Independent Auditor's Report

To the Trustee of
Parker Fasteners LLC 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Parker Fasteners LLC 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Parker Fasteners LLC 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Parker Fasteners LLC 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Parker Fasteners LLC 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Parker Fasteners LLC 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Parker Fasteners LLC 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Plan Description

The following description of Parker Fasteners LLC 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General:
The Plan is a defined contribution plan originally effective January 1, 2019, and is sponsored by Parker Fasteners LLC (the Plan Sponsor). The Plan covers eligible employees of the Plan Sponsor and its wholly owned subsidiaries, C.B.S. Fasteners, LLC and Twist-Tite Mfg., LLC (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan excludes certain employees covered by collective bargaining agreements under which retirement benefits were the subject of good-faith bargaining and nonresident aliens who receive no earned income from the Company from sources within the United States of America.

The trustee is responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Eligibility:
Employees of the Company are eligible to participate in the deferral and employer safe harbor match contribution of the Plan upon reaching 21 years of age and completing six months of service. Employees are eligible to receive employer profit sharing contributions upon reaching 21 years of age and completing one year of service. A year of service is defined as a year in which the employee completes 1,000 hours of service. Eligible employees may enter the Plan immediately upon meeting the applicable age and service requirements. To receive an allocation of employer profit sharing contributions, eligible participants must also be employed by the Company on the last day of the plan year.

Contributions:
The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. The Plan includes a qualified automatic contribution arrangement (QACA), whereby newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect otherwise. Automatically enrolled participants initially defer 3% of eligible compensation. Following the initial enrollment period, the automatic deferral percentage increases by 1% on January 1 of each subsequent year, up to a maximum of 6%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to applicable IRC limitations.

The Company makes QACA safe harbor matching contributions equal to 100% of each eligible participant's elective deferrals that do not exceed 1% of eligible compensation, plus 50% of elective deferrals that exceed 1% but do not exceed 6% of the eligible compensation.

The Company may also make discretionary profit sharing contributions to the Plan. No discretionary employer profit sharing contributions were made for the year ended December 31, 2025.

The Plan also permits eligible rollover contributions from other qualified retirement plans and certain individual retirement accounts. Participants direct the investment of their accounts among various investment options offered by the Plan. All contributions are subject to applicable IRC limitations.

Note 1 – Plan Description (Continued)

Participant accounts:
Each participant's account is credited with the participant's contributions, any Company contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting:
Participants are immediately vested in their elective deferrals, rollover contributions, and safe harbor contributions, plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 20% vested after two years of service and an additional 20% for each year thereafter. A participant is 100% vested after six years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or disability, as defined by the Plan.

Notes receivable from participants:
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 47.5% of their vested account balance. Notes are secured by the balance in the participant's account and bear interest at the Prime rate as published in the Wall Street Journal as of the date the note is executed, plus 1%. Notes must be repaid over a period not to exceed four and one-half years (54 months), unless the loan is used to purchase the participant's principal residence, in which case the repayment period may extend up to 10 years. Principal and interest are paid ratably through payroll deductions or electronic fund transfers.

Payment of benefits:
Upon termination of employment, retirement, disability, or death, a participant or beneficiary may elect to receive the participant's vested account balance in the form of a lump sum distribution, partial payments, periodic installment payments, or the purchase of an annuity contract, subject to Plan provisions. The Plan permits in-service distributions upon attainment of age 59½ and hardship distributions for participants who meet the applicable requirements under the Plan.

Upon termination of employment, participants with vested account balances of $7,000 or less may receive an automatic distribution without their consent. If the vested account balance exceeds $1,000 but does not exceed $7,000, and the participant does not elect another permitted form of distribution, the balance will be automatically rolled over to an individual retirement account established for the participant. Balances of $1,000 or less may be distributed directly to the participant in a lump sum.

Forfeited accounts:
Forfeitures of non-vested portions of participant accounts may be used to pay Plan administrative expenses, reduce employer contributions, or be allocated to participant accounts as profit sharing contributions. As of December 31, 2025 and 2024, forfeited account balances totaled $0 and $4,616, respectively. During the year ended December 31, 2025, $724 were used to pay Plan administrative expenses, and $4,585 were allocated to participant accounts as profit sharing contributions.

Note 2 – Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies follows:

Basis of accounting:
The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates:
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The trustee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See *Note 4* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions receivable:
Contributions from participants and the related matching contribution are recorded in the year when the contributions from participants are withheld from compensation.

Notes receivable from participants:
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Notes deemed distributed for income tax purposes remain recorded as notes receivable until repaid, offset against the participant's account balance, or otherwise extinguished in accordance with the Plan provisions. Loan offsets are recorded as distributions when they occur.

Payment of benefits:
Benefits are recorded when paid.

Administrative expenses:
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses in the accompanying statement of changes in net assets available for benefits. Certain expenses incurred in connection with general administration or the investments of the Plan that are paid by the Plan are also recorded as administrative expenses in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent events:
The Plan administrator has evaluated subsequent events through October 14, 2026, which is the date the financial statements were available to be issued.

Note 3 – Information Certified and Provided by the Custodian

Mid Atlantic Trust Company (MATC), a qualified institution and asset custodian, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statement of changes in net assets available for benefits for the year ended December 31, 2025, and the supplemental schedule of assets (held at end of year) as of December 31, 2025.

Note 4 – Fair Value Measurement

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 – Fair Value Measurement (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,445,600	$ -	$ -	$ 4,445,600

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,714,205	$ -	$ -	$ 3,714,205

Note 5 – Party-in-Interest Transactions

Certain plan investments are held by MATC, which serves as the Plan's directed trustee and custodian. Paychex, Inc. provides recordkeeping and administrative services to the Plan, and 401k Generation provides plan administration and administrative fiduciary services pursuant to Section 3(16) of ERISA. Additionally, Edward Jones provides investment advisory services to the Plan. These service providers are parties-in-interest to the Plan, and transactions with these entities qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

For the year ended December 31, 2025, the Plan recognized $54,808 of administrative expenses for contract administration, recordkeeping, investment advisory, and trustee and custodial services. Additionally, the Plan's investments are subject to investment management fees and other operating expenses, which range from 0.02% to 0.84% annually, based on the investment options available under the Plan. These expenses are deducted at the investment fund level and are reflected as a reduction of investment returns in the accompanying statement of changes in net assets available for benefits.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a complete or partial termination of the Plan, affected participants would become 100% vested in their accounts.

Note 7 – Tax Status

The Plan Sponsor has adopted a pre-approved plan provided by Paychex, Inc., which received an opinion letter dated August 31, 2020, from the Internal Revenue Service (IRS) stating that the form of the Plan satisfies the applicable qualification requirements of the IRC. The Plan was amended and restated effective June 5, 2023. The Plan Sponsor may rely on the opinion letter to the extent permitted by applicable IRS guidance. The Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market fluctuation, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following reconciles net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 4,791,736	$ 4,030,392
