Independent Auditors' Report

To the Retirement Committee of
SCPMG Keogh Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of SCPMG Keogh Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of SCPMG Keogh Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of SCPMG Keogh Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SCPMG Keogh Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SCPMG Keogh Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SCPMG Keogh Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Note 1 – Description of the Plan

The following description of the SCPMG Keogh Plan (the Plan) provides only general information. Participants should refer to the Plan document and summary Plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan administrator.

General – The Plan is a defined contribution plan created to provide supplemental retirement income with income-tax-deferred savings generally for the partners of Southern California Permanente Medical Group (SCPMG). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), and is generally in conformity with all subsequent applicable law changes. Eligible employees become eligible to participate in the Plan after two years of eligible service.

Trustee – Effective August 1, 2021, SCPMG established the Southern California Permanente Medical Group Master Trust (the Master Trust) to hold the assets of the Plan along with the assets of the Kaiser Permanente Supplemental Savings and Retirement Plan for SCPMG plan (the Savings Plan). The Plan's custodian and trustee became Charles Schwab Trust Bank (Schwab).

Participant accounts – Each participant's account is credited with the contributions made by SCPMG on behalf of the employees, plus allocated plan earnings and losses and charged with certain administrative expenses. Individual accounts are maintained for each participant. Participants direct the investment of contributions into various investment options offered by the Plan. Each account is credited with contributions and an allocation of Plan earnings based on account balances, as defined.

Contributions – Contributions are subject to limits imposed by Internal Revenue Service (IRS) regulations. As of January 1, 2013, physicians may elect their contribution level of either 100%, 70%, 50%, 25%, or 0% of the annually determined contribution rate. The elected contribution level is irrevocable.

Vesting – Effective January 1, 2026, each participant who becomes an active participant under the Plan on or after January 1, 2026 is 100% vested in his or her account upon completion of 27 months of service, which is 2.25 years of service. Any participant who was fully vested in his or her account as of December 31, 2025 will remain fully vested in his or her account.

Investments – The participants designate the contributions to pooled funds or to self-directed accounts, or both. The pooled funds are accounts in which the participants preselect the investment funds from the group of funds made available by the Master Trust. Participant contributions are funded into these investment funds upon participant contribution. The self-directed accounts are brokerage accounts in which the participants elect the individual securities, limited to certain classes of investments established by the Retirement Committee.

Payment of benefits – Benefits are generally payable upon a certain eligible in-service withdrawals or upon termination. On termination, participants will receive total benefits equal to the amounts credited to their accounts. In the event of a participant's death, the designated beneficiary of the participant will receive the same total benefits. In the event of termination of the Plan, the amounts then credited to each participant's account are not subject to forfeiture.

Forfeited Accounts – Effective January 1, 2026, forfeitures will be used first to restore forfeited participant accounts, then to pay certain Plan administrative expenses, and lastly to reduce employer contributions, in accordance with Plan provisions.

Note 2 – Significant Accounting Policies

The following are the significant accounting policies followed by the Plan.

Basis of accounting – The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition – The assets of the Plan are held in the Master Trust and commingled for investment purposes with the assets of the Savings Plan.

Under the terms of the Master Trust agreement, participating plans do not have a right or title to any specific assets of the Master Trust, but the plans have a proportionate undivided interest (i.e., accumulated share) in the fund or funds in which they participate, except that each fund or asset specifically identified by the Sponsor as allocable to a particular plan, referred to as an identified asset, and any income appreciation or depreciation and expenses attributable to such plan will be allocated or charged to such plan. Contributions will be designated by the Sponsor as allocable, and distributions shall be designated by the Sponsor as chargeable, to the particular plan and such plan will be so allocated or charged. Additionally, the trustee determines the current value of the entire Master Trust and the accumulated share of each of the plans in such manner as the trustee in its reasonable discretion shall prescribe, but in accordance with a method consistently applied. Ownership is represented by a record of proportionate dollar interest.

The fair value of each plan's initial contribution to the Master Trust represented each plan's respective accumulated share at the date the Master Trust was created. The Plan's interest in the net assets and investment income of the Master Trust as of December 31, 2025 and 2024, as reflected in the accompanying financial statements, was determined based on each plan's accumulated share at the date the Master Trust was created plus actual contributions, less allocated investment income, actual distributions, and allocated administrative expenses. Participants should refer to the applicable Master Trust agreement for more complete information.

The Plan or Master Trust, as applicable, provides for various investment options in mutual funds, investment trust funds, common stocks, and the SCPMG Interest Income Fund that invests in fully benefit-responsive synthetic guaranteed investment contracts (SICs). Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Investments held by the Master Trust, except for the fully benefit-responsive SICs, are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date. Securities traded on a national exchange are valued at the last reported sales price on the last business day of the Plan year; securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and asked price.

The fully benefit-responsive SICs consist of investment contracts recorded at contract value, which is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals, and administrative expenses.

Purchases and sales of investments in the Master Trust are recorded on the trade date. Net appreciation include the gains and losses on investments bought and sold as well as held in the Master Trust during the period. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Expenses for maintaining the Plan including the fees paid to accountants, legal professionals, and other plan service providers may be paid by the Plan. During the current year, these fees were paid by the Plan or the Plan sponsor. Certain plan expenses were paid from plan forfeitures. Investment advisory fees and other participant-initiated consulting fees are allocated based on participants' account balances and are included in administrative expenses.

Reclassification – Certain amounts in the prior year's financial statements were reclassified to conform with the current year presentation.

Subsequent events – The Plan's financial statements have been evaluated for subsequent events or transactions for potential recognition through October 14, 2026, the date the financial statements are available to be issued. Plan management determined that there are no subsequent events or transactions that require disclosure to, or adjustment in, the financial statements.

Note 3 – Master Trust Investments and Investment Income

As of December 31, 2025 and 2024, the Plan's interest in the net assets of the Master Trust were approximately 90%.

The following tables present the net assets available to participating plans of the Master Trust and the Plan's interest in those net assets as of December 31, 2025 and 2024:

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies for assets measured at fair value held in the Plan or Master Trust, as applicable, at December 31, 2025 and 2024. Other than what has been disclosed previously in Note B, there have been no changes in the methodologies used.

- Mutual funds, money market funds, common and preferred stock, and short-term investments – Valued at the closing price reported on the active market for which the individual securities are traded.
- U.S. government agency obligations and corporate debt instruments – Valued using vendor pricing services that value the securities using pricing models with market observable standard inputs.
- Common/collective trust funds – The Plan and Master Trust determined that the investments in common/collective trust funds (CCTs) have readily determinable fair values because the investments are equity securities in a structure similar to a mutual fund in which the fair values per unit are determined and published and are the basis for current transactions. The Plan measures the investments at the published net asset value (NAV) because it concludes that the quoted NAV per unit represents the price at which the investments would be sold in transactions between independent market participants.
- Self-directed brokerage accounts – Investments in the self-directed brokerage accounts primarily consist of interest-bearing cash, common stock, mutual funds, exchange traded funds, and unit investment trusts, valued at the closing price reported on the active market, for which the individual securities are traded. Common stock, mutual funds, exchange traded funds, and unit investment trusts are based on quoted market prices on the last trading day of the plan year, or the net asset value of units held by the Plan. Interest-bearing cash is estimated based on a cost approach with cost approximating fair value. Common stock, mutual funds, exchange traded funds, unit investment trusts, and interest-bearing cash are categorized as Level 1 in the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses, by level, the fair value hierarchy discussed of the Master Trust's investments as of December 31, 2025 and 2024:

Note 5 – Investment Contracts

The SCPMG Interest Income Fund is managed by T. Rowe Price. The Interest Income Fund has investments in fully benefit-responsive SICs with American General Life Insurance Company, State Street Bank and Trust (State Street), Prudential Insurance Company, and Metropolitan Life Insurance Company. The Plan or Master Trust, as applicable, owns the SICs' underlying investments that consist primarily of money market or common trust funds that invest in fixed-income securities and the funds are valued at their NAV based on the fair value of the underlying securities. SICs have a wrapper contract whereby their issuers guarantee the credited interest rate of earnings and withdrawals at contract value. In the event of default by the issuer of the wrapper contract, the fair value of the underlying assets of the SICs would become the value of these investments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than zero. Such interest rates are reviewed on a quarterly basis for resetting.

There are no events that limit the ability of the Plan or Master Trust, as applicable, to transact at contract value with the issuer. The investment contracts may be terminated at any time.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, the share of net assets then credited to each participant's account will be distributed to the participants as soon as practicable.

Note 7 – Tax Status

The Plan has received a determination letter from the IRS dated January 29, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator has indicated it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Party-in-Interest Transactions

The Master Trust holds units of common/collective trust funds managed by T. Rowe Price, manager of the Interest Income Fund for the Plan. The Plan or SCPMG pays administrative expenses, including record-keeping and trustee fees, to Schwab and its affiliates, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Note 9 – Risk and Uncertainties

The Plan's or Master Trust's, as applicable, exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's or Master Trust's, as applicable, concentration of credit risk and market risk is dictated by the Plan's provisions as well as those of ERISA and the participants' investment preferences.

Financial instruments that potentially subject the Plan or Master Trust, as applicable, to concentrations of credit risk consist of investments in marketable securities. The Plan's or Master Trust's, as applicable, investments in certain marketable securities are managed by professional investment managers within the guidelines established by the Plan's or Master Trust's fiduciary.

Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Certified Investment Information

The following information related to the investments was obtained by management and agreed to or derived from information certified as complete and accurate by Schwab, a qualified institution:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.

- Net investment income from Plan's interest in the Southern California Permanente Medical Group Master Trust reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.
