INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
Aircall 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Aircall 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Aircall 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Aircall 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Aircall 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Aircall 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aircall 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held At End of Year) as of December 31, 2025 and Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following brief description of the Aircall 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for complete description of the Plan's provisions.

General – The Plan is a participant-directed defined contribution and profit-sharing plan covering all eligible employees of Aircal.io, Inc. (the "Company" or "Plan Administrator"). The Plan was originally established effective January 1, 2018. LT Trust Company (the "Trustee") is the trustee of the Plan's assets. Matrix Trust Company ("Matrix" or "Custodian") is the custodian of the Plan's Assets. Human Interest, Inc. ("Human") is the recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – The Plan covers eligible employees who have attained the age of 18 and are not covered by a collective bargaining agreement or otherwise considered an excluded employee of the Plan. An eligible employee becomes a participant effective immediately after satisfying the eligibility requirements.

Contributions – Each year, participants may contribute a maximum of 100% of their annual compensation as defined in the Plan, subject to annual limitations imposed by the Internal Revenue Code ("IRC"). Also, in accordance with Internal Revenue Service ("IRS") guidelines, participants could not make contributions exceeding $23,500 during 2025. Eligible employees may make an additional employee contribution known as a "catch-up" contribution in accordance with the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA"). Catch-up contributions were limited to $7,500 for 2025. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 6% of eligible compensation. Contributions are automatically invested in a designated balanced fund until changed by the participant.

The Company may, in its sole discretion, make a matching contribution on behalf of a participant during the Plan year. The Company may contribute a matching contribution to a participant in an amount and allocation formula as determined by the Company in its sole discretion. The Internal Revenue Code may also further restrict matching contributions for highly compensated employees.

The Plan allows for the Company to make profit sharing and qualified nonelective contributions at its discretion. Contributions are subject to certain limitations. For the year ended December 31, 2025, nonelective contributions were not made.

Participant Accounts – A separate account is maintained for each participant. Each participant's account is credited with his or her contributions, the Company's contributions, and the Plan earnings or losses and charged with an allocation of any administrative expenses paid by the Plan. Allocations of earnings or losses are based upon the investment performance of the individual funds in which each participant's account balance is invested. Allocations of expenses are based on participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Upon enrollment in the Plan, a participant may direct employee contributions in increments among several investment options. Participants may change their investment options through the Plan's recordkeeper on any normal business day.

Rollovers – Rollover contributions are permitted into the Plan in accordance with IRS regulations and Plan provisions.

1. DESCRIPTION OF THE PLAN (continued)

Notes Receivable from Participants – A participant may request a loan subject to the limitations set forth in the Plan. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half a participant's non-forfeitable account balance or $50,000. All loans are repaid ratably through payroll deductions over a period not to exceed five years, unless the loan qualifies as a home loan, and are secured by the balance in the participant's account. All loans shall bear a reasonable rate of interest established by the Plan administrator. Upon termination of employment a loan will become due and fully payable. A participant may only have one (1) loan outstanding at a time. At December 31, 2025 notes receivable mature at various dates through June 2035 and have interest rates ranging from 4.25% to 9.50%.

Vesting – Plan participants are fully vested in their contributions, plus actual earnings thereon, and employer qualified nonelective contributions. In addition, participants vest in other employer contributions at a rate of 50% after two years of service, with 100% vesting after three years of service.

Payment of Benefits – Under the Plan, normal retirement age is 65. Upon termination of service due to death, disability or retirement, a participant shall be considered 100% vested. Participants may receive a lump-sum or substantially equal installment amounts equal to the value of the participant's vested account balance or may elect to rollover the distribution to a qualified account. If the balance of the vested benefit does not exceed $1,000, under certain circumstances the vested balance may be paid in a lump sum without the participant's consent. Lump sum distributions will be made as soon as practicable following the event.

Forfeitures – Forfeitures of employer contributions may be used to reduce employer contributions or pay plan expenses. At December 31, 2025 and 2024, unallocated forfeitures total $0 and $20,097, respectively. For the year ended December 31, 2025 $35,190 in forfeitures were utilized.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates – The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for descriptions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded when earned. Net depreciation/appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included as administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the plan document.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Expenses attributable to the administration or operation of the Plan are allocated pro rata on the basis of account balances of all participants. Investment related expenses are included in the net appreciation of fair value of investments.

Payment of Benefits – Benefit payments to participants are recorded when paid.

3. INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator, having determined that it is permissible in the circumstances, elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Plan management has obtained the following information included in the accompanying financial statements, the ERISA-required supplemental schedule of assets (held at end of year), and the ERISA-required supplemental schedule of delinquent participant contributions, that was agreed to or derived from information certified as complete and accurate by Matrix, custodian of the Plan and a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

	2025	2024
Statements of net assets available for benefits – Investments:		
Mutual Funds	$ 9,065,955	$ 6,242,128

- Investment income for the year ended December 31, 2025 as shown in the accompanying statement of changes in net assets available for benefits included dividend and interest income of $184,156.
- The Plan's investments appreciated in value by $1,172,953 for the year ended December 31, 2025.
- All investment-related information is located in the accompanying supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 — Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth the Plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 9,065,955	$ -	$ -	$ 9,065,955
Investments at fair value	$ 9,065,955	$ -	$ -	$ 9,065,955

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth the Plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 6,242,128	$ -	$ -	$ 6,242,128
Investments at fair value	$ 6,242,128	$ -	$ -	$ 6,242,128

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

A party-in-interest is defined under Department of Labor ("DOL") regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. As described in Note 2, certain fees are paid from the Plan's assets and therefore qualify as party-in-interest transactions. For the year ended December 31, 2025, the Plan incurred administrative fees totaling $36,763 for recordkeeping services provided by Human. Loans to participants are secured by the balances in the respective participant accounts. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

6. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the opportunity to diversify investments across multiple funds including active and passively managed funds covering multiple asset classes. Additionally, the investments within each fund are further diversified into varied financial instruments.

The following table sets forth the Plan investment assets at fair value that represent a concentration equal to or greater than 10% of the Plan's net assets available for benefits as of December 31, 2025 and 2024:

	2025	2024
Vanguard Total International Stock Index Admiral	$ 2,568,746	$ 1,630,858
Vanguard Total Stock Market Index Admiral	3,779,263	2,680,521

7. PLAN TERMINATION

Although the Company has not expressed any intention to do so, the Company reserves the right under the Plan to modify, suspend, amend or terminate the Plan in whole or in part at any time subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the employer contribution accounts of all participants become fully vested.

8. TAX STATUS OF THE PLAN

The Plan has adopted a non-standardized pre-approved profit sharing plan with a cash or deferral arrangement, which received a favorable opinion letter from the IRS on June 30, 2020, which states that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

9. PROHIBITED TRANSACTIONS

During the years ended December 31, 2025 and 2024, the Company was delinquent in remitting to the Plan's recordkeeper certain employee contributions totaling $325,461 and $417,576, respectively, within the time period set forth in the DOL's plan asset regulation at 29 CFR 2510.3-102. Delays in remitting contributions to the Plan were due to administrative errors. The Plan Sponsor has completed the appropriate forms relating to the 2025 and 2024 errors and has made a contribution for the lost earnings to the Plan. The Company takes full responsibility for any penalties and other potential issues associated with such untimely remittances.

10. SECURE ACT 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included the Setting Every Community Up for Retirement Enhancement ("SECURE") Act 2.0. The SECURE Act 2.0 contains over ninety new retirement provisions, with varying effective dates through 2027. Since the SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Applicable provisions outlined in the SECURE Act 2.0 will be adopted if elected and/or required. The Plan Administrator did not adopt any of the optional provisions for 2025 and accordingly, there was no material impact to the Plan's 2025 financial statements.

11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2026 the date which the financial statements were available to be issued. Based upon this evaluation the Plan has determined that no subsequent events have occurred which would require disclosure in or adjustment to the financial statements.

12. RECONCILIATION TO FORM 5500

Certain financial information in the accompanying financial statements differ from the financial information in the Form 5500 filed with the Department of Labor for the years ended December 31, 2025 and 2024. These differences arise from the fact that the accounting records of the Plan recognized contributions on an accrual basis, while the Form 5500 recognizes contributions when received (cash basis).

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 9,314,141	$ 6,430,096
Less: contributions receivable	(190,848)	(140,090)
Net assets available for benefits per Form 5500	$ 9,123,293	$ 6,290,006

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	$ 2,884,045
Add: Contributions receivable at December 31, 2024	140,090
Less: Contributions receivable at December 31, 2025	(190,848)
Net income per Form 5500	$ 2,833,287
