INDEPENDENT AUDITOR'S REPORT

To the Administrators and Participants of the
Hahn Ready-Mix Company 401(k) Plan
Davenport, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hahn Ready-Mix Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hahn Ready-Mix Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the years ended, December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hahn Read-Mix Company 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hahn Ready-Mix Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Auditor's Responsibilities for the Audit of the Financial Statements, continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hahn Ready-Mix Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hahn Ready-Mix Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HAHN READY-MIX COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

1. Description of the plan

The following brief description of the Hahn Ready-Mix Company 401(k) Plan (the "Plan"), a contributory defined contribution plan, is provided for general information purposes only. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions. The Plan was adopted on January 1, 2013 as the Brilex, LLC 401(k) Savings and Retirement Plan. Effective January 1, 2016, the Plan changed its name to the Hahn Ready-Mix Company 401(k) Plan after a corporate reorganization.

The Plan covers any employee of Hahn Ready-Mix Company (the "Company" or "Plan Sponsor") who has three consecutive months of service, is not covered by a collective bargaining agreement, is not a leased employee, and is not a non-resident alien. Employees who do not complete three consecutive months of service become eligible on the one-year anniversary of their hire date. Employees become participants on January 1, April 1, July 1 or October 1 immediately following completion of the service eligibility requirements. Previously, the Plan also covered non-union employees of BRELL, LLC (d/b/a Edwards Ready Mix) due to a controlled group designation. Based on current ownership, the controlled group designation no longer applies. The Plan allows participants to designate all or a portion of their elective deferrals as ROTH elective deferrals which are accounted for separately in the respective participant's account. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The Plan is funded by contributions from participants in amounts up to 100% of eligible compensation limited to the maximum amount deductible by salary reduction under the Internal Revenue Code ("IRC"). The Plan includes an auto-enrollment provision which automatically enrolls eligible participants with a deferral of 6% unless they make an alternative election or elect not to contribute. Participants may change their deferral election at any time, with it becoming effective for the following payroll. The Plan is a safe harbor plan and is also funded by 100% Company matching contributions not to exceed 5% of the participant's compensation, for the Plan year. Participants are eligible for the Company safe harbor matching contributions when they become eligible to make deferrals.

The Company is also funded by discretionary matching contributions. Participants must have more than 1,000 hours of service and be employed on the last day of the Plan year to be eligible for discretionary matching contributions. These requirements are waived for participants who terminate service due to death, disability, or attainment of normal retirement age, as defined in the Plan Agreement. The Company made no discretionary matching contributions in 2025 or 2024. Participants may also rollover or transfer amounts representing distributions from other qualified retirement plans.

1. Description of the plan, continued

Participant accounts

Each participant's account is credited with participant contributions, the Company's matching contributions, an allocation of Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Effective January 1, 2024, the Plan was amended and adopted the auto-enrollment provisions of the Plan which are considered a Qualified Automatic Contribution Arrangement ("QACA"). As part of the amendment, the vesting for QACA employer safe harbor matching contributions was changed to a two-year cliff vesting schedule. Employer discretionary matching contributions also have a graded vesting schedule, becoming 100% vested after six years of service.

Investment options

Upon enrollment in the Plan, participants direct the investment of their contributions into various investment options offered by the Plan. For participants who are automatically enrolled, their contributions are invested in a default investment, as defined in the Plan Agreement. Participants may change their investment options at their discretion; changes become effective on the next business day. An advisory committee, consisting of selected Company employees, meets periodically to review investment performance and change investment offerings as deemed necessary. During 2025 and 2024 the advisory committee made changes to investment options in order to achieve better performance and offer more investment options.

Forfeited accounts

Forfeited nonvested accounts totaled $5,067 and $7,649, respectively for the years ended December 31, 2025 and 2024. Forfeitures are used to pay plan expenses or to reduce employer matching contributions. During 2025 and 2024, the Plan used $11,594 and $6,884, respectively, from the forfeiture account to reduce employer matching contributions. During 2025, and 2024, the Plan used $-0- and $856, respectively, from the forfeiture account to pay plan expenses. The balance of unallocated forfeitures as of December 31, 2025 and 2024 was $5,450 and $1,075, respectively.

Payment of benefits

Upon retirement, death, disability or termination of service, participants receive an amount equal to the value of their vested benefit. Participants receive their vested benefit in a lump-sum payment or can roll over their account to an individual retirement account or another qualified plan. If no benefit election is completed, participants who terminate employment receive automatic lump-sum distributions for accounts with a balance of $1,000 or less. In addition, participants automatically have accounts rolled to an individual retirement account if the balance is between $1,000 and $5,000, and no benefit election is completed.

1. Description of the plan, continued

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America using the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures in the financial statements. Actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Collective investment trusts and the pooled separate investment accounts are valued at net asset value ("NAV") which is used as a practical expedient to estimate fair value. Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year and the undistributed net investment income, undistributed realized gain or loss and the unrealized appreciation or depreciation of investment securities held in the pooled separate investment accounts. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date.

Concentration of investment risk

Substantially all of the Plan's investments were held in Principal sponsored or affiliated investments as of December 31, 2024 as all of the collective investment trusts and pooled separate accounts are Principal sponsored or affiliated investments. Approximately 61% and 72% of the Plan's investments were held in five mutual funds and six individual collective investment trusts as of December 31, 2025 and 2024, respectively. In addition, approximately 89% of the Plan's investments were held in one mutual fund family as of December 31, 2025. The mutual funds and collective investment trusts identified held in excess of 10% of the Plan's total investments each at December 31, 2025 and 2024.

2. Summary of significant accounting policies, continued

Payment of benefits
Benefits are recorded when paid.

Income tax status
The Plan is a nonstandardized prototype plan. The Internal Revenue Service ("IRS") has determined and informed the custodian in a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been restated and amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent events
Management has evaluated subsequent events through October 6, 2026, the date in which the financial statements were available to be issued.

3. Information prepared and certified by Principal Life Insurance Company ("Principal Life"), Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal Trust")

All investment assets of the Plan were held by Principal Life and Principal Trust, parties-in-interest, as of December 31, 2025 and 2024. All investment transactions during the years then ended were executed under formal custody agreements between the Plan and Principal Life and Principal Trust. All securities bought, sold or exchanged were executed under these agreements. Such financial information has not been audited by independent auditors.

3. Information prepared and certified by Principal Life Insurance Company ("Principal Life"), Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal Trust"), continued

In accordance with the provisions of Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Principal Life or Principal Trust have certified the following unaudited financial information to be complete and accurate with respect to the Plan's assets held by them as of December 31, 2025 and 2024 and investment activity for the years then ended:

	2025	2024
Investments at fair value:		
Mutual funds	$ 7,301,946	$ 462,861
Collective investment trusts	-	6,048,460
Pooled separate investment accounts	315,414	262,186
Total investments at fair value	$ 7,617,360	$ 6,773,507
Investment income:		
Net appreciation in fair value of investments	$ 997,694	$ 744,180
Interest and dividends	113,968	5,986
Total investment income	$ 1,111,662	$ 750,166

4. Risks and uncertainties

The Plan provides for investments in various securities, which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

5. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

5. Fair value measurements, continued

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts: Valued at the NAV of units of a collective investment trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Investments in the trust can be redeemed immediately at the current net asset value per share. The trust does not have a finite life and the Plan has no unfunded commitments.

Pooled separate investment accounts: Valued at the NAV of shares held by the Plan in the pooled separate investment account at year-end. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments. Investments in the pooled separate investment account can be redeemed immediately at the current net asset value per share. There are no unfunded commitments or significant restrictions on redemptions.

5. Fair value measurements, continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's investments at fair value as of December 31, 2025 and 2024, respectively:

	2025	2024
Investments in the fair value hierarchy:		
Level 1 - mutual funds	$ 7,301,946	$ 462,861
Investments valued at the net asset value:		
Collective investment trusts	-	6,048,460
Pooled separate investment accounts	315,414	262,186
Total investments at the net asset value	315,414	6,310,646
Total investments at fair value	$ 7,617,360	$ 6,773,507

The Plan held no investments in Levels 2 or 3 of the fair value hierarchy as of December 31, 2025 and 2024.

The Plan's policy is to recognize transfers between Levels as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no transfers.

6. Administrative expenses

During 2025 and 2024, administrative fees for the maintenance of investments, contribution and distribution records and the processing of related transactions were paid by the Plan to Principal Life, a party-in-interest. Administrative expenses of $52,355 and $45,800 were paid by the Plan for the years ended December 31, 2025 and 2024, respectively.

Other administrative expenses, including audit fees, are paid by the Plan Sponsor.

7. Related party and party-in-interest transactions

The Company has an agreement with Qualified Plan Consultants ("QPC") to provide administrative and fiduciary services. The Company also has an agreement with Principal Life and Principal Trust to provide record-keeping, administrative, custodial, and transactions processing services for the Plan's investments. Other party-in-interest transactions are described in Notes 3 and 6.
