INDEPENDENT AUDITORS' REPORT

To the Trustees
Metropolitan Foods, Inc. 401(k) Profit Sharing Plan and Trust
Wayne, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of Metropolitan Foods, Inc. 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Metropolitan Foods, Inc. 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Metropolitan Foods, Inc. 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Metropolitan Foods, Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Metropolitan Foods, Inc. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Metropolitan Foods, Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA
The supplemental schedules, Schedule of Assets (Held at End of Year) (Schedule H, line 4(i)) and Schedule of Delinquent Participant Contributions (Schedule H, line 4(a)) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of Metropolitan Foods, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all the employees of Metropolitan Foods, Inc. (Company) who have attained the age of 21 and completed three (3) months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Trustees are responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's trustees.

Effective January 16, 2025, the Plan transferred net assets totaling $666,091 out of the Plan to Driscoll Logistics LLC 401(k) Plan.

SECURE Act

The Plan has adopted certain provisions under the Setting Every Community Up for Retirement Enhancement Act of 2022 (SECURE 2.0 Act). The Plan intends to formally execute the required Plan amendments for these provisions by December 31, 2026.

The following descriptions of the Plan below have been updated with the provisions of the SECURE 2.0 Act that impact the Plan.

Contributions

Each year, participants may contribute up to 100% of their annual compensation on a pretax basis, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Plan provides for an employer matching contribution equal to 50% of a Participant's Elective Deferral which does not exceed 3% of the contributing participant's compensation. Each participant may direct the matching contributions into an available investment fund, as defined. Employer profit-sharing contributions to the Plan are made at the discretion of the Company.

The Plan provides for an employer discretionary profit-sharing contribution to eligible participants who have attained the age of 21 and completed 3 months and 500 hours of service in a Plan year. When making profit sharing contributions, the Company uses a discretionary formula to determine contribution and uses a pro rata formula to allocate among participants. The Company did not make profit sharing contributions during the year ended December 31, 2025.

Participant accounts

Each participant's account is credited with an allocation of (a) the Company's matching contribution, (b) the Company's discretionary profit-sharing contribution, (c) Plan earnings, and (d) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit-sharing contributions is based on years of continuous service. A participant is vested as follows:

Years of vesting service	Vested percentage
Less than 1 year	50
1 year	75
2 years	100

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of 50% of the vested account balance or $50,000. The term of the loan shall not exceed five years except in the case of a loan for the purpose of acquiring a principal residence. The interest rate will be based on the rates available for similar loans from commercial lending institutions, as determined by the Plan administrator, and will not change once granted. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through weekly payroll deductions.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 10-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

1. Description of Plan (continued)

Forfeited accounts

As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $21,861 and $3,518, respectively. Forfeitures may first be used to pay Plan expenses. Any forfeitures left after paying Plan expenses are used to offset future employer contributions. Also, in 2025, employer contributions were reduced by $22,995.

2. Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contact value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by investment advisors, custodians and insurance company. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and from the employer are recorded in the year in which employee contributions are withheld from compensation.

2. Summary of accounting policies (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding deduction to contributions. The Plan distributed the 2025 excess contributions to the applicable participants prior to March 15, 2026.

3. Tax status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Plan has elected to utilize the employee benefit plan provisions which allow certain changes to distribution and loan rules as prescribed by the SECURE Act and CARES Act.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. The Plan maintains its investments with an investment manager. Exposure to credit risk is reduced by placing such investments in high quality financial institutions and by following an investment strategy which utilizes a wide range of diversified funds.

5. Certified investment information

Certain information in the accompanying financial statements and ERISA required supplemental schedule related to investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by The Lincoln National Life Insurance Company, a qualified institution.

6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, which would result in the participants becoming 100% vested before receiving a final distribution from their accounts.

7. Transactions with parties-in-interest

Certain Plan investments are managed by The Lincoln National Life Insurance Company. The Lincoln National Life Insurance Company is the custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for the investment manager services are included as a reduction in the net appreciation in fair value of investments. Investment advisory and administrative expenses relating to the maintenance of the Plan are paid from the Plan assets. Direct fees paid by the Plan during the years ended December 31, 2025 and 2024 were $144,594 and $126,314, respectively.

The Company pays for certain professional fees relating to services provided to the Plan. Fees paid on behalf of the Plan during the years ended December 31, 2025 and 2024 were $12,000 and $10,000, respectively. The Company also provides certain accounting and administrative services to the Plan for which no fees are charged.

8. Fair value measurement of investments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (Level 3).

The three Levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad criteria data, liquidity statistics, and other factors. An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the Plan. The Plan considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, provided by multiple, independent sources that are actively involved in the relevant market. The categorization of an investment within the hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to the Plan's perceived risk of that investment.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Investments in registered investment companies are valued at the daily closing price as reported by the fund and are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The Plan's investments consist of the following at December 31, 2025:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 28,520,530	$	$	$ 28,520,530
	$ 28,520,530	$	$	$ 28,520,530

8. Fair value measurements of investments (continued)

The Plan's investments consist of the following at December 31, 2024:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 22,421,611	$	$	$ 22,421,611
	$ 22,421,611	$	$	$ 22,421,611

9. Fully benefit-responsive investment contract

The Lincoln Financial Group Guaranteed Stable Value Fund is a benefit-responsive group annuity contract issued by The Lincoln National Life Insurance Company. By definition, the Lincoln Financial Group Guaranteed Stable Value Fund group annuity contract is an insurance contract. The account is credited with contributions and actual earnings and charged for participant withdrawals. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on an agreed-upon formula with the issuer but cannot be less than zero. Under the terms of the existing contract, the crediting rate is currently reset on a semi-annual basis.

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the Plan document (including complete or partial Plan termination or a merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974, or (e) premature termination of the contract. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with the Plan participants, is probable.

Investment contract with the insurance company for the year ended December 31, 2025 was $427,983.

10. Subsequent events

Subsequent events have been evaluated through October 14, 2026 which is the date the financial statements were available to be issued. The Plan is not aware of any material subsequent events.
