Independent Auditor's Report

To the Administrative Committee of
the Ourisman Automotive 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Ourisman Automotive 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Ourisman Automotive 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ourisman Automotive 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ourisman Automotive 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ourisman Automotive 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ourisman Automotive 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information,

are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ourisman Automotive 401(k) Plan
Notes to Financial Statements

1. Description of the Plan

The following description of the Ourisman Automotive 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan under Section 401 (k) of the Internal Revenue Code (IRC) adopted on January 1, 1969. The Plan covers substantially all employees of Ourisman Rockmont, Inc., and the following adopting employers: Ourisman Chrysler Dodge Jeep Ram of Bowie; Ourisman of Rockville; Ourisman of Laurel (VW); Ourisman Automotive of Laurel (Honda); Ourisman of Clarksville, Inc.; Ourisman Hyundai of Bowie; Ourisman Chevrolet of Bowie; Ourisman of Dundalk, Inc.; Ourisman Chevrolet Security Boulevard LLC; Ourisman Fairfax Boulevard, Inc. t/a Ourisman Kia of Fairfax; Ourisman Edgewood I, Inc. t/a Ourisman Toyota 40; Ourisman Rising Sun, Inc. t/a Ourisman's Tri State Ford; Ourisman Imports of Baltimore County, Inc. t/a Ourisman Kia of Catonsville; Ourisman Performance Cars, LLC t/a Lotus Washington DC; and Ourisman Imports Newark, LLC t/a Ourisman Tri-State Subaru, Inc., (collectively referred to as the Company). The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: The Plan covers all employees age 21 and older, except residents of Puerto Rico, who have completed 1 year of service. Part-time, seasonal, and temporary employees become eligible to participate in the Plan when they have completed at least 1,000 hours of service within the reporting period.

Contributions: Each year participants may contribute up to 75 percent of annual compensation, as defined in the Plan, as pre-tax contributions subject to the statutory annual limitations established by the Internal Revenue Code (IRC). The annual limit for elective deferrals for the year ended December 31, 2025 was $23,500. Participants who have attained age 50 before the end of the plan year are eligible to make additional contributions to a 401(k) plan, in excess of the standard limits. Such additional contributions were limited to $7,500 in 2025. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and Guaranteed Investment Contracts as investment options for participants.

The Plan includes an auto-enrollment provision whereby all eligible employees are auto-enrolled in the Plan, with a default deferral rate set at 2% of eligible compensation, unless they affirmatively elect not to participate in the Plan within the opt out period. Unless otherwise directed by the employees, contributions are automatically invested in the target date fund based on the participant's expected retirement age.

1. Description of the Plan (continued)

The Plan allows for discretionary matching contributions and profit-sharing contributions at the option of the Company's Board of Directors. The plan sponsor matches participants' contributions at a rate of 6.25% of the first 4% of their eligible compensation. A participant must be employed on the last day of the plan year in order to share in the employer match. During the year ended December 31, 2025, the Company made matching contributions to the Plan totaling $40,410. The Company did not make any discretionary profit-sharing contributions to the Plan in 2025.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, if any, Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. After two years of service, a participant becomes 20 percent vested in employer contributions in the Plan; the vesting percentage increases by 20 percent each year until the participant becomes fully vested in his or her account after six years of service.

Years of Vesting Service	Vested Percentage
Less than 2 years	0%
After 2 years	20%
After 3 years	40%
After 4 years	60%
After 5 years	80%
After 6 years	100%

Payment of benefits: Upon termination of service due to death, full and permanent disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of their account, a direct rollover into a qualified retirement plan, a distribution in the form of an annuity, or a combination of methods. The employer may authorize certain withdrawals from a participant's account in the event of a proven financial hardship. Hardship withdrawals are subject to specific statutory and regulatory requirements.

Forfeited Accounts: At December 31, 2025 and 2024, forfeited nonvested accounts totaled $33,175 and $20,888, respectively. The Company uses forfeitures to reduce the employer matching contribution due under the Plan or pay Plan expenses. During the year ended December 31, 2025, $20,887 of forfeitures were used to reduce employer contributions.

2. Summary of significant accounting policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting standards generally accepted in the United States of America (U.S. GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts (FBRIC). Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to FBRIC because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates: The preparation of the financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for FBRIC, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Certain accounting and administrative functions of the Plan are performed by employees of the Company at no cost to the Plan. Administrative expenses paid by the Plan totaled $87,876 for the year ended December 31, 2025.

Payment of benefits: Benefits are recorded when paid.

3. Information prepared and certified by the Plan's custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively referred to as Empower, the Plan custodian) certified as to the completeness and accuracy of all investments reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, the Schedule of Assets (Held at End of Year) as of December 31, 2025, the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025, and the accompanying Notes to the Financial Statements.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

As of and for the year ended December 31, 2025

Investments, at fair value:	
Pooled Separate Accounts	$19,203,447
Investments, at contract value:	
Fully Benefit-responsive Guaranteed Investment Contract	$988,683
Investment Income:	
Income from appreciation in the fair value of investments	$1,297,703
Income from interest and dividends	$1,368,077

As of December 31, 2024

Investments, at fair value:	
Pooled Separate Accounts	$17,428,847
Investments, at contract value:	
Fully Benefit-responsive Guaranteed Investment Contract	$1,090,088

4. Risks and uncertainties

The Plan provides for various investment options which may include any combination of stocks, bonds, fixed income securities, mutual funds, common trust funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant's account balances and amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

5. Fair value measurements

Accounting Standards Codification Topic 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

5. Fair value measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: The fair value of the pooled separate accounts is based on net asset value (NAV). The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the NAV. Participant transactions (purchases and sales) may occur daily. The fund provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit. If the Plan initiates a full redemption, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments at December 31, 2025 and 2024.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	NAV-based assets	Total
Investments measured at NAV (a)	$ -	$ -	$ -	$19,203,447	$19,203,447
Total Investments at Fair Value	$ -	$ -	$ -	$19,203,447	$19,203,447

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	NAV-based assets	Total
Investments measured at NAV (a)	$ -	$ -	$ -	$17,428,847	$17,428,847
Total Investments at Fair Value	$ -	$ -	$ -	$17,428,847	$17,428,847

5. Fair value measurements (continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value presented in the Statement of Net assets Available for Benefits.

6. Fully benefit-responsive investment contract

The Plan has a traditional fully benefit-responsive guaranteed investment contract with Talcott Resolution Life Insurance Company (TRLIC) (formerly named Hartford Life Insurance Company (Hartford)). As a result of an acquisition, Mass Mutual assumed Hartford's obligations under the guaranteed investment contracts and provided all administrative services necessary to support the contracts issued by Hartford via an investment in a Fixed Account investment option.

Following an acquisition of Mass Mutual by Empower, group insurance contracts written or assumed by MassMutual were reinsured by Great-West Life & Annuity Insurance Company (GWLA), which was later rebranded as Empower Annuity Insurance Company of America (Empower). Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuers but may not be less than 3%. Such interest rates are reviewed annually.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the Statements of Net Assets Available for Benefits at contract value. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2025 and 2024 was $988,683 and $1,090,088, respectively.

Certain events limit the Plan's ability to transact at contract value with Empower. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan),

6. Fully benefit-responsive investment contract (continued)

(b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

7. Related party transactions and party-in-interest transactions

Certain Plan investments are Empower accounts managed by Empower. Empower is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $5,506 for the year ended December 31, 2025. Fees paid by the Plan for plan administration and recordkeeper services, transactions considered as party-in-interest transactions, amounted to $82,370 for the year ended December 31, 2025.

8. Tax status

The Plan has adopted a prototype defined contribution plan sponsored by Retirement Planners & Administrators, Inc. The prototype Plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which states that the prototype defined contribution plan, as then designed, is in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has evaluated the Plan's tax positions and has concluded that there are no uncertain positions taken or expected to be taken that would require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is generally no longer subject to income tax examinations by federal, state, or local tax authorities for years prior to 2022.

9. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' accounts will be distributed in accordance with the Plan agreement.

10. Nonexempt Prohibited Transactions - Late remittances

During the years ended December 31, 2025 and 2024, the Company failed to remit to the Plan custodian participant contributions totaling $1,059 and $7,641, respectively, within the period prescribed by Department of Labor regulations. These contributions are considered nonexempt party-in-interest transactions. The third-party administrator calculated lost earnings on the 2024 delinquent remittances and the Company contributed the lost earnings to the affected participants' accounts in February 2025. For the 2025 late remittances, the Plan recordkeeper will calculate lost earnings on the delinquent remittances and the Company is in the process of making corrections to the affected participants' accounts.

11. Operational defects and errors

It was discovered that a Plan provision was not properly applied in the operation of the Plan. The definition of compensation as per the plan document was not properly applied when calculating contribution amounts. It appears that the errors occurred as a result of incorrect payroll system settings which improperly excluded certain payroll codes from plan compensation and certain manual payroll checks being excluded.

12. Subsequent events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 15, 2026, the date the financial statements were available to be issued. On July 2, 2025, there was an amendment to the Plan allowing Roth contributions with an effective date of January 1, 2026. On August 3, 2026, the Plan signed an amendment to include Ourisman Imports RR LLC t/a Ourisman Toyota as an additional participating employer. On August 31, 2026, Ourisman Hyundai of Bowie and Ourisman of Bowie were closed and the Ourisman Performance Cars, LLC t/a Lotus Washington DC merged with Ourisman of Rockville.
