Independent Auditors' Report

To the Plan Administrator
Morrison Center 403(b) Retirement Plan
Scarborough, Maine

Scope and Nature of the ERISA 103(a)(3)(c) Audit

We have performed audits of the accompanying financial statements of the Morrison Center 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Morrison Center 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

130 Middle Street, Portland, ME 04101 | p 207.775.3496 | f 207.775.0176 | PURDYPOWERS.COM

Confidence in knowing.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Morrison Center 403(b) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Morrison Center 403(b) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Morrison Center 403(b) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Morrison Center 403(b) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held at End of Year as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Morrison Center 403(b) Retirement Plan

Note A - Description of Plan

The following description of the Morrison Center 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 403(b) volume submitter plan sponsored by the Morrison Center (the "Center" or the "Employer") covering all eligible employees of the Center. The Plan was established with an original effective date of August 1, 2017. The Plan was restated effective on March 28, 2024 and October 17, 2025 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA"), and the Internal Revenue Code (IRC).

During September 2025, a program of the Center was sold to an unrelated for-profit entity along with the employees that worked under that program. See Note H for discussion of partial plan termination resulting from the sale.

Eligibility

All Center employees are eligible to participate in the Plan upon the first day of hire. Elective deferral contributions begin as soon as administratively feasible following this entry date. The Plan provides for an automatic election to have pre-tax elective deferral contributions made for each participant of 2% of pay, and shall apply to participants at the time they enter or reenter the Plan. The Participant will be given a reasonable period to affirmatively elect a different percentage, to elect not to make elective deferral contributions, or to elect to designate all or any portion as Roth elective deferral contributions. Prior to an amendment on July 1, 2025, employees were eligible to receive discretionary employer matching contributions starting the first day of the month following the completion of thirty days of service. As of July 1, 2025, participating employees are eligible to receive employer matching contributions and nonelective contributions upon the first date of employment.

Contributions

In addition to a percentage or dollar amount of pre-tax annual compensation, as defined in the Plan, participants may make Roth contributions. Both are subject to certain limitations set forth by the IRC. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts, representing distributions from other qualified contribution plans. Participants direct the investment of their contributions into various mutual fund investment options offered by the Plan.

Participant contributions may be matched by the Center at a percentage of the participants' contributions, as determined by the Center. For the plan year ended December 31, 2025, the Center matched 50% of each participant's deferral contributions up to 4% for a maximum match of 2%. Employee deferrals and employer matching contributions are funded on a payroll basis. All contributions are subject to applicable Internal Revenue code limitations.

Morrison Center 403(b) Retirement Plan

Note A - Description of Plan - Continued

Contributions - Continued
The plan provides for an additional discretionary contribution to be made for each Plan Year in an amount determined by the Center. No such contribution was made for the year ended December 31, 2025.

Participant Accounts
Each participant's account is credited with the participant's contribution, the participant's allocation of the Centers' contributions, and the participant's proportional allocations of Plan earnings, including realized and unrealized gains and losses, and charged with an annual administrative fee. Allocations are based on participant earnings or account balances, as defined. Participants direct the investment of their contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer contribution plus earnings thereon is based on years of continuous service. A participant is 100% vested in employer contributions after five years of credited service. In the event of death or disability, or upon reaching normal retirement age, a participant becomes 100% vested in employer matching contributions.

Payment of Benefits
Participants are entitled to receive a distribution upon termination of employment due to death, retirement, and specific situations of financial hardship. In addition, participants who continue to work after normal retirement age may elect to begin the distribution at any time after reaching their normal retirement age of 65. Participants must begin receiving benefits by the required beginning date, which is generally 73. After termination of employment, if the vested amount of the participant account is $5,000 or less, it will be paid to the former employee in a single sum; if greater than $5,000 the participant is entitled to the distribution of their account as a lump sum payment or in installments. Withdrawals are permitted from a participant's account prior to termination of employment in the case of death, disability, or financial hardship (as defined by the IRC). Participants who have reached age 59 ½ may receive an in-service distribution of all or part of their elective account, including Roth deferrals.

If the vested balance exceeds $5,000, the participant must consent to any distribution of their account prior to the time payments begin under applicable federal law.

Notes to Financial Statements

Morrison Center 403(b) Retirement Plan

Note A - Description of Plan - Continued

Notes Receivable from Participants
Participants may borrow from their account balances in accordance with Plan provisions and Applicable IRC regulations. The minimum a participant may borrow is equal to $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The maximum number of loans a participant may have outstanding at any time is one, and only one loan may be taken out in any 12-month period. The repayment period will not be longer than five years, unless used to acquire a principal residence in which case the repayment period may be extended. Upon termination, the balance of any outstanding loan is due within sixty days, unless all plan vendors permit the loan to be accepted as part of a direct rollover to a new employer's plan. Loans are secured by the balance in the participant's account and bear interest between 6.75% and 10.50%. Principal and interest is paid bi-weekly through a payroll deduction.

Forfeited Accounts
When certain terminations of participation in the Plan occurs, the nonvested portion of the participant's account, as defined by the Plan, represents forfeitures. Forfeitures may be used to reduce employer contributions or to pay plan expenses. During the year ended December 31, 2025, the Center used $65,098 of forfeitures to fund employer contributions. As of December 31, 2025 and 2024, the balance in the forfeiture account was $4,111 and $58,323, respectively.

Note B - Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Payment of Benefits
Benefits are recorded when paid.

Estimates
The preparation of financial statements in conformity with United States generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Note B - Summary of Significant Accounting Policies - Continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded when it is earned on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024, respectively. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the outstanding loan balance will be included in participants' gross income for federal income tax purposes as if it were distributed to him or her.

Administrative Expenses

Professional and administrative expenses of the Plan, at the Center's election, may be paid out of the Plan or directly by the Center. Certain fees are assessed by the custodians and recordkeepers for the processing of participant loans and participant withdrawals, and are charged directly to the participant's account. In addition, personnel and facilities of the Center are used by the Plan for its accounting and other activities at no charge to the Plan.

Note C - Information Certified by the Plan's Trustee (Unaudited)

The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform, and they did not perform any auditing procedures with respect to information certified by Empower Annuity Insurance Company and Empower Trust Company, LLC, as trustee and custodian of the Plan, except for comparing information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has obtained certifications from the trustee for 2025 and 2024 that such information, consisting of investment assets, notes receivable from participants, accrued interest and dividends receivable, investment income, and interest income on participant notes receivable, is complete and accurate.

Note C - Information Certified by the Plan's Trustee (Unaudited) - Continued

The financial information certified by the Plan's trustee is as follows:

	As of December 31, 2025	2024
Investments:		
Investments at Fair Value - Mutual funds	$ 1,522,166	$ 1,468,490
Investments at Contract Value - Fixed account	21,630	46,683
Participant Notes Receivable	6,710	17,781
Total	$ 1,550,506	$ 1,532,954

	Year Ended December 31, 2025
Statement of Changes in Assets Available for Benefits	
Investment income:	
Net appreciation in fair value of investments	$ 247,848
Dividend and interest income	42,729
Participant notes receivable interest income	1,303
Total	$ 291,880

Note D - Fair Value of Investments (Unaudited)

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Note D - Fair Value of Investments (Unaudited) - Continued

Level 2 Inputs to the valuation methodology include:
quoted prices for similar assets or liabilities in active markets;

- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of observable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- *Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value:

Assets at Fair Value at December 31, 2025				
Type	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,522,166	$ -	$ -	$ 1,522,166
Investments at Fair Value	$ 1,522,166	$ -	$ -	$ 1,522,166

Assets at Fair Value at December 31, 2024				
Type	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,468,490	$ -	$ -	$ 1,468,490
Investments at Fair Value	$ 1,468,490	$ -	$ -	$ 1,468,490

Notes to Financial Statements

Morrison Center 403(b) Retirement Plan

Note E - Guaranteed Option Contract

The Plan provides for a traditional fully benefit responsive guaranteed income contract, with contributions maintained in the general account. The account is credited for earnings on the underlying investments and charged for participant withdrawals. The Empower Investments Fixed Account guarantees principal and pays a guaranteed minimum interest rate of 0%.

Note F - Party-in-Interest Transactions

Empower Annuity Insurance Company and Empower Trust Company, LLC are the recordkeepers and trustee, as well as the managers of certain plan investments. Therefore, transactions with these institutions qualify as party-in-interest transactions. Participant notes receivable transactions are considered to be party-in-interest transactions because they are transacted with Plan participants. All such transactions are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan for trustee and recordkeeping services during the year ended December 31, 2025 amounted to $27,518.

Note G - Plan Termination

Although it has not expressed any intent to do so, the Center has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note H - Partial Plan Termination

On September 11, 2025, the Center sold a program of the Center and the related employees to an unrelated for-profit entity resulting in the involuntary termination of 49 active participants. This reduction represented approximately 38% of the Plan's total active participants prior to the transaction.

In accordance with IRC regulation and the Plan document, this workforce reduction constitutes a partial plan termination. As a result, all affected participants who were involuntarily terminated due to the sale became 100% vested in their employer contributions, regardless of their prior vesting status.

Notes to Financial Statements

Morrison Center 403(b) Retirement Plan

Note I - Tax Status

The Company, as the Plan's sponsor, adopted a pre-approved Code section 403(b) prototype plan, which received an Internal Revenue Service ("IRS") opinion letter dated March 31, 2017, which states that the plan satisfies the applicable sections of the Internal Revenue Code. The Plan itself has not received a determination letter from the IRS. The Plan has subsequently been restated; however, the Plan's management believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC, and that the Plan continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2025, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for years/periods in progress.

Note J - Risks and Uncertainties

The Plan provides for various investment options which in turn invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and statement of changes in net assets available for benefits.

Note K - Subsequent Events

Management has made an evaluation of subsequent events to and including October 13, 2026, which was the date the financial statements were available to be issued and determined that any subsequent events that would require recognition or disclosure have been considered in the preparation of the financial statements.
