INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of
Texas Champion Bank 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of Texas Champion Bank 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements ("2025 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- The information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the 2025 financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2025 financial statements.

In preparing the 2025 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements for the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules*, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions* for the year ended December 31, 2025 and *Schedule H, Line 4i-Schedule of Assets (Held at End of Year)* as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

Predecessor auditor performed an audit of the 2024 financial statements of Texas Champion Bank 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 13, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TEXAS CHAMPION BANK 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of the Texas Champion Bank 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Texas Champion Bank and Agrow Credit Corporation, a wholly-owned subsidiary of Texas Champion Bank (collectively, the "Company" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2022, the Plan was amended and restated to adopt a volume submitter ("VS") profit sharing plan, the FIS Business Systems LLC Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA.

The amended and restated Plan reflects the most recent statutory and regulatory changes applicable to plans maintained under Code Section 401(a) and 401(k) of the Internal Revenue Code ("IRC").

Administration of the Plan

The Company serves as the Plan administrator and, accordingly, certain administrative functions are performed by officers or employees of the Company at no cost to the Plan. Prior to August 19, 2025 Empower Annuity Investment Company of America served as administration agent on behalf of Talcott Resolution Life Insurance Company, the Plan's custodian. Effective August 19, 2025, Principal Trust Company (the "Custodian"), serves as the Plan's custodian.

Eligibility

Employees who have reached 18 years of age and completed six months of service are immediately eligible to participate in the Plan except employees covered by a collective bargaining agreement and nonresident aliens.

Contributions

Participants may make contributions to the Plan on a pre-tax basis through payroll withholding of any whole percentage up to 100% of their eligible compensation. Contributions may not exceed the limitation ($23,500 in 2025 and $23,000 in 2024) set forth in Section 402(g) of the IRC. Participants may make catch-up contributions (pre-tax contributions that exceed the annual elective deferral limit) during any calendar year ending on or after the participant's 50th birthday. For 2025 and 2024, catch-up contributions for participants age 50 through 59 and age 64 and older were limited to $7,500. Pursuant to the SECURE 2.0 Act, participants who attained ages 60 through 63 by the end of 2025 were eligible to make enhanced catch-up contributions of up to $11,250. Participants may also contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans. The Plan is participant directed, and participants may change their contribution rates or investment options at any time.

For the years ended December 31, 2025 and 2024, the Company made safe harbor matching contributions equal to 100% of the participant's pre-tax contribution, not to exceed 3% of the participant's compensation, and 50% of the participant's pre-tax contribution, not to exceed an additional 2% of the participant's compensation. For the years ended December 31, 2025 and 2024, the Company made safe harbor contributions totaling $132,974 and $128,007, respectively. The Company's safe harbor matching contributions are invested directly in the various investment options, as directed by the participant.

The Company may also make discretionary additional matching contributions or profit-sharing contributions on behalf of each participant. For the years ended December 31, 2025 and 2024, the Company did not make any discretionary matching or profit-sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' accounts in that fund. Participants direct the investment of their contributions into various investment options offered by the Plan.

1. Description of the Plan, continued

Notes Receivable from Participants

Plan participants may borrow from the vested portions of their account balances a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000 less the highest outstanding loan balance in the last twelve months or (b) 50% of their vested account balances. Participants may have only one loan outstanding at any time. Loans are repaid through payroll deductions for periods not to exceed five years for general loans, or up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Participant loans bore interest at rates ranging from 5.25% to 10.50% for both the years ended December 31, 2025 and 2024.

Vesting

Participants are immediately vested in any Company safe harbor matching contributions, their elective contributions, rollover contributions, and any income or loss thereon. Vesting in Company discretionary matching contributions and profit-sharing contributions is based on years of continuous service as follows:

Years of Service	Percent Vested
Less than one year	0%
1	20%
2	40%
3	60%
4	80%
5	100%

A participant shall become immediately vested in all accounts upon retirement, death, or total and permanent disability.

Forfeitures

Forfeitures of non-vested Company contributions are used to pay administrative expenses or to reduce the Company's matching contributions. During the years ended December 31, 2025 and 2024, forfeitures totaling $7,808 and $0, respectively, were used to pay plan expenses or reduce Company contributions. As of December 31, 2025, and 2024, forfeitures available to pay future Plan expenses or reduce future Company contributions totaled $0 and $7,447, respectively.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant (or their designated beneficiary in the event of death) may receive a single lump-sum amount equal to the value of the participant's vested interest in their account. The Plan allows for hardship and in-service withdrawals from a participant's vested account balance subject to certain limitations as defined in the Plan document.

Administrative Expenses

Fees and expenses incurred in the administration of the Plan, to the extent not paid by the Company, are charged to and paid from the Plan's assets. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net appreciation in fair value of investments.

Expense Offset Arrangements

Fees incurred by the Plan for the investment management and recordkeeping services are included in the net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Therefore, actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investment securities. These investment securities are exposed to market risks, which generally mean the risk of loss in the value of certain investment securities due to changes in interest rates, security and commodity prices and general market conditions. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of the fair value measurements.

Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

Benefit Payments

Benefit payments are recorded when paid.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan generally uses the market approach. The market approach uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodology used by the Plan for investments measured at fair value. There has been no change in the methodology used at December 31, 2025 and 2024.

Collective investment trusts: Valued at the net asset value (NAV) of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust, less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV.

Mutual funds: Valued at the daily closing net asset value of shares held by the Plan at year end. Mutual funds are publicly traded investment vehicles for which quoted market prices are readily available and are therefore classified within Level 1 of the fair value hierarchy.

Pooled separate accounts: Valued based on the NAV of the underlying assets and the number of units owned by the Plan at the reporting date. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date

In accordance with ASC 820-10*,* investments measured at fair value using NAV per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy. At December 31, 2024, all of the Plan's investments that are measured at fair value are in pooled separate accounts and are measured at fair value using NAV as a practical expedient. Accordingly, no fair value hierarchy is presented as of December 31, 2024.

3. Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2025:

	Investments at fair value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 688,360	$ -	$ -	$ 688,360
Investments measured at NAV[(a)]				5,590,936
Total fair value of investments				$ 6,279,296

[(a)] In accordance with ASU 2015-07, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table, are intended to permit reconciliation of the fair value hierarchy to the Statements of Net Assets Available for Benefits.

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share, as a practical expedient, as of December 31, 2025 and 2024.

Investment	Fair value December 31, 2025	Fair value December 31, 2024	Unfunded Commitment	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts:					
Growth funds [(a)]	$ -	$ 2,283,535	N/A	Daily	None
Blended funds [(b)]	-	1,872,764	N/A	Daily	None
Bond funds [(c)]	-	1,116,572	N/A	Daily	None
Value Funds [(d)]	-	809,780	N/A	Daily	None
Collective Investment Trusts:					
Target Date Funds [(e)]	5,590,936	-	N/A	Daily	None
	$ 5,590,936	$ 6,082,651			

[(a)] The strategy of these funds is to seek growth of capital primarily through investments in common stocks that appear to offer superior opportunities for growth of capital. These funds may invest a portion of their assets in securities of issuers domiciled outside the United States.

[(b)] The strategy of these funds is to seek conservation of capital, current income and long-term growth of capital and income. These funds use a balanced approach to invest in a broad range of securities, including common stocks, investment-grade bonds, and securities issued and guaranteed by the U.S. government and by U.S. federal agencies.

[(c)] The strategy of these funds is to seek income and capital appreciation to produce a high total return. Under normal conditions, these funds pursue their investment objectives by investing primarily in investment-grade debt or fixed income securities, including securities issued or guaranteed by the U.S. government, U.S. government agencies, government-sponsored enterprises, mortgage-backed and other asset-backed securities, inflation-linked investments and senior loans.

[(d)] The strategy of these funds is to seek an acceptable level of current income and a growing stream of income over future years. Growth of capital is the secondary objective.

[(e)] The strategy of these funds is to seek a total return consisting of long-term growth of capital and current income. These funds pursue their investment objective by investing in a diversified portfolio of underlying equity and fixed income investments. The funds follow a target-date strategy under which asset allocations are adjusted over time and become increasingly conservative as the target retirement date approaches.

4. Guaranteed Investment Contract

During the year ended December 31, 2024, the Plan offered as an investment option a benefit-responsive guaranteed investment contract. The Custodian maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

As the guaranteed investment contract was fully benefit responsive, contract value was the relevant measurement attributed for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Custodian, represented contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants we permitted to ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The guaranteed investment contract has a guaranteed annual interest rate of no less than 3.00%. The guaranteed interest rate is redetermined at the discretion of the issuer. However, under no circumstances will the redetermined rate be less than 3.00%. The guaranteed interest rate for the year ended December 31, 2024 was 3.00%.

During the year ended December 31, 2025, the Plan offers participants the option to invest in the Principal Fixed Income Guaranteed Option, a fully benefit-responsive group annuity contract (the "Contract") issued by Principal Life Insurance Company. Principal maintains amounts deposited under the Contract in its general account without segregation or separate investment. The Contract is reported at contract value. Contract value represents contributions made under the Contract, plus interest credited at the applicable composite crediting rate, less participant withdrawals, transfers, fees and other payments.

The composite crediting rate is determined based on the guaranteed interest rates applicable to the guaranteed interest balances within the Plan's contract vintage and is declared in advance for each applicable crediting-rate period. The composite crediting rate may not be less than the guaranteed minimum interest rate established under the Contract. The guaranteed minimum interest rate is redetermined when composite crediting rates are announced and may not be less than 0.15% or greater than 3%.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Although the existence of certain conditions or transactions outside of the normal operations of the Contract could limit the Plan's ability to transact at contract value, management has determined that as of December 31, these conditions or transactions are not considered probable.

4. Information Certified by the Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest on notes receivable from participants for the years ended December 31, 2025 and 2024, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the administrative agent on behalf of the Custodian of the Plan.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5. Party-In-Interest Transactions

The Plan's investments are in collective investment trusts, pooled separate accounts and guaranteed investment contracts managed by the Custodian of the Plan. The Plan also issues notes receivable from participants. These transactions qualify as party- in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in their accounts.

7. Income Tax Status

Effective January 1, 2022, the Plan adopted by the Company is a VS plan that is designed to comply with provisions of the IRC's Economic Growth and Tax Reconciliation Act of 2001 ("EGTRRA"). Such VS plans are pre-approved by the Internal Revenue Service ("IRS") by reference to the Cumulative List of Changes in Plan Qualification Requirements (the "Cumulative List") provided under EGTRRA. Accordingly, the Plan was eligible for a six-year remedial amendment cycle. Because the Plan is a VS plan, the Company is not authorized to amend the Plan except to comply with changes in the Cumulative List. The Plan received a favorable advisory letter from the IRS dated June 30, 2020. Management of the Company and the Plan administrator believe the Plan complies with and is being operated in accordance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, currently no audits for any tax periods are in progress.

8. Delinquent Participant Contribution Transactions

During the year ended December 31, 2025, the Company determined that certain employee deferrals aggregating $25,175, had not been remitted to the Plan in a timely manner, according to DOL regulations. Although these remittances were made, they fell outside the normal processing time the Company allows. An investigation was held to determine the root cause of the delinquent contributions, and corrective measures were taken. The lost earnings for the 2025 contributions, estimated at less than $100, is expected to be processed and deposited to participant accounts by December 31, 2026.

9. Subsequent Events

Plan management has evaluated subsequent events through October 14, 2026, which is the date the financial statements were available to be issued and has concluded that there are no significant events to be reported.
