INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Vishay Precision Group, Inc. Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of the Vishay Precision Group, Inc. Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2025 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section:

- the amounts and disclosures in the 2025 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the Vishay Precision Group, Inc. Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vishay Precision Group, Inc. Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Vishay Precision Group, Inc. Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vishay Precision Group, Inc. Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2025 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025 and the Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2024 Financial Statements

The financial statements of the Vishay Precision Group, Inc. Savings Plan as of December 31, 2024, were audited by predecessor auditors, Torrillo & Associates, LLC, which was acquired by LBMC, PC. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 8, 2025, indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agree to or is derived from the certified information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Vishay Precision Group, Inc. Savings Plan (the "Plan") provides only general information. The Plan was originally effective January 1, 2010 and was most recently amended and restated effective January 1, 2013. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Vishay Precision Group, Inc. (the "Company"), and other participating employers who have adopted the Plan, who have completed at least thirty days of continuous service with the Company. Employees who are members of a union that bargained separately for retirement benefits that were subject to good faith bargaining during negotiations (unless the bargaining agreement provides for participation in the Plan), non-resident aliens who receive no earned income from sources within the United States, employees of an affiliate that have not adopted the Plan, leased employees and interns are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All new employees are automatically enrolled in the Plan, unless the employee makes an election to waive participation in the Plan.

Contributions

Each year, participants may contribute up to the maximum percentage of pretax annual compensation, as defined in the Plan document, subject to Internal Revenue Code limitations. Under automatic enrollment, 4% of pre-tax compensation is deferred, unless otherwise elected by the participant. A participant may elect to have their pre-tax contributions automatically increased each year. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Additionally, participants who have attained ages of 60 to 63 before the end of the Plan year may elect to make additional "super catch-up" contributions as permitted under the SECURE 2.0 Act of 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions may also be designated as Roth 401(k) contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers numerous investment options for participants. The Plan provides for a 401(k) safe harbor matching employer contribution which is calculated each payroll period. The employer match is 100% of the first 4% of an active participant's eligible compensation contributed to the Plan as either pre-tax or Roth contributions. Contributions are subject to certain limitations.

Additionally, the Company makes supplemental matching contributions to employees that were active participants in The Vishay Retirement Plan as of December 31, 2008, as defined in the Plan document. The supplemental match formula is based on age and contributions to the Plan up to the next 4% above the base matching level. The calculation of supplemental match is as follows:

Age	Matching Contribution
45-49	200% of the next 1% in excess of the first 4% of the eligible participant's compensation contributed as pre-tax or Roth contributions
50-54	200% of the next 2% in excess of the first 4% of the eligible participant's compensation contributed as pre-tax or Roth contributions
55-59	200% of the next 3% in excess of the first 4% of the eligible participant's compensation contributed as pre-tax or Roth contributions
60 and over	200% of the next 4% in excess of the first 4% of the eligible participant's compensation contributed as pre-tax or Roth contributions

Participant Accounts
Each participant's account is credited with the participant's contributions, 401(k) safe harbor matching contributions, and supplemental matching contributions, if eligible, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in all contributions plus actual earnings thereon. Forfeited accounts may arise as a result of compliance testing corrections made by the Plan.

Forfeited and Unallocated Accounts
Unallocated accounts may be used to pay reasonable expenses of the Plan and can also be used to offset employer contributions. Total forfeiture account balances were $1,483 and $1,439 as of December 31, 2025 and 2024, respectively. During 2025, $0 of forfeitures were used to offset employer contributions and $0 was used to pay administrative expenses. Total other unallocated account balances, which are primarily related to revenue sharing, were $114,919 and $71,822 as of December 31, 2025 and 2024, respectively. During 2025, $0 of unallocated accounts were allocated back to participants and $56,250 were used to pay administrative expenses.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50 percent of their account balances. Participants may have up to two loans outstanding at a time. Loan terms shall not extend beyond five years from the date of the loan, unless the loan is for the purchase of a participant's primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
On termination of service for any reason, a participant may elect to receive either a lump sum amount equal to the value of the participant's account or installment payments over a period of time. The Plan allows withdrawals at age 55 without penalty if the participant elects to take "Early Retirement" as defined in the Plan document. Employees who have attained age 59-1/2 may withdraw up to 100% of their account. Employees who have not attained age 59-1/2 may apply for hardship withdrawals to meet immediate and heavy financial needs, such as certain post-secondary education expenses, medical expenses, purchases of a principal residence, or prevention of eviction from or foreclosure on a principal residence. The amount is limited to the lesser of the financial need or the participant's own contributions. In circumstances when a terminated participant has a vested account balance less than $5,000, the participant's vested account balance shall be distributed in a lump sum.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting
The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by trustees, custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions
Contributions from Plan participants, the Company's safe harbor matching employer contribution and supplemental matching contributions are recorded in the year in which the related employee contributions are withheld from compensation.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain administrative expenses of the Plan are paid by the Company. Fund-level fees are paid by the participants. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. Certain investment related expenses are included in the net appreciation in fair value of investments.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Bank of America, N.A., a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, cash, accrued interest and dividends, due from brokers for securities sold, due to brokers for securities purchased, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment activity, including net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

- The information for all investments and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2025 as shown in the ERISA-required supplemental schedules.

4. Fair Value Measurements

GAAP defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

GAAP also requires the Plan to maximize the use of observable inputs and to minimize the use of unobservable inputs when measuring fair value and establishes a fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. An asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. The following is a brief description of those three levels:

Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3: Unobservable inputs that reflect the Plan's own assumptions.

The following tables provide the Plan's fair value measurements as of:

	Total	Fair value measurements at reporting date using:		
December 31, 2025:	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Investments, at fair value:				
Money market fund	$ 1,222,457	$ 1,222,457	$ -	$ -
Mutual funds	12,416,824	12,416,824	-	-
Common collective trusts (*)	41,387,859	-	-	-
Total assets at fair value	$ 55,027,140	$ 13,639,281	$ -	$ -

	Total	Fair value measurements at reporting date using:		
December 31, 2024:	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Investments, at fair value:				
Money market fund	$ 1,059,656	$ 1,059,656	$ -	$ -
Mutual funds	12,852,330	12,852,330	-	-
Common collective trusts (*)	37,024,647	-	-	-
Total assets at fair value	$ 50,936,633	$ 13,911,986	$ -	$ -

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

Shares of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the

Plan are deemed to be actively traded. The fair value measurement of the mutual funds is considered a Level 1 measurement within the fair value hierarchy.

The retirement bank account held by the Plan is an interest-bearing, money market deposit account with Bank of America. The carrying amount of the account approximates its fair value.

There have been no changes in methodologies used as of December 31, 2025 and 2024.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2025 and 2024.

Investment Type	Fair Value December 31, 2025	Fair Value December 31, 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts	$ 41,387,859	$ 37,024,647	$ -	Daily	Daily

The Plan is applying the practical expedient as of December 31, 2025 and 2024 to its investment in common collective trusts. The objective of common collective trusts with target date strategies is to provide an age-based investment mix of stocks, bonds and short-term investments. The objectives of the common collective trusts invested in equity investments is to approximate the risk and return characterized by various indexes; to seek long term capital appreciation; provide diversified exposure representative of various segments of the U.S. or foreign equity market; and/or to seek income. The objective of the common collective trusts invested in fixed income is to provide investment results that approximate the overall performance of certain bond indices and/or to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. The Invesco Stable Value Retirement Fund's primary investment objectives are to seek preservation of principal and provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. These common collective trusts are redeemable at net asset value under agreements with the underlying common collective trust. Net asset values are based on the fair market value of the underlying investments of the common collective trust derived from inputs principally from or corroborated by observable market data by correlation or other means. It is possible that these redemption rights may be restricted by the common collective trusts in the future in accordance with underlying common collective trust agreements. Any changes in the redemption rights could materially affect the net asset value of the investments.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Invesco Stable Value Retirement Fund invests in bank, insurance company and other financial institution investment contracts as well as holds synthetic guaranteed investment contracts. These investment contracts are carried by the Invesco Stable Value Retirement Fund at contract value. An investment contract is generally permitted to be valued at contract value, rather than fair value, to the extent it is fully benefit responsive. It is possible that some of the plans participating in the Invesco Stable Value Retirement Fund may experience Plan terminations or other events which would trigger fair value payouts under the Invesco Stable Value Retirement Fund's wrapper agreements. Based on prior experience, the management of the Invesco Stable Value Retirement Fund believes it is not probable that such events would be of sufficient magnitude to limit the ability of the Invesco Stable Value Retirement Fund to transact at contract value with participants; however, there can be no guarantee that this will be the case. Redeeming plan sponsors must comply with a one year notice provision.

5. Related-Party and Party-In-Interest Transactions

Certain Plan investments available in the Plan are managed by affiliates of Bank of America, N.A. Bank of America, N.A. serves as the trustee and recordkeeper as defined by the Plan. Bank of America, N.A. holds the Plan's assets and invests interest and dividend income and cash received and initiates distributions to participants. These transactions qualify as party-in-interest transactions. Loans to participants also qualify as party-in-interest transactions. Certain fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan sponsor pays directly certain fees related to the Plan's operations. All of these transactions are exempt from the prohibited transactions rules of ERISA.

Bank of America, N.A. or its affiliates generate income to the Plan through revenue sharing agreements. More specifically, Bank of America, N.A. or its affiliates may receive revenue from mutual fund and common collective trust service providers for services Bank of America, N.A. or its affiliates provide to the funds and collective trusts. This revenue may be used to offset certain amounts owed to Bank of America, N.A. or its affiliates for administrative services to the Plan. If the revenue received by Bank of America, N.A. or its affiliates from such mutual fund or common collective trust service providers exceeds the amount owed as agreed to by Bank of America, N.A. and the Plan for administrative services, Bank of America, N.A. or its affiliates is to remit the excess to the Plan. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During the year ended December 31, 2025, the related amounts deposited into the Plan approximated $102,700 and are included with the net appreciation in fair value of investments on the statement of changes in net assets available for benefits. These amounts can be used to pay administrative expenses. See Note 1 for amounts used by the Plan to pay expenses. The Plan or Plan sponsor may make a payment to Bank of America, N.A. or its affiliates for administrative expenses not covered by revenue sharing.

Certain administrative functions of the Plan are performed by employees of the Company. No such employee receives compensation from the Plan.

During 2023, the Company failed to remit to the Plan's trustee certain employee contributions and loan repayments totaling $49,770 within the period prescribed by the Department of Labor regulations. The Plan Sponsor plans to make contributions to the affected participants' accounts to compensate those participants for potential lost income due to the processing delays. The Plan Sponsor believes that these transactions do not affect the tax status of the Plan and is taking action prescribed by the regulations to remedy such errors.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts, and all remaining assets in the Plan are to be distributed to the participants by the trustee in accordance with the accrued benefits of such participants as of the date of termination.

7. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company, by a letter dated February 12, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the "Code"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition

of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

8. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.
