Report of Independent Auditor

To the Plan Administrator
Front Row Group 401(k) Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Front Row Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investments information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the* 2025 *Financial Statements* section:

- The amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the 2025 financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule of Delinquent Participant Contributions – Form 5500, Schedule H, Part IV, Line 4a for the year ended December 31, 2025 and Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Compiled 2024 Financial Statement

Management is responsible for the accompanying 2024 financial statement of the Plan, which comprises the statement of net assets available for benefits as of December 31, 2024, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the financial statement, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2024 financial statement.

Note 1—Description of the Plan

The following description of the Front Row Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established by Front Row Group (the "Company" or "Plan Sponsor"), effective November 10, 2023. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration – The Plan is administered by the Company, which serves without compensation. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities.

Eligibility – Employees are eligible to participate in the Plan upon employment with the Company. The Plan excludes non-resident aliens and certain union employees under collective bargaining agreements.

Contributions – Participants may elect to contribute a portion of their compensation as a pre-tax deferral or Roth deferral subject to certain Internal Revenue Code ("IRC") limitations. The sum of participants pre-tax and Roth contributions is subject to the annual limitation of $23,500. For the year ended December 31, 2025, if a participant is eligible to make deferrals and is age 50–59 or 64 or older before the end of the calendar year, the participant may defer an additional $7,500 into the Plan as a pre-tax contribution. Additionally, if a participant is eligible to make deferrals and is age 60–63 before the end of the calendar year, the participant may defer an additional $11,250 into the Plan as a pre-tax contribution, subject to certain IRC limitations and limits as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Company may also make discretionary matching contributions. For the year ended December 31, 2025, the Company made discretionary matching contributions totaling $736,119.

Contributions Receivable – The amount of participant-related contributions that have been deducted from the participant's payroll as of the end of the year but that have not been deposited with the Plan until after the end of the year is reflected as participant contributions receivable in the Plan's financial statements. In addition, any contributions due and payable by the Company are reflected as Company contributions receivable in the Plan's financial statements.

Participant Accounts – Each participant's account is credited with the participant's contributions, the Company's matching contribution, if any, and Plan earnings. Each participant's account is charged with an allocation of Plan losses and any applicable administrative expenses, as defined. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Upon enrollment in the Plan, a participant may direct contributions into various investment options offered by the Plan. Participants may change their investment options at any time during the Plan year.

Notes Receivable from Participants – Participants may borrow from their fund accounts a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at marketable rates on the date that the loan is executed. As of December 31, 2025, interest rates on loans range from 7.50% to 9.25%. Loan terms range from one to five years but may be longer if the loan is for the purchase of a primary residence. Principal and interest are paid through payroll deductions.

Note 1—Description of the Plan (continued)

Vesting – Participants are immediately vested in their contributions, matching contributions plus actual earnings thereon.

Payment of Benefits – Vested amounts contributed through salary/wage reductions may be withdrawn by or distributed to a participant only upon: (1) termination of service, (2) death, (3) disability, (4) retirement, or (5) a hardship distribution. In-service distributions are allowed for participants over the age of 59½, but only if the participant is fully vested in their account. Certain income tax penalties may apply to withdrawals or distributions prior to retirement. Hardship withdrawals are also allowed as defined in the Plan agreement.

Administrative Expenses – The Company provides certain administrative and accounting services to the Plan at no cost. Most administrative expenses are paid directly by the Company, including audit and legal fees, and are excluded from the accompanying financial statements.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held, during the year. Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned daily and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits – Benefit payments are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Note 3—Information certified by the qualified institution

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Fidelity Management Trust Company, the qualified institution of the Plan.

Note 3—Information certified by the qualified institution (continued)

- Investments, at fair value, and notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.

- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.

- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

Note 4—Fair value of financial investments

The Plan follows the Fair Value Measurements topic of the Financial Accounting Standards Board Accounting Standards Codification 820, which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in the situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodology used as of December 31, 2025 and 2024.

Mutual Funds– Mutual funds are valued based on the same securities traded on a national exchange at the last reported sales price on the last business day of the Plan year; investments traded in the over-the-counter market and listed securities for which no sale was reported on the last day of the Plan year are valued at the last reported bid price. These assets are classified as Level 1 assets within the fair value hierarchy.

Money Market Account – The underlying assets are generally comprised of short-term securities representing high quality, liquid debt, and monetary assets. The Custodian establishes the market and quotes the price, on a daily basis, that is available to market participants, which is a market approach to valuation. The money market account is classified within Level 1 of the valuation hierarchy.

Note 4—Fair value of financial investments (continued)

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels described in Note 2 as of December 31, is as follows:

	Assets at Fair Value as of December 31, 2025 (Audited)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,533,438	$ -	$ -	$ 5,533,438
Money market funds	224,339	-	-	224,339
	$ 5,757,777	$ -	$ -	$ 5,757,777
Investments at fair value				$ 5,757,777

	Assets at Fair Value as of December 31, 2024 (Compiled)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,938,374	$ -	$ -	$ 2,938,374
Money market funds	149,320	-	-	149,320
	$ 3,087,694	$ -	$ -	$ 3,087,694
Investments at fair value				$ 3,087,694

Note 5—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, the assets of the Plan will be distributed to the participants in accordance with the Plan provisions.

Note 6—Tax status

The Plan adopted a prototype standardized profit-sharing plan which received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated the prototype plan is designed in accordance with applicable sections of the IRC. The Plan has not received an opinion letter specific to the Plan itself, and the Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax. Therefore, the Plan continues to be tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7—Related party and party-in-interest transactions

Plan investments, as of December 31, 2025 and 2024, include investments managed by the qualified institution and, therefore, these transactions qualify as party-in-interest. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. Administrative expenses paid to the qualified institution totaled $45,095 for the year ended December 31, 2025. These transactions qualify as party-in-interest transactions, as defined in Section 3(14) of ERISA. They are, however, expressly exempted from the prohibited transaction rule. The Company pays other fees related to the Plan's operations.

Notes receivable from participants are also considered to be party-in-interest transactions, because they are transacted with Plan participants.

Note 8—Nonexempt transactions

During the Plan year ended December 31, 2025, employee withholdings totaling $141,844 were not remitted to the qualified institution within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. These contributions are pending correction via the Voluntary Fiduciary Correction Program.

Note 9—Risks and uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note 10—Subsequent events

The Plan has evaluated subsequent events for potential recognition and disclosure through October 15, 2026, the date the financial statements were available to be issued.
