Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the 403(b) Thrift Plan for Employees of Care Plus NJ, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets Held at End of Year as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the 403(b) Thrift Plan for Employees of Care Plus NJ, Inc. (the "Plan") provides only general information. The Plan was previously named the 403(b) Thrift Plan of Care Plus NJ, Inc. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a 403(b) defined contribution plan established by Care Plus NJ, Inc. (the "Plan Sponsor" and "Organization"), for the benefit of eligible employees of the Organization and any adopting participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as well as certain provisions of the federal income tax laws.

All employees of the Organization and any participating affiliates are subject to the following eligibility requirements, as defined in accordance with the universal availability standards:

- Age: None
- Service: 0 months
- Status Exclusions:
  a. Employees who normally work fewer than 20 hours per week, except as provided below for long-term part-time employees
  b. Employees who are eligible to participate in an eligible governmental plan under section 457(b) that permits contributions or deferrals at the election of the employee
  c. Non-resident aliens with no U.S. earned income
  d. Employees who are eligible to participate in another 401(k) or 403(b) plan of the Employer

Effective for Plan Years beginning after December 31, 2024, in accordance with the SECURE Act 2.0, employees who complete two consecutive 12-month periods with at least 500 hours of service in each period (long-term part-time employees) are eligible to make elective deferrals, notwithstanding the exclusion for employees who normally work less than 20 hours per week. The Organization's administrative policy applies this rule beginning with the 2025 Plan Year. The age 21 and 1,000-hour requirements for employer non-elective contributions described in Note 1b are not changed by this rule.

Upon satisfying the eligibility requirements, employees may participate in the Plan immediately upon eligibility.

Plan assets are held by Mutual of America Life Insurance Company and Empower Annuity Insurance Company of America, the trustees and custodians of the Plan. The Organization's contributions, participant elective deferrals, and participant accounts are also held by the custodians who invest cash received and income from investments based on written instructions from the Organization and participants and make distributions to participants. The Plan trustees are responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Note 1 - Description of Plan - Continued

b. Contributions

The Plan is funded through employee elective deferrals and Organization contributions. Each year, participants may elect to contribute a portion of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the IRC. At the discretion of the Plan Administrator, participants may be permitted to deposit or "rollover" into the Plan distributions they have received from other plans and certain Individual Retirement Accounts (IRAs). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The following contribution types are allowed by the Plan:

- Roth deferrals
- Elective deferrals
- Rollover contributions
- 15-year catch up contributions
- Discretionary employer non-elective contributions

The Organization, at its discretion, may make non-elective contributions. Such non-elective contributions are determined by the trustees. Participants must have attained the age of 21 and be employed for one year and have earned 1,000 hours of service to be eligible to receive discretionary employer non-elective contributions. Per-diem employees and employees covered by a collective bargaining agreement and not grandfathered through previous employment with Mental Health Resources Center are excluded under the Plan for purposes of all employer contributions under the Plan. For each of the years ended December 31, 2025 and 2024, the Organization chose to contribute 6% of eligible base compensation for eligible participants, as defined in the Plan. For the years ended December 31, 2025 and 2024, discretionary employer contributions totaled $809,184 and $890,369, respectively.

c. Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of the Organization's contributions, and Plan earnings or losses and charged with an allocation of administrative expenses that are paid by the Plan. Allocations may be charged based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions from other plans, and actual earnings thereon. Vesting service for employer non-elective contributions is determined under the elapsed time method, with a year of vesting service credited for each 12-month period of service measured from date of hire.

Participants who were active participants in the Plan on January 1, 2003, participants who attain Normal Retirement Age, and participants who terminate employment on account of death or disability are 100% vested in their employer non-elective contributions.

If the vested amount of a participant's account balance does not exceed $1,000, then a lump sum payment will be issued.

Note 1 - Description of Plan - Continued

d. Vesting - Continued

A participant shall have a vested and non-forfeitable interest in the employer's non-elective contribution portion of his or her account balance determined by the number of years of credited service as follows:

Years of Credited Service	Vesting %
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

e. Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. The Plan allows forfeitures of non-vested Organization contributions to be used as follows:

- Pay administrative expenses
- Reduce Organization contributions
- Reallocated as Organization contributions
- Restore eligible rehire forfeiture account balance

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $124,621 and $192,412, respectively. During the year ended December 31, 2025 and 2024, forfeited non-vested accounts of $116,241 and $9,796, respectively were used to reduce employer contributions.

f. Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

g. Notes Receivable from Participants

Participants who are active employees may borrow against their vested account balances a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. The loans, in the form of promissory notes, are secured by the balance in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions over a period not exceeding five years, or up to ten years for the purchase of a principal residence.

The Plan allows unlimited outstanding loans at any one time. At December 31, 2025 and 2024, notes interest rates range from 3.25% to 8.50%.

Note 1 - Description of Plan - Continued

g. Notes Receivable from Participants - Continued

If a participant ceases to make loan repayments and the Plan administrator deems the note receivable from participant to be in default, the participant loan note balance is reduced, and a benefit payment is recorded. There were $7,115 and $0 notes receivable from participants treated as distributions during the years ended December 31, 2025 and 2024, respectively.

h. Plan Loans Held in Mutual of America Life Insurance Company

Participants may borrow from Mutual of America Life Insurance Company, custodian, and use a portion of their Plan account balance as collateral for the loan. The collateral is held in the Mutual of America Interest Accumulation Account. As of December 31, 2025, and 2024, $2,441 and $4,402, respectively, of Plan assets were pledged as collateral for such loans made by the insurance company. The collateral must be 120% of the loan and payments on the loan are made outside of the Plan. Participants may borrow up to a maximum equal to the lesser of $50,000 or 41- 2/3%of his or her Mutual of America Interest Accumulation Account balance, subject to annuity contract and Plan provisions. Loan terms range from one to five years in one-year increments, or longer for the purchase of the participant's primary residence, as defined. Principal and interest are paid ratably by the participant to Mutual of America Life Insurance Company and each payment reduces the amount collateralized.

i. Benefits Paid to Participants

Upon termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary.

The following types of distributions are also allowed by the Plan:

- In service
- Hardship
- Involuntary cash-outs
- Rollover source withdrawal at any time

j. Termination of the Plan

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Organization will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

b. Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value (except for any fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

d. Contributions

Participant contributions are recorded in the period the participant contributions are withheld from compensation and discretionary contributions are recorded when declared.

e. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment recorded.

f. Payment of Benefits

Benefits are recorded when paid.

g. Plan Expenses

The Plan's expenses are paid by either the Plan or the Organization, as provided by the plan document. Expenses paid directly by the Organization are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 2 - Summary of Significant Accounting Policies - Continued

h. Subsequent Events

Subsequent events were evaluated through October 8, 2026 which is the date the financial statements were available to be issued. There were no material events that have occurred that require adjustment to or disclosure in the financial statements except as disclosed in Note 10.

Note 3 - Certified Investments

Management, having determined that an ERISA Section 103(a)(3)(C) audit is permissible in the circumstances, elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain information summarized below, related to the accompanying financial statements and ERISA-required supplemental schedule, was obtained by management and agrees to or is derived from information certified as complete and accurate by Mutual of America Life Insurance Company and Empower Annuity Insurance Company of America, the institutions that hold and administer the Plan's assets. Management determined that these institutions meet the requirements of ERISA Section 103(a)(3)(C). The certifications were prepared in accordance with 29 CFR 2520.103-5.

	2025	2024
Investment values certified	$ 25,762,574	$ 21,715,471

	2025	2024
Investment income certified:		
Net appreciation in fair value of investments	$ 2,518,293	$ 1,811,432
Interest	$ 25,460	$ 23,975
Dividends	$ 885,378	$ 819,742

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4 - Fair Value Measurements - Continued

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds

Mutual funds are valued at the net asset value (“NAV”) of shares held by the Plan at year end based on quoted market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value:

	2025	2024
Level 1		
Mutual funds	$ 24,400,306	$ 20,583,943
Total investments at fair value	$ 24,400,306	$ 20,583,943

Note 5 - Fully Benefit-Responsive Investment Contracts

The Plan holds two insurance company general account contracts that are fully benefit-responsive: the Guaranteed Interest Fund under a group fixed deferred annuity contract issued by Empower Annuity Insurance Company of America ("Empower," formerly Great-West Life & Annuity Insurance Company), and the Interest Accumulation Account under a group annuity contract issued by Mutual of America Life Insurance Company ("Mutual of America"). These contracts are reported at contract value because it is the amount participants would receive if they initiated permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus credited interest, less participant withdrawals and administrative expenses. In each case the issuer is contractually obligated to repay principal and credited interest.

Empower Guaranteed Interest Fund. Interest is credited daily at a rate declared by Empower. The rate is reset quarterly and will never be less than a guaranteed minimum effective annual rate of 1%. Participant-initiated withdrawals and transfers occur at contract value, except that Empower may restrict transfers into the fund for up to 30 days after a transfer out of the fund.

Certain events may limit the ability of the Plan to transact at contract value with Empower and with participants. These include an employer-initiated spin-off, sale, merger or partial plan termination; a layoff of at least 20% of the Organization's workforce within a 12-month period; termination of the contract by the Organization; and the Plan offering a competing investment option (a stable value fund, a fund with a declared interest rate, a money market fund, or a bond fund with a duration of three years or less) without Empower's agreement, in which case Empower may suspend transfers out of the fund. A market value adjustment arising from an employer-initiated event is billed to the Organization and is not deducted from participant accounts.

Either the Organization or Empower may terminate the contract on 75 days' written notice. On termination, Empower pays the contract value, either within 12 months, within 36 months if interest rates have risen by 300 basis points or more, or in 20 quarterly installments, and participant transfers are restricted during the payment period. If the Organization terminates the contract, a termination charge based on a percentage of Plan assets may be deducted from the amount remitted. The contract does not permit Empower to terminate and settle at an amount different from contract value.

Mutual of America Interest Accumulation Account. Interest is compounded daily at a rate Mutual of America declares from time to time and may change at any time. The rate will not be less than the guaranteed minimum rate under the contract. No participant or employer contributions were made to this contract during the years ended December 31, 2025 and 2024. Amounts are paid to participants as distributions, which occur at contract value. Mutual of America has the contractual right to defer transfers and withdrawals from the general account for up to six months. It did not exercise this right during the years ended December 31, 2025 and 2024. Amounts held as collateral for participant loans made by Mutual of America cannot be withdrawn or transferred while the loan is outstanding.

The Organization may discontinue the contract on 30 days' notice. Mutual of America may discontinue the contract on 31 days' notice if administrative charges remain unpaid, the Organization fails to meet the contract's terms, Mutual of America discontinues the class of contracts, or the Organization elects not to use Mutual of America's online administration system. After discontinuance, amounts remain under the contract and are payable to participants at contract value. The contract does not permit Mutual of America to settle at an amount different from contract value.

Note 5 - Fully Benefit-Responsive Investment Contracts - Continued

The Plan's ability to receive amounts due under these contracts depends on each issuer's ability to meet its financial obligations. Amounts held in a general account are subject to the claims of the issuer's creditors, and an issuer's ability to meet its obligations may be affected by future economic and regulatory developments.

The Plan Administrator does not believe that the occurrence of any event that would limit the Plan's ability to transact at contract value with the issuers and with participants is probable.

The following represents the disaggregation of investment contracts held by the Plan:

	2025	2024
Insurance company general account contracts	$ 1,362,268	$ 1,131,528
Total Fully Benefit-Responsive Investment Contracts	$ 1,362,268	$ 1,131,528

Note 6 - Related Party Transactions and Transactions with Parties-in-Interest

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (“TPA”), investment managers, investment advisors, legal counsel, and Plan auditor.

During the year ended December 31, 2025 and 2024, the Plan made direct payments of $89,205 and $75,953 to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan Sponsor pays directly any other fees related to the operation of the Plan.

Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

The Plan’s investments with Empower Annuity Insurance Company of America and Mutual of America Life Insurance Company, the Custodians and the participant loans are party-in-interest transactions that qualify as exempt from prohibited transactions rules under ERISA.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Plan Amendments

The Organization adopted an administrative policy for the Plan to implement provisions of the SECURE Act 2.0 of 2022. Under the policy:

- Effective in 2024, Roth contribution and Roth conversion balances are excluded when determining pre-death required minimum distributions. Roth balances continue to be included for post-death required minimum distributions.
- Effective in 2024, the threshold above which distributions require spousal consent was increased from $5,000 to $7,000.

On March 11, 2025, the Organization adopted an amendment to the Plan, effective February 4, 2025. The amendment:

- changed the Plan's normal retirement age from the first day of the month following or coinciding with a participant's attainment of age 65 to attainment of age 65; and
- permitted participants who have attained age 59½ to take in-service withdrawals from their Roth elective deferral accounts under the same terms and conditions that apply to their pre-tax elective deferral accounts. Before the amendment, in-service withdrawals from Roth elective deferral accounts, other than hardship withdrawals, were permitted only if the withdrawal was a qualified distribution.

In-service withdrawals continue to require spousal consent and remain subject to the terms of the applicable funding vehicles.

Note 9 - Tax Status

The Plan is maintained under a volume submitter 403(b) plan document sponsored by The Angell Pension Group, Inc. The Internal Revenue Service issued an opinion letter dated March 31, 2017, stating that the form of the volume submitter plan is acceptable under Section 403(b) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself. Although the Plan has been amended since the opinion letter was issued, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of IRC Section 403(b). Effective January 1, 2026, the Plan was restated on the provider's Cycle 2 pre-approved 403(b) document, which received an IRS opinion letter dated November 29, 2024 (see Note 10).

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, based on the technical merits, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

Note 10 - Subsequent Events

The Organization restated the Plan on a pre-approved ERISA 403(b) plan document to comply with the Internal Revenue Service's 2022 Cumulative List (the "Cycle 2 restatement"), effective January 1, 2026. The restatement keeps the Plan's existing eligibility, contribution, vesting and allocation provisions. The principal changes to Plan terms include:

- In-plan Roth rollovers are permitted to the extent the Plan otherwise allows the distribution, including from partially vested accounts, and in-plan Roth transfers of amounts not otherwise distributable are permitted;
- In-service withdrawals from Roth elective deferral accounts at age 59 1/2 are permitted only if the withdrawal is a qualified distribution.
- Qualified birth or adoption distributions are permitted as a separate distribution event (elected effective January 1, 2022);
- Distributions of elective deferrals for federally declared disasters are permitted, and recontributions of federal disaster distributions are accepted;
- Involuntary distributions of vested account balances above $1,000 are subject to the Plan's automatic rollover provisions;
- Coverage failures for non-elective contributions are to be corrected by corrective amendment under Treasury Regulation Section 1.401(a)(4)-11(g);
- Discretionary qualified non-elective contributions require written allocation instructions from the Plan Sponsor and notice to affected participants; and
- Death benefits may be paid in any form required or permitted under the applicable funding vehicle(s), in addition to lump sum and installment payments.

Management does not believe this restatement has a material effect on the Plan's net assets available for benefits as of December 31, 2025, or on these financial statements taken as a whole.
