INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
DCA Outdoor, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of DCA Outdoor, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of DCA Outdoor, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. (U.S. GAAP)

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DCA Outdoor, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DCA Outdoor, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DCA Outdoor, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DCA Outdoor, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF PLAN

The following description of the DCA Outdoor, Inc. 401(k) (Plan) provides only general information. Participants should refer to the Plan document for more complete description of the Plan's provisions. The Plan covers eligible employees of DCA Outdoor, Inc., Anna Evergreen, LLC, Colonial Gardens, LLC, KAT Wholesale Outdoor, LLC, Utopian Transport, LLC, Schwope Brothers Tree Farm, LLC, Utopian Trees, Inc., BreHob Nurseries, LLC, Utopian Plants Indiana, LLC, Rio Verde Holdings, LLC, Schwope Brothers West Coast, LLC, and PlantRight, LLC.

General — The Plan is a Safe Harbor 401(k) profit sharing plan covering all non-leased employees of the participating sister companies. For all contributions, employees become eligible after completing one month of service and are age twenty-one or older. Eligible participants enter the plan as of the first day of each month immediately following or coincident with date of eligibility. The Participants may elect to defer a percentage of their eligible pay each pay period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Contributions — Participants may contribute a portion of pretax annual compensation, as defined in the Plan, not to exceed $23,500 for 2025 and $23,000 for 2024. Participants may also rollover amounts from other qualified defined benefit or contribution plans.

The Company will match 100% of employee contributions up to 4 per cent. The Company will make safe harbor contributions to eligible participants beginning on their plan entry date. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Participants' contributions are subject to certain discrimination tests prescribed by the Internal Revenue Code and other limitations specified in the Plan.

Participants over age 50 are eligible to defer an additional $7,500, for 2025 and $7,500 for 2024 as a catch-up contribution, under the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA).

Credit Risk — The Plan evaluates its receivables for potential credit losses. At year end, the Plan did not consider any open accounts receivable as potential bad debts.

Participant Accounts — Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's accounts.

Vesting — Participants are vested immediately in their contributions plus actual earnings thereon, safe harbor contributions and any amounts rolled over into the Plan. Vesting in the Company's profit sharing contribution is based on years of continuous service. A participant is 100 percent vested after six years of credited service. Employees that terminate employment due to death, disability, or attainment of the Plan's Normal Retirement Age, currently age 59 1/2, are 100% vested in their total account balance.

Years of Service	Percentage
Less than two	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Distributions — Upon termination of service due to death, disability, or retirement, a participant will receive a lump sum amount equal to the value of the participant's vested interest in their account. For transferred pension assets, a participant may receive the value of their interest in an annuity form of payment.

Participant Loans — Loans are available under the plan. The loan will be limited to the amount the participant can borrow without being treated as a taxable distribution. Generally, that may not be more than 50% of their vested account, or $50,000. The loans are secured by the balance in the participant's account and bear interest at rates that are commercially reasonable. Principal and interest is paid ratably through payroll deductions.

Participant Investment Rollovers — Participants are allowed to transfer or rollover funds into the Plan from other qualified or 401(k) plans.

Forfeited Accounts — At December 31, 2025, the Plan had no non-allocated forfeitures. Forfeitures are used to reduce the employer matching contribution or to pay plan expenses in accordance with the Plan and amounted to $0 for the 2025 plan year.

Hardship Distributions — Hardship withdrawals are available under the plan. Withdrawals are subject to certain restrictions included in the Plan. There is a six month waiting period for additional deferrals after a hardship withdrawal.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America, except for distributions paid to participants which are prepared on the cash basis of accounting.

Use of Accounting Estimates — The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid balance, plus and accrued, but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are treated as distributions based upon the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Contributions — Contributions from employees and the Company are recorded in the period in which the Company makes the payroll deductions from participant earnings.

Distributions - Distributions are recorded when paid. At December 31, 2025 there were no benefits processed and approved for payment, but not paid.

Expenses — Certain of the Plan's administrative expenses are paid by the Company. Other expenses are paid from plan assets and deducted from participant accounts in accordance with the plan document.

3. INFORMATION CERTIFIED BY TRANSAMERICA TRUST COMPANY

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Transamerica Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate to the best of their knowledge and belief. Accordingly, as permitted by 29 CFR 2520 103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and the ERISA-required supplemental schedule related to the following assets:

	December 31	
	2025	2024
Investments at fair value		
Mutual Funds	$ 7,170,906	$ 7,290,916
Notes receivable fom participants	128,940	100,124

Transamerica Trust Company also certified to the completeness and accuracy of $950,541 of net appreciation in fair value of investments and $196,255 of interest and dividends, of which $8,725 represented net interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2025.

4. FAIR VALUE MEASUREMENTS

ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2025 and 2024:

Description	**Level 1:** quoted prices in active markets for identical assets	**Level 2:** significant other observable inputs	**Level 3:** significant unobservable inputs	Total at December 31, 2025
Mutual Funds	$ 7,170,906	$ -	$ -	$ 7,170,906
Total Investments	$ 7,170,906	$ -	$ -	$ 7,170,906

Description	**Level 1:** quoted prices in active markets for identical assets	**Level 2:** significant other observable inputs	**Level 3:** significant unobservable inputs	Total at December 31, 2024
Mutual Funds	$ 7,290,916	$ -	$ -	$ 7,290,916
Total Investments	$ 7,290,916	$ -	$ -	$ 7,290,916

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants remain 100% vested in their accounts.

6. INCOME TAX STATUS

The Internal Revenue Service has determined that the prototype plan agreement under which the Plan operates meets the requirements under the applicable sections of the Internal Revenue Code; however no request for a specific determination on the Plan has been made, nor is it required. The Plan administrator believes the Plan, as currently designed and operated, is qualified and the related trust is tax-exempt as of the financial statement date.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

8. TRANSACTIONS WITH PARTIES IN INTEREST

Certain plan receivables represent loans to participants of the Plan. Therefore, those transactions qualify as party-in-interest transactions.

9. CHAPTER 11 BANKRUPTCY

During the 2025 Plan year, the Company filed for Chapter 11 bankruptcy protection. While the Company is in bankruptcy, it continues to run its business under the court's oversight. The bankruptcy plan entails selling the assets of the Company and its affiliates and transferring the proceeds to creditors. The Company continues to make safe harbor matching contributions and will continue its role as Plan Sponsor during bankruptcy.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events from the date of the financial statements through October 5, 2026, the date the financial statements were available to be issued, and determined there are no other items to disclose or adjust.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
DCA Outdoor, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of DCA Outdoor, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of DCA Outdoor, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. (U.S. GAAP)

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DCA Outdoor, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DCA Outdoor, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DCA Outdoor, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DCA Outdoor, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF PLAN

The following description of the DCA Outdoor, Inc. 401(k) (Plan) provides only general information. Participants should refer to the Plan document for more complete description of the Plan's provisions. The Plan covers eligible employees of DCA Outdoor, Inc., Anna Evergreen, LLC, Colonial Gardens, LLC, KAT Wholesale Outdoor, LLC, Utopian Transport, LLC, Schwope Brothers Tree Farm, LLC, Utopian Trees, Inc., BreHob Nurseries, LLC, Utopian Plants Indiana, LLC, Rio Verde Holdings, LLC, Schwope Brothers West Coast, LLC, and PlantRight, LLC.

General — The Plan is a Safe Harbor 401(k) profit sharing plan covering all non-leased employees of the participating sister companies. For all contributions, employees become eligible after completing one month of service and are age twenty-one or older. Eligible participants enter the plan as of the first day of each month immediately following or coincident with date of eligibility. The Participants may elect to defer a percentage of their eligible pay each pay period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Contributions — Participants may contribute a portion of pretax annual compensation, as defined in the Plan, not to exceed $23,500 for 2025 and $23,000 for 2024. Participants may also rollover amounts from other qualified defined benefit or contribution plans.

The Company will match 100% of employee contributions up to 4 per cent. The Company will make safe harbor contributions to eligible participants beginning on their plan entry date. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Participants' contributions are subject to certain discrimination tests prescribed by the Internal Revenue Code and other limitations specified in the Plan.

Participants over age 50 are eligible to defer an additional $7,500, for 2025 and $7,500 for 2024 as a catch-up contribution, under the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA).

Credit Risk — The Plan evaluates its receivables for potential credit losses. At year end, the Plan did not consider any open accounts receivable as potential bad debts.

Participant Accounts — Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's accounts.

Vesting — Participants are vested immediately in their contributions plus actual earnings thereon, safe harbor contributions and any amounts rolled over into the Plan. Vesting in the Company's profit sharing contribution is based on years of continuous service. A participant is 100 percent vested after six years of credited service. Employees that terminate employment due to death, disability, or attainment of the Plan's Normal Retirement Age, currently age 59 1/2, are 100% vested in their total account balance.

Years of Service	Percentage
Less than two	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Distributions — Upon termination of service due to death, disability, or retirement, a participant will receive a lump sum amount equal to the value of the participant's vested interest in their account. For transferred pension assets, a participant may receive the value of their interest in an annuity form of payment.

Participant Loans — Loans are available under the plan. The loan will be limited to the amount the participant can borrow without being treated as a taxable distribution. Generally, that may not be more than 50% of their vested account, or $50,000. The loans are secured by the balance in the participant's account and bear interest at rates that are commercially reasonable. Principal and interest is paid ratably through payroll deductions.

Participant Investment Rollovers — Participants are allowed to transfer or rollover funds into the Plan from other qualified or 401(k) plans.

Forfeited Accounts — At December 31, 2025, the Plan had no non-allocated forfeitures. Forfeitures are used to reduce the employer matching contribution or to pay plan expenses in accordance with the Plan and amounted to $0 for the 2025 plan year.

Hardship Distributions — Hardship withdrawals are available under the plan. Withdrawals are subject to certain restrictions included in the Plan. There is a six month waiting period for additional deferrals after a hardship withdrawal.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America, except for distributions paid to participants which are prepared on the cash basis of accounting.

Use of Accounting Estimates — The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid balance, plus and accrued, but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are treated as distributions based upon the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Contributions — Contributions from employees and the Company are recorded in the period in which the Company makes the payroll deductions from participant earnings.

Distributions - Distributions are recorded when paid. At December 31, 2025 there were no benefits processed and approved for payment, but not paid.

Expenses — Certain of the Plan's administrative expenses are paid by the Company. Other expenses are paid from plan assets and deducted from participant accounts in accordance with the plan document.

3. INFORMATION CERTIFIED BY TRANSAMERICA TRUST COMPANY

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Transamerica Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate to the best of their knowledge and belief. Accordingly, as permitted by 29 CFR 2520 103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and the ERISA-required supplemental schedule related to the following assets:

	December 31	
	2025	2024
Investments at fair value		
Mutual Funds	$ 7,170,906	$ 7,290,916
Notes receivable fom participants	128,940	100,124

Transamerica Trust Company also certified to the completeness and accuracy of $950,541 of net appreciation in fair value of investments and $196,255 of interest and dividends, of which $8,725 represented net interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2025.

4. FAIR VALUE MEASUREMENTS

ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2025 and 2024:

Description	**Level 1:** quoted prices in active markets for identical assets	**Level 2:** significant other observable inputs	**Level 3:** significant unobservable inputs	Total at December 31, 2025
Mutual Funds	$ 7,170,906	$ -	$ -	$ 7,170,906
Total Investments	$ 7,170,906	$ -	$ -	$ 7,170,906

Description	**Level 1:** quoted prices in active markets for identical assets	**Level 2:** significant other observable inputs	**Level 3:** significant unobservable inputs	Total at December 31, 2024
Mutual Funds	$ 7,290,916	$ -	$ -	$ 7,290,916
Total Investments	$ 7,290,916	$ -	$ -	$ 7,290,916

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants remain 100% vested in their accounts.

6. INCOME TAX STATUS

The Internal Revenue Service has determined that the prototype plan agreement under which the Plan operates meets the requirements under the applicable sections of the Internal Revenue Code; however no request for a specific determination on the Plan has been made, nor is it required. The Plan administrator believes the Plan, as currently designed and operated, is qualified and the related trust is tax-exempt as of the financial statement date.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

8. TRANSACTIONS WITH PARTIES IN INTEREST

Certain plan receivables represent loans to participants of the Plan. Therefore, those transactions qualify as party-in-interest transactions.

9. CHAPTER 11 BANKRUPTCY

During the 2025 Plan year, the Company filed for Chapter 11 bankruptcy protection. While the Company is in bankruptcy, it continues to run its business under the court's oversight. The bankruptcy plan entails selling the assets of the Company and its affiliates and transferring the proceeds to creditors. The Company continues to make safe harbor matching contributions and will continue its role as Plan Sponsor during bankruptcy.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events from the date of the financial statements through October 5, 2026, the date the financial statements were available to be issued, and determined there are no other items to disclose or adjust.
