INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Advanced Auto Trends Employee Savings and Retirement Plan
Oxford, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Advanced Auto Trends Employee Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Advanced Auto Trends Employee Savings and Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Advanced Auto Trends Employee Savings and Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Advanced Auto Trends Employee Savings and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Advanced Auto Trends Employee Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Advanced Auto Trends Employee Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets held as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of Advanced Auto Trends Employee Savings and Retirement Plan (the "Plan") provides summary information for general purposes only. Participants should refer to the Summary Plan Description or the Plan Agreement for a more complete description of the Plan's provisions.

A. General – The Plan, a defined contribution plan, was established on May 1, 1983 under the provisions of Section 401(k) of the Internal Revenue Code ("IRC"). The Plan was most recently restated effective March 1, 2021 and has subsequently been amended. The Plan generally covers employees of Advanced Auto Trends, Inc. who have attained age 18 and completed two months of service. Eligible employees enter the Plan immediately upon satisfying the eligibility requirements. Collective bargaining employees, certain nonresident aliens, and part-time, temporary or seasonal employees whose regularly scheduled service is less than 1,000 hours during the applicable eligibility computation period are excluded from participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

B. Administration – The Plan is administered by Advanced Auto Trends, Inc. (the "Company"). Empower Annuity Insurance Company of America provides recordkeeping and certain administrative services to the Plan. The Plan's assets are held through trust and insurance arrangements. Certain administrative expenses incurred by the Plan are paid by the Plan.

C. Administrative Expenses – Administrative expenses incurred in the operation of the Plan, including recordkeeping, trustee services, legal and other administrative fees, may be paid by the Plan or the Plan Sponsor in accordance with the provisions of the Plan. Certain expenses directly related to individual participant accounts, such as loan processing fees, may be charged directly to the participant's account balance. For the year ended December 31, 2025, administrative expenses paid by the Plan totaled $29,122. For the year ended December 31, 2024, administrative expenses of $17,099 were paid by the Plan Sponsor.

D. Contributions – Participants may contribute a portion of their eligible compensation to the Plan through salary deferrals, subject to limitations established by the Internal Revenue Code. Participants who meet applicable age requirements may make additional catch-up contributions. Participants may also contribute eligible rollover amounts from other qualified plans.

   The Plan includes an Automatic Contribution Arrangement under which eligible participants who do not make an affirmative deferral election are automatically enrolled at a contribution rate of 3% of eligible compensation, subject to the provisions of the Plan. Participants may elect to change or discontinue their deferral percentage in accordance with the Plan's provisions.

   The Company may make discretionary matching contributions. The Plan provides for a flexible discretionary matching contribution, under which the Company determines the matching formula and applicable computation period for the contribution. When a flexible discretionary matching contribution is made, the Company communicates the applicable formula to eligible participants in accordance with the Plan's provisions.

   A participant who terminates employment during the Plan year must complete at least 501 hours of service during the Plan year to share in the discretionary matching contribution, except as otherwise provided by the Plan.

   For 2025, the Company provided a discretionary employer matching contribution of $18,529.

E. Participant Accounts – Each participant account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

F. Vesting – Participant contributions are fully vested at all times. Participants vest in Company contributions according to the following schedule: 0% before one year of service, 20% after one year, 40% after two years, 60% after three years, 80% after four years and 100% after five years of service. A participant also becomes fully vested upon attainment of normal retirement age, death or disability, as defined by the Plan. The Plan's normal retirement age is age 65.

Note 1. Description of the Plan (continued)

G. Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms may range up to five years, unless the loan is for the purchase of a primary residence when the term can be extended to twenty years. The loans are secured by the balance of the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid through payroll deductions.

Loan transactions are treated as transfers between the applicable investment funds and loan fund. Interest earned on loan balances is treated as income to the loan fund and a subsequent transfer into the employee's investment funds.

H. Payment of Benefits – Upon retirement, death, disability or termination of employment, a participant or beneficiary may receive the vested portion of the participant's account in a lump-sum distribution in accordance with the provisions of the Plan. Installment payments are available to participants who are subject to lifetime required minimum distribution requirements. Participants who experience a qualifying financial hardship may receive a hardship distribution from their Plan accounts to the extent permitted under the Plan and applicable law.

I. Forfeitures and Unallocated Plan Assets – Forfeitures resulting from the nonvested portion of participant accounts may be used in accordance with the provisions of the Plan, including to reduce employer contributions or pay reasonable Plan expenses. During 2025, approximately $2,657 of forfeitures were generated. No forfeitures were used during 2025. At December 31, 2025, the forfeiture account balance was approximately $3,760 and is available for future use in accordance with the provisions of the Plan.

The Plan also maintains a Plan expense account. At December 31, 2025, the Plan expense account balance was approximately $38,078. The combined balance of the Plan expense account and forfeiture account was approximately $41,838 and is included in Plan investments.

Note 2. Summary of Significant Accounting Policies

A. Basis of Presentation – The accompanying financial statements have been prepared based on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

B. Use of Estimates – The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

C. Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 9 for discussion of fair value measurements.

D. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

E. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

F. Payment of Benefits – Benefits are recorded when paid. Requests for distribution of Plan benefits by terminated participants are in various stages of processing. At December 31, 2025 and 2024, there were no outstanding requests for distribution of benefit claims payable.

Note 2. Summary of Significant Accounting Policies (continued)

G. Revenue Credits – The Plan receives revenue-sharing credits from Empower related to Plan investments and service arrangements. Such amounts are credited to the Plan expense account and are recorded as other income when credited to the Plan. During 2025, the Plan received revenue-sharing credits of approximately $24,694. Amounts held in the Plan expense account may be used to pay eligible Plan expenses in accordance with the applicable service arrangements and Plan provisions.

H. Excess Contributions Payable – Excess contributions payable represent amounts determined to be refundable to participants as a result of applicable nondiscrimination testing or other contribution limitations. Such amounts are recorded as liabilities when the amount to be returned has been determined. At December 31, 2025 and 2024, excess contributions payable were $13,967 and $4,436, respectively.

Note 3. Investments

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan obtained certifications from Empower Trust Company, LLC and Empower Annuity Insurance Company of America, each a qualified institution, covering the investment information as of December 31, 2025 and 2024 and for the year ended December 31, 2025. The certifications state that the certified investment information furnished pursuant to 29 CFR 2520.103-5 is complete and accurate.

The Plan's independent auditors did not perform auditing procedures with respect to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, and reading the related disclosures to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

The Plan invests in mutual funds and a group annuity contract. Mutual funds are reported at fair value. The group annuity contract is considered fully benefit-responsive and is reported at contract value. See Note 8 for additional information regarding the group annuity contract and Note 9 for additional information regarding fair value measurements.

Note 4. Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of the Employee Retirement Income Security Act of 1974. Upon termination, participants may elect to receive a lump-sum amount equal to the vested value of his or her account. Terminated employees' contributions, as well as vested employer contributions, are available for distribution as soon as is administratively possible after the receipt of the distribution request. The account of each participant shall be 100% vested and non-forfeitable as of the effective date of complete termination of the Plan.

Note 5. Tax Status

The Plan has adopted a pre-approved plan document. The document provider received an opinion letter from the Internal Revenue Service dated November 14, 2022, which states that the form of the plan is acceptable under the applicable provisions of the Internal Revenue Code. The Plan Administrator believes that the Plan is designed to comply with the applicable requirements of the Internal Revenue Code. As discussed in Note 11, subsequent to year-end, the Plan Sponsor identified an operational matter related to the Plan's automatic enrollment provisions and intends to make any necessary corrections under the IRS Employee Plans Compliance Resolution System ("EPCRS").

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions. The Plan Administrator believes that there are no uncertain tax positions that require recognition in the accompanying financial statements.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7. Reconciliation of Financial Statements to Form 5500

The differences between the amounts reflected in the financial statements and the amounts reported on the Form 5500 as of December 31, 2025 and December 31, 2024 are shown below:

	December 31, 2025	December 31, 2024
Net Assets Available for Plan Benefits per Financial Statements	$7,435,238	$ 6,501,168
Employer Contributions Receivable	(18,529)	(20,600)
Excess Contributions Payable to Participants	13,967	4,436
Deemed Distributed Participant Loan Included in Financial Statements	(3,022)	-
Net Assets Available for Plan Benefits per the Form 5500	$7,427,654	$ 6,485,004

The following is a reconciliation of net increase in assets available for plan benefits per the financial statements for the year ended December 31, 2025 to the Form 5500.

	December 31, 2025
Net Increase in Assets Available for Plan Benefits per the Financial Statements	$ 934,070
2024 Employer Contributions Receivable	20,600
2025 Employer Contribution Receivable	(18,529)
2024 Excess Contributions Payable to Participants	(4,436)
2025 Excess Contributions Payable to Participants	13,967
Deemed Distributed Participant Loan Included in Financial Statements	(3,022)
Net Increase in Assets Available for Plan Benefits per the Form 5500	$ 942,650

Note 8. Group Annuity Contract

The Plan invests in the Key Guaranteed Portfolio Fund (the "Fund"), a group annuity contract issued by Empower Annuity Insurance Company of America. The contract is considered fully benefit-responsive and, accordingly, is reported at contract value in the accompanying statements of net assets available for plan benefits. Contract value was $501,296 and $504,525 at December 31, 2025 and 2024, respectively.

Contract value represents contributions made under the contract, plus credited earnings, less participant withdrawals, transfers and administrative expenses. Participants may ordinarily direct withdrawals or transfers from the contract at contract value, subject to the provisions of the contract and the Plan. The interest crediting rate is based on the earnings of the issuer's underlying portfolio, the minimum interest crediting rate provided by the contract and prevailing market conditions, and is reset periodically in accordance with the contract.

Certain events may limit the Plan's ability to transact at contract value, including Plan-initiated events or other events specified in the contract. Plan management has evaluated the likelihood of such events and has determined that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

Either the Plan or the issuer may terminate the group annuity contract upon at least 60 days' advance written notice to the other party. The contract also provides procedures governing settlement upon termination of the Plan.

Note 9. Fair Value Measurements

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value and a fair value hierarchy that prioritizes the inputs used in valuation techniques. The three levels of the fair value hierarchy are as follows:

Level 1 — Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 — Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 — Unobservable inputs for the asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025.

Mutual funds are valued at quoted market prices in active markets and are classified within Level 1 of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Total
Mutual Funds	$ 6,840,015	$ 6,840,015
Total investments at fair value	$ 6,840,015	$ 6,840,015

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Total
Mutual Funds	$ 5,898,403	$ 5,898,403
Total investments at fair value	$ 5,898,403	$ 5,898,403

The Plan's fully benefit-responsive group annuity contract is measured at contract value and, therefore, is not included in the fair value hierarchy tables.

Note 10. Party-in Interest

Certain Plan investments are managed by or held with parties-in-interest to the Plan. The Plan invests in the Key Guaranteed Portfolio Fund, a group annuity contract issued by Empower Annuity Insurance Company of America, which provides recordkeeping and administrative services to the Plan.

The Plan also permits participant loans. Such loans represent transactions with participants and are considered party-in-interest transactions under ERISA. These transactions qualify for exemptions from the prohibited transaction provisions of ERISA and the Internal Revenue Code.

Note 11. Subsequent Events

Subsequent to December 31, 2025, the Plan Sponsor identified that certain eligible participants may not have been enrolled in the Plan in accordance with the Plan's automatic enrollment provisions. Management is working with the Plan's service provider to determine the extent of the matter and intends to make any necessary corrections in accordance with the IRS Employee Plans Compliance Resolution System ("EPCRS").

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued.
