INDEPENDENT AUDITOR'S REPORT

To the Trustees
American Pop Corn Company 401(k) Plan
Sioux City, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of American Pop Corn Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

522 4th Street, Suite 200 Sioux City, IA 51101-1620 712.258.5550 Fax: 712.277.6705 www.krpcpa.com
Member Private Companies Practice Section of AICPA

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting polices used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AMERICAN POP CORN COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE A - DESCRIPTION OF PLAN:

The following description of the American Pop Corn Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering eligible employees of American Pop Corn Company (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan became effective January 1, 1993. The Board of Trustees is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions - Contributions to the Plan are determined as follows:

401(k) Plan Contribution - A participant may elect to contribute pretax and/or post-tax annual compensation, as defined in the Plan. The Company makes matching contributions equal to 100 percent of the employee contribution to a maximum of 4 percent of the employee's annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation. Contributions are subject to certain IRS limitations.

Discretionary Contribution - Additional amounts may be contributed by the Company at the discretion of the Company's Board of Directors. During the year ended December 31, 2024, the Company made an additional contribution of excess funds from the termination of a defined benefit plan totaling $1,473,129.

Participant Accounts - Each participant in the Plan has an individual account balance representing his/her interest in the Plan. Each account is credited with the participant's contribution and the Company's matching contribution, as well as allocations of the Company's discretionary contribution and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (CONTINUED):

Vesting - Participants are vested immediately in their contributions and all matching contributions plus actual earnings thereon. If a participant terminates for any reason other than normal retirement, death, or total disability, the participant's vested interest in the Plan shall be paid to him/her in one lump-sum. Vesting in the participant's account relative to employer discretionary contributions shall be determined in accordance with the following vesting schedule:

Years of Service	Vested Percentage
0 - 2	0%
3	100%

Payment of Benefits - Upon the participant's retirement on or after age 65, upon death, or upon becoming totally disabled, the participant will be 100 percent vested in his/her account in the Plan and may receive his/her account balance under either one of two methods: 1) a lump-sum distribution of the full amount; or, 2) periodic payments until the balance is depleted. Also, if the employee retires early, the participant may receive his/her account balance under either method described above provided the employee has reached the age of 60 and has 5 years of service.

Upon the death of a participant, the Plan shall pay the balance of the participant's account to the participant's spouse or beneficiary designated in writing.

Life Insurance - The participants of the Plan may elect for the payment of life insurance premiums to be deducted from their accounts.

Notes Receivable From Participants - Participant loans are not permitted by the Plan.

Forfeited Accounts - There were no forfeited nonvested accounts at December 31, 2025 and 2024. Forfeitures shall first be used to pay administrative expenses and then to reduce future employer contributions. If forfeitures still remain, they will be allocated to participant accounts in the same proportion that his/her compensation for the year bears to the total compensation of all participants for the year. Forfeitures used to reduce employer contributions for 2025 were $12,211, none in 2024.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies followed by the Plan:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and the custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and capital gain distributions reinvested.

Contributions Receivable - Contributions receivable are generally comprised of employer contributions receivable or employee contributions receivable. Employer contributions receivable may include (1) discretionary profit-sharing contributions approved by the Company's Board of Directors after the Plan's year-end, (2) employer matching contributions related to year-end pay periods or bonuses, and (3) corrections resulting from the Plan's annual compliance testing. Employee contributions receivable may include: (1) employee deferrals related to year-end pay periods or bonuses, and (2) corrections resulting from the Plan's annual compliance testing. The Company has evaluated that no allowance for credit losses is considered necessary related to contributions receivable at December 31, 2025 and 2024.

Use of Estimates - The preparation of financial statements in accordance with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Payment of Benefits - Benefits are recorded when paid.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan recognized a payable in the amount of $111,670 related to excess contributions as of December 31, 2024. These excess contributions were reimbursed after year end.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events - The Plan has evaluated for subsequent events through October 14, 2026, the date the Plan's financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels and gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED):

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Intertest Accounts - Valued at fair value based on contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

Pooled Separate Accounts - Consists of investments in mutual funds registered with the Securities and Exchange Commission. The mutual funds publish their daily net asset value (NAV) and transact at that price. These mutual funds are deemed to be actively traded.

Common/Collective Trust Fund - Valued at net asset value (NAV) of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the NAV. Participant transactions (purchases and sales) may occur daily.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,080,677	$ -	$ -	$ 3,080,677
Pooled Separate Accounts	-	18,321,200	-	18,321,200
Guaranteed Interest Accounts	-	-	35,634	35,634
Investments measured at net asset value per share				-
Investments at fair value	$ 3,080,677	$ 18,321,200	$ 35,634	$ 21,437,511

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 785,269	$ -	$ -	$ 785,269
Pooled Separate Accounts	-	17,789,436	-	17,789,436
Guaranteed Interest Accounts	-	-	96,817	96,817
Investments measured at net asset value per share				869,814
Investments at fair value	$ 785,269	$ 17,789,436	$ 96,817	$ 19,541,336

In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. The fund's investment objective is to seek preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquating for benefit responsive plan or participant statements. The fund primarily invests in a diversified portfolio of stable value investment contracts issued by life insurance companies, banks, and other financial institutions the performance of which may be predicted on underlying fixed income investments.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED):

The following tables summarize investments for which fair value is measured using NAV per share as a practical expedient as of December 31, 2024, none at December 31, 2025. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to only the Plan.

	December 31, 2024			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Principal Stable Value Z Fund	$ 869,814	-	Daily	None

Transfers Between Levels - The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

Changes in Fair Value of Level 3 Assets and Related Gains and Losses - The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2025 and 2024:

	2025	2024
Guaranteed Interest Accounts:		
Balance, beginning of year	$ 96,817	$ 246,148
Unrealized gain (loss)	1,550	6,102
Interest credited	41	572
Sales	(62,774)	(156,005)
Balance, end of year	$ 35,634	$ 96,817
The amount of total gains or losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	$ 1,550	$ 6,102

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED):

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the period above are reported in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurement - The Plan's Level 3 financial instruments, valued at fair value based on contract values adjusted to reflect current market interest rates only to the extent such market interest rates exceed crediting rates, use unobservable guaranteed interest rates that Principal Life Insurance Company declares for a set period of time (the Guaranteed Period), which are subject to change daily. Payout dates included a range from December 31, 2025 through December 31, 2026, with an interest rate of 0.11 percent for the year ended December 31, 2025.

NOTE D - INVESTMENT IN PRINCIPAL FINANCIAL GROUP GUARANTEED INTEREST ACCOUNTS:

Principal Financial Group's Guaranteed Interest Accounts are available under a group annuity contract issued by Principal Life Insurance Company. The investment option provides for a guarantee of principal and interest. Contributions and transfers allocated to this investment option will be credited interest at a guaranteed interest rate Principal Life declares for a set period of time (the Guarantee Period). Guaranteed interest rates for new allocations are subject to change daily, and each amount allocated to the guaranteed interest account will earn interest based on this guaranteed interest rate in effect for the date that the amount is allocated to this guaranteed interest account. Guarantees are supported by the General Account of Principal Life, but the Plan does not participate in the investment experience or performance of the General Account. The underlying assets in the General Account are invested mostly in private market bonds, commercial mortgages, and mortgage-backed securities. This investment is considered non-benefit responsive.

If the applicable interest rate is equal to or less than the interest rate on the account, the fair market value is equal to the contract value. If the applicable interest rate is greater than the interest rate on the account, the fair market value is the contract value reduced by a percentage. This percentage is equal to the difference between the applicable interest rate and the interest rate on the account, multiplied by the number of years (including fractional parts of a year) until the maturity date.

NOTE E - UNAUDITED INFORMATION PREPARED AND CERTIFIED BY THE PLAN CUSTODIAN:

The December 31, 2025 and 2024 financial statements and supplemental schedule were prepared in part or entirely from information certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodians of the Plan, and furnished to the plan administrator. The information certified to as complete and accurate by the custodians is as follows:

	2025	2024

Net appreciation in fair value of investments	2,510,833	2,069,504
	$ 2,524,959	$ 2,072,642

NOTE F - TRANSFERS:

During the year ended December 31, 2024, the Company elected to transfer excess assets held in a terminated defined benefit pension plan, also sponsored by American Pop Corn Company, to the 401(k) Plan. Upon approval by the Pension Benefit Guaranty Corporation, and after all liabilities of the defined benefit plan were satisfied, the remaining assets totaling $3,563,340 were liquidated. $1,473,129 was the elected excess balance allocated pro rata, among all active participants of the 401(k) Plan as of the effective date of the defined benefit plan termination in relation to their respective accrued benefits; which were transferred to the account of such active participants under the American Pop Corn Company 401(k) Plan. This amount is included in employer contributions in the statements of net assets available for benefits. Additionally, an aggregate of $2,090,211 was rolled into the Plan from the defined benefit plan participants and allocated to participants based on their actuarially determined balances. This amount is included in rollover contributions in the statements of net assets available for benefits.

NOTE G - UNALLOCATED PLAN ASSETS (QUALIFIED REPLACEMENT PLAN SUSPENSE ACCOUNT):

During the year ended December 31, 2024, in connection with the termination of the defined benefit plan sponsored by American Pop Corn Company, an election was made to transfer surplus assets directly into the 401(k) Plan. This transfer was executed in accordance with Internal Revenue Code (IRC) Section 4980(d) to establish a Qualified Replacement Plan (QRP).

Pursuant to the terms of the QRP and the IRC requirements, those transferred funds are held in a segregated, unallocated suspense account within the Plan trust. The assets in the suspense account are invested. They are not allowed to revert to the Plan Sponsor and are to be used to provide funding for future plan benefits.

The Plan will release and allocate assets to the extent allowed by the IRC limits. Released amounts are treated as annual additions under IRC Section 415(c). The suspense account maintains a balance of allocated contributions that exceeded annual statutory contribution limits for individual participants. The balance will be used as limitations allow and are expected to be completely allocated during the year ending December 31, 2026.

A reconciliation of the unallocated suspense account assets for the years ended December 31, 2025 and 2024 are as follows:

	2025	2024
Balance, beginning of year	$ 405,606	$ -
Transfers in	-	408,169
Investment income, net of expense	10,750	26,780
Transfers out	(133,777)	(29,343)
Balance, end of year	$ 282,579	$ 405,606

NOTE H - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their discretionary employer contributions. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE I - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

Parties-in-interest are defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Company pays certain fees for the administration of the Plan. The Plan pays additional fees for investment management and consulting services and are included in administrative expenses in the accompanying financial statements. Certain employees and officers of the Company, who may also be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

All investment transactions are performed for the Plan by Principal Life Insurance Company and Principal Trust Company based on directions of the participants. Additionally, certain plan investments are managed by Principal Life Insurance Company. As custodians for the Plan's trustee; these transactions qualify as party-in-interest transactions. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

All of these party-in-interest transactions are exempt from prohibited transaction rules.

NOTE J - TAX STATUS:

The Plan Sponsor has adopted a Non-Standardized Pre-Approved Plan document and is relying on an opinion letter from the IRS dated June 30, 2020. The letter states that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE K - RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.
