Independent Auditors' Report

To the Administrative Committee of
Access Bio 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Access Bio 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from John Hancock Life Insurance Company (U.S.A.) as of December 31, 2025 and for the period from January 17, 2025 to December 31, 2025, ADP Retirement Trust Services, LLC for the period from January 1, 2025 to February 28, 2025, and Reliance Trust Company as of December 31, 2024, stating that the certified investment information, as described in Note (8) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements

relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of the Plan

The following description of the Access Bio 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

a) General

The Plan is a defined contribution plan covering substantially all employees of Access Bio, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's trustee and custodian as of December 31, 2024 was Reliance Trust Company. Effective January 17, 2025, the Plan's recordkeeper changed from ADP, Inc. to John Hancock Life Insurance Company (U.S.A.). ADP Retirement Trust Services, LLC acted as trustee and custodian of the Plan's existing assets through February 28, 2025, and the Plan's assets were transferred to a group annuity contract issued by John Hancock Life Insurance Company (U.S.A.) on March 12, 2025. The group annuity contract is held by the trustees of the Plan, and John Hancock Trust Company LLC was appointed nondiscretionary trustee with respect to the Plan's assets held under the group annuity contract.

Effective January 1, 2025, the Plan was amended and restated on a pre-approved plan document. The restatement changed the eligibility requirement from three months of service with monthly entry dates to 90 days of service with immediate entry, added a discretionary additional matching contribution feature, increased the minimum participant loan amount from $500 to $1,000, changed the participant loan interest rate from the prime rate plus 2% to the prime rate plus 1%, and eliminated the installment form of distribution. The Plan continues to be a qualified automatic contribution arrangement (QACA) safe harbor plan.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee and the insurance carrier, as complete and accurate, except for comparing the information certified by the trustee and the insurance carrier to information included in the financial statements.

b) Eligibility

Employees are eligible to participate in the Plan upon completing 90 days of service and attainment of age 21. Entry into the Plan is immediate upon satisfying these conditions.

c) Contributions

Eligible employees may elect to defer a percentage or dollar amount of their compensation each year instead of receiving that amount in cash, subject to Internal Revenue Code (the Code) limitations on deferral contributions of $23,500 for 2025. Eligible employees who do not make an election are automatically enrolled under the Plan's qualified automatic contribution arrangement (QACA) at a deferral rate of 6% of compensation, increasing by 1% each year up to 10%. Participants age 50 or older may elect to defer additional amounts to the Plan up to the legal annual maximum set by the IRS, which was $7,500 in 2025. Participants who attain age 60

through 63 during 2025 may defer catch-up contributions of up to $11,250. Catch-up contributions are eligible for employer matching contributions.

The Company makes a QACA safe harbor matching contribution equal to 100% of deferrals that do not exceed 6% of employees' compensation, computed each payroll period. This QACA safe harbor matching contribution is subject to a vesting schedule.

The Company also may make a discretionary additional matching contribution on deferrals up to 4% of compensation and a discretionary profit-sharing contribution to the Plan. For the year ended December 31, 2025, no discretionary additional matching or profit-sharing contributions were made by the Company.

d) Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and the Company matching contributions, as well as allocations of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e) Investments

Participants direct the investment of their contributions into various investment options offered by the Plan under a group annuity contract. The Plan is intended to comply with ERISA Section 404(c). Company matching contributions are automatically invested in the same funds as the participant contributions. Participants who do not provide investment direction are invested in the Plan's qualified default investment alternative. Effective March 12, 2025, the investment options are the pooled separate accounts of a group annuity contract issued by John Hancock Life Insurance Company (U.S.A.); prior to that date the Plan's assets were invested in mutual funds and a common/collective trust held through the predecessor trustee.

f) Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's QACA safe harbor matching contribution portion of their accounts is based on years of credited service. A participant is 100% vested in the QACA safe harbor matching contribution after two years of credited service and in any discretionary additional matching and profit-sharing contributions after three years of credited service. Participants are always 100% vested in their employer contributions if they are employed on or after their normal retirement age, 65, or if participants die or become disabled.

g) Forfeited Accounts

In the event a participant terminates employment prior to satisfying 100% vesting, the portion of employer contributions, which is not vested, is forfeited at that time. Forfeited contributions are used to reduce future employer contribution or to pay administrative expense under the Plan, which would otherwise be paid by the Company.

At December 31, 2025 and December 31, 2024, there were forfeited non-vested accounts of $0 and $10, respectively. During the year ended December 31, 2025, $19,001 of non-vested employer contributions was forfeited and $1,823 of previously forfeited amounts was reinstated to a participant account. The net amount of $17,178 was used to reduce employer contributions.

h) Payment of Benefits

On termination of services due to death, disability, severance from employment, or retirement, a participant may receive a distribution of the participant's vested interest in his or her account in a single lump-sum payment. Vested account balances of $5,000 or less, including rollover amounts, are distributed without participant consent; amounts in excess of $1,000 are automatically rolled over to an individual retirement account absent a participant election. Vested account balances in excess of $5,000 require participant consent before the Plan's normal retirement age.

Participants who have attained age 59½ may take in-service withdrawals. Participants may also take hardship withdrawals for an immediate and heavy financial need as defined in the Plan, such as medical expenses, the purchase of a principal residence, tuition, the prevention of eviction or foreclosure, funeral expenses and the repair of damage to a principal residence. Such withdrawals are subject to tax as ordinary income.

i) Notes Receivable from Participants

Participants may borrow from their fund accounts up to the lesser of $50,000, reduced by the excess of the participant's highest outstanding loan balance during the preceding 12 months over the outstanding balance on the date of the loan, or 50% of the participant's vested interest in the Plan, with a minimum of $1,000. Only one loan may be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest rate at 1% above prime rate (as specified in the Wall Street Journal), which is fixed at the time of the loan. At December 31, 2025, outstanding participant loans bear interest at rates ranging from 8.50% to 10.50% and mature through July 2030.

Loans are to be paid in no later than five years, except for loans made for the purchase of a principal residence, for which the repayment term is established by the Plan administrator.

(2) Summary of Significant Accounting Policies

a) Basis of Accounting

The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. From March 12, 2025 the Plan holds units in the pooled separate accounts of a group annuity contract issued by John Hancock Life Insurance Company (U.S.A.). Units in pooled separate accounts are valued at the unit value reported by the insurance carrier at year-end, which is derived from the net asset values of the investments held in each sub-account. Prior to that date the Plan held shares of mutual funds, valued at the net asset value of shares held by the Plan based on quoted market prices, and units of a common/collective trust, valued at net asset value as a practical expedient. Those investments were liquidated in connection with the change in trustee and none were held at December 31, 2025.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Investment income earned within the pooled separate accounts is reflected in the change in unit value and is therefore included in net appreciation in fair value of investments; dividend income reported for 2025 relates to the mutual funds held prior to the transfer.

d) Net Appreciation (Depreciation) in Fair Value of Investments

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

f) Payment of Benefits

Benefits are recorded when paid.

g) Administrative Expenses

The Plan's expenses are paid by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits. Revenue sharing received from the insurance carrier and credited to participant accounts is reported as a separate line within investment income in the accompanying statement of changes in net assets available for benefits and is not netted against administrative expenses.

(3) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) Topic 820, "Fair Value Measurements and Disclosures", establishes a framework for measuring fair value. That framework provides a fair value hierarchy that requires assets and liabilities measured at fair value to be categorized into one of the three levels based on the priority of inputs used in the valuation. Assets and liabilities are classified in their entirety based on the lowest level of input significant to the fair value measurement. The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset's and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value pursuant to the fair value hierarchy:

Pooled separate accounts: Valued at the unit value reported by the insurance carrier at the close of business on the measurement date. The unit value is derived from the net asset values of the investments held in the underlying sub-account, which are observable, but the units themselves are not quoted in an active market. Accordingly, these investments are classified within Level 2 of the fair value hierarchy. The net asset value per share practical expedient has not been applied.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. The value is based on the quoted market prices of the underlying shares owned by the fund, minus its liabilities, then divided by the number of shares outstanding.

Common/collective trusts: Valued at the net asset value (NAV) per share/unit reported at the close of business every day. Shares/units in common/collective trusts can be redeemed daily on demand. The NAV is used as a practical expedient to estimate fair value. The mutual funds and common/collective trust described above were held by the Plan prior to the March 12, 2025 transfer and are presented in the December 31, 2024 table below.

Notes receivable from participants are not measured at fair value and are excluded from the fair value hierarchy.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investment assets that are measured at fair value as of December 31, 2025 and 2024.

Investments at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ –	7,481,834	–	$ 7,481,834
Total				$ 7,481,834

Investments at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,083,734	–	–	$ 6,083,734
Investments measured at net asset value *				8,616
Total				$ 6,092,350

* Investment that is measured at fair value using the net asset value per share (or its equivalent) practical expedient has not been categorized in the fair value hierarchy. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the amount presented in the Statements of Net Assets Available for Benefits.

(4) Federal Income Tax Status

The Company adopted a pre-approved plan document that has received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan was amended and restated on this pre-approved plan document effective January 1, 2025, and the Plan administrator relies on the opinion letter issued to the plan document provider with respect to the restated document. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by US taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain tax positions taken, or expected to be

taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

(5) Related Party and Party-in-Interest Transactions

John Hancock Life Insurance Company (U.S.A.) serves as the Plan's recordkeeper and as the issuer of the group annuity contract under which the Plan's investments are held. Fees paid by the Plan to John Hancock for recordkeeping and administrative services for the year ended December 31, 2025, amounted to $2,162, and John Hancock credited $2,934 of revenue sharing to participant accounts during the year. ADP, Inc. served as the Plan's recordkeeper through February 28, 2025 and continues to provide payroll-related services; fees paid by the Plan to ADP, Inc. for the year ended December 31, 2025, amounted to $215.

The Plan issues loans to participants, which are secured by the balances in the participants' accounts and therefore, these transactions qualify as party-in-interest transactions.

Other notable related party transactions and party-in-interest transactions for services provided to the Plan by the related party and party-in-interest disclosed.

Related party and party-in-interest	Description / Services
Access Bio Inc.	Employer of participants of the Plan, Plan Sponsor, and responsible for payment of audit fees.
John Hancock Life Insurance Company (U.S.A.)	Recordkeeper and issuer of the group annuity contract under which the Plan's investments are held
John Hancock Trust Company LLC	Nondiscretionary trustee with respect to assets held under the group annuity contract.
ADP Retirement Trust Services, LLC	Former trustee and custodian (through February 28, 2025)
ADP, Inc.	Former recordkeeper (through February 28, 2025) and payroll related service provider
Prime Pensions, Inc.	Third-party administrator and pre-approved plan document provider
Sejong LLP	External auditors of the Plan

(6) Concentrations of Credit Risks

The Plan's exposure to a concentration of credit risk is limited by diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are generally diversified into various financial instruments.

(7) Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) Information Certified by Qualified Institutions

The following is a summary of the unaudited information regarding the Plan as of December 31, 2025 and December 31, 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information certified by Reliance Trust Company, the trustee of the Plan as of December 31, 2024, by ADP Retirement Trust Services, LLC, the trustee and custodian of the Plan for the period from January 1, 2025 through February 28, 2025, and by John Hancock Life Insurance Company (U.S.A.), the insurance carrier under the group annuity contract holding the Plan's assets, as of December 31, 2025 and for the period from January 17, 2025 through December 31, 2025. No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate, except for comparing such information with the related information included in the financial statements and supplementary schedule.

The qualified institutions hold the Plan's investment assets and execute investment transactions. The plan administrator obtained a certification from each qualified institution covering the periods described above.

		2025	2024
Statements of net assets available for benefits:			
Investments, at fair value	$	7,481,834	6,092,350
Notes receivable from participants		28,218	55,375
Statement of changes in net assets available for benefits:			
Net appreciation in fair value of investments		1,349,963	
Dividend income		1,194	
Interest income on notes receivable from participants		3,552	

Note (3): All investment balances and investment information in the note, excluding the classification and level of investments.

(9) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(10) Group Annuity Contract with John Hancock

The Plan entered into a group annuity contract (Contract No. 169016) with John Hancock Life Insurance Company (U.S.A.) ("John Hancock"), effective January 17, 2025. Since March 12, 2025, all of the Plan's investments have been held under this contract in pooled separate accounts. A pooled separate account is an account maintained by John Hancock, segregated from its general account, in which the assets of participating plans are pooled and invested, generally in a single underlying mutual fund or other investment. The Plan owns units of the pooled separate accounts and does not hold the underlying investments directly. The Plan's interests in the pooled separate accounts are reported at fair value based on the unit values reported by John Hancock (see Note (3)) and totaled $7,481,834 as of December 31, 2025.

(11) Subsequent Events

For the year ended December 31, 2025, subsequent events were evaluated through October 12, 2026, the date the financial statements were available to be issued.

(12) Reconciliation of Financial Statements to Form 5500

There were no differences between the amounts reported in the financial statements and those reported in the Plan's Form 5500 for the year ended December 31, 2025.

Independent Auditors' Report

To the Administrative Committee of
Access Bio 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Access Bio 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from John Hancock Life Insurance Company (U.S.A.) as of December 31, 2025 and for the period from January 17, 2025 to December 31, 2025, ADP Retirement Trust Services, LLC for the period from January 1, 2025 to February 28, 2025, and Reliance Trust Company as of December 31, 2024, stating that the certified investment information, as described in Note (8) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements

relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ACCESS BIO 401(K) PLAN

Notes to Financial Statements

December 31, 2025

(1) Description of the Plan

The following description of the Access Bio 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

a) General

The Plan is a defined contribution plan covering substantially all employees of Access Bio, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's trustee and custodian as of December 31, 2024 was Reliance Trust Company. Effective January 17, 2025, the Plan's recordkeeper changed from ADP, Inc. to John Hancock Life Insurance Company (U.S.A.). ADP Retirement Trust Services, LLC acted as trustee and custodian of the Plan's existing assets through February 28, 2025, and the Plan's assets were transferred to a group annuity contract issued by John Hancock Life Insurance Company (U.S.A.) on March 12, 2025. The group annuity contract is held by the trustees of the Plan, and John Hancock Trust Company LLC was appointed nondiscretionary trustee with respect to the Plan's assets held under the group annuity contract.

Effective January 1, 2025, the Plan was amended and restated on a pre-approved plan document. The restatement changed the eligibility requirement from three months of service with monthly entry dates to 90 days of service with immediate entry, added a discretionary additional matching contribution feature, increased the minimum participant loan amount from $500 to $1,000, changed the participant loan interest rate from the prime rate plus 2% to the prime rate plus 1%, and eliminated the installment form of distribution. The Plan continues to be a qualified automatic contribution arrangement (QACA) safe harbor plan.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee and the insurance carrier, as complete and accurate, except for comparing the information certified by the trustee and the insurance carrier to information included in the financial statements.

b) Eligibility

Employees are eligible to participate in the Plan upon completing 90 days of service and attainment of age 21. Entry into the Plan is immediate upon satisfying these conditions.

c) Contributions

Eligible employees may elect to defer a percentage or dollar amount of their compensation each year instead of receiving that amount in cash, subject to Internal Revenue Code (the Code) limitations on deferral contributions of $23,500 for 2025. Eligible employees who do not make an election are automatically enrolled under the Plan's qualified automatic contribution arrangement (QACA) at a deferral rate of 6% of compensation, increasing by 1% each year up to 10%. Participants age 50 or older may elect to defer additional amounts to the Plan up to the legal annual maximum set by the IRS, which was $7,500 in 2025. Participants who attain age 60

through 63 during 2025 may defer catch-up contributions of up to $11,250. Catch-up contributions are eligible for employer matching contributions.

The Company makes a QACA safe harbor matching contribution equal to 100% of deferrals that do not exceed 6% of employees' compensation, computed each payroll period. This QACA safe harbor matching contribution is subject to a vesting schedule.

The Company also may make a discretionary additional matching contribution on deferrals up to 4% of compensation and a discretionary profit-sharing contribution to the Plan. For the year ended December 31, 2025, no discretionary additional matching or profit-sharing contributions were made by the Company.

d) Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and the Company matching contributions, as well as allocations of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e) Investments

Participants direct the investment of their contributions into various investment options offered by the Plan under a group annuity contract. The Plan is intended to comply with ERISA Section 404(c). Company matching contributions are automatically invested in the same funds as the participant contributions. Participants who do not provide investment direction are invested in the Plan's qualified default investment alternative. Effective March 12, 2025, the investment options are the pooled separate accounts of a group annuity contract issued by John Hancock Life Insurance Company (U.S.A.); prior to that date the Plan's assets were invested in mutual funds and a common/collective trust held through the predecessor trustee.

f) Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's QACA safe harbor matching contribution portion of their accounts is based on years of credited service. A participant is 100% vested in the QACA safe harbor matching contribution after two years of credited service and in any discretionary additional matching and profit-sharing contributions after three years of credited service. Participants are always 100% vested in their employer contributions if they are employed on or after their normal retirement age, 65, or if participants die or become disabled.

g) Forfeited Accounts

In the event a participant terminates employment prior to satisfying 100% vesting, the portion of employer contributions, which is not vested, is forfeited at that time. Forfeited contributions are used to reduce future employer contribution or to pay administrative expense under the Plan, which would otherwise be paid by the Company.

At December 31, 2025 and December 31, 2024, there were forfeited non-vested accounts of $0 and $10, respectively. During the year ended December 31, 2025, $19,001 of non-vested employer contributions was forfeited and $1,823 of previously forfeited amounts was reinstated to a participant account. The net amount of $17,178 was used to reduce employer contributions.

h) Payment of Benefits

On termination of services due to death, disability, severance from employment, or retirement, a participant may receive a distribution of the participant's vested interest in his or her account in a single lump-sum payment. Vested account balances of $5,000 or less, including rollover amounts, are distributed without participant consent; amounts in excess of $1,000 are automatically rolled over to an individual retirement account absent a participant election. Vested account balances in excess of $5,000 require participant consent before the Plan's normal retirement age.

Participants who have attained age 59½ may take in-service withdrawals. Participants may also take hardship withdrawals for an immediate and heavy financial need as defined in the Plan, such as medical expenses, the purchase of a principal residence, tuition, the prevention of eviction or foreclosure, funeral expenses and the repair of damage to a principal residence. Such withdrawals are subject to tax as ordinary income.

i) Notes Receivable from Participants

Participants may borrow from their fund accounts up to the lesser of $50,000, reduced by the excess of the participant's highest outstanding loan balance during the preceding 12 months over the outstanding balance on the date of the loan, or 50% of the participant's vested interest in the Plan, with a minimum of $1,000. Only one loan may be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest rate at 1% above prime rate (as specified in the Wall Street Journal), which is fixed at the time of the loan. At December 31, 2025, outstanding participant loans bear interest at rates ranging from 8.50% to 10.50% and mature through July 2030.

Loans are to be paid in no later than five years, except for loans made for the purchase of a principal residence, for which the repayment term is established by the Plan administrator.

(2) Summary of Significant Accounting Policies

a) Basis of Accounting

The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c) Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value. From March 12, 2025 the Plan holds units in the pooled separate accounts of a group annuity contract issued by John Hancock Life Insurance Company (U.S.A.). Units in pooled separate accounts are valued at the unit value reported by the insurance carrier at year-end, which is derived from the net asset values of the investments held in each sub-account. Prior to that date the Plan held shares of mutual funds, valued at the net asset value of shares held by the Plan based on quoted market prices, and units of a common/collective trust, valued at net asset value as a practical expedient. Those investments were liquidated in connection with the change in trustee and none were held at December 31, 2025.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Investment income earned within the pooled separate accounts is reflected in the change in unit value and is therefore included in net appreciation in fair value of investments; dividend income reported for 2025 relates to the mutual funds held prior to the transfer.

d) Net Appreciation (Depreciation) in Fair Value of Investments

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

f) Payment of Benefits

Benefits are recorded when paid.

g) Administrative Expenses

The Plan’s expenses are paid by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits. Revenue sharing received from the insurance carrier and credited to participant accounts is reported as a separate line within investment income in the accompanying statement of changes in net assets available for benefits and is not netted against administrative expenses.

(3) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) Topic 820, "Fair Value Measurements and Disclosures", establishes a framework for measuring fair value. That framework provides a fair value hierarchy that requires assets and liabilities measured at fair value to be categorized into one of the three levels based on the priority of inputs used in the valuation. Assets and liabilities are classified in their entirety based on the lowest level of input significant to the fair value measurement. The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset's and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value pursuant to the fair value hierarchy:

Pooled separate accounts: Valued at the unit value reported by the insurance carrier at the close of business on the measurement date. The unit value is derived from the net asset values of the investments held in the underlying sub-account, which are observable, but the units themselves are not quoted in an active market. Accordingly, these investments are classified within Level 2 of the fair value hierarchy. The net asset value per share practical expedient has not been applied.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. The value is based on the quoted market prices of the underlying shares owned by the fund, minus its liabilities, then divided by the number of shares outstanding.

Common/collective trusts: Valued at the net asset value (NAV) per share/unit reported at the close of business every day. Shares/units in common/collective trusts can be redeemed daily on demand. The NAV is used as a practical expedient to estimate fair value. The mutual funds and common/collective trust described above were held by the Plan prior to the March 12, 2025 transfer and are presented in the December 31, 2024 table below.

Notes receivable from participants are not measured at fair value and are excluded from the fair value hierarchy.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investment assets that are measured at fair value as of December 31, 2025 and 2024.

Investments at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ –	7,481,834	–	$ 7,481,834
Total				$ 7,481,834

Investments at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,083,734	–	–	$ 6,083,734
Investments measured at net asset value *				8,616
Total				$ 6,092,350

* Investment that is measured at fair value using the net asset value per share (or its equivalent) practical expedient has not been categorized in the fair value hierarchy. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the amount presented in the Statements of Net Assets Available for Benefits.

(4) Federal Income Tax Status

The Company adopted a pre-approved plan document that has received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan was amended and restated on this pre-approved plan document effective January 1, 2025, and the Plan administrator relies on the opinion letter issued to the plan document provider with respect to the restated document. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by US taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain tax positions taken, or expected to be

taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

(5) Related Party and Party-in-Interest Transactions

John Hancock Life Insurance Company (U.S.A.) serves as the Plan's recordkeeper and as the issuer of the group annuity contract under which the Plan's investments are held. Fees paid by the Plan to John Hancock for recordkeeping and administrative services for the year ended December 31, 2025, amounted to $2,162, and John Hancock credited $2,934 of revenue sharing to participant accounts during the year. ADP, Inc. served as the Plan's recordkeeper through February 28, 2025 and continues to provide payroll-related services; fees paid by the Plan to ADP, Inc. for the year ended December 31, 2025, amounted to $215.

The Plan issues loans to participants, which are secured by the balances in the participants' accounts and therefore, these transactions qualify as party-in-interest transactions.

Other notable related party transactions and party-in-interest transactions for services provided to the Plan by the related party and party-in-interest disclosed.

Related party and party-in-interest	Description / Services
Access Bio Inc.	Employer of participants of the Plan, Plan Sponsor, and responsible for payment of audit fees.
John Hancock Life Insurance Company (U.S.A.)	Recordkeeper and issuer of the group annuity contract under which the Plan's investments are held
John Hancock Trust Company LLC	Nondiscretionary trustee with respect to assets held under the group annuity contract.
ADP Retirement Trust Services, LLC	Former trustee and custodian (through February 28, 2025)
ADP, Inc.	Former recordkeeper (through February 28, 2025) and payroll related service provider
Prime Pensions, Inc.	Third-party administrator and pre-approved plan document provider
Sejong LLP	External auditors of the Plan

(6) Concentrations of Credit Risks

The Plan's exposure to a concentration of credit risk is limited by diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are generally diversified into various financial instruments.

(7) Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) Information Certified by Qualified Institutions

The following is a summary of the unaudited information regarding the Plan as of December 31, 2025 and December 31, 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information certified by Reliance Trust Company, the trustee of the Plan as of December 31, 2024, by ADP Retirement Trust Services, LLC, the trustee and custodian of the Plan for the period from January 1, 2025 through February 28, 2025, and by John Hancock Life Insurance Company (U.S.A.), the insurance carrier under the group annuity contract holding the Plan's assets, as of December 31, 2025 and for the period from January 17, 2025 through December 31, 2025. No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate, except for comparing such information with the related information included in the financial statements and supplementary schedule.

The qualified institutions hold the Plan's investment assets and execute investment transactions. The plan administrator obtained a certification from each qualified institution covering the periods described above.

Note (3): All investment balances and investment information in the note, excluding the classification and level of investments.

(9) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(10) Group Annuity Contract with John Hancock

The Plan entered into a group annuity contract (Contract No. 169016) with John Hancock Life Insurance Company (U.S.A.) ("John Hancock"), effective January 17, 2025. Since March 12, 2025, all of the Plan's investments have been held under this contract in pooled separate accounts. A pooled separate account is an account maintained by John Hancock, segregated from its general account, in which the assets of participating plans are pooled and invested, generally in a single underlying mutual fund or other investment. The Plan owns units of the pooled separate accounts and does not hold the underlying investments directly. The Plan's interests in the pooled separate accounts are reported at fair value based on the unit values reported by John Hancock (see Note (3)) and totaled $7,481,834 as of December 31, 2025.

(11) Subsequent Events

For the year ended December 31, 2025, subsequent events were evaluated through October 12, 2026, the date the financial statements were available to be issued.

(12) Reconciliation of Financial Statements to Form 5500

There were no differences between the amounts reported in the financial statements and those reported in the Plan's Form 5500 for the year ended December 31, 2025.
