Independent Auditor's Report

To the Trustee, Participants and Plan Administrator of
Woori America Bank 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed the audits of the financial statements of Woori America Bank 401(k) Profit Sharing Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule(s) Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – DESCRIPTION OF PLAN

Woori America Bank (the “Bank”) sponsors the Woori America Bank 401(k) Profit Sharing Plan (the "Plan"). The following description provides only general information. This document is not a document pursuant to which the Plan is maintained within the meaning of Section 402(a)(1) of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Participants should refer to the Plan document for a complete description of the Plan's provisions.

To the extent not specifically prohibited by statute or regulation, the Bank reserves the right to unilaterally amend, modify or terminate the Plan at any time; such changes may be applied to all Plan participants and their beneficiaries regardless of whether the participant is actively working or retired at the time of the change. The Plan may not be amended, however, to permit any part of the Plan's assets to be used for any purpose other than for the purpose of paying benefits to participants and their beneficiaries and paying Plan expenses.

General

The Plan, established September 15, 2003, is a defined contribution plan established for the benefit of the employees of the Bank. Each eligible employee who has completed at least 90 days of service commencing on date of hire and attained 21 years of age is eligible to participate in the Plan. Participation may begin on the first day of each quarter following eligibility. The Plan is subject to the provisions of ERISA.

Contributions

Contributions are made to the Plan as participant savings contributions, participant rollover contributions, and employer matching contributions.

Participant savings contributions are pre-tax contributions made by the Bank on behalf of participants who have agreed to have their taxable compensation reduced. Participants may contribute their eligible compensation, as defined in the Plan subject to a statutory annual maximum of $23,500 for 2025 for the purpose of making savings contributions to the Plan.

Participants aged 50 to 59 or 64 and older are allowed to make additional catch-up contributions up to $7,500, while those aged 60 to 63 are allowed to make higher catch-up contributions up to $11,250.

Participants may also contribute amounts representing distributions from other qualified plans (rollover).

Participant contributions of up to 4 percent of eligible compensation are matched 100 percent by the Bank.

Participant Investment Account Options

Participants direct the investment of their contributions and the Bank’s matching contributions into various investment account options offered by the Plan. The Plan currently offers investments in various pooled separate accounts, mutual funds, a guaranteed account, and a self-directed brokerage account. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation.

Vesting

Participant contributions vest immediately. Matching contributions vest based on the following schedule:

Years of Service	Vested Percentage
Less than 1	0.0%
1	33.3%
2	66.6%
3	100.0%

Payment Benefits
A participant may receive a lump-sum amount, equal to the vested value of the participant's account, due to a separation of service, death, disability or retirement. The Plan does permit hardship distributions. Hardship withdrawals are governed by the United States Internal Revenue Service ("IRS") regulations and are permitted to satisfy certain immediate and heavy financial needs. In-service distributions are not permitted; however, distributions from a participant's rollover account may be made at any time.

Notes Receivable from Participants
Participants may borrow from their accounts up to the lesser of $50,000 less the highest outstanding loan balance in the past 12 months or 50 percent of their vested account balance. Loan transactions are transfers between the investment funds and the participant notes fund. Loan terms may not exceed five years, unless the loan is used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a commercially reasonable rate of interest, which the Bank has determined to be the prime rate plus 1 percent. Principal and interest are paid ratably no less than biweekly through payroll deductions. Loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded when it is earned. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Participant Accounts and Allocation
Each participant's account is credited with the participant's contributions, the employer matching contributions and investment income thereon, net of Plan expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

All participant contributions made under the Plan are paid to and invested in one or more of the available investment options as directed by the participants.

Participants are allowed to allocate their entire account balance in any combination of the available investment options. Participants can transfer their account balance among the investment options and/or change the investment of their future contributions, and earnings thereon, on the first day of each quarter.

Forfeited Accounts
At December 31, 2025 and 2024, forfeited non-vested amounts totaled $69,132 and $64,851, respectively. Any non-vested portion of matching contributions credited to the accounts of participants who withdraw prior to becoming fully vested is forfeited and used by the Bank to reduce future matching contributions and/or payment of eligible administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The accompanying financial statements of the Plan are prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value with the exception of fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. The contract value is the relevant measurement since it represents the amount that the participant would receive if they were to initiate permitted withdrawal transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Interest income is recorded on the accrual basis of accounting. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the participant loan is deemed to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code (IRC) are recorded as a liability with a corresponding reduction to contributions. There were no excess contribution distributions for the years ended December 31, 2025 and 2024.

Contributions
Participant contributions are recorded in the period the employer makes the payroll deductions. Employer matching contributions are recorded based on participant contributions in the same period.

Distributions to Participants
Distributions to participants are recorded when paid.

Administrative Expenses
The Bank pays a portion of the administrative expenses of the Plan, which are excluded from these financial statements, and a portion is paid by Plan participants within the Plan. Certain asset management and administrative fees of the Plan are charged against the Plan's investment results.

NOTE 3 – PLAN TERMINATION

Although it has not expressed any intention to terminate the plan, the Bank reserves the right to amend, modify or terminate the Plan at any time subject to the provisions of ERISA. If the Plan is terminated, participants will become 100 percent vested in their accounts.

NOTE 4 – TAX STATUS

The IRS has determined and informed the Bank by letter dated March 31, 2014, that the terms of the Plan document satisfy the applicable requirements of the IRC. The Plan has been amended since receiving such determination letter. The Plan administrator believes that the Plan is currently being operated in material compliance with the applicable requirements of the IRC and the Plan document, and the Plan's related trust continues to be tax-exempt under the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements for the year ended December 31, 2025.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management believes that the Plan has not taken any uncertain tax positions. The Plan is subject to routine audits by the IRS and/or the United States Department of Labor; however, there are currently no audits of the Plan in progress.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the Statements of Net Assets Available for Benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

NOTE 6 – INFORMATION CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by the custodian of the Plan regarding the current value of assets held at December 31, 2025 and 2024 and transactions entered into during the respective year were used in the preparation of the accompanying financial statements.

The following is a summary of the unaudited information regarding the Plan, as included in the Plan's financial statements and supplemental schedule prepared by or derived from information reported by the trustee of the Plan for 2025 and 2024:

	2025	2024
Statement of net assets available for benefits:		
Investments, at fair value:		
Mutual funds	$ 33,876,586	$ 27,288,943
Self-directed brokerage accounts	2,320,418	1,343,334
Total	$ 36,197,004	$ 28,632,277
Investments, at contract value:		
Group annuity contract	$ 2,677,010	$ 2,756,461
Notes receivable from participants	$ 468,275	$ 437,600

	2025	2024
Statement of changes in net assets available:		
Investment income		
Net appreciation in fair value of investments	$ 4,142,737	$ 3,400,852

Note 8: All investment information as included in Note 8 Fair Value Measurements, excluding the classification of investments by level.

Supplemental Schedule: All investment balances and information included in the supplemental schedule of assets (held at the end of the year).

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There was no difference between net assets available for benefits per the financial statements and net assets in the Form 5500, Schedule H, Part I, Line 1l, Asset and Liability Statement, as of December 31, 2025 and 2024.

There was also no material difference between changes in net assets available for benefits per the financial statements and net changes in assets per Form 5500, Schedule H, Part II, Line 2k, Income and Expense Statement, for the year ended December 31, 2025.

NOTE 8 – FAIR VALUE MEASUREMENTS

The Plan utilizes the provisions of Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, with respect to its investments. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- Level 1 inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the reporting entity at the measurement date
- Level 2 inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability
- Level 3 inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Investments in registered investment companies are stated at fair value based upon quoted market prices of the net asset value of shares held by the Plan at year-end.

Self-directed Brokerage Accounts: The accounts are comprised of common stock investments, mutual fund investments, investments in a short-term interest fund and other investments. The fair values of the mutual fund, common stock and electronically traded fund investments are determined on the basis of quoted prices in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in different fair value measurements at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities.

The following tables set forth the Plan's assets at fair value by level within the fair value hierarchy as of:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 33,876,586	$ -	$ -	$ 33,876,586
Self-directed brokerage accounts	2,320,418	-	-	2,320,418
Total	$ 36,197,004	$ -	$ -	$ 36,197,004

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 27,288,943	$ -	$ -	$ 27,288,943
Self-directed brokerage accounts	1,343,334	-	-	1,343,334
Total	$ 28,632,277	$ -	$ -	$ 28,632,277

NOTE 9 – GROUP ANNUITY CONTRACT

The Plan holds a fully benefit responsive group annuity contract with Great-West Life and Annuity Insurance Company (the “Guaranteed Interest Fund”). Since the Guaranteed Interest Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Guaranteed Interest Fund. The Guaranteed Interest Fund is presented on the face of the statements of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Guaranteed Interest Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

The average yield earned by the plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average yield is 1.85% and 1.81% for the year ended December 31, 2025 and 2024, respectively.

Certain events limit the Plan’s ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy and, (6) early retirement incentives. Plan’s management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

In the event of the Plan’s loss of their qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan, the issuer may terminate the contract. If one of these events was to occur, the contract issuer could terminate the contract at the contract value based upon a contractual formula.

NOTE 10 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan.

The Plan provides for loans to participants. These transactions qualify as party-in-interest and are exempt from prohibited transaction regulations.

NOTE 11 – SUBSEQUENT EVENTS

The Plan has evaluated events subsequent to December 31, 2025 through September 16, 2026, which is the date these financial statements were available to be issued, and has determined there are no material subsequent events requiring adjustment to or disclosure in the financial statements.
