EMPOWER YOUR PURPOSE®

Trustee
TechSmith Corporation Employee Stock Ownership Plan
14 Crescent Road
East Lansing, Michigan 48823

We have audited the financial statements of ***TechSmith Corporation Employee Stock Ownership Plan*** (the "Plan") as of and for the year ended December 31, 2025, and have issued our report thereon dated October 15, 2026. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated May 13, 2026, our responsibility, as described by professional standards, is to form and express an opinion about whether the Plan's financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the Plan's financial statements are free of material misstatement. An audit of financial statements includes consideration of the system of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the system of internal control of the Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you verbally and in our engagement letter.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, and our firm have complied with all relevant ethical requirements regarding independence.

Significant Risks Identified

We have identified management override of internal control and valuation of Plan Sponsor common stock as significant risks. These areas require special audit consideration because of the nature of the risks and the potential magnitude of misstatement related to these risks.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Plan is included in Note 2 to the Plan's financial statements. There has been no initial selection of accounting policies and no changes in significant accounting policies or their application during the year. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates and Related Disclosures

Accounting estimates and related disclosures are an integral part of the Plan's financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the Plan's financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive estimates affecting the Plan's financial statements is the selection of valuation assumptions used to determine the fair value of the TechSmith Corporation common stock, which are based on the valuation report prepared by GBQ Capital Advisors.

We have reviewed the process used by management in formulating the Plan's estimate of the fair value of TechSmith Corporation common stock and we have evaluated the key factors and assumptions used to determine such estimates and ascertained that the estimates and the related disclosures are reasonable in relation to the Plan's financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the Plan's financial statements relate to the fair value disclosures in Note 4 to the financial statements. Disclosures of the estimated fair values of financial instruments require the use of estimates and considerable judgment about assumptions and methods used to determine fair value.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in interacting with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the Plan's financial statements as a whole. There were no adjustments proposed to or passed by management.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. There were no material misstatements detected as a result of our audit procedures.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditors' report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in the attached letter *(Attachment A)*.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the Plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Plan's auditors.

Other Information in Documents Containing Audited Financial Statements

Pursuant to professional standards, our responsibility as auditors for other information in documents containing the Plan's audited financial statements does not extend beyond the financial information identified in the audit report, and we are not required to perform any procedures to corroborate such other information. In accordance with professional standards, we have read the Form 5500 and did not become aware of any instances where such information, or the manner of its presentation, was inconsistent with the financial statements.

Other Matters

The ERISA-required supplemental schedule was subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America ("GAAS").

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the Plan's financial statements.

This report is intended solely for the information and use of those charged with governance, management, and the Plan's governing regulatory agencies and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

This representation letter is provided in connection with your audits of the financial statements of ***TechSmith Corporation Employee Stock Ownership Plan*** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (the "financial statements").

The purpose of the audit is to express an opinion on whether the financial statements present fairly, in all material respects, the net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve misstatements, including omissions, if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

We confirm that, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves as of the date of the independent auditors' report, the following representations made to you during your audits:

Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated May 13, 2026, for the preparation and fair presentation of the financial statements and notes in accordance with the applicable financial reporting framework we have chosen, which is GAAP, and the notes include all the disclosures required by laws and regulations in which the Plan is subject, including the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA.

2. The financial statements are fairly presented in accordance with GAAP, the notes include all disclosures required by laws and regulations to which the Plan is subject, including the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the supplemental schedules referred to above are fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

3. We acknowledge our responsibility for administering the Plan and determining the Plan's transactions that are presented and disclosed in the ERISA Plan financial statements are in conformity with the Plan provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Docusign Envelope ID: D0899411-1217-88DB-8049-5B38178323AD

4. We acknowledge our responsibility for the design, implementation, and maintenance of the system of internal control relevant to the preparation and fair presentation of financial statements, notes, and supplemental schedules that are free from material misstatement, whether due to fraud or error.

5. We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.

6. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable. The methods and significant assumptions used to estimate fair values of financial instruments are properly disclosed in the notes to the financial statements. The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.

7. We are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services, or other third parties. Our valuation methodologies have been consistently applied from period to period. The fair value measurements reported or disclosed represent our best estimate of fair value as of the measurement date in accordance with the requirements of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. In addition, our disclosures related to fair value measurements are consistent with the objectives outlined in FASB ASC 820 and we believe the level of the fair value hierarchy in which assets are classified and disclosed in the financial statements is appropriate. Also, there are no subsequent events that would require adjustment in the fair value level and disclosures.

8. All related party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of GAAP.

   For the purposes of this letter, related parties means the Plan sponsor (or employers participating in a multiemployer plan, as applicable), trusts which hold the Plan's assets, principal owners of the enterprise, management of the Plan and principal owners of the Plan sponsor and their immediate families, members of the Plan's board of trustees or administrative committee, the chief operating and executive officers (Plan administrators) and others who are responsible for achieving the objectives of the Plan and have the authority to establish policies and make decisions by which the objectives of the Plan are to be pursued and other parties with which the Plan may deal if one party controls or can significantly influence the management or operating policies of the other to an extent that one of the transacting parties might be prevented from fully pursuing its own separate interest. Another party is also a related party if it can significantly influence management or operating policies of the transacting parties or if it has an ownership interest in one of the transacting parties and can significantly influence the other to an extent that one or more of the transacting parties might be prevented from fully pursuing its own interest.

9. Transactions with parties in interest, as defined in Section 3(14) of ERISA and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from, or payable to, related parties have been appropriately disclosed.

Docusign Envelope ID: D0899411-1217-88DB-8049-5B38178323AD

10. All events subsequent to the date of the financial statements, if any, and for which GAAP requires adjustment or disclosure have been adjusted or disclosed.

11. We have no intentions to terminate the Plan.

12. We have properly reported and disclosed amendments to the Plan instrument, if any.

13. We will notify you in advance of our intent to include your report, in whole or in part, in any document other than Form 5500 filed with a regulatory agency or printed, in whole or in part, for any reason, and you will have the opportunity to review such matter before its filing or issuance.

14. With respect to financial statement preparation services performed by you, we have performed the following:

    a) Made all management decisions and performed all management functions;

    b) Assigned a competent individual who has suitable knowledge, skill, and/or experience to oversee the services;

    c) Evaluated the adequacy of the services performed;

    d) Evaluated and accepted responsibility for the result of the service performed; and

    e) Established and maintained controls, including a process to monitor the system of internal control.

15. We acknowledge our responsibility for the presentation of the ERISA-required supplemental schedules in accordance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We believe the ERISA-required supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and are fairly stated, in all material respects, to the financial statements taken as a whole. The method of measurement or presentation have not changed from those used in the prior period.

16. All significant estimates and material concentrations known to management that are to be disclosed in accordance with FASB ASC 275, *Risks and Uncertainties*, are appropriately included in the financial statements. We understand that significant estimates covered by this disclosure are estimates at the date of the statement of net assets available for benefits that are reasonably possible of changing materiality within the next year. Concentrations refer to the nature and type of investments held by the Plan, or markets for which events could occur which would significantly disrupt normal finances within the next year.

17. There are no —

    a) Violations or possible violations of laws or regulations (including ERISA, DOL and IRS regulations) whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.

Docusign Envelope ID: D0899411-1217-88DB-8049-5B38178323AD

b) Guarantees, whether written or oral, under which the Plan is contingently liable to a bank or any other lending institution that are required to be recorded or disclosed in the financial statements.

c) Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by FASB ASC 450, *Contingencies*.

d) Material transactions that have not been properly recorded in the accounting records underlying the financial statements.

18. We assume responsibility for the findings of specialists in evaluating the year end share price of the TechSmith Corporation common stock and have adequately considered the qualifications of the specialist in determining the amount and disclosures used in the financial statements and underlying the accounting records. We did not give or cause any instructions to be given to specialists with respect to the values or amounts derived in an attempt to bias their work, and we are not otherwise aware of any matters that have had an effect on the independence or objectivity of the specialists.

19. The Plan invests in the common stock of the Plan Sponsor. The Plan Sponsor's common stock is exposed to various risks, such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows, recent transactions, and other such techniques. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of interest rate, market, and credit risks inherent with the Plan's investment, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Information Provided

20. We have provided you with:

a) Access to all information, of which we are aware that is relevant to the preparation and fair presentation of the financial statements, such as financial records and related data, Plan instruments, trust agreements, insurance contracts, as applicable, or investments contracts, as applicable, and amendments to such documents entered into during the year;

b) The most current Plan instrument for the audit period, including all amendments;

c) A draft of the Form 5500 that is substantially complete;

32. We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan. There have been no communications from regulatory agencies concerning noncompliance or suspected noncompliance with, or deficiencies in, financial reporting practices, that could have a material effect on the financial statements in the event of noncompliance.

33. The Plan has complied with all aspects of debt or other contractual agreements that would have a material effect on the financial statements in the event of noncompliance, including the release of unallocated shares held in the Plan.

34. All required filings with the appropriate agencies have been made.

35. The Plan (and the trust established under the Plan) is qualified under the appropriate section of the Internal Revenue Code and intends to continue as a qualified plan (and trust). The Plan sponsor has operated the Plan and trust in a manner that did not jeopardize this tax status.

36. The Plan has complied with the fidelity bonding requirements of ERISA.

37. There are no:

    a) Nonexempt party in interest transactions (as defined in ERISA Section 3(14) and regulations under that section) that were not disclosed in the supplemental schedules or financial statements.

    b) Investments in default or considered to be uncollectible that were not disclosed in the supplemental schedules.

    c) Reportable transactions (as defined in ERISA Section 103(b)(3)(H) and regulations under that section) that were not disclosed in the supplemental schedules.

38. Required nondiscrimination testing, as applicable, has been completed for the Plan, and any excess contributions have been disposed of in accordance with regulations.

39. All disclosures have been appropriately made under ERISA Sections 408(b)(2) and 404(a) regulations.

40. We have obtained the service auditor's report from our service organizations. We have reviewed such reports, including the complementary user controls. We have implemented the relevant user controls, and they were in operation.

41. For any nonreadily marketable securities, we are in agreement with the methods used to estimate fair value or the approach used by the appraiser.

42. We are not aware of any material uncertain tax positions identified as the results of the Plan's adoption of FASB ASC 740 regarding accounting for uncertainty in income taxes.

INDEPENDENT AUDITORS' REPORT

October 15, 2026

Trustee and Plan Participants
TechSmith Corporation Employee Stock Ownership Plan
14 Crescent Road
East Lansing, Michigan 48823

Opinion

We have audited the financial statements of ***TechSmith Corporation Employee Stock Ownership Plan*** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Independent Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

HLB WE ARE AN INDEPENDENT MEMBER OF THE GLOBAL ADVISORY AND ACCOUNTING NETWORK

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The December 31, 2025 supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TECHSMITH CORPORATION EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN

The following brief description of ***TechSmith Corporation Employee Stock Ownership Plan*** (the "Plan" or "ESOP") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions. Copies of the Summary Plan Description are available from the Plan's Trustee.

General

TechSmith Corporation (the "Corporation") established the Plan effective as of January 1, 2021. The Plan operates as an internally leveraged employee stock ownership plan ("ESOP") and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (the "Code"). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is administered by a Trustee and Fiduciary Committee appointed by the Board of Directors of the Corporation. The trust department of an independent third-party institution is the Plan's custodian.

At Plan inception, the Plan purchased 600,000 shares of the Corporation's common stock using the proceeds of an internal loan from the Corporation (see Note 5) and holds the shares in a trust established under the Plan. The borrowing is expected to be repaid in annual installments through 2030 by Corporate contributions to the Plan. The stock was purchased at a price of $23.17 per share, for an aggregate purchase price of $13,900,000.

The borrowings are collateralized by the unallocated shares held by the Plan. As the Plan makes each payment of principal, an appropriate percentage of shares are allocated to eligible employees' accounts in accordance with applicable regulations under the Code. The Corporation has no interest or rights in such shares once they are allocated to participants' accounts under the ESOP. Accordingly, the financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to:

a) The accounts of employees with vested rights in allocated shares ("allocated"); and
b) Shares not yet allocated to employees ("unallocated").

Eligibility

The Plan is a defined contribution plan which covers all employees of the Corporation who have completed one year of service, are 21 years of age or older, and employed on the last day of the year. Employees who have not completed one year of service during such Plan year or are not employed on either January 1 or July 1 of the Plan year are generally not eligible for an allocation of the Corporation's contributions for such year.

Contributions

The Corporation is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on the term loan provided by the Corporation. Participants are not permitted to make contributions to the Plan.

Notes to Financial Statements

Participant Accounts and Forfeitures

The Plan is a defined contribution plan under which a separate account is established for each participant. Each participant's account is credited during the Plan year with allocations of (a) shares of the Corporation's common stock released by the Trustee from the unallocated account, (b) forfeitures of terminated participants' nonvested accounts, when applicable, and (c) Plan earnings and charged with an allocation of administrative expenses, when applicable. Only those participants who are 21 years of age, have completed one year of service, and are employees of the Corporation as of either January 1 or July 1 of the Plan year receive the allocation of contributions and forfeitures. Employer contributions and forfeitures are allocated in proportion to each participant's points earned, as outlined in the Plan document, and as described below, to the total points earned by all participants for that calculation period. Forfeitures totaling $58,813 were allocated to participant accounts during 2025. At December 31, 2025 and 2024, there were no forfeited nonvested accounts. Forfeitures may also be used to reduce Plan expenses. Plan investment income is distributed as of the last day of each Plan year and is allocated based on the ratio of each participant's points earned to the total points earned by all participants for the calculation period. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant's points in relation to the Plan allocation provisions, as noted above, are determined as follows:

a) One compensation point for each $10,000 of eligible compensation; and
b) Five service points for every five year anniversary with the Corporation.

Vesting

A participant's interest in the Plan is fully vested after six years of credited service or when they reach the normal retirement date (65 years of age). Employees who terminate before vesting forfeit their nonvested interest in the Plan after a five year break in service. Participants terminating from the Plan receive no allocation of employer contributions or forfeitures in the year they terminate from the Plan; however, they do receive an allocation of interest and other Plan income in accordance with normal Plan provisions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installment payments, as defined by the Plan agreement. On termination of service due to death, disability or retirement, a participant with a vested account balance of $7,000 or less will receive a lump-sum amount equal to the value of the vested interest in his or her account. For vested balances greater than $7,000, distributions will be made in equal annual installments over a five-year period with an additional year (up to an additional five years) for every $225,000, or fraction thereof, that the account value exceeds $1,130,000. For termination of service for other reasons, a participant with a total vested value of $5,000 or less will receive the value of the vested interest in his or her account as a lump-sum distribution. For balances greater than $5,000, a participant will receive annual installments over a five-year period following the Plan year in which the participant elects to receive a distribution. The amount to be distributed is based on the immediately preceding valuation date. Distributions are made in cash.

Notes to Financial Statements

Voting Rights

All Corporate stock held by the Trust shall be voted by the Trustee in accordance with instructions from the Plan's Fiduciary Committee. Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee shall vote any unallocated shares held by the trust, as well as any allocated shares for which a participant has failed to give timely voting direction in a manner determined by the Fiduciary Committee.

Put Option

Under federal income tax regulations, the Corporate stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Corporation buy any shares of its common stock distributed to participants for which there is no market. The put price is intended to be representative of the fair market value of the Corporation's common stock. The Corporation can finance any common stock repurchase with interest over a period not exceeding five years. The purpose of the put option is to ensure that the participants have the ability to ultimately obtain cash for the value of their shares.

Diversification

Diversification is offered to participants close to retirement age so that they may have the opportunity to direct part of the value of their investment in Corporation stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. During 2025, the Corporation did not repurchase any shares from participants.

Administration of Plan Assets

The Plan's assets, which consist of a portion of the Corporation's common stock, are held by the Trustee of the Plan.

Corporate contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The Trustee also administers the payment of interest and principal on the loans, which are reimbursed to the Trustee through contributions as determined by the Corporation.

Certain administrative functions are performed by officers or employees of the Corporation. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Corporation.

Notes to Financial Statements

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. The fair value of TechSmith Corporation common stock is one such significant estimate. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian and appraiser. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. The net change in fair value of investments includes the Plan's gains and losses on stock bought and sold as well as held during the year.

Contributions

Employer contributions are recorded in the period in which they become the obligations of the Corporation.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Plan's administrative expenses, including an allocation of salaries related to Plan administration, and legal costs are paid by the Corporation and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Corporation are excluded from these financial statements. The Corporation paid the operating expenses for the Plan in 2025, with the exception of certain bank and recordkeeping fees.

Notes to Financial Statements

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to the most recent statement of net assets available for benefits presented herein, through the date these financial statements were available to be issued.

3. INVESTMENTS

The following tables present the Plan's investment in TechSmith Corporation's common stock at December 31:

	2025		2024	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	312,615	287,385	251,076	348,924
Cost	$ 7,242,251	$ 6,657,749	$ 5,816,594	$ 8,083,406
Estimated fair value	$ 6,174,149	$ 5,675,851	$ 4,235,652	$ 5,886,348

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

TechSmith Corporation - common stock: The fair value of TechSmith Corporation common stock held by the Plan is valued at estimated fair value based upon an independent appraisal. This appraisal is based upon a combination of several different approaches for valuation of the common stock, specifically, income based, asset based, and market based approaches. The appraiser considered historical and projected cash flow and net income, return on assets, return on equity, market comparable, and estimated fair value of Corporate assets and liabilities.

The valuation process involves Plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the reviewed financial statements of the Corporation. The appraiser prepares a preliminary report which Plan management reviews, discusses and approves. The estimated fair value of common stock of the Corporation as of December 31, 2025 and 2024, was $19.75 and $16.87 per share, respectively, and is classified as Level 3.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value at December 31:

2025	Level 1	Level 2	Level 3	Total
Investment in TechSmith Corporation common stock	$ -	$ -	$ 11,850,000	$ 11,850,000

2024	Level 1	Level 2	Level 3	Total
Investment in TechSmith Corporation common stock	$ -	$ -	$ 10,122,000	$ 10,122,000

Notes to Financial Statements

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers into or out of Level 3 during 2025 and 2024.

The following tables set forth a summary of changes in the fair value of the Plan's Level 3 assets invested in TechSmith Corporation common stock for the year ended December 31, 2025:

Balance, beginning of year	$ 10,122,000
Unrealized gains relating to stock held at the reporting date	1,728,000
Balance, end of year	**$ 11,850,000**

5. LOANS PAYABLE

During 2021, the Plan entered into a $13,900,000 loan agreement with the Corporation. The proceeds of the loan were used to purchase 600,000 shares of the Corporation's common stock. Unallocated shares serve as collateral for repayment of the loan. The agreement provides for the loan to be repaid in annual installments through 2030, including interest charged at 1.90%.

Scheduled principal reductions on the loans for each of the five years succeeding December 31, 2025, are summarized as follows:

Year	Amount
2026	$ 1,390,000
2027	1,390,000
2028	1,390,000
2029	1,390,000
2030	1,275,798
Total	**$ 6,835,798**

Notes to Financial Statements

6. COMPANY ADVANCES

During 2025, the Corporation advanced $56,576 in cash to the Plan to cover the Plan's distribution and expense obligations. This advance was an interest-free loan to the Plan. No collateral has been taken for this loan. Plan management believes that the loan complies with the requirements of Department of Labor Prohibited Transaction Class Exemption 80-26.

The proceeds of the loan were used to fund cash distributions to participants and pay Plan expenses. The advance was converted to a contribution in 2025.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Corporation common stock and has indebtedness due to the Corporation. These are related party and party-in-interest transactions. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA. As described in Note 2, the Corporation has historically paid all Plan expenses, with the exception of certain bank and recordkeeping fees, and other expenses, which totaled $152 in 2025.

8. TAX STATUS

The Plan has received a favorable determination letter dated April 21, 2023, from the IRS, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's legal counsel believe that the Plan is designed in compliance with the applicable requirements of the IRC. Additionally, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. While the Plan may be subject to routine audits by taxing jurisdictions, there are currently no audits for any tax periods in progress.

9. PLAN TERMINATION

The Corporation reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan agreement and the IRC. Upon termination of the Plan, the Plan's Trustee will pay all liabilities and expenses of the trust fund.

Notes to Financial Statements

10. RISKS AND ECONOMIC UNCERTAINTIES

The Plan invests in the common stock of the Corporation. The Corporation's common stock is exposed to various risks, such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows, recent transactions, and other such techniques. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of interest rate, market, and credit risks inherent in estimates and assumptions with the Plan's investment, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.
