Independent Auditors' Report

To the Plan Administrator
Danco Builders 401(k) Plan
Arcata, CA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Danco Builders 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statement of Net Assets Available for Benefits as of December 31, 2025, and the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Danco Builders 401(k) Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company as of December 31, 2025 and for the period from May 1, 2025 to December 31, 2025, and Ameritas Life Insurance Corp. as of December 31, 2025 and 2024 for the year ended December 31, 2025 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section:

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Danco Builders 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Danco Builders 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Danco Builders 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Danco Builders 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental Schedules of Assets (Held at End of Year) as of December 31, 2025 and Delinquent Participant Contributions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

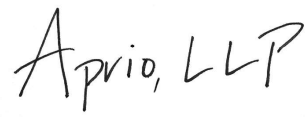

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report (continued)

Auditors' Report on the 2024 Financial Statements

The financial statements of Danco Builders 401(k) Plan as of December 31, 2024, were audited by Hoffman, Stewart & Schmidt, P.C., who merged with Aprio, LLP as of January 2, 2026. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 7, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Danco Builders 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Danco Builders and Danco Supportive Services (collectively, the "Company") who are at least 18 years old and who have completed one year of service consisting of at least 1,000 hours of service, except for nonresident aliens and residents of Puerto Rico. Entry dates are the first day of the Plan year or first day of the 7th month of the Plan year after the age and service requirements are met. The Plan Administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In April 2025, the Plan was amended and restated with an effective date of May 1, 2025 ("Restatement"). In connection with the Restatement, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal) became the trustee and custodian of the Plan. All assets of the Plan were transferred to Principal in June 2025. The Restatement changed allocation conditions, added a qualified non-elective contribution (QNEC), after-tax contributions and in-plan Roth rollovers, and changed forfeiture timing, disability vesting, in-service and hardship withdrawals, and loan terms.

Contributions: Each year, participants may contribute up to 100 percent of pretax annual compensation subject to statutory limits, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Company may contribute discretionary matching and discretionary profit-sharing contributions, as determined annually by the Company. In 2025, the Company elected to make discretionary matching contributions equal to 50 percent of employee contributions up to $1,800. The Company also makes prevailing wage contributions on behalf of eligible participants. For the year ended December 31, 2025, the discretionary matching contribution was $112,633 and the prevailing wage contribution was $2,610,435. No discretionary profit sharing contributions were made in 2025. Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's discretionary matching and profit sharing contributions, if any, prevailing wage contributions, if any, and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Company's discretionary non-elective contributions, if any, are calculated using an integrated (permitted disparity) formula and require participants to be employed on the last day of the year and work at least 1,000 hours to be eligible. Effective May 1, 2025, eligibility for the Company's discretionary matching contribution is also 1,000 hours of service and employed on the last day of the year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years except that a longer repayment period may apply for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at rates that approximate current market rates, ranging from 4.25% to 9.50% as of December 31, 2025. Principal and interest are paid through payroll deductions.

Vesting: Participants are vested immediately in their contributions, prevailing wage contributions and any QNECs, plus actual earnings thereon. Vesting in the Company discretionary matching and profit sharing non-elective contributions is based on years of continuous service of at least 1,000 hours per year. A participant is 20 percent vested after two years of service is completed, and vests an additional 20 percent per year until full vesting after six years.

Payment of benefits: Benefits are payable upon retirement at age 55, disability, death, or termination of employment. Hardship withdrawals, after tax withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time. Benefits are payable in lump sum or partial payments.

Forfeited accounts: At December 31, 2025 and 2024, forfeited nonvested accounts totaled $1 and $7,523, respectively. These accounts will be used to reduce future Company contributions or to pay Plan expenses. During 2025, $3,673 forfeited nonvested accounts were used to reduce Company contributions and $8,813 was used to offset Plan expenses.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Company. Transaction expenses, such as loan and distribution administration fees, are charged directly to the participant's account and are included in administrative expenses. Investment consulting fees are also charged to participants based on account balances.

2. Significant accounting policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition: Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for a discussion of fair value measurements.

Contract value is the relevant measurement attribute for the Plan's investment in a fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Investments in the Principal Fixed Income Guaranteed Option and the Ameritas Stable Fixed Income Account are considered fully benefit-responsive. See Note 5 for further discussion of the guaranteed investment contract.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Ineligible Contributions, Overpayments, and Overfunded Contributions: Amounts payable from the Plan include contributions made by employees who were ineligible to participate in the Plan and excess employer contributions. The Plan distributed the ineligible contributions in 2025. The employer overpayments were used to offset employer contributions made in 2025. In addition, in 2024 there was $317,449 in duplicate prevailing wage contributions made on behalf of participants, which were corrected in 2025.

Contributions: Participant contributions and the related Company matching contributions are recognized in the period the participant contribution is withheld from compensation. Company discretionary profit sharing contributions are recognized in the period for which the profit sharing contributions were made. Prevailing wage contributions are recognized in the period earned by the participant.

Payment of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for disclosure in these financial statements through October 14, 2026, which is the date the financial statements were available to be issued.

3. Certified information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments and interest income from notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Ameritas Life Insurance Corp., the insurance company and custodian of the Plan. Investments and notes receivable from participants held at December 31, 2025, and net appreciation in fair value of investments and interest income from notes receivable from participants for the period May 1, 2025 through December 31, 2025 was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee of the Plan.

4. Fair value measurements

The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The fair value of the shares of mutual funds owned by the Plan is based on quoted net asset values on the last business day of the Plan year.

The fair value of the units of pooled separate accounts is based on the net asset value ("NAV") on the last business day of the Plan year provided by the entity holding the accounts. The NAV is used as a practical expedient to estimate fair value and is determined by Ameritas Life Insurance Corp. based on the fair value of the underlying assets in the account, less the liabilities.

The fair value of the collective trust funds is based on the NAV on the last business day of the Plan year provided by the entity holding the trust funds. The NAV of the collective trust is used as a practical expedient to estimate fair value and is determined by the fund trustee based on the fair value of underlying assets in the trust, less its liabilities.

The fair value of assets is as follows:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 134,961	$ -	$ -	$ 134,961
Total assets within the fair value hierarchy	$ 134,961	$ -	$ -	134,961
Investments measured at net asset value[(a)]				12,226,224
Total assets at fair value				$ 12,361,185

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value[(a)]				8,681,604
Total assets at fair value				$ 8,681,604

(a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) as of December 31, 2025 and 2024 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments in all collective trust funds ($12,226,224 at December 31, 2025) can be redeemed immediately at the current net asset value based on the fair value of the underlying assets. There are no withdrawal limits, redemption frequency limits or redemption notice periods. Investments in all pooled separate accounts ($8,681,604 at December 31, 2024) can be redeemed immediately at the current net asset value based on the fair value of the underlying assets unless there is a plan-initiated full redemption of the pooled separate accounts, in which case redemption could be temporarily delayed. There are no withdrawal limits, redemption frequency limits or redemption notice periods for the pooled separate accounts. There were no unfunded commitments for these investments as of December 31, 2025 and 2024.

5. Guaranteed investment contract

Effective May 1, 2025, the Plan entered into an arrangement with Principal Life Insurance Company ("Principal Life") under which the Plan holds an interest in a guaranteed investment contract marketed as the Principal Fixed Income Guaranteed Option ("GIC"). The contract is a general account-backed group annuity contract (the Group Annuity Contract - Custodial Guaranteed Interest Contract). Principal Life issued it to Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, which holds it as custodian and serves as the Plan's directed trustee. Principal Life maintains the contributions in its general account. The account is credited with interest at rates that are fully guaranteed by Principal Life and communicated in advance to the Plan sponsor and participants. Crediting rates currently reset on June 1 and December 1 of each year. The guarantee depends on Principal Life's ability to pay; it is not insured by the FDIC and is not an obligation of, or guaranteed by, any bank.

Because the contract is fully benefit-responsive, it is reported in the statement of net assets available for benefits at contract value. Contract value is the amount participants would receive if they initiated transactions under the Plan's terms. It represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or part of their investment at contract value. Transfers to competing investment options, meaning other guaranteed, stable value, money market, or short-term fixed income options with an average duration of less than two years, are subject to an "equity wash." Under the equity wash, transferred amounts must first be invested in a non-competing option for 90 days.

Certain events may limit the Plan's ability to transact at contract value with the issuer. The main example is a withdrawal, transfer, or surrender initiated by the Plan sponsor. Such a withdrawal requires 12 months' advance written notice; otherwise a 5% surrender charge applies. The surrender charge may also apply if cumulative net participant transfers out of the contract exceed 20% of the Plan's interest during the 12 months before a sponsor-level surrender and are not cured within 90 days. In addition, the Plan may move its interest to a different "vintage" of the contract, meaning a group of contract interests that share one set of guaranteed rates. A move by vintage migration carries a 1.50% charge. A move by vintage update can trigger a charge if the Plan's interest is terminated within a specified period afterward. The Plan administrator does not believe that any event that would limit the Plan's ability to transact at contract value with participants is probable of occurring.

Prior to June 2025, the Plan held a guaranteed investment contract with Ameritas Life Insurance Corp. (Ameritas) through the Ameritas Stable Fixed Investment Account. Ameritas maintained the contributions in its general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract was fully benefit-responsive and was reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or part of their investment at contract value.

In connection with the change in service provider, the Plan discontinued the Ameritas contract in June 2025. The contract balance of $10,682 was transferred to Principal on June 11, 2025. No surrender charge or market value adjustment was incurred.

6. Risks and uncertainties

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

7. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

8. Tax status

Starting in May 2025, the Plan is using a pre-approved plan of Principal Life Insurance Company which received an opinion letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the form of the plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). Prior to May 2025, the Plan used a pre-approved plan of Ameritas Life Insurance Corp., which received an opinion letter on June 30, 2020. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Party-in-interest transactions

Certain Plan investments are managed by affiliates of Principal Financial Group. Principal Life Insurance Company is the Plan recordkeeper as defined by the Plan. Principal Trust Company is the trustee of the Plan. Fees paid by the Plan for the investment management services are netted against net appreciation in fair value of investments. These transactions qualify as exempt party-in-interest transactions.

During 2025 and prior years, the Company failed to remit to the Plan certain employee contributions and loan repayments totaling $110,410 within the period prescribed by Department of Labor regulations. These delinquent remittances are considered nonexempt party-in-interest transactions.

10. Reconciliation to Form 5500

The following is a reconciliation of amounts in the financial statements to Form 5500 as of December 31, 2025 and 2024 and for the year ended December 31, 2025:
