To the Plan Administrator and Participants
Logan Contractors Supply, Inc. 401(k) Plan
Urbandale, Iowa

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Logan Contractors Supply, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Logan Contractors Supply, Inc. 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Logan Contractors Supply, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Logan Contractors Supply, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud

or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Logan Contractors Supply, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Logan Contractors Supply, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTE 1 – PLAN DESCRIPTION

The following description of Logan Contractors Supply, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The Plan was initially adopted January 1, 1996, and was restated on August 1, 2014, when a prototype plan sponsored by Epic Advisors, Inc. was adopted. In 2020, Epic Advisors, Inc. provided a pre-approved defined contribution basic plan document replacing the 2014 document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan sponsor is Logan Contractors Supply, Inc. (the Company). The Plan is a defined contribution plan.

Eligibility

Participants age 21 and over are eligible to contribute to the Plan through salary deferral. Plan entry and dates for modification of deferrals are January 1, April 1, July 1 and October 1 under the Plan provisions. Participants age 21 and over who have attained one year of service, which is defined as 1,000 hours during an eligibility computation period, are eligible for a company contribution (if made). Participants are required to be employed on the last day of the Plan year to receive an employer contribution. Participants who have terminated employment due to retirement, death or disability are not required to meet the service requirement in the Plan year or be employed at the end of the Plan year to receive an employer contribution.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, but not more than Internal Revenue Code annual limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions of after-tax dollars (Roth contributions) are allowed up to Internal Revenue Code annual limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers approximately thirty-three registered investment companies (mutual funds) and an option to self-manage investments within a separate brokerage account. If a participant does not make a timely selection for investment allocation, contributions are automatically invested in American Funds Balanced R5 Fund, and those funds remain in that fund until changed by the participant.

For 2025 and 2024, the Company contributed a discretionary match contribution of 50% of salary deferrals. The employee salary deferral is limited to 4% for the company match computation. Catch-up contributions are not eligible for the Company match contribution.

Participant Accounts

Each participant's account is credited with (a) participant elective contributions, (b) Company's discretionary contribution (if made), (c) investment earnings in the participant-directed investment accounts, and (d) charges for fees. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## NOTE 1 – PLAN DESCRIPTION, CONTINUED

Vesting

Participants are immediately vested in their elective deferral and rollover contributions plus earnings thereon. Vesting in the employer contribution portion of the account is as follows: 20% after two years of service, 40% after three years of service, 60% after four years of service, 80% after five years of service, and 100% after six years of service.

Notes receivable from participants

The Plan allows participants to borrow a portion of their account balance subject to limitations set forth by the Plan and the Internal Revenue Code. The loans are generally made for a term of five years or less, except for loans for a principal residence. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates at the time of the loan origination and are determined by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll withholding. Participant loans have stated interest rates in a range from 4.25% to 9.50% which is compounded bi-weekly. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases making loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial payments based on life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts

Forfeitures are available to reduce employer contributions or to pay administrative expenses. As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $4,621 and $4,129 respectively. Employer contributions made in 2026 for 2025 were reduced by $1,252 from forfeited nonvested accounts.

Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to Plan provisions. Upon such termination of the Plan, participants would become 100% vested and each participant's account will be distributed in a manner permitted by the Plan and subject to the provisions of ERISA as soon as administratively feasible.

## NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

## NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES, continued

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments of the Plan are stated at fair value as determined by the custodian of the Plan assets using market quotations and other available information. Money market funds and mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. Stocks are valued at the closing price on the active market for the security. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation-depreciation also includes the Plan's gains and losses on investments bought and sold during the year and reflected separately is the net appreciation-depreciation in fair value of self-directed brokerage accounts.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the participant's account and are recorded as administrative expenses when incurred.

Contributions receivable

Receivable balances are unsecured. Receivable balances were deposited into the Plan subsequent to year end. Therefore, no allowance for credit losses is recorded.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation-depreciation of fair value of investments.

Subsequent events

Management has evaluated subsequent events through October 14, 2026 the date the financial statements were available to be issued.

## NOTE 3 – TAX STATUS

The Plan has adopted a non-standardized form of a prototype Plan sponsored by Epic Advisors, Inc., the third-party administrator. The IRS has determined and informed the prototype plan by an opinion letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). In 2020, Epic Advisors, Inc. provided a pre-approved defined contribution plan basic plan document.

The prototype documents have received a favorable IRS advisory letter stating that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Code. The IRS has stated that employers who are word for word adopters of documents that have received the favorable IRS Advisory Letter may rely on the prototype plan's determination letter as to the form of the plan and qualification under Code section 401(a). The Plan has been amended since the opinion letter date; however, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and the Plan was qualified and related trust was tax exempt as of December 31, 2025.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## NOTE 4 – PARTY IN INTEREST TRANSACTIONS

Administration expenses of $68,130 were recorded as follows: $2,808 to Epic Advisors, Inc. and $65,322 to City State Bank (trustee of the plan). Additional fees paid by the Plan for investment management services are netted against the net appreciation-depreciation in fair value as they are paid through investment returns rather than a direct payment.

## NOTE 5 – RISKS AND UNCERTAINTIES

The Plan provides for investment in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## NOTE 6 – CERTIFICATION

The fair value of the registered investment companies' investments and money market investments at December 31, 2025 and 2024 and the related net appreciation in fair value of investments, investment income and investment expenses for the year ended December 31, 2025 were certified as complete and accurate under 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 by Matrix Trust Company, custodian.

## NOTE 7 – ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist of a cash account, money market account, registered investment companies and participant loans at December 31, 2025 and 2024, are held by the custodian of the Plan, Matrix Trust Company. Company contributions are held and managed by the Custodian, which invests cash received and investment income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Plan sponsor. No such officer or employee receives compensation from the Plan.

## NOTE 8 – INVESTMENTS AND FAIR VALUE MEASUREMENTS

The generally accepted accounting principles framework for measuring fair value establishes a fair value hierarchy based on the quality of inputs used to measure fair value and requires expanded disclosures about fair value measurements. The Plan accounts for its investments at fair value or considers fair value in their measurement.

In accordance with generally accepted accounting principles, the Plan has categorized its financial instruments based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available (if any). Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods

presented and there were no changes in the methods used to measure fair value at December 31, 2025 and 2024.

## NOTE 8 – INVESTMENTS AND FAIR VALUE MEASUREMENTS, CONTINUED

Investments by level within the fair value hierarchy at December 31, 2025

| Category | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Money market | $ 70,422 | - | - | $ 70,422 |
| Registered investment companies | 13,916,578 | - | - | 13,916,578 |

| | $ 16,728,219 | $ - | $ - | $ 16,728,219 |

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2025, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2025, there were no transfers of investments into or out of Level 3.

## NOTE 9 – SUBSEQUENT EVENT

The Plan Sponsor is in the process of changing the Plan Trustee and Custodian to Principal Trust Company Directed Trust. The funds are expected to be transferred in mid-November 2026.
