INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
National Van Lines, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of National Van Lines, Inc. 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2025 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section,

- the amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the 2025 financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of 2025 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2025 financial statements.

In preparing the 2025 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the 2025 financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the 2025 financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2025 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2025 financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2025 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

ERISA-Required Supplementary Information

The schedule of assets (held at end of year) as of December 31, 2025 and schedule of delinquent participant contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the 2025 financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the 2025 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 financial statements or to the 2025 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the schedule of assets (held at end of year) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on the 2024 Financial Statements

The financial statements of the plan as of and for the year ended December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 16, 2026 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with GAAP, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agrees to or is derived from the certified investment information, was presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - National Van Lines, Inc. 401(k) Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2025 through October 14, 2026, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - National Van Lines, Inc. is the plan sponsor, employer and plan administrator. National Forwarding Co., Inc. and Mighty Moving, Inc. are participating employers. American United Life Insurance Company ("AUL"), a OneAmerica company, is the custodian of the plan's investment assets. OneAmerica Retirement Service, LLC was the plan's third party administrator that maintained participant records and tax counsel that performed various compliance tests. During 2025, Voya Financial Retirement Services, LLC acquired the OneAmerica Financial full-service retirement plan business, including OneAmerica Retirement Services, LLC. Following the acquisition, these services continued as part of Voya Financial's retirement service business. The Field Group, Inc. is the plan's investment advisor. An officer of the plan sponsor is the plan trustee.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances to these investment options. The net appreciation (depreciation) in fair value of investments bought, sold and held during the years are reflected in the accompanying statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports for more information.

Investments at fair value - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Valuation is based upon quoted prices in active markets for identical investments.

Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).

Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

The following is a description of the valuation methodology used for investments measured at fair value.

Pooled separate accounts - The pooled separate accounts are valued at the net asset value ("NAV"). The NAV, as certified by AUL, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate accounts less their liabilities. This practical expedient would not be used if it is determined to be probable that the pooled separate accounts would sell the investment for an amount different than the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV (a)				15,918,784
Total investments at fair value				$15,918,784

Investments at fair value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV (a)				13,702,238
Total investments at fair value				$13,702,238

(a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using NAV as a practical expedient. There were no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

(a) The objective of these funds is to provide for capital appreciation and/or income consistent with the risk and return of the fund type, as described above. These funds utilize various U.S. equity market segments to accomplish their objectives.

(b) The objective of these funds is to provide capital appreciation and current income using a risk profile that is consistent with the target date of the funds.

(c) The objective of these funds is to provide for capital appreciation and/or income using investments in various foreign equity markets.

(d) The objective of this fund is to provide capital appreciation and/or income using investments in real estate investment trusts and real estate companies.

Investments at contract value - The plan invests in traditional fully benefit benefit-responsive guaranteed investment contracts through annuity contracts issued by AUL. Contributions are maintained in the issuer's general account and credited with earnings in accordance with the terms of the respective contracts. The issuer is contractually obligated to repay principal and credit interest in accordance with the applicable contractual guarantees. Interest rates are determined under the respective contract provisions and may exceed the applicable guaranteed minimum rates.

The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Contract value represents contributions made under the contracts plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct permitted withdrawals and transfers at contract value, subject to the terms of the plan and the applicable contracts. Participant transfers may be subject to restrictions relating to competing investment options, including equity-wash provisions, where applicable. Certain withdrawals other than benefit payments may be subject to a 12-month hold following notice of full surrender, in accordance with the applicable contract provisions.

The plan's ability to receive amounts due under the contracts is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events permit the issuer to terminate the contracts, including the plan's rejection of a contract modification, the issuer's intention to terminate substantially all similar contracts, insufficient account value as defined in the contracts, suspected noncompliance with applicable provisions of the Internal Revenue Code, or concerns regarding the plan sponsor's financial condition.

Certain events may limit the plan's ability to transact at contract value with the issuer. These include amendments to the plan, including complete or partial termination or merger with another plan; changes relating to competing investment options or equity-wash provisions; bankruptcy or other plan sponsor events that cause significant withdrawals; loss of the trust's tax-exempt status or a required prohibited transaction exemption under ERISA; and premature termination of the contracts. As of the date these financial statements were available to be issued, the plan administrator is not aware of any events that may limit the ability of the plan to transact at contract value or limit the ability of the plan to transact at contract value with the participants.

2. DESCRIPTION OF PLAN

The following description of the plan provides general information. Participants should refer to the plan documents for a more complete description of the plan's provisions.

General - The plan was established effective January 1, 1985 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible to participate in the plan once they have reached age twenty-one and completed three months of service. Eligible employees can enter the plan on the first day of the month following satisfaction of the eligibility requirements.

Contributions - Contributions are recorded in the year in which eligible compensation is paid. Contributions to the plan can be made in the following ways:

a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferral contributions. Newly eligible employees are automatically enrolled in the plan and have 3% of compensation withheld as elective deferral contributions. Such participants may increase, decrease, or stop their deferrals by completing the necessary documentation.

b. Rollover contributions are accepted by the plan from other qualified plans.

c. Employer discretionary matching contributions of 6% of participant's elective deferral contributions were made, up to 3% of participants compensation with a maximum of $1,500 per participant in 2025 and 2024. These contributions are funded annually subsequent to year-end. To be eligible for such contributions, participants must work at least one hour of service during the year and be employed on the last day of the plan year to which the contribution relates. These requirements are waived upon death, disability or attainment of early retirement age (defined as 55 with ten years of service) or normal retirement age (defined as 65).

Participant accounts - Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected by the participant. Each participant's account is credited with the participant's elective deferral contributions, rollover contributions, and employer contributions. Participants are permitted to transfer funds among the available investment options on a daily basis and may change their deferral elections each pay period.

Vesting - Participants are 100% vested in their account balances.

Payment of benefits - Benefits are recorded when paid. Benefit payments may commence upon termination of employment, death, disability or attainment of early or normal retirement age while employed. Participants generally receive their distribution in the form of a single lump sum. In addition, hardship withdrawals are permitted under certain circumstances and in-service withdrawals can commence upon attaining age 59½.

Administrative expenses - Certain administrative expenses of the plan are paid by the employer. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for loan origination and maintenance fees.

Notes receivable from participants - Participants experiencing financial hardship as defined by the plan may take out loans against their accounts with the approval of the plan administrator. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000. Participants may have no more than two loans outstanding at any given time. The maximum loan term for a general purpose loan is five years. The loan terms may be extended if the loan proceeds are used to purchase a primary residence. As of December 31, 2025, the notes receivable from participants have various repayment schedules through April 2055 with interest rates from 3.25% to 8.00%. The notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value.

3. PARTY-IN-INTEREST TRANSACTIONS

AUL is the custodian of plan investments and also manages certain plan investments and, therefore, transactions between the plan and AUL qualify as party-in-interest transactions. AUL also provides certain administrative services to the plan pursuant to a service agreement between the plan sponsor and AUL. AUL receives indirect compensation from mutual fund service providers for services AUL provides to the funds. This indirect compensation is used to offset certain amounts that would otherwise be owed by the plan to AUL for administrative services provided to the plan. Direct fees paid to AUL were insignificant in 2025 and 2024.

Notes receivable from participants also qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan subject to the provisions of ERISA.

5. INCOME TAX STATUS

The plan adopted an OneAmerica Financial Partners Inc. non-standardized pre-approved plan that received a favorable opinion letter on August 19, 2020. The opinion letter received from the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter. However, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believes the plan is qualified and the related trust is tax exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2025 and 2024. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY AUL

Management has obtained certifications from AUL, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate:

a. Investments held and the fair values and contract values of such as of December 31, 2025 and 2024;

b. Interest income from investments and net appreciation (depreciation) in fair value of investments during 2025 and 2024; and

c. Contributions to, withdrawals from, administrative expenses, purchases, sales, and interfund transfers between accounts in 2025 and 2024.

7. NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

In 2019, 2023 and 2024, the plan sponsor remitted certain employee elective deferral contributions to AUL later than required by DOL Regulation 2510.3-102. The plan sponsor will calculate and remit lost earnings to account for the investment income that would have been earned had the contributions been remitted on a timely basis. In addition, the plan sponsor will file the Internal Revenue Service Form 5330 and pay the associated excise tax.
