INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Little City Foundation 401(K) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Little City Foundation 401(K) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Auditor's Responsibilities for the Audit of the Financial Statements-(Continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter -- Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets Held (At End of Year) for the year ended December 31, 2025 is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Other Matter -- Supplemental Schedules Required by ERISA-(Continued)

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LITTLE CITY FOUNDATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

(1) DESCRIPTION OF PLAN:

The following description of the Little City Foundation 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The financial statements were available to be issued on October 14, 2026 with subsequent events being evaluated through this date.

General -

The Plan is a defined contribution plan covering all full-time employees of Little City Foundation (the Foundation) who have completed four months of service and are not:

- Leased employees;
- Non-resident aliens;
- Highly compensated employees.

The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Participants who do not have at least 1,000 hours of service during such Plan year, are under the age of 21, have not completed a year of service or, are not employed on the last working day of a Plan year, are generally not eligible for an allocation of Foundation contributions for such year.

The Plan was restated effective July 1, 2024 and changed third-party administrators. There were no significant changes to the provisions of the Plan from this restatement.

Contributions -

A participant may elect to contribute a portion of his or her pretax or after-tax compensation for the Plan year, as defined in the Plan, not to exceed the Internal Revenue Code (the Code) section 415(d) limit as adjusted in any Plan year. All participants who were eligible to make salary deferral contributions under the Plan, and who have attained age 50 before the close of the Plan year, were eligible for catch-up contributions of up to $7,500 during 2025. Some or all of a Participant's contribution may be designated as a Roth Deferral Contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. In addition, the Foundation matches 50 percent of participant contributions up to 6 percent of participant contributed compensation.

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options daily. Contributions are subject to certain limitations.

Participant Accounts -

Each participant's account is credited with the participant's elective and, if applicable, rollover contributions and allocations of a) the Foundation's matching and profit-sharing contributions, and b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) DESCRIPTION OF PLAN: (Continued)

Participant Loans -

Participants may borrow a minimum of $1,000 from their fund accounts, up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance net of loans outstanding. The Plan allows participants to have two outstanding loans. Loan terms range from one to five years but may be longer if used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 9.50 percent, which are commensurate with local prevailing rates at loan origination, as determined by the Plan Administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

Vesting -

Participants are immediately fully vested in their salary deferral contributions, plus actual earnings thereon and in all other accounts, if the participant dies, becomes disabled, or retires while an employee of the Foundation. Participants are also immediately fully vested in their employer matching contribution portion of accounts upon meeting the eligibility requirements of the Plan.

Payment of Benefits -

On termination of service, a participant may elect to receive 1) a lump sum amount equal to the value of the participant's vested interest in his or her account, or 2) partial withdrawals or installments, but only with respect to lifetime minimum required distributions over a period of not more than their assumed life expectancy. If the participant's vested account balance does not exceed $1,000, payment is made at time of termination in a lump sum distribution. Except for hardship, withdrawals are not permitted prior to a participant's death, disability, reaching the age of 59 1/2, or termination of employment. Participants are also required to take minimum distributions at the age of 72.

(2) SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting -

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Policies -

The Plan follows generally accepted accounting principles as established by the Financial Accounting Standards Board (FASB) to ensure consistent reporting of financial condition and results of operations.

Estimates -

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits -

Benefits are recorded when paid.

(2) SUMMARY OF ACCOUNTING POLICIES: (Continued)

Investment Valuation and Income -

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants -

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest, if any. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Defaulted participant loans are treated as distributions based upon the terms of the Plan document.

Contributions –

Participant contributions are recognized in the Plan's financial statements in the period during which payroll deductions are made from the participant's compensation. Employer contributions are recognized in the period in which the related compensation is earned and the employer has an obligation to make the contribution in accordance with the provisions of the Plan document.

Administrative Expenses -

Administration expenses of the Plan are paid by the Plan as provided in the Plan document. Certain administrative expenses are paid by the Foundation on behalf of the Plan, without reimbursement.

(3) FAIR VALUE MEASUREMENTS:

The Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

(3) FAIR VALUE MEASUREMENTS:

Level 2:

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts: Investments in shares of pooled separate accounts held with an insurance company are stated at estimated fair market value and are valued by the insurance company based on the net asset value shares held by the Plan at year end. The net asset value is determined by the insurance company based on the market value of the underlying investments and deducting participant withdrawals and administrative expenses.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Shares in registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Insurance Company General Accounts: The general account is a deposit administration account through an insurance company that is non fully benefit-responsive. Interest is credited to the general account using a current rate. The general account is reported at the estimated fair value representing contributions and transfers made to the account, plus earnings, less participant withdrawals and transfer and administrative expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(3) FAIR VALUE MEASUREMENTS:

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 15,996,337	$ -	$ -	$ 15,996,337
Insurance company general account	-	-	505,769	505,769
Total assets at fair value	$ 15,996,337	$ -	$ 505,769	$ 16,502,106

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investments companies	$ 13,566,155	$ -	$ -	$ 13,566,155
Insurance company general account	-	-	544,364	544,364
Total assets at fair value	$ 13,566,155	$ -	$ 544,364	$ 14,110,519

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2025 and 2024:

	Insurance Company General Accounts	
	2025	2024
Balance, beginning of year	$ 544,364	$ 374,910
Interest	11,153	11,363
Purchases and sales, net	(49,748)	158,091
Balance, end of year	$ 505,769	$ 544,364

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Quantitative Information about Level 3 Fair Value Measurements -

	Level 3 Investments as of December 31, 2025			
	Fair Value	Valuation Techniques	Unobservable Input	Range
Insurance Company General Accounts	$ 505,769	*Assumed Proceeds at Discontinuance	Composite Crediting Rate	2.22%

(3) FAIR VALUE MEASUREMENTS: (Continued)

	Level 3 Investments as of December 31, 2024			
	Fair Value	Valuation Techniques	Unobservable Input	Range
Insurance Company General Accounts	$ 544,364	*Assumed Proceeds at Discontinuance	Composite Crediting Rate	1.68%

* The value of the Insurance Company General Accounts at any time will equal contributions and transfers in, plus interest, minus withdrawals and transfers out, and charges that are deducted as specified in the contract.

(4) INCOME TAXES:

Effective July 1, 2024, The Plan has adopted Standard Retirement Services, Inc Non-Standardized Defined Contribution Pre-Approved Plan. The Plan has received a favorable opinion from the Internal Revenue Service (IRS), who stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

(5) PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are managed and advised by Reliance Trust Company. Reliance Trust Company is the Trustee as defined by the Plan and therefore, these investments held by the Plan and issued by the entity are party-in-interest transactions. As of December 31, 2025 and 2024, $505,772 and $545,246, respectively, of the Plan's investments are pooled separate accounts, an insurance company general account, or non-interest bearing cash account offered by Reliance Trust Company or one of their subsidiaries.

Participants covered under the Plan are considered to be parties-in-interest. Participant loans in the amounts of $510,952 and $428,904 at December 31, 2025 and 2024, respectively, are considered to be party-in-interest investments.

Certain employees of the Foundation provide administrative services to the Plan and are not reimbursed for their services from the Plan.

(6) CERTIFIED INVESTMENTS:

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation/depreciation in fair value of investments, interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as completed and accurate by Reliance Trust Company (the trustee of the Plan), a qualified institution.

(7) PLAN TERMINATION:

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(8) RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
