INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Woodcraft 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Woodcraft 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from

material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Information Required by ERISA

The supplemental information noted in the table of contents, as of and for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental information related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Woodcraft 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees who are at least 18 years of age employed by Woodcraft, LLC (Company) and related companies, Woodcraft Franchise, LLC and Woodcraft Supply, LLC. The Plan entry date is the first day of the month coinciding with or next following meeting the eligibility requirements.

Employees meeting the Plan's eligibility requirements are permitted to make deferrals into the Plan. Eligible employees hired after January 1, 2019 are automatically enrolled in the plan with a pre-tax deferral rate of 6% unless they affirmatively elect an alternative deferral amount or to not to participate in the Plan. There is no automatic escalation feature. The Company may make a discretionary matching contribution based on each participant's deferral contributions. In addition, the Company may make discretionary non-elective contributions. A participant is eligible to share in discretionary non-elective contributions if employed on the last day of the plan year, unless separated by death, disability or retirement during the plan year.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Fiduciary Committee is responsible for oversight of the Plan. The plan administrator is the Company and is responsible for the day-to-day operations of the Plan. The Plan's Fiduciary Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective March 19, 2025, the Plan was amended and restated in connection with a change in service provider from American Trust Company, as sub-custodian to, and on behalf of, Peoples Bank to Fidelity Management Trust Company (FMTC). In connection with the transition, the Plan's assets were transferred to FMTC. However, this adoption and restatement did not result in any significant modification to the Plan's terms.

The Plan is in operational compliance with the requirements of current laws and regulations. Formal amendments will be adopted by the prescribed deadlines.

Contributions

Each year, participants may contribute up to the maximum limit established under the Internal Revenue Code (IRC). Participants may choose between two types of deferral options: pre-tax deferrals and Roth deferrals. Participants that are fifty years of age or older may make catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans and individual retirement accounts as rollover contributions.

The Company may make discretionary matching contributions and non-elective contributions. For the year ended December 31, 2025, the Company declared a discretionary matching contribution in the amount of 50% of salary deferrals up to 6% of a participant's eligible compensation. The matching contribution totaled $249,957 for the year ended December 31, 2025. No discretionary non-elective contributions were made or declared for the year ended December 31, 2025.

The Company remits employee deferral contributions and employer matching contributions to the Plan on a payroll-by-payroll basis. The Company remits discretionary non-elective contributions after the close of the plan year.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants direct the investment of contributions into various investment options offered by the Plan and may change their investment options at any time. For automatically enrolled participants, contributions will initially be invested in the qualified default investment alternative on the participant's behalf.

Participant accounts

Each participant's account is credited with the participant's elective and rollover contributions, as well as allocations of the Company's discretionary matching contributions and discretionary non-elective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions. The vesting in the Company's discretionary matching contributions and discretionary non-elective contributions, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested, using graduated vesting, after five years of credited service. Additionally, participants become 100% vested if separated from service due to death or disability prior to termination of employment or upon reaching early or normal retirement, as defined in the Plan.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of 50% of the participant's vested account balance or $50,000. Loans are repayable through payroll deductions over a period decided by the participant, generally not to exceed five years, unless the loan qualifies as a home loan in which the repayment term will be up to fifteen years. Loans are collateralized by the balance in the participant's account. Interest is charged at the prime rate plus 2%.

A participant may have no more than two loans outstanding at a given time and refinancing of outstanding loans is not permitted.

Payment of benefits

Benefits are generally paid in the form of a lump sum.

Participants may withdraw all or a portion of the vested balance of their accounts if they:

- terminate employment before attaining normal retirement age
- become disabled
- retire
- die
- attain normal retirement age but continue to work, or
- qualify for in-service distributions upon attaining age 59 ½

In addition, participants may withdraw from their fully-vested elective deferral, matching contribution and non-elective deferral accounts, and earnings thereon, if they incur a financial hardship. Participants may receive a distribution from their rollover account at any time.

Forfeited accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $40,841 and $3,492, respectively. These amounts will be used to pay administrative expenses or reduce future employer contributions. During 2025, forfeitures of $10,587 were utilized to pay administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Contributions

Contributions from Plan participants and the discretionary matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation. The Company's discretionary non-elective contribution is recorded when the related participant compensation is paid.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies using information provided by investment advisors and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year, and indirect investment expenses, which represent the internal expenses of each respective fund.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Income Taxes

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 740, *Income Taxes,* requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if they have taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's policy is to recognize interest and penalties related to unrecognized tax benefits in income tax expense.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. Administrative expenses include investment advisory fees, participant maintenance fees, and fees related to the administration of participant notes receivable and benefit payments charged directly to the affected participant's account. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

In connection with the preparation of the financial statements, the Plan has evaluated subsequent events from December 31, 2025 through October 15, 2026, which is the date the financial statements were available for issuance. See Note 10.

3. INVESTMENTS AND FAIR VALUE OF FINANCIAL INSTRUMENTS

FASB ASC Topic 820 (ASC 820), *Fair Value Measurement,* provides a framework for measuring, reporting and disclosing fair value under generally accepted accounting principles. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. Mutual funds and the money market fund held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the NAV of units of the common collective trust fund. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund. The NAV is used as a practical expedient to estimating fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$13,221,962	$ -	$ -	$13,221,962
Money market fund	583,046	-	-	583,046
	$13,805,008	$ -	$ -	13,805,008
Investment measured at NAV[a]				442,664
Investments at fair value				$14,247,672

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$13,018,130	$ -	$ -	$13,018,130
Investments at fair value	$13,018,130	$ -	$ -	$13,018,130

[a]In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statements of net assets available for benefits.

Investments measured using the NAV per share practical expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

Investment Type	Fair Value as of December 31, 2025	2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust funds	$442,664	$ -0-	$ -0-	Daily	Daily

4. INVESTMENT INFORMATION CERTIFIED BY QUALIFIED INSTITUTIONS

The Plan administrator, having determined that it is permissible in the circumstances, elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, certain information summarized below related to the accompanying financial statements and ERISA-required supplemental information was obtained by plan management and agreed to or derived from information certified as complete and accurate by FMTC and American Trust Company, as sub-custodian to, and on behalf of, Peoples Bank, qualified institutions and trustees of the Plan, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

a. The investments, at fair value, at December 31, 2025 and 2024.

b. Notes receivable from participants at December 31, 2025 and 2024 and related interest income on notes receivable from participants for the year ended December 31, 2025.

c. Net appreciation in fair value of investments for the year ended December 31, 2025.

d. Interest and dividend income for the year ended December 31, 2025.

e. Schedule H, Line 4i-Schedule of Assets (Held at End of Year).

5. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

A related party is any party who can control or significantly influence Plan management or operating policies. Parties in interest are defined under Department of Labor regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investments advisors, legal counsel, and Plan auditor.

Certain plan investments are mutual funds of Fidelity Management & Research Company (FMR). FMTC, a division of FMR, is the trustee as defined by the Plan.

During the year ended December 31, 2025, the Plan made direct payments totaling $62,578 to certain parties in interest for administration and investment advisory fees, as allowed by ERISA. The Company pays directly any other fees related to the operation of the Plan.

FMTC and the Plan have established a Revenue Credit Account (RCA) under which the Plan receives a revenue credit each quarter equal to the net float earnings attributable to the Plan (exclusive of net float earnings attributable to recurring advisor payments, if applicable) for the quarter and any unallocated participant revenue credits. The amounts received under the RCA are used to reimburse the Company for fees and expenses associated with services provided to the Plan, or to pay vendors, including FMTC or third parties, directly, or to be allocated to participants. During 2025, revenue credits totaling $943 were earned and are netted against administrative expenses on the statement of changes in net assets available for benefits. No portion of the RCA was utilized to offset expenses or allocated to participants during 2025. At December 31, 2025, the balance of the RCA is $955, which includes earnings, which will be utilized to offset future expenses or be allocated to participants as directed by the Company.

The Plan issues loans to participants, which are secured by the participants' account balances.

These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by management or employees of the Company. No member of management or employee receives compensation from the Plan.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. Upon termination, the Company will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

7. TAX STATUS

Effective January 1, 2022, the Plan adopted a Non-Standardized Pre-Approved Defined Contribution Plan (pre-approved plan) developed by Peoples Bank. The IRS determined and informed Peoples Bank by its favorable opinion letter dated June 30, 2020 that the pre-approved plan document was designed in accordance with the applicable IRC provisions as of that date. Effective March 19, 2025, the Plan adopted a pre-approved plan developed by FMR. The IRS determined and informed FMR by its favorable opinion letter dated June 30, 2020 that the pre-approved plan document was designed in accordance with the applicable IRC provisions as of that date. In addition, the opinion letters stated that an employer who adopts the pre-approved plan may rely on the opinion letter with respect to the qualification of its own plan under the IRC. The Plan has been amended since receiving the opinion letters. However, management of the Plan believes that the Plan is currently designed and being operated in accordance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. PROHIBITED TRANSACTIONS

During the year ended December 31, 2024, the Company did not remit certain employee contributions and participant loan repayments totaling $85,958 to the Plan's trustee within the period prescribed by DOL regulations. The Company is in the process of restoring lost income to affected plan participants.

During the year ended December 31, 2025, the Company did not remit certain employee contributions and participant loan repayments totaling $305,427 to the Plan's trustee within the period prescribed by DOL regulations. In regard to $43,426 of these delinquent 2025 remittances, the Company restored lost income to affected plan participants in 2026. The Company is in the process of restoring the remaining lost income to affected plan participants.

10. SUBSEQUENT EVENTS

The Securing a Strong Retirement Act (SECURE 2.0 Act) was signed into law on December 29, 2022, and includes mandatory and optional provisions with varying effective dates in 2026 and later. Plan management is evaluating these provisions and will update the Plan's governance and operations accordingly.
