INDEPENDENT AUDITOR'S REPORT

To the Trustee and Plan Administrator of
The Contractors Retirement Plan sponsored by
Governed United Security Professionals – K7409

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Contractors Retirement Plan sponsored by Governed United Security Professionals – K7409 (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-12 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any of the Plan's investment in the Contractors Retirement Plan Master Trust, a trust meeting the requirements of 29 CFR 2520.103-12 (b) and (c) as a Direct Filing Entity (DFE) or 103-12 Investment Entity (103-12 IE), except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the 103-12 IE qualifies as a DFE under the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for the years ended December 31, 2025 and 2024.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the investment in the Contractors Retirement Plan Master Trust, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, as described in Note 2.

- The information in the financial statements related to investments in 103-12 IE's agrees to, or is derived from, in all material respects, the information prepared by the 103-12 IE.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation and fair presentation of the financial statements in the circumstances, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements

are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the investment information associated with the 103-12 IE, except for obtaining and reading the Form 5500 of the 103-12 IE, comparing the 103-12 IE investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the 103-12 IE investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was

derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the 103-12 IE investment, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the 103-12 IE investment, we compared such information to the 103-12 IE investment.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the 103-12 IE information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the 103-12 IE investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by the 103-12 IE meet the requirements of ERISA Section 103(a)(3)(C).

THE CONTRACTORS RETIREMENT PLAN

GOVERNED UNITED SECURITY PROFESSIONALS – K7409

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2025 AND 2024

NOTE 1. DESCRIPTION OF THE PLAN

The following description of The Contractors Retirement Plan sponsored by Governed United Security Professionals – K7409 (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General - The Plan was established, effective January 1, 2017, as a multi-employer (Taft-Hartley) defined contribution plan in accordance with Section 401(k) of the Internal Revenue Code (IRC). Employees of the employers signatory to a collective bargaining agreement (CBA) with the Governed United Security Professionals – K7409 (the Union) are eligible to participate in the Plan upon being hired. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Recordkeeping - Fringe Benefit Group, Inc. is the recordkeeper for the Plan and provides services related to the processing of distributions and notes receivable from the participants, maintenance of accounts, and allocations of Plan earnings, losses, and contributions to the participants' accounts.

Contributions - Each year, participants may contribute a percentage of pretax annual compensation as defined in the Plan. Contributions are subject to certain limitations. Additionally, each year the participants' employers are required to make contributions on behalf of the participants according to prevailing wage laws included in their respective CBAs.

Participant Accounts - Each participant's account is credited with the participant's allocation of the employer's contribution. Each participant has the authority to direct the investment of their account to one or more of the investment funds designated as investment options by the Plan sponsor. Investment gain or loss is recognized in participants' accounts on a daily basis as the unit values of the funds change. Participants are also charged a pro-rata share of administrative expenses incurred by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the distributable value of the participant's account.

Vesting - Participants are immediately vested in their contributions, their share of prevailing wage contributions and rollover contributions. Participants will be credited with a period of service for each 12-month period from date of employment until the date they terminate employment.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Profit sharing contributions and employer matching contributions vest according to the following schedule:

Vesting Schedule
Profit Sharing Contributions

Periods of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options - The Plan invests in a group trust, The Contractors Retirement Plan Master Trust (the Master Plan), sponsored by Fringe Benefit Group, Inc. Under the terms of the plan document, all assets of the Plan are maintained in the Master Plan. Contributions to the Plan are invested as directed by the participant in various investments, which include pooled separate accounts, common collective trusts, insurance company general accounts, and cash. Participants must evaluate their own investment goals and objectives and choose the investments that are best suited to achieve those goals and objectives. Poor investment performance by the investments selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Notes Receivable - Upon application by any participant of the Plan, and subject to such rules as the Plan Administrator may establish, the Plan Administrator may in his/her discretion direct the Trustee to make a loan to such participant, not to exceed (including interest) the greater of $50,000 or 50% of the vested portion of the participant's vested balance. Any loan made pursuant to the Plan will bear a rate equal to the prime interest rate at the loan origination date. The interest rate on loan balances were between 3.25% and 9.50% for the year ended December 31, 2025. The loan is secured by a pledge of such participant's vested balance and principal and interest are paid ratably by the participants.

Forfeitures - Forfeitures, if any, will be used to reduce future employer contributions or administrative expenses. During the years ended December 31, 2025 and 2024, the amount of forfeitures used to reduce administrative expenses totaled $-0-, for both years. There were no unused forfeiture balances at December 31, 2025.

Distributions - Participants are entitled to in-service distributions once they reach the age of 59½. The Plan also provides for distributions to participants, or their beneficiaries, upon death, disability, retirement, and termination of employment. Withdrawals from the Plan may also be made upon circumstances of financial hardship in accordance with the provisions specified in the Plan.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Trustee and Special Trustee - The Trustee is ERISA Smart, Inc., a directed trustee, and LeafHouse Financial as the ERISA 3(38) Investment Manager Fiduciary for the Master Plan. The duties of the Investment Manager include selection and monitoring of the investment funds available to the Plan Sponsors that participate in the Master Plan. The directed trustee fee for the years ended December 31, 2025 and 2024 is a flat fee of $34,202 and $33,776, respectively, paid monthly and allocated on a per capita basis to the participants in the Master Plan. The investment manager's fee for the years ended December 31, 2025 and 2024 is $608,079 and $572,764, respectively, paid monthly and allocated on a per capita basis to the participants in the Master Plan. The Union also designates a Special Trustee for the Plan in the adoption agreement and is responsible for the collection of plan contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements are prepared using the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. That basis differs from U.S. generally accepted accounting principles in that revenue is recognized when received rather than when earned and expenses when paid rather than when incurred. Investments are reported at fair value.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the Plan's interest in the Trust is based on the beginning of year value of the Plan's interest in the Trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses.

Purchases and sales of securities are reported on a trade-date basis. Interest and dividend income is reported when received. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for some investment accounts are deducted from income earned on a daily basis and are not separately recognized. Consequently, management fees and operating expenses are recognized as a reduction of investment return for such investments.

Payment of Benefits - Benefits are recognized when paid.

Administrative Expenses - Administrative expenses are deducted out of participant accounts when paid by the Plan, on a pro-rata basis.

Estimates - The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

NOTE 3. TAX STATUS

The Contractors Retirement Plan Master Trust (Master Plan) obtained its latest opinion letter, dated November 1, 2016, in which the Internal Revenue Service stated that the Master Plan was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Such an opinion is not a determination as to whether The Contractors Retirement Plan sponsored by Governed United Security Professionals – K7409 qualifies under IRC Section 401(a) (Code). However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe the Plan was qualified as of the financial statement date.

The Plan follows the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, *Accounting for Uncertainty in Income Taxes*. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2022.

NOTE 4. PRIORITIES UPON TERMINATION

Although the Union, as Plan Sponsor, intends to maintain the Plan indefinitely, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to participant accounts will become 100% vested.

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

For the years ended December 31, 2025 and 2024, all of the Plan's investments were measured at net asset value (NAV). In accordance with ASC, investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

Following is a description of the valuation methodology used for assets measured at fair value:

Group Trust - 103-12 Investment Entity - The investment is valued based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is based on the market value of the underlying investments. The NAV is not a publicly quoted price in an active market.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment in an investment entity that does not have a readily determinable fair value based upon the NAV per share or its equivalent of the investment. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

The Plan's investment in this investment entity is subject to the terms of the agreement between the Plan and the entity. Income or loss from investments in the investment entity is net of the Plan's proportionate share of fees and expenses incurred or charged by the investment entity.

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The following table summarizes the Plan's investments in the entity that calculates NAV per share as fair value measurement, as of December 31, 2025 and 2024, by investment strategy:

	Fair Value 12/31/25	Fair Value 12/31/24	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
103-12 Investment Entity	$ 2,968,074	$ 2,625,226	$ -	Daily	Without notice

The Plan's investment in a 103-12 investment entity is comprised of an investment in a single entity - the Contractors Retirement Plan Master Trust, which reports as a direct filing entity (DFE).

NOTE 6. INVESTMENT IN RETIREMENT PLAN GROUP TRUST

The Plan invests in a group trust, The Contractors Retirement Plan Master Trust (Master Plan), sponsored by Fringe Benefit Group, Inc. Under the terms of the plan document, all assets of the Plan are maintained in the Trust.

The Trust files a Form 5500 as a 103-12 Investment Entity.

The Master Plan does not meet the definition of a master trust as that term is most commonly used. The Plan's investment in the Master Plan represents the allocated net portion of the Master Plan that is attributable to the Plan, and includes all the Plan's investments. The Plan's share of the net assets of the Master Plan is based on the underlying participant account values including the effects of contributions, allocated net investment income, withdrawals, and allocated administrative expenses.

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-12 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was not subjected to any auditing procedures performed by the Plan's independent auditor other than comparing such information provided by the Master Plan to information included in the Plan's financial statements and supplemental schedule:

- Investments, at fair value, as shown in the statements of net assets available for benefits - modified cash basis as of December 31, 2025 and 2024.
- Total investment income as shown in the statements of changes in net assets available for benefits - modified cash basis for the years ended December 31, 2025 and 2024.
- Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025.

Net investment income, gains and losses are allocated to participating plans on a daily basis based on participants' investment choices. At December 31, 2025 and 2024, the Plan's interest in the net assets of the Master Plan was less than 1%.

NOTE 6. INVESTMENT IN RETIREMENT PLAN GROUP TRUST (CONTINUED)

The following presents the fair value of investments of the Trust as of December 31, 2025 and 2024:

	2025	2024
Investments, at Fair Value		
Pooled separate accounts	$ 1,569,172,208	$ 1,428,561,322
Investments, at Contract Value		
Insurance company general account	31,806,918	25,507,673
Cash and cash equivalents	5,144,940	3,702,844
Other receivables	64,528	64,528
	$ 1,606,188,594	$ 1,457,836,367

Investment income for the Trust for the years ended December 31, 2025 and 2024 is as follows:

	2025	2024
Investment Income		
Net appreciation		
in fair value of investments	$ 216,280,070	$ 171,568,349

The investments held in the Trust are stated at fair value. Investments are valued based on unit values as reported to the Trust by insurance companies holding assets for the Trust. Certain agreements with insurance companies holding the Trust's assets include provisions for withdrawals/surrender fees of up to 5% for participants with less than three years of participation in the Trust. These fees were normally charged against the participant's account immediately prior to withdrawal.

NOTE 7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Governed United Security Professionals – K7409, as Plan sponsor, pays for certain administrative services on behalf of the Plan. The cost of the administrative services is not readily determinable. The third-party administrator, Fringe Benefit Group, is recordkeeper for the Plan. This transaction is considered a party-in-interest transaction under ERISA.

NOTE 8. RISKS AND SIGNIFICANT UNCERTAINTIES

The Plan invests in various investment securities. Securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits - modified cash basis.

NOTE 9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 7, 2026, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
