SUPPLEMENTAL SCHEDULE

Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) 14

Independent Auditor's Report

To the Investment Committee of
Southern California Permanente Medical Group Health and Welfare Plan for Union Retirees

Opinion

We have audited the financial statements of Southern California Permanente Medical Group Health and Welfare Plan for Union Retirees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Southern California Permanente Medical Group Health and Welfare Plan for Union Retirees as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Southern California Permanente Medical Group Health and Welfare Plan for Union Retirees and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Southern California Permanente Medical Group Health and Welfare Plan for Union Retirees's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Southern California Permanente Medical Group Health and Welfare Plan for Union Retirees's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Southern California Permanente Medical Group Health and Welfare Plan for Union Retirees's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A – DESCRIPTION OF PLAN

The following description of the Southern California Permanente Medical Group Health and Welfare Plan for Union Retirees (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General – The Plan, established on January 1, 2006, provides medical and death benefits covering retired union employees of the Southern California Permanente Medical Group (SCPMG, or the Plan Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Benefits – The Plan provides medical benefits to eligible retirees of the Plan Sponsor, and to their covered dependents. Current medical claims of retired participants and their dependents are provided under group insurance contracts with Kaiser Foundation Health Plan of Southern California.

The Plan also provides death benefits to eligible retirees of the Plan Sponsor. Current death claims of retired participants are provided under a group insurance contract with Metropolitan Life Insurance Company.

Contributions – None of the benefits provided under the Plan require contributions from retirees. All contributions to meet current and future expenses incurred by the Plan are made by the Plan Sponsor.

Plan termination – Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to modify the benefits provided, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions set forth in ERISA. Upon termination of the Plan, no Plan assets may revert to the Plan Sponsor or be used for any purpose other than providing benefits for participants or in a manner consistent with the purposes of the Plan. The Plan Sponsor has agreed to make contributions to the Plan sufficient to satisfy all benefits incurred as of the effective date of termination and to pay all administrative expenses related to those benefits, to the extent that such benefits and expenses exceed contributions, investment earnings, and net assets of the Plan.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP) applied to employee benefit plans.

Use of estimates – The preparation of the financial statements in accordance with GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition – Investments are held in a Voluntary Employee Benefit Association (VEBA) Trust. State Street Bank & Trust Company (State Street) is the trustee. The trustee determines the fair value of the investments in accordance with methods consistently followed and uniformly applied.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Net appreciation in fair value of investments includes realized gains (losses) and unrealized appreciation (depreciation). Realized gains (losses) on investments are based on sales proceeds less average cost. Sales and purchases between participants are included in realized gains (losses). Purchases and sales are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative expenses – Administrative expenses paid by the Plan consist of investment management fees, audit fees, trustee fees, consulting fees, and legal fees. Other costs associated with administration of the Plan are paid by the Plan Sponsor.

Subsequent events – In preparing the financial statements, significant subsequent transactions and events were evaluated for potential recognition through October 12, 2026, the date the financial statements were available to be issued. Plan management determined that there are no subsequent transactions and events that require disclosure to, or adjustment in, the financial statements.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets; and
- Inputs other than quoted prices that are observable for the asset or liability.

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Observable data is market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value:

- Common and preferred stocks are valued at the closing price reported on the active market on which the individual securities are traded. These investments are classified as Level 1 within the fair value hierarchy.

- Cash and cash equivalents are valued at cost plus accrued interest, which approximates fair value. This investment is classified as Level 2 within the fair value hierarchy.

- Mutual fund is measured at the published net asset value (NAV) as a practical expedient. The Plan concludes that the quoted NAV practical expedient is the most readily available and reliable measure of fair value for these investments. Redemption requests on the mutual fund must be received at least 10 business days prior to the specified valuation date of withdrawal. There are no unfunded commitments or other redemption restrictions on the mutual fund.

There have been no changes in the methodologies used as of December 31, 2025 and 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2025 and 2024, investments measured at fair value on a recurring basis include the following:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ -	$ 8,117,015	$ -	$ 8,117,015
Common stocks	10,016	-	-	10,016
Total assets in the fair value hierarchy	$ 10,016	$ 8,117,015	$ -	8,127,031
Investment measured at NAV practical expedient				400,937,694
Investments at fair value				$ 409,064,725

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ -	$ 7,809,862	$ -	$ 7,809,862
Common stocks	9,699	-	-	9,699
Total assets in the fair value hierarchy	$ 9,699	$ 7,809,862	$ -	7,819,561
Investment measured at NAV practical expedient				366,713,462
Investments at fair value				$ 374,533,023

Transfers between levels – The Plan recognizes any transfers between levels in the fair value hierarchy as of the end of the reporting period. There was no transfer between levels for the years ended December 31, 2025 and 2024.

NOTE D – ACCUMULATED POSTRETIREMENT BENEFIT OBLIGATION

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits, which are attributed to employee service rendered through December 31. Postretirement benefits include future benefits expected to be paid to or for (a) currently retired employees and their beneficiaries and dependents, and (b) active employees and their beneficiaries and dependents after retirement from service. Prior to an active employee's eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation, which is attributed to that employee's service rendered to the valuation date.

For measurement purposes, the following actuarial assumptions were utilized for 2025 and 2024:

	2025	2024
Discount rate	5.93%	5.85%
Mortality	For healthy lives: 90% of the headcount-weighted rates from the Pri-2012 mortality table with white collar adjustments; MP-2021 improvement scale.	For healthy lives: Pri.H-2012 mortality table; MP-2021 improvement scale.
	For disabled lives: 90% of the headcount-weighted rates from the Pri-2012 mortality table without white collar adjustments; MP-2021 improvement scale.	For disabled lives: Pri.H-2012 mortality table; MP-2021 improvement scale.
Healthcare cost trend rate	6.55% for pre-Medicare, 3.00% for post-Medicare for 2026, decreasing each year to a 4.50% rate in 2039.	6.45% for pre-Medicare, 19.20% for post-Medicare for 2025, decreasing each year to a 4.50% rate in 2038.

The weighted-average healthcare cost trend rate assumption has a significant effect on the estimated benefit obligations reported. If the assumed rate increased by a percentage point in each year, the obligation as of December 31, 2025, would increase by $47,113,859. If the accrued rate decreased by a percentage point in each year, the obligation as of December 31, 2025, would decrease by $40,933,896.

The following table provides additional information regarding the Plan's postretirement benefit obligation as of December 31, 2025 and 2024:

	2025	2024
Postretirement benefit obligation		
Active participants who are fully eligible	$ 25,813,948	$ 35,154,120
Active participants not yet fully eligible	5,942,672	5,717,582
Retirees, including beneficiaries	484,024,419	552,345,248
Total post retirement benefit obligation	$ 515,781,039	$ 593,216,950

The following provides additional information regarding the Plan's changes in the postretirement benefit obligation for the years ended December 31, 2025 and 2024:

	2025	2024
Balance, beginning of year	$ 593,216,950	$ 635,070,060
Increase (decrease) during the year attributed to		
Benefits earned	1,354,559	2,194,373
Benefits paid	(52,104,326)	(48,285,897)
Interest	33,323,454	31,533,122
Plan amendments	(156,578)	-
Changes in actuarial assumptions and other	(59,853,020)	(27,294,708)
Balance, end of year	$ 515,781,039	$ 593,216,950

NOTE E – TAX STATUS

On April 26, 2007, the SCPMG VEBA Trust obtained an exemption letter under Section 501(c)(9) of the Internal Revenue Code (IRC) in which the Internal Revenue Service (IRS) stated that the Trust, as then designed, was in compliance with the applicable requirements of the IRC. The Trust has been amended since receiving the letter. On September 19, 2007, the SCPMG VEBA Trust obtained an exemption letter under Section 23701(i) of the California Revenue and Taxation Code (the Code) in which the Franchise Tax Board stated that the Trust, as then designed, was in compliance with the applicable requirements of the Code. The Plan administrator believes that the Trust is currently designed and being operated in compliance with the applicable requirements of the IRC and the Code. Therefore, the Plan administrator believes that the Trust was qualified and tax exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan may have risk associated with its concentration of a single investment with a fair value of $400,937,694 at December 31, 2025. Given such concentration, the performance of the Plan will be closely linked to the performance of this investment and the Plan could be severely impacted by adverse changes in fair value of the security.

The actuarial present value of postretirement benefit obligations reported is based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would-be material to the financial statements.

NOTE G – PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by State Street and BTC (through a subordinate trust agreement with State Street). Transactions with State Street and BTC, as trustee and investment manager, qualify as party-in-interest transactions.
