Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance
America's Healthcare Employee Retirement PEP
Shrewsbury, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of America's Healthcare Employee Retirement PEP (the Plan or PEP), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually, or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4a – schedule of delinquent participant contributions and line 4i – schedule of assets (held at end of year), as of or for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AMERICA'S HEALTHCARE EMPLOYEE RETIREMENT PEP

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the America's Healthcare Employee Retirement PEP (the PEP or Plan) provides only general information. Participants should refer to the PEP basic plan document, and the applicable adoption agreement for the participant's employer which has chosen to participate in the PEP (Participating Employer), for a more complete description of the PEP's provisions.

General

The PEP is a pooled employer plan established and administered by Plan Professionals, LLC, the Pooled Plan Provider (PPP). The PEP was established on January 1, 2022, under the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act). The PEP is a defined contribution plan covering eligible employees of the Participating Employers and is intended to qualify as a PEP as described in Internal Revenue Code (IRC), as amended, Sections 401(a) and 501(a). The PEP allows any affiliated or unaffiliated employer, as defined, to participate in the PEP. Each Participating Employer elects their own provisions related to eligibility, contributions, notes receivable from participants, and payment of benefits. The PEP is subject to the applicable provisions of the Employee Retirement Income Act of 1974 (ERISA).

The PEP's PPP is responsible for oversight of the Plan. The PPP contracted with Transamerica Financial Life Insurance Company (Transamerica or the Custodian) who serves as the PEP's custodian, processes and maintains the participant records and holds the PEP's investment assets.

Eligibility

Only employees specifically designated as eligible by their Participating Employers, who are designated by the Participating Employer in its adoption agreement, have eligibility to participate in the PEP. Participating Employers may define eligibility requirements based on factors such as age, service or employee type. Eligible employees shall be eligible to make contributions and receive allocations of employer contributions if, and to the extent, specified in the applicable adoption agreement or otherwise provided by the PEP.

SECURE Act 2.0

In December 2022, the Securing a Strong Retirement Act (SECURE Act 2.0) was passed into law. The Provisions of SECURE Act 2.0 continue the reforms that began with the 2019 SECURE Act. Most of the SECURE Act 2.0 provisions became effective in 2024 and subsequent years. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional SECURE Act 2.0 provisions to elect.

Contributions

Each year, eligible participants may make pre-tax and Roth contributions of their eligible compensation, as defined by the PEP and Participating Employer adoption agreement, subject to applicable limits established by law. Participating Employers may elect safe harbor or non-safe harbor contribution provisions as well as compensation definitions. Under certain circumstances, eligible employees may make rollover contributions to the PEP. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants direct their contributions into various investment options offered by the PEP.

The Participating Employers in the PEP may elect automatic enrollment and escalation features. Accordingly, the Participating Employer will automatically withhold a defined percentage of an eligible participant's compensation based on the Participating Employer's adoption agreement, unless the participant affirmatively opts out.

Under the terms of the Participating Employer adoption agreements, the Participating Employers may elect to make matching contributions, profit-sharing contributions, safe harbor, and nonelective contributions to the PEP. Participating Employers may also elect to make true-up matching contributions.

Note 1 – Description of Plan, Continued

Contributions, continued

Participating Employer contributions, if any, are recorded in the year for which the contributions apply. Aggregate Participating Employer contributions for the year ended December 31, 2025 totaled $186,145. Participating Employer contributions are invested in funds in accordance with the participant's direction and the PEP's provisions. Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, the respective Participating Employer's contributions, if any, and investment earnings or losses thereon. Participants are charged with an allocation of administrative expenses. Participants may direct their account balance into various investment options offered by the PEP which include pooled separate accounts and a guaranteed contract. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their individual contributions and their Participating Employer's safe harbor contributions, plus actual earnings or losses thereon. Vesting in their Participating Employer's other contributions, plus earnings thereon, is based on years of credited service. Vesting periods range from immediate to six years based on graded or cliff vesting schedules, as elected by each Participating Employer. Participant accounts become fully vested upon reaching normal retirement age (65), death, or disability.

Forfeitures

Nonvested forfeitures accounts are used to make corrective allocations to the accounts of participants and for similar corrective measures, if any, to reduce future Participating Employer contributions, or to pay Plan administrative expenses. During the year ended December 31, 2025, forfeitures used to offset certain Plan administrative expenses totaled $109. At December 31, 2025 and 2024, unallocated forfeitures totaled $16,578 and $9,211, respectively.

Notes receivable from participants

Plan participants are permitted to borrow from their account a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. Principal and interest are paid ratably through regular payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time, not to exceed thirty years. Loans are secured by the vested account balance in the participant's account, and bear interest at the prime rate plus 1%. A participant may only have two (2) loans outstanding at any time. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the PEP document. Principal and interest are repaid through regular payroll deductions. Any delinquent notes receivable from participants are recorded as distributions under the Plan's provisions.

Payment of benefits

Payment of benefits can be made in a lump-sum, partial distributions, or periodic required minimum distributions based on the Participant Employer's adoption agreement. Upon separation of employment due to termination of employment, death, disability, or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, installment payments, or maintain their vested account balance in the PEP. Participants with vested amounts less than $7,000 will receive a lump-sum distribution.

Note 1 – Description of Plan, Continued

Payment of benefits, continued

Participants may elect to take in-service withdrawals of their vested accounts if they meet certain defined requirements, including becoming disabled, reaching early retirement age (59½), or due to heavy financial hardship, as defined.

Plan administration

The PPP is responsible for the management and administration of the PEP. The PEP's investment assets are maintained by Transamerica. Transamerica invests cash received, controls and disburses the funds of the PEP. Plan Professionals, LLC is the Pooled Plan Provider and its affiliate, National Professional Planning Group, Inc. (NPPG), is the PEP's third-party administrator.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is recorded at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes gains and losses on investments bought and sold, as well as held during the year.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the PPP management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates, and those differences may be material.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the respective Participating Employer.

Payment of benefits

Benefits are recorded when paid.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Delinquent notes are reclassified as distributions based on the terms of the PEP basic plan document and participant loan program. At December 31, 2025 and 2024, no allowance for doubtful collection has been recorded.

Note 2 – Summary of Significant Accounting Policies, Continued

Risks and uncertainties

The PEP provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible changes in such risks in the near-term would materially affect participant account balances and the amounts reported in the financial statements.

Concentrations

For the year ended December 31, 2025, one Participating Employer individually comprised approximately 87% of total contributions.

Administrative expenses

Reasonable expenses of the PEP, including custodian, attorneys, advisors, fiduciaries, and service providers are paid by the PEP, unless otherwise paid by the PPP or the Participating Employers. Expenses that are paid by the PPP or the Participating Employers are excluded from these financial statements.

Certain investment advisor fees are paid from the PEP. Expenses paid by the PEP are included in administrative expenses on the accompanying statement of changes in net assets available for benefits. Fees related to administration of notes receivable from participants are charged directly to participants accounts and are also included in administrative expenses. Additionally, certain investment related expenses are included in net appreciation in fair value of investments.

Uncertain tax positions

U.S. GAAP requires the PEP administrator to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the PEP administrator has determined it does not have any positions at December 31, 2025, that it would be unable to substantiate.

Note 3 – Certified Investment Information

The PEP Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company (the Custodian), the qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2025 and 2024;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- Investment information included in the Schedule H, Line 4i – Schedule of Assets (held at end of year) as of December 31, 2025, as shown on the ERISA-required supplemental information.

At the request of the PPP, the PEP's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodology used at December 31, 2025 and 2024. During the year ended December 31, 2025, there were no transfers of investments into or out of Level 3.

The following is a description of the value methodology used for assets measured at fair value:

Pooled separate accounts – Valued at net asset value (NAV) based upon the units of such pooled separate accounts held by the Plan at the year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs but are not based upon quoted market prices in an active markets and are therefore considered Level 2 investments within the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the PEP believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the investments measured at fair value, on a recurring basis, as of December 31, 2025 and 2024:

	Fair Value Measurements as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 21,746,069	$ -	$ 21,746,069

	Fair Value Measurements as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 18,308,364	$ -	$ 18,308,364

Note 5 – Guaranteed Investment Contract with Insurance Company

The PEP invests in a fully benefit-responsive guaranteed investment contract (FBRIC) issued by Transamerica (the issuer) with a contract value of $267,734 and $216,804 respectively, as of December 31, 2025 and 2024. The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the PEP. The effective rate of interest is established every January 1 and July 1 and is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. The average crediting rate for the year ended December 31, 2025, was 1.60%. Per the contract's terms, Transamerica may not terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the PEP. Contract value, as reported to the PEP by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The PEP's ability to receive amounts due is dependent on Transamerica's ability to meet its financial obligations. Transamerica's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the PEP to transact at contract value with Transamerica. Such events include amendments to the PEP documents (including complete or partial plan termination or merger with another plan), changes to the PEP's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or premature termination of the contract. The Plan Administrator does not believe any events are probable of occurring that might limit the ability of the Plan to transact at contract value with Transamerica and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow Transamerica to terminate the contract with the PEP and settle at an amount different from contract value. Such events include an uncured violation of the PEP's investment guidelines, a breach of a material obligation under the contract, a material misrepresentation, or a material amendment to the agreement without the consent of Transamerica. Based on ongoing credit evaluations of its guaranteed investment contract, PEP management does not expect payment defaults or delinquencies and has not recorded an allowance for credit losses as of December 31, 2025 and 2024.

Note 6 – Refunds Payable for Excess Contributions

During 2025 and 2024, the Plan received contributions from participants in excess of Plan and IRS limitations. Such excess contributions were refunded to participants in the subsequent year with a liability and corresponding reduction to contributions recorded in the year the excess contributions were received.

Note 7 – Party-In-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the PEP, any party rendering service to the PEP, Pooled Plan Provider (PPP), Participating Employers and certain others. The PEP's investments are managed, held, issued, and administered by Transamerica. Therefore, transactions with Transamerica are considered party-in-interest transactions. The PEP also has notes receivable from participants. Such transactions are exempt from the prohibited transaction rules under ERISA. The PEP's PPP is Plan Professionals, LLC and its affiliate, NPPG, provides third-party administrative services. Therefore, transactions with the PPP and NPPG qualify as party-in-interest transactions. The PEP compensates Plan Professionals, LLC directly for such services which is included in administrative expenses for the year ended December 31, 2025 in the accompanying statement of changes in net assets available for benefits.

Note 8 – PEP Termination

Although it has not expressed any intent to do so, the PPP reserves the right to terminate the PEP subject to the provisions of ERISA. In the event of PEP termination, participants will become 100% vested in their accounts.

Note 9 – Plan Transfers

In the normal course of business, as Participating Employers adopt the Plan, assets from individual qualified plans that such participating employers previously sponsored are transferred into the PEP. Likewise, as Participating Employers leave the PEP, assets attributable to these outgoing Participating Employers are transferred out of the PEP.

Note 10 – Tax Status

The PEP is intended to qualify under Internal Revenue Code (IRC) Section 401(a) and 501(a).

On June 30, 2020, the IRS stated that the Non-Standardized Pre-Approved Profit-Sharing Plan adopted by the PEP, as then designed, qualifies under IRC Section 401(a) and, therefore, the related trust is tax-exempt. The PEP has not received a determination letter specific to the PEP itself. The PEP has been amended since adoption, however, the PEP Administrator and the PEP's tax counsel believe that the PEP is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the PEP's financial statements.

The PEP is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 11 – Delinquent Participant Contributions

During years ended December 31, 2025 and 2024, participant contributions and loan repayments totaling $20,397 and $10,506, respectively, were not remitted to the PEP within the period prescribed by DOL regulations. Those transactions constitute non-exempt party-in-interest transactions as defined by ERISA. Lost earnings on the delinquent participant contributions have not been corrected as of the date of this report. The Participating Employers are in the process of correcting these transactions.

Note 12 – Subsequent Events

The PEP evaluated events occurring subsequent to December 31, 2025 through October 14, 2026, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
