INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor of the
Keeley Construction Group, Inc. 401(k) Plan

Opinion

We have audited the financial statements of Keeley Construction Group, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Keeley Construction Group, Inc. 401(k) Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years ended December 31, 2025 and 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Keeley Construction Group, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Keeley Construction Group, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Keeley Construction Group, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Keeley Construction Group, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 and schedule of assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

KEELEY CONSTRUCTION GROUP, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

(1) Plan Description

The following description of Keeley Construction Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General Information

The Plan, which was established March 1, 1997 and subsequently amended, is a defined contribution and 401(k) plan covering substantially all employees of Keeley Construction Group, Inc. and controlled group companies Keeley Properties (formerly KDG Real Estate LLC), The Keeley Companies, Keeley Land Trust, and Keeley Restoration Services, LLC (collectively the "Companies") who meet the eligibility provisions of the Plan. The Plan is subject to provisions of ERISA.

Contributions

Each year, participants may contribute up to 100% of their eligible compensation, as defined in the Plan, not to exceed the maximum amount allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Companies are required to make a safe harbor match contribution of up to 6% of eligible compensation, as defined in Code Section 415 Safe Harbor Compensation, as determined on a payroll basis. The Plan also includes a provision for additional discretionary contributions and profit-sharing contributions determined by the Companies at their discretion. Participants direct the investment of the contributions into various investment options offered by the Plan, including self-directed brokerage accounts.

Eligible Participants

Employees are eligible to participate in the Plan if they have completed six months of service and are at least 21 years of age. The plan does not cover those employees who are represented by a collective bargaining agreement or nonresident aliens.

Participant Accounts

Each participant's account is credited with (a) the participant's contributions, (b) the Companies' contributions, and (c) Plan earnings and appreciation. Each participant's account is charged with (a) any withdrawals or distributions, (b) Plan losses and depreciation, and (c) an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals, rollover contributions, and safe harbor contributions, plus or minus actual earnings or losses thereon.

(Continued)

(1) Plan Description (Continued)

For employer contributions, other than safe harbor to the Plan, participants will vest as follows:

Years of Service	Vesting Percentage
Less than two	0 %
Two	20 %
Three	40 %
Four	60 %
Five	80 %
Six or more	100 %

Participants are also fully vested in employer contributions upon the attainment of normal retirement age, retirement due to disability, death, or the termination of the Plan.

Participants are considered to have completed one year of service upon the completion of 1,000 hours of service at any time during the employment year.

Forfeited Plan Assets

If a participant forfeits any unvested balances in his/her account, the forfeited assets are used to pay plan expenses or reduce future employer contributions. Forfeitures used to reduce employer contributions for the years ended December 31, 2025 and 2024 were immaterial. As of December 31, 2025 and 2024, the Plan held immaterial amounts of unallocated investments available to reduce future employer contributions or pay plan expenses.

Notes Receivable from Participants

Subject to provisions under the Plan, participants may borrow from the Plan an amount which is $1,000 or greater but does not exceed the lesser of $50,000 or 50% of the present value of the participant's vested benefit under the Plan. Only one note per participant may be outstanding at any time. Notes receivable, which are secured by the balance in the participant's account, bear interest at the current prime lending rate plus 1% and have terms which range from 12 to 60 months. For notes receivable which began prior to October 11, 2019, the effective date the plan ceased to allow notes receivable, if the note is made for the participant to acquire his/her principal residence the term is for a period that ranges from 12 to 360 months. Principal and interest are paid ratably through monthly payroll deductions. The plan was amended again allowing notes effective June 1, 2024.

Retirement and Terminations

In the case of normal retirement or retirement due to permanent disability, participants will receive the value of their vested benefits, in accordance with the provisions of the Plan, either in a lump-sum distribution, in installments payable over a period which does not exceed the life expectancy of the participant, or in the form of an annuity.

(Continued)

(1) Plan Description (Continued)

In the event that a participant dies before retirement, the beneficiary will receive the value of the participant's vested benefits in either a lump-sum distribution or in the form of an annuity.

In the case of termination of an employee, the participant may request early payment of the vested benefit by submitting a written request to the plan administrator. The portion of the terminated participant's account balance that is not vested is forfeited and is used to pay plan expenses or to reduce future employer contributions.

In-Service Distributions

The Plan allows for in-service distributions from rollover contributions or upon the attainment of age 59½ from funds, in which the participant is 100% vested.

Hardship Withdrawals

The Plan allows for hardship withdrawals, as defined in the Plan, that are limited to the amount needed to meet the financial need. These withdrawals may not be recontributed to the Plan and may be subject to income tax and penalties.

Administration

All assets of the Plan are held and managed by Ekon Benefits, Monetary Management Group, Inc., and JAG Capital Management LLC.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. The fair value of the Plan's other financial instruments approximates their carrying amounts, either because the expected collection or payment period is relatively short or because the terms are similar to market trends. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(Continued)

(2) Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Risk

Participants in the Plan assume all adverse investment risks connected with any decrease in value of plan assets, and such assets are the sole source of payments under the Plan.

Cash and Cash Equivalents

The Plan considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

It is the policy of the Plan that certain administrative expenses pertaining to the Plan be paid by the Plan, except for the fees of the independent auditor issuing the accompanying report, which are paid by the Companies.

Subsequent Events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through the date of the independent auditor’s report, which is the date the financial statements were available to be issued.

(3) Transactions with Parties-In-Interest

The Plan is administered by the Companies. Employees of the Companies serve as the Plan’s trustees and administrators and participate in the Plan. The Plan pays for all administrative expenses related to the Plan, except for the fees of the independent auditor issuing the accompanying report. All investment funds were held and managed by Ekon Benefits, Monetary Management Group, Inc., and JAG Capital Management LLC.

(4) Fair Value Measurements

Under the Fair Value Measurements and Disclosures topic of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), a guideline is provided for measuring fair value under generally accepted accounting principles. The topic establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs include quoted prices in active markets for similar assets, quoted prices in inactive markets for similar assets, or inputs that are observable or can be corroborated by observable market data or other means for substantially the full term of the asset; and Level 3 inputs have the lowest priority and are based on prices or valuation techniques that are unobservable and not corroborated by market data. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs when an active market comparable is not available and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Level 1 Fair Value Measurements

The fair values of the cash/money market funds, registered investment companies, and common stocks and equities are based on quoted market prices.

Level 2 Fair Value Measurements

The fair values of the US government fixed income are based on observable market inputs for similar securities and benchmark interest rate yields.

(Continued)

(4) Fair Value Measurements (Continued)

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits as follows:

	Fair Value	Fair Value Measurements Using: Quoted Prices In Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3

(5) Stable Value Fund

The Plan entered into a fully benefit-responsive stable value fund contract with MetLife for the years ended December 31, 2025 and 2024. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by MetLife. Contract value approximates fair value for this investment as of December 31, 2025 and 2024. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The stable value fund contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts at December 31, 2025 and 2024 was $1,043,293 and $863,777, respectively. The crediting interest is based on a formula agreed upon with the issuer but may not be less than zero. Such interest rates are reviewed on a quarterly basis for resetting.

(Continued)

(5) Stable Value Fund (Continued)

Certain events limit the Plan's ability to transact at contract value with MetLife. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan; or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants are probable of occurring.

The stable value fund contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The weighted average rates of interest on the MetLife stable value fund were 2.71% and 2.64% for the years ended December 31, 2025 and 2024, respectively.

(6) Plan Termination Policies

Although it has not expressed intent to do so, the Companies have the right under the Plan to terminate the Plan at any time subject to the provisions set forth in ERISA. In the event of termination of the Plan, the right of all participants to benefits would become 100% vested and non forfeitable. The amount of the account balance due each participant would be distributed in accordance with the payment provisions of the Plan.

(7) Internal Revenue Service Status

The Internal Revenue Service has determined and informed the plan administrator by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan was amended subsequent to this date; however, the plan administrator and management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan accounts for any uncertain tax positions in accordance with the Income Taxes topic of the FASB ASC. The topic prescribes a recognition threshold and measurement process for financial statement recognition of uncertain tax positions taken or expected to be taken in an annual return/report of an employee benefit plan. In evaluating the Plan's tax position, interpretations and tax planning strategies are considered. The Plan believes its tax-exempt status is appropriate based on current facts and circumstances.

(8) Plan Amendment

During 2025, the Plan was amended to change the name from Keeley Construction Group, Inc. 401(k) Profit Sharing Plan to Keeley Construction Group, Inc. 401(k) Plan.

(8) Plan Amendment (Continued)

Effective July 21, 2025, the Plan was amended to allow in-service withdrawals from the vested portion of the transfer accounts upon the attainment of 59½ years of age. Prior to the amendment, the age requirement was 70½ years of age.

Effective July 21, 2025, the Plan was amended to allow withdrawals from the vested portion of the elective deferrals, non-elective contributions, qualified non-elective contributions, and safe harbor contributions upon the attainment of 59½ years of age. Prior to the amendment, the age requirement was 70½ years of age.

Effective July 21, 2025, the Plan was amended to allow withdrawals of rollover contributions at any time.

(9) Risks and Uncertainties

The Plan invests in various securities, including investment contracts with insurance companies. The underlying investments may include corporate debt instruments and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
