INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Plan Administrator of
403(b) Thrift Plan for All Well-Being Services
Detroit, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of 403(b) Thrift Plan for All Well-Being Services (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025, and 2024, and for the years ended December 31, 2025 and 2024 and stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules as identified in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedules Required by ERISA (Continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1) DESCRIPTION OF THE PLAN

The following description of the 403(b) Thrift Plan for All Well-Being Services (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description and the Plan Document for a complete description of the Plan's provisions.

General

The Plan was established on January 1, 2006 as a contributory defined contribution tax-sheltered annuity pension plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was most recently restated as of March 1, 2024.

Administration

The Plan is administered by All Well-Being Services (the Organization). Mutual of America Life Insurance Company (“Mutual of America”) is the custodian and record-keeper of the Plan. The Custodian invests funds received from contributions, investment sales, and interest and dividend income and makes distribution payments to the applicable participant.

Eligibility

For the purpose of elective deferrals, all employees of All Well-Being Services are eligible to participate unless they are part of an excluded class of an employee as described in the Plan Document. Participants will be auto enrolled in the Plan, unless they elect otherwise, with initial pre-tax deferral contributions of 6% of compensation once they meet the eligibility criteria specified in the plan document. Employer Matching Contributions are permitted under this Plan. There shall be no minimum age or service requirements. Each Participant who satisfies the requirements for eligibility of elective deferrals is eligible for Employer Matching Contributions for that Plan year.

Contributions

Each year, participants may elect to contribute a portion of their compensation not to exceed limits established by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions from other qualified plans are also permitted at the discretion of the Plan administrator. In addition to or instead of pretax contributions, participants can elect to make Roth elective deferrals. Additionally, the plan also provides for special catch-up contributions, for participants who have completed 15 years of service.

Effective March 1, 2024, all employees enrolled in the plan shall receive an allocation of employer matching contributions equal to 100% of the salary reduction contributions that were deferred during the plan year and that do not exceed 4% of the compensation received during that Plan year. For the purpose of determining employer matching contributions, catch-up contributions are not considered. Participants direct the investment of their contributions into various options offered by the Plan. Contributions are subject to certain limitations.

1) DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are fully and immediately vested in their elective deferrals, rollover contributions, and related earnings. Employer matching contributions and related earnings become 100% vested upon completion of three years of vesting service. Participants who terminate employment before becoming fully vested forfeit the nonvested portion of their employer matching contribution accounts, subject to the Plan's restoration provisions upon reemployment.

Regardless of years of vesting service, participants become fully vested upon attaining the Plan's normal retirement age of 59½, becoming totally and permanently disabled, or dying. Participants also become fully vested upon termination of the Plan or permanent discontinuance of employer contributions. In the event of a partial Plan termination, affected participants become fully vested.

Distributions

On termination of service due to death, disability, or termination of the Plan, participants can request payment of their vested account balance in a lump sum, partial payments, installment payments or annuity contracts. If the vested account balance is $1,000 or less, the payment will be made in a single lump sum amount at termination of employment. The Plan also allows for in service withdrawals at age 59 ½, minimum required distributions and hardship withdrawals as permitted by the law.

Hardship Withdrawals

Under certain conditions, as specified in the Plan Document, participants, while still employed by the Plan Sponsor, are permitted to withdraw a portion of their elective contributions account balance. Effective March 1, 2024, amounts attributable to vested employer contributions may be withdrawn for financial hardship if they are invested in a group annuity contract.

Participant Accounts

Participants may elect to invest in any combination of the investment funds offered by the Plan and may change their elective deferral percentages as they want. Each participant's account is credited with the participant's contributions, employer's match, if any, and allocations of the Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participant's account.

Notes Receivables from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their non-Roth vested account balance in the Plan. Loan terms range from 1-5 years, and longer repayment terms are permitted for the purchase of a principal residence. The loans are secured by the balance in the participant's account. The maximum number of loans that a participant may have outstanding under this plan at any time is one. The balance of notes receivable was zero as of December 31, 2025 and 2024.

1) DESCRIPTION OF THE PLAN (Continued)

Forfeitures

Nonvested employer contributions forfeited by participants who terminate before vesting are used first to offset plan expenses and any remainder to reduce future employer contributions. As of December 31, 2025, and 2024, forfeiture accounts had a balance of $3,355, and $1,601, respectively.

2) BASIS OF ACCOUNTING

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

The notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. There were no outstanding loans as of December 31, 2025 and 2024.

Investment Valuation

Investments are reported at fair value, with the exception of Mutual of America's Interest Accumulation Account which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for more details on fair value measurements.

Amounts placed in the Interest Accumulation Account of Mutual of America's General Account are credited with interest at a rate determined by Mutual of America. The Interest Accumulation Account is presented at contract value because it constitutes a fully benefit-responsive investment contract. Contract value represents contributions made under the contract, plus credited earnings, less participant withdrawals and administrative expenses.

2) BASIS OF ACCOUNTING (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's realized gains and losses on investments sold during the year and unrealized appreciation or depreciation in investments held at the year-end.

The pooled separate accounts are valued at the net asset value per unit reported by Mutual of America, which is based on the fair value of each separate account's underlying investments. There are no redemption restrictions or unfunded commitments on these investments. See Note 4 for additional information.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Organization. The expenses that are paid by the Organization are excluded from these financial statements. Fees related to administration of the Plan are charged directly to the participants' accounts. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Benefit Payments

Benefits are recorded when paid out of the Plan.

3) CERTIFIED INVESTMENTS

Certain information in the accompanying financial statements and ERISA-required supplemental schedules, related to investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America, a qualified institution, (the Custodian of the Plan).

4) FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4) FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is the description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts – Consists of investments in mutual funds registered with the Securities and Exchange Commission and are carried at the net asset value at which the mutual fund shares are actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy (as described in Note 2), the Plan's assets at fair value as of December 31, 2025 and 2024:

		Assets Measured at Fair Value at December 31, 2025		
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Pooled Separate Accounts	$ 1,191,351	$ 1,191,351	$ -	$ -
(at Fair Value)	1,191,351	$ 1,191,351	$ -	$ -
Mutual of America Interest Accumulation Funds (a)	307,929			
(at Contract Value)	$ 1,499,280			

4) FAIR VALUE MEASUREMENTS (Continued)

	Assets Measured at Fair Value at December 31, 2024			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Pooled Separate Accounts	$ 1,424,697	$ 1,424,697	$ -	$ -
(at Fair Value)	1,424,697	$ 1,424,697	$ -	$ -
Mutual of America Interest Accumulation Funds (a) (at Contract Value)	344,176			
	$ 1,768,873			

(a) Certain investments measured at contract value have not been classified in the fair value hierarchy but are presented to permit reconciliation to the investment line item to statement of net assets available for benefits.

5) GUARANTEED INTEREST CONTRACT

The total balance in the Mutual of America Life Insurance Company ("Mutual of America") guaranteed interest account, also referred to as the Interest Accumulation Account, was $307,929 and $344,176 at December 31, 2025, and 2024, respectively. The Interest Accumulation Account is maintained as part of Mutual of America's General Account under the Plan's group annuity contract. Based on the terms of the contract, the investment is considered fully benefit-responsive and is reported at contract value.

Mutual of America maintains amounts allocated to the Interest Accumulation Account in its General Account. The account is credited with interest, as determined by Mutual of America, and charged for participant withdrawals and administrative expenses. Mutual of America is contractually obligated to repay the principal and credited interest in accordance with the terms of the group annuity contract.

Interest is credited to contract balances using a single portfolio rate approach. Under this methodology, a single interest rate is applied to amounts allocated to the account regardless of the timing of the contributions. The crediting rate is determined by Mutual of America based on a formula established by the contract issuer and is reviewed quarterly for possible resetting. In establishing the crediting rate, Mutual of America considers factors that include current economic and market conditions, the general interest-rate environment, and the expected and actual experience of a reference portfolio within its General Account. The minimum crediting rate under the contract is 3% for participants enrolled with an effective date on or before May 1, 2008, and 1% for participants enrolled with an effective date after May 1, 2008.

Contract value represents contributions and amounts transferred to the account, plus credited interest, less participant withdrawals, transfers and administrative expenses. Contract value is the relevant measurement because it represents the amount participants would receive upon initiating permitted transactions under the terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

5) GUARANTEED INTEREST CONTRACT (Continued)

Generally, there are no events that could limit the Plan's ability to transact at contract value, which is payable within 90 days or, in rare circumstances, over time. There are no events that allow Mutual of America to terminate the contract and require the Plan Sponsor to settle at an amount different from contract value, whether paid within 90 days or overtime.

The Plan's ability to receive amounts due under the group annuity contract depends on Mutual of America's ability to meet its financial obligations. Mutual of America's ability to satisfy its contractual obligations may be affected by future economic, regulatory and financial developments.

6) ERISA BOND REQUIREMENTS

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the plan year or $500,000. At December 31, 2025 and 2024, the Plan's sponsor maintained the required bond coverage.

7) TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service dated March 31, 2017, stating that the form of the pre-approved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The plan administrator believes it is no longer subject to income tax examinations prior to 2022.

8) PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9) TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments and administrative expenses are represented by investment contracts and mutual funds managed by Mutual of America (the custodian). The custodian is the carrier as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for custodian services were $1,084 and $1,064 for 2025 and 2024, respectively.

10) LATE REMITTANCES OF CONTRIBUTIONS TO THE PLAN

In prior years, the Organization failed to remit to the Plan's Custodian, a portion of the salary deferrals within the period prescribed by the Department of Labor. The delays were due to administrative reasons. The schedule of late remittances includes $14,048 for the year ended December 31, 2022, $7,399 from the year 2019, $7,103 from the year 2018, $6,650 from the year 2017, $9,781 from the year 2016, $49,164 from the year 2015 and $6,467 from the year 2014, on which loss of earnings has not been calculated by the Organization as of the date of this report.

11) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

The Plan's investment in the guaranteed interest account is subject to the credit risk of Mutual of America and its ability to meet its contractual obligations.

12) OTHER INCOME

During 2025, an unauthorized withdrawal was made from a participant's account. The withdrawn funds were returned to the Plan in November 2025, and an additional amount was credited to the participant's account to compensate for lost investment earnings. The amounts restored to the Plan totaled $43,114 and are included in other income in the statement of changes in net assets available for benefits.

13) EMPLOYER MATCHING CONTRIBUTION CORRECTION

The Organization identified errors in calculating employer matching contributions under the formula specified in the Plan document for the Plan year. Management is determining the amounts required to correct the affected participant accounts, including applicable corrective earnings. As of the date of report, the correction amount had not been determined, and the correction had not been completed.

14) SUBSEQUENT EVENTS

The plan has evaluated other subsequent events through October 14, 2026, the date that the accompanying financial statements were available to be issued. No significant events were noted that required adjustment or disclosure in the financial statements.
