# Independent Auditor's Report

Roche U.S. Governance Committee
U.S. Roche Health and Welfare Benefits VEBA Plan

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the U.S. Roche Health and Welfare Benefits VEBA Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits and of plan benefit obligations as of December 31, 2025, the related statement of changes in net assets available for benefits and of changes in plan benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements (2025 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

## Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying 2025 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying 2025 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion on the 2025 Financial Statements**
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the 2025 Financial Statements**
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the 2025 Financial Statements**
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter—Auditor's Report on the 2024 Financial Statements**
Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 9, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Note 1. Description of Plan

The following description of the U.S. Roche Health and Welfare Benefits VEBA Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions. The Plan was established effective January 1, 2011.

**General:** The Plan is composed of various components providing the following group health and welfare benefits to participants: (a) medical, including prescription drug benefits, (b) dental benefits, (c) vision benefits, (d) long-term disability benefits and (e) such other benefits as may be designated by the Plan Sponsor. This Plan covers all active employees of Genentech, Inc. (the Company or Plan Sponsor) and certain affiliated companies meeting the Plan's eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Roche U.S. Governance Committee is responsible for all of the Plan's assets.

**Eligibility:** Participants who are eligible to participate in the Plan are all U.S. employees who were scheduled to work at least 20 hours per week and were paid through the Roche U.S. payroll system, and their eligible dependents.

**Benefits:** The Plan includes two types of medical programs provided by the Plan to members and their eligible dependents: Kaiser Group medical insurance (includes prescription drug coverage), which is fully insured and a self-insured options that is administered by UnitedHealthcare. The Plan also provides self-insured prescription, dental, vision and long-term disability benefits.

In addition, as required under the Consolidated Omnibus Budget Reconciliation Act of 1986 (COBRA), certain members whose employment with the Plan Sponsor has terminated and other individuals who quality for COBRA may continue to receive benefits for a limited period of time by making an application to the Company and the required contributions applicable to that time period.

**Contributions:** All employer contributions to provide benefits under the Plan are made by the Company at such intervals and in amounts as determined by the Plan Administrator; however, the Company is not under a contractual liability to make any such contributions. The Company will make its contributions in an amount that is at least sufficient to fund the benefits or a portion of the benefits that are not otherwise funded by participant contributions. Contributions include amounts necessary to pay claims and premiums, and any reasonable costs for the administration of the Plan.

Participants of the Plan, as defined, who are eligible for benefits under the Plan are required to make contributions to the Plan toward the partial cost of providing benefits at a rate determined by the Plan Sponsor.

**Other:** Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to modify the benefits provided to active employees, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event of termination of the Plan, the assets in the Plan shall be used first to provide benefits to members and their dependents that are entitled to receive such benefits under the Plan and for the payment of expenses. Any remaining assets, less any charges and expenses payable from the fund, shall be used to provide life, sick, accident or similar benefits for members or their beneficiaries until the fund is exhausted.

## Note 2. Summary of Significant Accounting Policies

**Basis of presentation:** The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

**Investments:** The fair value of the Plan's interest in the Roche Employee Welfare Benefits Master Trust (the Master Trust) is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchase and sales transactions are recorded on the trade date and dividend income on the date declared. Interest income is recorded on the accrual basis. Gains and losses on sales of securities are determined using the average-cost method.

The State Street Bank & Trust Company, the Trustee of the Plan, administers the Master Trust through its trust agreement with Hoffmann-La Roche, Inc., an affiliate of the Plan Sponsor. Goldman Sachs and the Trustee have discretionary authority concerning purchases and sales of the investments in the Master Trust.

**Use of estimates:** The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, incurred but not reported claims, claims payable and disclosure of contingent assets, and liabilities. Actual results could differ from those estimates.

The obligation for current benefit coverage and postemployment benefits are reported based on certain assumptions, which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

**Payment of benefits:** Claim payments for hospital, medical, prescription, dental, vision and long-term disability are recorded when claims are submitted to the Plan by the service providers for reimbursement. Claims paid by the service providers prior to year-end that are not reimbursed by the Plan as of year-end are recorded as claims payable (a benefit obligation, as discussed in Note 3). Rebates or refunds from service providers are accrued for if estimable, otherwise recorded when received. Rebates and refunds are recorded as an offset to claim payments. Pharmacy rebates totaling $41,420 have been netted with claims paid in the accompanying statement of changes in net assets available for benefits.

**Administrative expenses:** The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators, the Trustee, actuary and professional fees. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses.

**Subsequent events:** The Plan evaluates events occurring after the date of the financial statements to consider whether or not the impact of such events needs to be reflected and/or disclosed in the financial statements. Such evaluation is performed through the date the financial statements are available for issuance, which was October 15, 2026, for these financial statements.

## Note 3. Obligations for Current Benefit Coverage and Postemployment Benefit

Obligations for current benefit coverage include claims currently payable and claims incurred but not yet reported. Claims incurred but not yet reported are estimated by the Plan's actuary based on historical analysis of actual payments made, adjusted for current monthly enrollment, annual cost trend factors and run-out administrative expenses.

Long-term disability obligations are estimated by an actuary based on reserve reports prepared from historical long-term disability benefits data.

The following are significant assumptions used to determine the postemployment benefit obligations as of December 31, 2025 and 2024:

| | 2025 | 2024 |
|---|---|---|
| Weighted-average discount rate | 4.69% | 5.28% |
| Disabled mortality | 100% of the 2016 Group Long-Term Disability Valuation Table | 100% of the 2016 Group Long-Term Disability Valuation Table |
| Social security disability income offset amount | $2,150 | $2,150 |

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different assumptions and other factors might be applicable in determining the obligation for current benefit coverage and postemployment benefit.

## Note 4. Assets Held in Master Trust and Information Certified and Provided by the Trustee

The Plan's assets are held in the Master Trust, which was established for the investment of assets of the Plan and several other plans sponsored by Hoffmann-La Roche Inc. and its affiliates where the assets of related benefit plans of such entities are invested on a commingled basis. Each participating welfare benefit plan has an undivided interest in the Master Trust. At December 31, 2025 and 2024, the Plan's interest in the net assets of the Master Trust was approximately 96.28% and 96.00%. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average monthly balances invested by each plan.

The Plan Administrator has obtained certifications from the Trustee that certain information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate to the best of its knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following investments, which were certified by State Street Bank & Trust Company, the Trustee of the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025.

### Note 5. Investments and Fair Value Measurements of Assets Held in Master Trust

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

***Short-term investment funds:*** The Plan invests in short-term investment funds, whose values are based on readily determinable quoted market prices reported to a national exchange at the end of each day. Since these funds are not actively traded on an exchange, they are classified as a Level 2 assets in the fair value hierarchy.

***Investment measured at net asset value (NAV):*** Valued at NAV of units held by the Plan at year-end, as provided by the Trustee. The NAV is used as a practical expedient to estimate fair value. The NAV is not a publicly quoted price in an active market. The NAV is based on the fair value of the underlying investments held by the fund/partnership less its liability. In accordance with Subtopic 820-10, such investments that were measured at NAV per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy.

Other financial instruments within the Master Trust to arrive at net assets include investment income receivable and payables for securities purchased. The income receivable is recorded at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Sponsor believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

## Note 5. Investments and Fair Value Measurements of Assets Held in Master Trust (Continued)

The following tables set forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2025 and 2024:

| | Investments at Fair Value as of December 31, 2025 | | | |
|---|---|---|---|---|
| | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) | Total |
| Short-term investment fund | $ - | $ 1,797 | $ - | $ 1,797 |
| Total assets in the fair value hierarchy | $ - | $ 1,797 | $ - | 1,797 |
| Investments measured at NAV (a) | | | | 76,657 |
| Total investments at fair value | | | | $ 78,454 |

| | Investments at Fair Value as of December 31, 2024 | | | |
|---|---|---|---|---|
| | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) | Total |
| Short-term investment fund | $ - | $ 10,059 | $ - | $ 10,059 |
| Total assets in the fair value hierarchy | $ - | $ 10,059 | $ - | 10,059 |
| Investments measured at NAV (a) | | | | 69,389 |
| Total investments at fair value | | | | $ 79,448 |

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to line items presented in Note 4.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024:

| | Fair Value | | Unfunded | Redemption | Redemption |
|---|---|---|---|---|---|
| | 2025 | 2024 | Commitments | Frequency | Notice Period |
| Limited partnerships (a) | $ 76,657 | $ 69,389 | $ - | Daily | 5 days |
| | $ 76,657 | $ 69,389 | $ - | | |

(a) This category includes term funds managed by Goldman Sachs with the objective to invest assets across varying time horizons and to provide for the distribution and/or reinvestment of assets on a scheduled termination date.

### Note 6. Tax Status

The Internal Revenue Service issued its latest determination letter dated February 27, 1978, which stated that the Master Trust qualifies as a Voluntary Employees' Beneficiary Association under Section 501(c)(9) of the Internal Revenue Code (the IRC) and is exempt from federal income taxes. The Plan Sponsor also received a letter dated November 16, 1993, reconfirming the Master Trust's tax-exempt status. In the opinion of the Company, the Master Trust remains qualified as a Voluntary Employees' Beneficiary Association under the applicable provisions of the IRC.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements; therefore, no provision or liability for income taxes has been included in the financial statements as of December 31, 2025 and 2024, and for the year ended December 31, 2025. The Master Trust is subject to unrelated business income tax for investment income earned, if applicable. In 2025, the Plan did not pay any taxes from the Master Trust.

### Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

### Note 8. Related-Party and Party-in-Interest Transactions

As described in Notes 1, 2 and 5, the Plan has several arrangements with service providers. Transactions entered into with these service providers are considered exempt party-in-interest transactions under ERISA.

### Note 9. Reconciliation of Financial Statements to Form 5500

Claims and premiums that have been processed and approved for payment at year-end, but not paid and claims incurred but not reported are not considered liabilities under U.S. GAAP and, therefore, are not presented as liabilities or claims and premiums paid in the accompanying financial statements but are recorded on Form 5500 as a liability.

**Note 9. Reconciliation of Financial Statements to Form 5500 (Continued)**

The following is a reconciliation of net assets per the financial statements to Form 5500 as of December 31, 2025 and 2024:

The following is a reconciliation of the net decrease in the net assets per the financial statements to Form 5500 for the year ended December 31, 2025:

| | |
|---|---|
| Net decrease in net assets available for benefits per the financial statements | $ (3,033) |
| Change in obligations for current benefit coverage | (3,472) |
| Net decrease per the Form 5500 | $ (6,505) |
