Independent Auditors' Report

Pooled Plan Provider
BMHRS Pooled Employer Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the financial statements of BMHRS Pooled Employer Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, the related statement of changes in net assets available for benefits for the period February 1, 2025 through December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the period February 1, 2025 through December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of December 31, 2025 and for the period February 1, 2025 through December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by the trustee and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the BMHRS Pooled Employer Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a pooled employer plan ("PEP") established and administered by Slavic Integrated Administration, Inc. ("Slavic" or "third-party administrator"), the Pooled Plan Provider ("PPP"), effective February 1, 2025. The Plan was established under the provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"). The Plan is a defined contribution plan covering eligible employees of participant employers, and is intended to qualify under Internal Revenue Code of 1986, as amended (the "IRC") sections 401(a) and 501(a). The Plan is intended to constitute a multiple employer plan, as described under IRC sections 410(a), 411, 413, and 415. Each participating employer elects their own provisions related to eligibility, contributions, notes receivable from participants, vesting, and payment of benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered as a PEP, as defined in section 3(43) of ERISA, in accordance with the requirements of Section 413(e) of the IRC, the regulations thereunder, and other applicable authority. A PEP allows numerous unrelated businesses of any size to participate in a single retirement plan that is managed by a PPP who must register as such with the Department of Labor ("DOL") and the Department of Treasury. The PPP is a named fiduciary of a PEP and acts as the plan administrator. The PPP has overall responsibility for the operation and administration of the Plan.

Participating employers in a PEP may have different plan provisions for their respective participating employees. Accordingly, each adopting employer executes an adoption agreement with terms and conditions specific to such employer. Employees of participating employers who are not excluded by certain provisions in the plan document may enter the Plan on various entry dates coinciding with or following the date on which those employees meet the eligibility requirements as outlined within their respective employer's adoption agreement.

Plan Administration

Slavic has registered with the appropriate regulatory authorities to act as the PPP of the Plan and acts as the recordkeeper and third-party administrator of the Plan. Mid Atlantic Trust Company ("MATC" or "trustee") serves as the trustee of the Plan.

Contributions

Eligible employees may contribute up to 100% of compensation of either their pre-tax or after-tax compensation, subject to the allowable limits established by the Internal Revenue Service ("IRS"). Employees may also contribution catch-up contributions upon obtaining the age of 50. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan and may change their fund allocation percentages at any time.

Certain participating employers have adopted automatic enrollment features under which eligible employees are automatically enrolled in the Plan unless they elect otherwise. Automatic enrollment provisions vary by adopting employer in accordance with the applicable adoption agreement.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Participating employers can elect to make safe harbor contributions to the Plan on the employee's behalf, in which the employee is 100% vested in those contributions. Discretionary employer matching contributions may be made to the Plan on the employee's behalf. The match, if any, will be a discretionary percentage of the elective contributions made to the Plan by the employee. The employer will determine the amount of the discretionary matching contribution, or profit-sharing contribution, if any, that will be made to the Plan. Contributions are subject to certain limitations.

Such contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal from the Plan. Total participant contributions in any calendar year are limited to the applicable limit under the IRC Section 402(g). The Plan also provides that certain limitations may be imposed on participants' contributions in order to comply with statutory requirements.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to reduce future employer contributions or pay Plan expenses. During the period February 1, 2025 through December 31, 2025, forfeitures of $3,598 and $214 were utilized to reduce employer contributions and pay Plan expenses, respectively. No forfeitures were available for future use as of December 31, 2025.

Participant Investment Account Options

The Plan currently offers various mutual funds as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the participating employer's contributions and (b) Plan earnings. Allocations are based upon participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The plan includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their voluntary contributions and employer safe harbor contributions plus actual earnings thereon. Vesting of employer's matching contributions and discretionary contributions plus earnings thereon is based on various years of service. The vested portion of participant accounts containing discretionary employer contributions will be determined based on years of service with the employer through the date of termination of employment with the employer. The vesting schedule is determined by each adopting employer.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon termination of service, hardship, normal retirement date or age 59 1/2 a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the value of the participant's vested balance or elect to have benefits paid in the form of a direct rollover to an individual retirement account or other qualified retirement plan described in Section 401(a) of the IRC. If a participant dies or terminates employment due to becoming disabled while still an employee of the Company, the full amount of the participant's account will become 100% vested.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's policy is to prepare its financial statements on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the participating employers are recorded in the year which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Certain expenses of the Plan are paid by the PPP or participating employers and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The PPP has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MATC, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 4 - TAX STATUS

The PPP has adopted a volume submitter profit sharing plan with a cash or deferred arrangement ("CODA"). The volume submitter document has received an opinion letter from the IRS dated June 30, 2020, stating the Plan is qualified under Section 401(a) of the IRC. Although the Plan has not been issued an individual opinion letter and has been amended since receiving the opinion letter, the PPP believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds held by MATC. MATC, under terms of an investment contract, serves as the trustee and holds all the Plan's investment assets and executes transactions therein. MATC is the trustee as defined by the Plan and, therefore, the related transactions qualify as party-in-interest.

Slavic provides to the Plan certain accounting and administrative services for which the fees are charged to the Plan. Slavic also provides broker-related services to the Plan for which commissions are charged to the Plan.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the PPP has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their participating employer contributions.

NOTE 7 - ADMINISTRATIVE EXPENSES

Administrative expenses paid from the Plan represent recordkeeping and professional fees, which amounted to $13,926 for the period February 1, 2025 through December 31, 2025.

NOTE 8 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, then the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 8 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Total
Mutual funds	$ 1,917,861	$ 1,917,861

NOTE 9 - RISKS, UNCERTAINTIES, AND CONCENTRATIONS

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. At December 31, 2025, approximately 23% of the Plan's investments were invested in the Vanguard Target Retirement 2025 Fund. At December 31, 2025, approximately 16% of the Plan's investments were invested in the Vanguard Total Stock Market Index Fund.

NOTE 10 - NON-EXEMPT TRANSACTIONS

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer.

Contributions amounting to $112,787 were not remitted timely to the trust during the year period ended December 31, 2025. Correction of these contributions were pending as of the date the audit report was available to be issued.

NOTE 11 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2026, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
