INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Enphase Energy, Inc. 401(k) Plan
Fremont, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the financial statements of Enphase Energy, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Enphase Energy, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion for the Financial Statements

I conducted my audits in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Enphase Energy, Inc. 401(k) Plan and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Enphase Energy, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures

include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Enphase Energy, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in my judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Enphase Energy, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Delinquent Participant Contributions as of December 31, 2025 and Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their

form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Enphase Energy, Inc. 401(k) Plan "the Plan" provides only general information. The Plan's sponsor is Enphase Energy, Inc. "the Company." Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a single employer defined contribution retirement plan covering substantially all employees of the Company on the first date of employment who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 "ERISA". The Plan was established on January 1, 2007, to provide retirement benefits for the employees of the Company. The Plan operates under the Fidelity Basic Plan Document No. 17. The Plan Sponsor's Board of Directors is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Sponsor's Board of Director's.

Contributions – Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants are permitted to irrevocably designate a portion of all of the deferral contributions as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Effective October 1, 2025, participants may elect to convert the vested portions of their employee deferral and employer match sub-accounts into a Roth conversion account.

Deferral and Roth Contributions are subject to a maximum limitation as provided in the Internal Revenue Code. The maximum contribution of pretax compensation that a participant could defer in 2025 was $23,500. The maximum additional catch-up deferral for participants who reached the age of fifty through fifty-nine, and sixty-four by the end of the 2025 plan year was $7,500. The maximum additional catch-up deferral for participants who reached the ages of sixty through sixty-three by the end of the 2025 plan year was $11,250.

The Plan contains automatic enrollment and automatic escalation provisions for participants hired or rehired on or after June 1, 2021 who have not made a deferral election. The initial pre-tax deferral contribution is 5 percent of eligible compensation, and the contribution increases by 1 percent on January 2 of each subsequent year until a maximum deferral rate of 10 percent is reached.

The Company may also contribute discretionary match contributions and discretionary non-elective contributions. During the year ended December 31, 2025, the Company contributed a discretionary match contribution of 50 percent of each participant's elected contributions during the plan year, up to a maximum match of $3,000.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Employer match contributions totaled $1,601,823 in the year ended December 31, 2025. Employer match contributions receivable totaled $0 and $11 at December 31, 2025 and 2024, respectively. The Company did not make any discretionary non-elective contributions in the year ended December 31, 2025.

Investment Elections – The participant contributions and the company contributions are allocated to the various investment options offered by the Plan as directed by participants.

Participant Accounts - Each participant's account is credited with the participant's contribution and Company's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's accounts.

Vesting - A participant is always fully (100 percent) vested in his or her salary reduction account, rollover contribution account, and employer safe harbor contributions, plus actual earnings thereon. Employer match contributions of participants who are employed at least one hour in any plan year subsequent to December 31, 2021, are 100% vested. For participants terminated prior to January 1, 2022, employer match contributions vest over a six-year graded vesting schedule in which 20% of the employer contribution vests after two years of service, and an additional 20% vests after each year of service thereafter, until the participant is fully vested upon accumulating six years of service. Years of service are determined based on the elapsed time method.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms generally range from one to five years, but can be up to 10 years for the purchase of a principal residence. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1 percent above the prime rate, as defined. A participant's account is charged monthly interest on the outstanding loan balance.

Principal and interest is paid ratably through payroll deductions. Terminated participants with outstanding loan balances may continue to make repayments in accordance with the provisions of the loan agreement.

In 2025, the interest rates on loans ranged from 4.25% to 9.5% per annum. The loans mature at various dates through December 30, 2030.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Payment of Benefits – Effective October 1, 2025, on termination of service or attaining the age of 59 ½, a participant may elect to receive either a lump-sum amount equal to the value of the vested portion of his or her account or a partial amount of his or her vested amount. Prior to October 1, 2025, a terminated participant could only receive a lump-sum distribution, except for required minimum distributions.

For termination of service, if a participant's balance is less than $1,000, a participant will receive a mandatory lump-sum distribution of the vested interest in his or her account. Distributions of vested interest greater than $1,000 and less than $5,000, made without the participant's consent, are rolled over to an individual retirement plan. Participants with certain immediate and heavy financial needs are allowed hardship distributions of their balances of deferral contributions and vested employer match contributions.

Forfeited Accounts – Forfeitures of the nonvested portion of terminated participants' accounts may first be used to pay reasonable plan expenses if so directed by the employer, and then used to reduce employer contributions. During the year ended December 31, 2025, $23,725 forfeitures were used to offset employer match contributions. Available forfeitures totaled $19,431 and $29,347 at December 31, 2025 and 2024, respectively.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing the information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions – Contributions from Plan participants and the safe harbor matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to participant recordkeeping for self-directed brokerage accounts, the administration of notes receivable from participants and benefit distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

NOTE 3 – FAIR VALUE OF ASSETS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds
Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These investments are reflected as Level 1 because the inputs used to determine fair value are quoted prices in an active market.

Money Market Funds
Money market funds are valued at based on the underlying assets which are valued at amortized cost and approximate fair value. Participant transactions may occur daily. The amortized cost is determined by valuing it at its original cost and thereafter amortizing any discount or premium for its face value at a constant rate until maturity. Securities held by a money market fund are generally high quality and liquid.

NOTE 3 – FAIR VALUE OF ASSETS (continued)

The money market fund investments are reflected as Level 2 because the fair value is based on the amortized value of the underlying assets which are not quoted prices in an active market, but are based on prices that are observable.

Self-directed Brokerage Accounts
Participants may direct investments into numerous securities available through Fidelity's participant directed brokerage accounts. Investments in securities such as mutual funds, common stock and preferred stock in which the fair value is measured by quoted prices in actively traded markets are considered Level 1. Investments in money market funds and corporate bonds valued at the amortized cost of the underlying assets based on observable prices are considered Level 2.

Collective Investment Trusts
Collective Investment Trusts (CIT) are valued at the net asset value per unit (NAV) of the collective investment trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CIT less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchase and sales) may occur daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments held as of December 31, 2025, and net appreciation in fair value of investments, dividends and interest income, and interest on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the directed trustee of the Plan).

NOTE 5 – SERVICE AGREEMENT WITH FIDELITY MANAGEMENT TRUST COMPANY

The Plan holds a service agreement with Fidelity Management Trust Company (Fidelity). Under the terms of the agreement, participants may direct the investment of their contributions and account balances amongst the various investment options offered under this agreement, including self-directed brokerage accounts.

The service agreement provides that Fidelity will provide record keeping services, accumulate and invest participants' contributions in investment funds in investment options offered by Fidelity as instructed by Plan participants and to pay participant benefits as provided by the Plan when they become due.

Fidelity Management Trust Company is the Plan's directed trustee and holds the Plan's investments. Recordkeeping services are provided by Fidelity Workplace Services, LLC.

NOTE 6 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Investments which is affiliated with Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Indirect fees incurred by the Plan for the investment management services are included in net appreciation or depreciation in fair value of the investment. The Plan made direct payments to Fidelity Investments Institutional Operations Company, Inc., the recordkeeper and a subsidiary of Fidelity Workplace Services LLC, totaling $102,035 during the year ended December 31, 2025. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100 percent vested in their employer contributions.

NOTE 8 – PARTIAL PLAN TERMINATION

The Company restructured its workforce during 2024 and 2025 which resulted in approximately 25% of the plan participants being terminated between January 1, 2024 and September 30, 2024 and an additional 18% of plan participants terminated during the 2025 plan year. The affected participants were already fully invested in all of their accounts. Therefore, no change is their vested interest was necessary.

NOTE 9 – LATE REMITTANCE OF PARTICIPANT CONTRIBUTIONS

The Company erroneously failed to transmit participant contributions withheld from employees' gross compensation into the Plan within the period prescribed in 29 CFR 2510.3-102 for the pay date November 26, 2025. The participant contributions totaling $461 were paid into the Plan on December 16, 2025. The plan sponsor is in the process of calculating lost earnings and remitting them into the Plan.

The Company erroneously failed to transmit participant contributions withheld from employees' gross compensation into the Plan within the period prescribed in 29 CFR 2510.3-102 for the pay date April 30, 2024. The participant contributions totaling $371,331 were paid into the Plan on May 8, 2024. The plan sponsor paid lost earnings totaling $722.36 into the Plan on October 8, 2025 to fully correct the operational error.

NOTE 10 – TAX STATUS

The pre-approved defined contribution profit sharing plan adopted by the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net income is exempt from income taxes. The Fidelity Basic Plan Document No. 17 received a favorable determination letter from the Internal Revenue Service dated June 30, 2020. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 11 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in various investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 12 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Participant loans which have been deemed distributed to participants due to defaults, but are still outstanding loans, are recorded as plan assets for financial statement purposes, but are recorded as distributions for Form 5500 purposes. When these deemed distribution amounts are distributed to the participant, they are included in benefits paid in the financial statements.

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025, to Form 5500:

	December 31, 2025
Net assets available for benefits per the financial statements	$89,939,818
Notes receivable from participants with deemed distributions	(1,031)
Net assets available for benefits per the Form 5500	$89,938,787

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2025, to Form 5500:

Benefits paid to participants per the financial statements	$11,202,584
Deemed distributions of participant loans	1,031
Net assets available for benefits per the Form 5500	$11,203,615

NOTE 13 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued.

The Plan was amended on June 15, 2026 to adopt statutory changes pursuant to the Bipartisan American Miners Act of 2019, SECURE 1.0, SECURE 2.0 and related guidance.

Effective January 1, 2026, the employer discretionary match contribution will be based on eligible compensation each payroll period, instead of the eligible compensation each plan year.
