INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor and Participants
KPRS Group, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of KPRS Group, Inc. 401(k) Plan (formerly known as "KPRS Construction Services, Inc. 401(k) Profit Sharing Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of KPRS Group, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Principal Trust Company as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of KPRS Group, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about KPRS Group, Inc. 401(k) Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

1. DESCRIPTION OF THE PLAN

During the year ended December 31, 2025, the Plan's name was changed from the KPRS Construction Services, Inc. 401(k) Profit Sharing Plan to the KPRS Group, Inc. 401(k) Plan ("the Plan"). Additionally, the Plan Sponsor changed from KPRS Construction Services, Inc. to Builders Shared Services, LLC. The Plan's name change did not affect the Plan's underlying terms and provisions.

The Plan provides only general information, participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan covers KPRS Group, Inc., Builders Holdings, LLC, KPRS Construction Services, LLC, Bergman Build, LLC, KPRS Hawaii Construction, LLC and Dreyfuss Builders, LLC (collectively "the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees, who are not excluded under adoption agreement, are eligible to voluntarily contribute to the Plan as long as they are at least 21 years old. There is no minimum service requirement to voluntarily contribute to the Plan. Employees can enroll in the Plan beginning on the first day of the month following the date they become eligible.

To be eligible for employer contributions, employees must be at least 21 years old, must have completed a minimum of 1,000 hours of service during the year, and must be employed on the last day of the Plan Year.

Plan Administration: Builders Shared Services, LLC is the Plan Sponsor and CrossPlans is the third-party administrator. Principal Life Insurance Company (Principal Life) is the Plan recordkeeper and Principal Trust Company (Principal Trust) is the Plan Trustee. Together they are responsible for Plan compliance with the provisions of ERISA.

Plan Compliance: CrossPlans performs annual compliance tests. In 2025, the Plan passed all the tests. The Plan is in compliance.

Contributions: Participants may elect to contribute to the Plan based on a percentage of their annual earnings within limitations defined in the Internal Revenue Code (IRC). In addition, in any calendar year in which a participant is age 50 or above, an additional "catch-up contribution" may be made.

The Plan allows for rollover contributions from other retirement accounts.

The Plan provides for employer matching of participant contributions at the Company's discretion. The Company made no matching contributions for the plan year ended December 31, 2025.

The Company may make discretionary profit-sharing contributions to the plan. A profit-sharing contribution of $625,000 related to the 2024 plan year was accrued at December 31, 2024 and was received by the Plan in 2025. A profit -sharing contribution of $800,000 related to the 2025 plan year was accrued at December 31, 2025 and was received by the Plan in 2026. In addition, during the year, the

1. DESCRIPTION OF THE PLAN (Continued)

employer contributed $1,691 to the plan to restore one participant's account balance that had been previously forfeited in error.

Investments: The Plan provides participants a variety of investment options through the plan investment advisor, Accelerate Retirement. Participants may change their investment options at any time. As of December 31, 2025, the Plan offered diversified investments in mutual funds and guaranteed interest contract from Principal Life as investment options for participants.

Participant Accounts: Each participant's account is credited with their voluntary contribution, the Company's matching contribution and an allocation of the Company's discretionary profit-sharing contribution and plan earnings. Discretionary profit-sharing contributions are allocated to participants based on a percentage of eligible wages, as defined in the Plan document. Plan earnings are allocated based on the actual earnings of participant-directed investments. Each participant's account is charged with an allocation of administrative expenses paid by the Plan. Administrative expenses are allocated based on participant earnings, account balances, or specific participant transactions, as defined in the Plan Expense Agreement with Principal Life. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting: Participants are immediately vested in their voluntary and rollover contributions, plus actual earnings thereon. Vesting in the employer's matching contributions and the discretionary profit-sharing contributions, together with actual earnings thereon, is based on the participant's years of continuous service. Participants become 100% vested in these contributions after five years of credited service or upon death or disability. The vesting schedule is shown below:

Vesting year	Vesting %
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants: Participants may borrow from their account a minimum of $1,000 up to a maximum of $50,000, subject to a limit of 50% of their vested account balance. Each participant borrower is required to sign a promissory note, which is secured by the participant's account balance. The interest rate on participant loans is set at 2% above the prime rate in effect when the loan is initiated. Principal and interest are repaid in equal installments through periodic payroll deductions.

Payment of Benefits: Amounts contributed through salary or wage reductions may be withdrawn by, or distributed to, a participant upon (1) termination of employment or (2) while employed, upon attaining age 59½, attaining normal retirement age or experiencing hardship. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½. Upon termination of employment, benefit payments may be made as lump-sum, partial lump-sum, or rollover to an IRA selected by the participant or by the Plan Administrator for account balances less than $5,000.

1. DESCRIPTION OF THE PLAN (Continued)

Forfeitures: Generally, when a participant terminates participation in the plan, the non-vested portion of the participant's account, as defined by the plan, represents a forfeiture. Forfeitures are utilized to reduce future employer contributions or pay for the plan expense. However, if the participant is reemployed and fulfills certain requirements, as defined in the plan, the participant's account will be reinstated. For the year ending December 31, 2025 and 2024, the forfeiture account balance was $910 and $80, respectively.

Date of Management's Review: The management has evaluated subsequent events through October 14, 2026, the date which the financial statements were available to be issued. Management has determined that there are no subsequent events requiring adjustment to or disclosure in the financial statements.

2. SUMMARY OF SIGNFICIANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee, and recordkeeper. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends and capital gain distribution are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as those held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred.

Uncollectible Participant Loans: As of December 31, 2025 and 2024, no allowance for uncollectible participant loans has been recorded. If a participant ceases to make loan repayments and the Plan Administrator determines that the participant loan is default and should be treated as a distribution in accordance with the terms of the Plan document, the outstanding loan balance is reduced and recorded as a deemed distribution.

2. SUMMARY OF SIGNFICIANT ACCOUNTING POLICIES (Continued)

Excess Contributions Payable: Amounts payable to participants for contributions in excess of amounts permitted by the IRS or contributions made by ineligible participants are recorded as a liability, with a corresponding reduction to contributions. For the year ended December 31, 2025 and 2024, there were no excess contributions that were required to be refunded to the participants.

Contributions: Employer and participant contributions are recognized in the period in which the employer and participants are obligated to make them.

Benefit Payments: Benefits are recorded when paid. The uncashed benefit payments are recorded as participants benefit payable. For the year ended December 31, 2025, uncashed checks totaling $1,877 were voided and are expected to be reissued in 2026.

Administrative Expenses: The general administration expense are paid by the Plan from forfeiture account. Investment fees are charged proportionately to participants' accounts based on fund value. Participants may be assessed fees directly associated with administration of their individual accounts, including fees related to the processing of distributions and loans. Such expenses are classified as administrative expense and reported on the Statement of Changes in Net Assets Available for Benefits. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Company does not intend to seek reimbursement from the Plan for these expenses.

3. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, Fair Value Measurement, provides a single definition of fair value for accounting purposes, establishes a consistent framework for measuring fair value, and expands disclosure requirements about fair value measurements. ASC 820 defines fair value as the value that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Pursuant to ASC 820, each of the Plan’s fair value measurements are categorized using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable input and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Mutual funds owned by the plan as of December 31, 2025 were valued at the quoted net asset value of shares held by the Plan at year-end. Net asset value per unit is determined each business day based on quoted market price and included in level 1 hierarchy (below). Investments in mutual funds may be redeemed without advance notice on any day the relevant stock exchange is open for trading.

The valuation method described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A summary of the Plan's assets by investment fund type and hierarchy is shown below:

	Investments at Fair Value as of December 31, 2025			
Investments at fair value	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 35,730,752	$ -	$ -	$ 35,730,752

	Investments at Fair Value as of December 31, 2024			
Investments at fair value	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 29,000,750	$ -	$ -	$ 29,000,750
Total investments at fair value	**$ 29,000,750**	**$ -**	**$ -**	**$ 29,000,750**

4. GROUP ANNUITY CONTRACT WITH PRINCIPAL LIFE INSURANCE COMPANY

The Plan holds investments in a fully benefit-responsive guaranteed interest account Principal Fixed Income Guaranteed Option (PFIGO) with Principal Life. Principal Life maintains the contributions in a general account. There is no specific underlying assets assigned. Benefit payments are made at contract value (i.e., without termination or surrender charge adjustments) for plan benefit events and investment transfers initiated by plan participants.

Because PFIGO is fully benefit-responsive investment contracts, it is required to be reported at contract value. The contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value without adjustment in accordance to the contract term. Accordingly, contract value is the relevant measurement basis for financial statement reporting of this investment.

The contract value of PFIGO at December 31, 2025 and 2024, was $704,922 and $1,117,237, respectively. The guaranteed rate is determined semi-annually and the interest rate will not be less than 0.05%. For the year ended December 31, 2025, the interest varies from 4.65% - 4.75%.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its contractual obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Based on ongoing credit evaluations of these investments, the Company does not expect payment defaults or delinquencies and has not recorded an allowance for credit losses for these investments as of December 31, 2025 and 2024.

Certain events limit the ability of the Plan and/or participants to transact at contract value with the issuer. Such events include the following: (1) temporary absence, (2) change in position or other occurrence qualifying as a temporary break in service under the Plan, (3) transfer or other change in position resulting in employment by an entity controlling, controlled by, or under common control of the Company, (4) cessation of an employment relationship resulting from a reorganization, merger, layoff, or the sale or discontinuance of all or any part of the Company's business, (5) removal from the Plan of one or more groups or classifications of participants, (6) partial or complete Plan termination, or (7) Plan disqualification. The Plan administrator believes that the occurrence of any event that would limit the Plan's ability to transact with participants at contract value is not probable.

5. INVESTMENTS AND CERTIFICATION BY TRUSTEE (UNAUDITED)

The plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan management instructed the plan's independent auditors not to perform any auditing procedures with respect to the information certified by qualified institutions, as complete and accurate, except for comparing such information with the related information included in the financial statements and supplemental schedules.

5. INVESTMENTS AND CERTIFICATION BY TRUSTEE (UNAUDITED) (Continued)

Management has obtained certifications from Principal Trust Company as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the following data included in the accompanying financial statements are complete and accurate.

- Investments, at fair value and at contract value, as shown in the statement of net assets available for benefits as of December 31, 2025 and 2024.

- Net appreciation (depreciation) in fair value of investments, interest and dividend income, capital gain and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

The following is a summary that includes financial information reflected in the Plan financial statements as certified by Principal Trust Company, as of December 31, 2025 and 2024 and for the year ended December 31, 2025, in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The difference is attributable to the classification of investment income.

5. INVESTMENTS AND CERTIFICATION BY TRUSTEE (UNAUDITED) (Continued)

(B) Interest income on notes receivable from participants is reported as $67,669 in the Statement of Changes in Net Assets Available for Benefits, compared to $66,351 per the trust certification. The difference of $1,318 is attributable to accrued interest not reflected in the trust certification. Notes receivable from participants is reported as $804,804 in the Statements of Net Assets Available for Benefits, compared to $804,080 per the trust certification. The difference of $724 is attributable to accrued interest not reflected in the trust certification.

(C) There is a difference of $63 at 12/31/2025 between Statements of Net Assets Available for Benefits and trust certification. The difference is due to systemic differences in decimal precision and fractional share rounding applied during transaction processing and daily Net Asset Value (NAV) valuations.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

In 2025, the Plan paid Principal Life, the Plan's recordkeeper, service fee of $117,249. The expense is paid by utilizing funds in forfeiture account and charged proportionately from participants account based on fund value. The service fee is reported as administrative expense on the Statement of Changes in Net Assets Available for Benefits.

In 2025, the Plan offered Principal Fixed Income Guaranteed Option Fund (note 4) as one of the investment options. As of December 31, 2025 and 2024, the Plan invested $704,922 and $1,117,237 respectively in the fund. The earnings of $54,006 from Principal Fixed Income Guaranteed Option Fund is reported in "Interest and dividends" in Statement of Changes in Net Assets Available for Benefits.

These transactions with parties-in-interest for the years ended December 31, 2025 were exempt from the prohibited transaction rules under ERISA.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the authority to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants will become 100% vested in their accounts.

8. TAX STATUS

The Plan is governed by a standardized plan document that received its most recent favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator and advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

8. TAX STATUS (Continued)

The Plan is subject to routine audits by taxing jurisdictions. As of December 31, 2025, the Plan has not been advised that any of its tax filings will be audited. As of December 31, 2025, the Plan's tax returns generally remain open for examination the last three years.

9. RISKS AND UNCERTAINTIES

Plan Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of these securities could occur in the near term and materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

For the year ended December 31, 2025, two investments held by the Plan represented approximately 22% of the Plan's total investment value.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:
