-level transactions, such as the complete or partial discontinuance of the contract, may be subject to a hold period of up to 270 days, or in certain circumstances, up to 12 months, to allow for the orderly liquidation of assets within TLIC's general account. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6 – Party-In-Interest Transactions

The Plan has an investment in a stable value core account managed by the custodian of the Plan. Fees incurred by the Plan for the investment management, recordkeeping, and audit services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. These transactions quality as party-in-interest transactions. Loans to participants represent exempt party-in-interest transactions. The Plan sponsor pays directly any other fees related to the plan's operations.

Note 7 - Termination of the Plan

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, partial termination, or complete discontinuance of contributions, participants will become 100% vested in their accounts.

Note 8 – Tax Status

The Plan adopted a prototype non-standardized profit sharing 401(k) plan. By letter dated June 30, 2020, the Internal Revenue Service ("IRS") has determined that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving this opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there are no tax related interest or penalties for the periods presented in these financial statements.

Note 9 – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
