Misto USA, Inc. 401(k) Retirement Savings Plan

Financial Statements
Together with Independent Auditors' Report

For the Years Ended December 31, 2025 and 2024

Independent Auditors' Report

To the Misto USA, Inc. 401(k) Retirement Savings Plan and its Participants:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Misto USA, Inc. 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Misto USA, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Misto USA, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan qualified under the Internal Revenue Code (the Code), covering all employees of Misto USA, Inc. (the Company or Plan Sponsor) ages 18 and over who have completed one hour of service, except leased employees, nonresident aliens, contractors, residents of Puerto Rico, and employees covered by a collective bargaining agreement which provides retirement benefits. Effective April 1, 2022, FILA Retail, Inc., a wholly-owned subsidiary of the Plan Sponsor, was added as a participating employer of the Plan. Employees can enter the Plan on the first day of the payroll period which coincides with or following the date on which the eligibility requirements are satisfied. Effective August 12, 2025, the Plan was amended to change the name of the Plan Sponsor and Plan Administrator, and the name of the Plan, to Misto USA, Inc. 401(k) Retirement Savings Plan. The amendment did not change any participant benefits, contribution, or vesting provisions, and had no effect on the Plan's net assets available for benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was most recently amended effective May 14, 2026 to formally adopt certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), the Setting Every Community Up for Retirement Enhancement Act (SECURE Act), and the SECURE 2.0 Act of 2022 (Note 2).

Contributions

Participating employees may elect to contribute up to 75% of their annual compensation to the Plan, not to exceed the maximum allowable contribution under the Internal Revenue Code (the Code), which totaled $23,500 and $23,000 for the years ended December 31, 2025 and 2024, respectively. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Code. For the years ended December 31, 2025 and 2024, the maximum allowable amount for catch-up contributions totaled $7,500. For the years beginning on or after January 1, 2025, participants who attain age 60-63 before the end of the applicable year may be eligible to make additional catch-up contributions in an amount equal to the greater of (i) $10,000 or (ii) 150% of the otherwise applicable age 50 catch-up contribution limit, which is $11,250 for 2025.

The Plan also includes an automatic contribution arrangement whereby all newly eligible employees are automatically enrolled in the Plan upon satisfaction of the required service requirements unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation as pre-tax 401(k) contributions.

Participants are also permitted to make rollover and Roth elective contributions to the Plan. The Plan permits in-Plan Roth rollover contributions from vested matching contributions. A participant's Roth elective contributions are allocated to a separate account maintained for such contributions. Roth elective contributions are treated as elective contributions for all purposes under the Plan.

The Company provides a discretionary non-elective matching contribution at a rate of 50% of the participant's contributions up to 6% of compensation, as defined by the Plan, on a per payroll basis. The Company has elected not to match participant catch-up contributions. Participants may direct participant and Company contributions to any of the Plan's investment options.

1. DESCRIPTION OF THE PLAN – continued

Contributions – continued

The Company's discretionary non-elective matching contributions, net of forfeitures applied, totaled $310,384 and $590,272 for the years ended December 31, 2025 and 2024, respectively. Additional amounts may be contributed at the discretion of the Company's Board of Directors. No additional discretionary contributions were made by the Company during the years ended December 31, 2025 and 2024.

Participant Accounts

Each participant's account is participant directed and credited with the participant's contributions and withdrawals, and allocations of the Company's contributions, earnings, losses and administrative expenses. Allocations of earnings or losses are based on the proportion of each participant's account balance to the total of all account balances within the respective fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Participants hired before January 1, 1995 are 100% vested in Company contributions plus earnings thereon. For participants hired between January 1, 1995 and March 31, 2001 who have terminated employment prior to April 1, 2001, and for whom an account continues to be maintained under the Plan, vesting in Company contributions is based on years of continuous service according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants hired between April 1, 2001 and December 31, 2010, are immediately 100% vested in Company contributions. Participants hired on or after January 1, 2011 are subject to a two year vesting period; employees are 50% vested after their first year of service and 100% vested after their second year of service. Upon death, disability, normal retirement (age 65) or early retirement (age 55 and completion of five years of service), a participant becomes 100% vested in Company contributions. The Plan excludes the period before participants attain age 18 from vesting service. Participants who terminated employment on or after January 1, 2024, and before January 1, 2026, became 100% vested in account balances. (Note 6).

1. DESCRIPTION OF THE PLAN – continued

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions and may also be applied to reduce Plan expenses. Forfeitures become available to the Plan as of the earlier of the last day of the Plan year in which a former employee incurs five consecutive one-year breaks in service or a distribution of the participant's entire vested account balance occurs. Forfeitures available to the Plan totaled $284,862 and $171,281 as of December 31, 2025 and 2024, respectively. During the years ended December 31, 2025 and 2024, no forfeitures were used to offset Company contributions or reduce Plan expenses.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, not to exceed $50,000, without regards to the intended use of the funds. The minimum note amount is $1,000. Participants can only have one outstanding note at a time and only one note may be taken per calendar year. The notes are collateralized by the participant's vested account balance. Note repayments are made through payroll deductions. The interest rate for the duration of the note is the Prime rate plus 1% at the time of the note origination. Notes for reasons other than the purchase of a primary residence are to be repaid within five years. Notes used for the purchase of a primary residence must be repaid over a period not to exceed fifteen years.

Payment of Benefits

Benefit payments are available to participants (or their beneficiary, in the event of death) upon normal retirement, early retirement, termination of employment, attainment of age 59 ½ or disability. Prior to retirement, benefit payments may be distributed in the form of a lump-sum payment or rollover into a qualified plan. If the account balances are not fully withdrawn, the remaining balances will remain part of the Plan and share in investment gains and losses. The Plan also allows for hardship and in-service withdrawals, under certain circumstances, as defined in the Plan agreement.

In all cases, certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½. Upon termination of service, participants with vested account balances equal to or less than $5,000 will receive a lump-sum distribution or rollover into a qualified plan or IRA. Participants with a vested account balance greater than $1,000 but less than $5,000 can be automatically rolled into a qualified IRA in the participant's name at any time. There were no net assets of the Plan allocated to accounts of participants who had elected to withdraw from the Plan that had not received such distributions as of December 31, 2025 and 2024.

Plan Expenses

Expenses incurred in the administration of the Plan are required to be paid by the Trustee with net assets of the Plan unless paid by the Company, at its discretion. During the years ended December 31, 2025 and 2024, the Company paid a portion of the Plan's direct expenses. Loan and distribution fees are paid by the Plan and its participants. Investment related expenses are included in net appreciation in fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of additions to net assets available for benefits and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur and materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement,* defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Fair Value Measurement – continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interest bearing cash: Valued using amortized cost, which approximates fair value.

Interests in registered investment companies: Valued at the closing price reported in the active market in which the funds are traded.

Interest in stable value common trust: The stable value common trust is comprised of guaranteed investment contracts, synthetic investment contracts, and a money market fund and is valued at the net asset value (NAV) practical expedient of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in methodologies used at December 31, 2025 and 2024.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Interest bearing cash	$ 342,977	$ -	$ -	$ 342,977
Interest in registered investment companies	24,440,519	-	-	24,440,519
Total assets in the fair value hierarchy	24,783,496	-	-	24,783,496
Interest in stable value common trust*	n/a	n/a	n/a	1,378,454
Total investments, at fair value	$ 24,783,496	$ -	$ -	$ 26,161,950

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Fair Value Measurement – continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Interest bearing cash	$ 199,388	$ -	$ -	$ 199,388
Interest in registered investment companies	34,788,355	-	-	34,788,355
Total assets in the fair value hierarchy	34,987,743	-	-	34,987,743
Interest in stable value common trust*	n/a	n/a	n/a	1,069,517
Total investments, at fair value	$ 34,987,743	$ -	$ -	$ 36,057,260

* In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31,:

	2025	2024	Redemption Frequency	Redemption Notice Period	Unfunded Commitments
Stable Value Common Trust[(a)]	$ 1,378,454	$ 1,069,517	Daily	None	n/a

[(a)] The fund invests in guaranteed investment contracts issued by insurance companies; investment contracts issued by banks; structured or synthetic investment contracts (SICs) issued by banks, insurance companies, and other issuers, as well as the securities supporting such SICs; separate account contracts; and other similar instruments that are intended to maintain a constant net asset value.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based on the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Subsequent Events

The Plan evaluated for disclosure any subsequent events through October 14, 2026, the date the financial statements were available to be issued. Effective May 14, 2026, the Plan was amended to formally adopt provisions of the CARES Act, the SECURE Act, and the SECURE 2.0 Act of 2022. The amendment conforms the Plan document to statutory changes, including an increase in the required beginning date for required minimum distributions, modifications to the required minimum distribution rules applicable to beneficiaries, an increased catch-up contribution limit for participants aged 60-63 effective January 1, 2025 (Note 1), mandatory Roth treatment of catch-up contributions for certain higher-paid participants effective January 1, 2026, an increase in the mandatory cash-out threshold for small vested account balances, and an increase in compensation for the annual additions limit by the amount of difficulty-of-care payments. Many of these provisions were operationally effective during the year ended December 31, 2025 in accordance with their respective statutory effective dates, and the formal amendment conforms the Plan document to those provisions. The amendment did not result in any change to the Plan's net assets available for benefits as of December 31, 2025.

3. INVESTMENTS

All investment information contained in the accompanying financial statements and supplemental schedule, including assets held at December 31, 2025 and 2024, interest and dividend income and net realized and unrealized appreciation in fair value of investments for the years then ended was obtained or derived from information supplied and certified as complete and accurate by the Trustee of the Plan, T. Rowe Price Trust Company.

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds managed by T. Rowe Price Associates, Inc., an affiliate of T. Rowe Price Trust Company. T. Rowe Price Trust Company acts as Trustee for the Plan and is related to T. Rowe Price, the Custodian. The Plan allows participants to take out loans against their vested account balances. The Company provides certain accounting and administrative services to the Plan for which no fees are charged. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. INCOME TAX STATUS

The Plan has adopted a volume submitter plan through T. Rowe Price, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated August 19, 2020, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the opinion letter. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. From time to time, the Plan may have operational failures in the administration of the Plan. For example, during the years ended December 31, 2025 and 2024, certain amounts that should have been vested were inadvertently forfeited (Note 6). The Plan administrator intends to correct this failure under the IRS Employee Plans Compliance Resolution System (EPCRS) and believes the Plan's tax-qualified status is not expected to be adversely affected. Accordingly, no provision for income taxes has been included in the Plan’s financial statements.

5. INCOME TAX STATUS – continued

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. Given the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan's financial statements.

The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2025 and 2024.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any periods in progress.

6. PARTIAL PLAN TERMINATION AND OPERATIONAL FAILURE

During the year ended December 31, 2024, the Company commenced a significant reduction in its workforce, that may have resulted in a partial termination of the Plan. In connection with this reduction, all affected participants who terminated employment from January 1, 2024, through December 31, 2025, were or will become fully vested.

Certain participants who should have been vested during the years ended December 31, 2025 and 2024, had balances forfeited. Such forfeitures were credited to the Plan's forfeiture account. The Plan administrator intends to correct the failure, including restoring the affected participants' accounts for the forfeited amounts (including earnings) and making corrective distributions as required. Management has estimated the amount required to correct the error to total $174,888 as of December 31, 2025 and this amount is recorded as a liability in the accompanying statements of net assets available for benefits.

A failure to operate the Plan in accordance with its terms could, if not corrected, adversely affect the Plan's tax-qualified status. The Plan administrator believes that the error is correctable under the IRS's Employee Plans Compliance Resolution System and that the risk of Plan disqualification is not probable. The ultimate resolution of this matter and its effect, if any, on the Plan's financial statements and tax-qualified status cannot presently be determined.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31,:

	2025	2024
Net assets available for benefits reported on the financial statements	$ 26,228,303	$ 36,481,921
Corrective distributions payable to participants	174,888	-
