INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants of
The Lifetime Healthcare Companies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of The Lifetime Healthcare Companies 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedule Required by ERISA
The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Respectfully submitted,

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

Note 1 Description of the Plan

The following description of The Lifetime Healthcare Companies 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan intended to qualify as a cash deferred arrangement under §401(k) of the Internal Revenue Code (the IRC). All employees of Lifetime Workforce Solutions, LLC (the Company) may participate.

Any person classified as an intern that has not completed sufficient hours or as a temporary employee shall not be considered an employee eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2025, all employees of Excellus Health Plan, Inc. were transferred to the Company, a subsidiary of Lifetime Healthcare, Inc., and the Plan Sponsor name was changed to Lifetime Healthcare, Inc., and the Plan name was amended to The Lifetime Healthcare Companies 401(k) Plan.

Administration

Transamerica Retirement Solutions Corporation and Fidelity Workplace Services LLC serve as the recordkeepers for the Plan. State Street Bank and Trust Company is the custodian and Transamerica Financial Life Insurance Company Inc. (Transamerica) is the trustee of the Plan assets record kept by Transamerica Retirement Solutions Corporation. Fidelity Management Trust Company (Fidelity) is the trustee and custodian of the Plan assets record kept by Fidelity Workplace Services LLC.

A committee of the Blue Cross and Blue Shield Association known as the National Employee Benefits Committee (NEBC) acts as the Plan Administrator and Named Fiduciary for the Plan.

Contributions

All participants may elect to contribute from 1% to 50% of their compensation (as defined) to the Plan on a pre-tax basis. The Plan also allows Roth contributions.

Participants are automatically enrolled at a 4% contribution rate unless they elect not to participate. The employee contributions and eligible matching contributions are invested in the qualified default investment alternative (QDIA). The QDIA is maintained in accordance with the requirements of §404(c)(5) of ERISA and implementing regulations. Additionally, participants with salary reduction contributions between 1% and 5% will be increased by 1% each year unless the participant elects out of this increase.

Note 1 **Description of the Plan - Continued**

Contributions - Continued

For all eligible participants, matching contributions are 100% up to 4% of plan compensation. The Company also makes an annual employer nonelective contribution of 4% of eligible compensation for all eligible participants.

The Company may make discretionary nonelective contributions, qualified matching contributions, and qualified nonelective contributions to the Plan. There were no such contributions made during 2025 and 2024.

Participant Accounts
Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution and allocations of Company nonelective contributions and Plan earnings and charged with withdrawals and allocations of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Active participants hired prior to July 2, 2016 are fully vested in their contributions and the Company's matching contributions at all times. Annual employer matching contributions and nonelective employer contributions for participants hired on or after July 2, 2016 are subject to a 3-year cliff vesting schedule. Participants become vested in the Company's nonelective contribution relative to former Univera HSA employees as follows:

Completed Years of Service	Vested Percentage
Less than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years or More	100%

Note 1 **Description of the Plan - Continued**

Payment of Benefits
The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for early retirement, disability, death, and termination benefits for those participants who are eligible to receive such benefits. A participant who separates from service shall be eligible to receive a lump-sum distribution of the participant's vested accrued benefit from the Plan.

Participants may take in-service withdrawals upon attaining age 59½ and may also apply for a hardship withdrawal of the amount available for withdrawal from their account. The purpose for the withdrawal must qualify as hardship under the IRC.

Forfeitures
In accordance with the Plan document, forfeitures of non-vested employer contributions are used to first restore participant's balances, second to reduce employer contributions and lastly, any remaining forfeitures may be used to reduce administrative expenses paid by the Plan.

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $571,541 and $1,206,248, respectively. In 2025 and 2024, employer contributions were reduced by $1,601,238 and $512,778, respectively, from forfeited non-vested accounts.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance, reduced by the highest outstanding loan balance during the prior 12-month period. Loans must be repaid within five years, except that a loan used to purchase a principal residence must be repaid within 15 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. Principal and interest are paid ratably through payroll deductions for loans through Fidelity. Loans through Transamerica are paid directly by the participant to Transamerica.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Subsequent Events
In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 14, 2026, the date that the financial statements were available to be issued.

Note 2 ***S*ummary of Significant Accounting Policies - Continued**

Use of Estimates
The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan invests in investment securities which are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a inflation, a pandemic or international conflict. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses
All expenses of the Plan are paid by the Company or the Plan. All transactional costs or charges incurred for participant directed assets, as defined by the Plan, and loan administration fees are charged to the participant account. The Company provides accounting and administrative services to the Plan at no charge.

Payment of Benefits
Benefits are recorded upon distribution. As of December 31, 2025 and 2024, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid.

Note 3 **Investment Valuation and Income Recognition**
Except for the investment contracts described in Note 5, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Note 3 **Investment Valuation and Income Recognition - Continued**

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Registered Investment Companies: These investments are valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Common/Collective Trusts: Valued at NAV as a practical expedient to estimate fair value based on the underlying assets of the trust. The fair value of the underlying assets is obtained from information provided by the investment advisor using the audited financial statements of the common/collective trusts at year end. There are no restrictions on redemptions of these investments.

Note 3 **Investment Valuation and Income Recognition - Continued**

Money Market Funds: Valued at the NAV of shares held by the Plan at year end.

Pooled Separate Accounts: Valued at the NAV of its underlying investments held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value.

Common Stock: Valued based on quoted market prices at year end.

Preferred Stock: Valued based on quoted market prices at year end.

Other: Interest-bearing cash is stated at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

2025	**Level 1**	**Total**

Note 3 **Investment Valuation and Income Recognition - Continued**

2024	Level 1	Total
Registered Investment Companies	$ 28,826,739	$ 28,826,739
Common/Collective Trusts Measured at NAV as a Practical Expedient(a)	-	788,459,672
Money Market Funds	19,278,148	19,278,148
Pooled Separate Accounts Measured at NAV as a Practical Expedient(a)	-	2,622,414
Common Stock	3,293,977	3,293,977
Other	204,888	204,888
Total Investments, at Fair Value	$ 51,603,752	$ 842,685,838

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 4 **Investment Expense Credits**

Fidelity may receive revenue for recordkeeping and plan administration services from the management fees of the individual registered investment companies for which Fidelity is the trustee. Any amount in excess of the negotiated rate for these services is made available to the Plan Administrator. The Plan Administrator can use this amount to pay approved Plan expenses or return it to the Plan participants. The amounts are included in Investment Expense Credits on the Statements of Changes in Net Assets Available for Benefits. During 2025 and 2024, $370,222 and $0, respectively, was returned to participants.

Note 5 **Guaranteed Investment Contracts**

The Plan has three benefit-responsive guaranteed investment contracts with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Note 5 **Guaranteed Investment Contracts - Continued**

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0.00% on certain contracts and 3.50% on certain other contracts. Such interest rates are reviewed on a quarterly basis for resetting. The average yields for the three contracts at December 31, 2025 and 2024 ranged from 3.00% to 4.55% and 3.00% to 3.50%, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exception under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6 **Plan Termination**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would become 100% vested in their accounts.

Note 7 **Related Party and Exempt Party-in-Interest Transactions**

Certain Plan investments are funds managed by Transamerica, State Street, and Fidelity, the trustees/custodians as defined by the Plan. Transactions involving these investments qualify as exempt party-in-interest transactions. Fees paid to Fidelity by the Plan amounted to $246,454 and $251,140 for the years ending December 31, 2025 and 2024, respectively. Fees paid to Transamerica by the Plan amounted to $1,925 and $1,961 for the years ending December 31, 2025 and 2024, respectively. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Certain administrative services are provided to the Plan by Blue Cross Blue Shield Association (the Association), a related party of the Plan Sponsor. Transactions involving the Association qualify as exempt party-in-interest transactions.

Note 8 **Federal Income Tax Status**

The Internal Revenue Service (the IRS) has determined and informed the Plan Sponsor by a letter dated October 15, 2014, that the Plan and related trust, as then designed were in compliance with the applicable regulations of the IRC. The Plan Administrator and Plan's tax counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 **Certified Information**

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Fidelity has certified to the completeness and accuracy of certain investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, schedule of assets (held at end of year) as of December 31, 2025, and the related investment income (including interest and dividend income, investment expense credits and net appreciation in fair value of investments for these investments and interest income on notes receivable from participants) reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024. These assets amounted to $985,080,183 and $852,187,397 as of December 31, 2025 and 2024, respectively, and the related investment income amounted to $149,274,705 and $114,439,608 for the years ended December 31, 2025 and 2024, respectively.

Transamerica and State Street Bank and Trust Company have certified to the completeness and accuracy of the Transamerica investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, schedule of assets (held at end of year) as of December 31, 2025, and the related investment income (including interest and dividend income, and net appreciation in fair value of investments for these investments and interest income on notes receivable from participants) reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024. These assets amounted to $3,132,256 and $3,589,000 as of December 31, 2025 and 2024, respectively, and the related investment income amounted to $386,178 and $507,683 for the years ended December 31, 2025 and 2024, respectively.

Schedule H, Line 4(l) – Has the plan failed to provide any benefit when due under the plan?

No. For administrative purposes, we do not consider delays in payment of a participant's benefit (including administrative mistakes and delayed payments, which happen infrequently) as a failure to pay a benefit when due. Further, in reliance on an IRS clarification of the intent of this question, we do not consider benefits payable to missing participants to be a failure to pay a benefit when due because of the diligence of our efforts to locate missing participants.
