INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Association of American Railroads Retiree Life Insurance Trust Plan
Washington, DC

Opinion

We have audited the accompanying financial statements of Association of American Railroads Retiree Life Insurance Trust Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Association of American Railroads Retiree Life Insurance Trust Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Association of American Railroads Retiree Life Insurance Trust Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Association of American Railroads Retiree Life Insurance Trust Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Association of American Railroads Retiree Life Insurance Trust Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Association of American Railroads Retiree Life Insurance Trust Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule of Assets (Held At End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ASSOCIATION OF AMERICAN RAILROADS
RETIREE LIFE INSURANCE TRUST PLAN
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Association of American Railroads Retiree Life Insurance Trust Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan provides life insurance to qualified retirees of the Association of American Railroads (AAR). Medical and dental insurance coverage for active and retired employee is provided for under the AAR Employee Flexible Benefits Plan and life insurance benefits for active employees are provided for under the AAR Global Employee Benefit Plan. As a result, the corresponding obligations for these benefits are also accounted for under the Employee Flexible Benefits Plan and the Global Employee Benefits Plan. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan includes eligible employees of AAR and its two wholly owned subsidiaries, RAILINC Corp. (RAILINC) and Transportation Technology Center, Inc. (d/b/a MxV Rail) (TTCI). The Plan was closed to new employees hired on or after the following dates: AAR – January 1, 2001; RAILINC – January 1, 1998; and TTCI – January 1, 2004. Therefore, employees hired on or after these dates are not eligible to receive retiree life insurance benefits.

Eligibility

Current and former employees of AAR and its Subsidiaries are eligible for benefits under this Plan as follows: AAR – age 60 with ten years of service and hired before January 1, 2001; RAILINC – age 60 with ten years of service and hired prior to January 1, 1998; and TTCI – age 60 with ten years of service and hired before January 1, 2004. The benefits to be paid by the Plan are based on certain predetermined percentages of the participants' basic annual compensation in accordance with provisions contained in the Plan agreement.

Benefits

The Plan provides life insurance coverage to all qualified retirees and their beneficiaries. The Plan pays monthly premiums to Symetra Life Insurance Company (the Symetra). Symetra currently has responsibility for payment of life insurance benefits to participants' beneficiaries upon death of a plan participant.

Contributions

AAR may make discretionary contributions to increase the Plan assets to a level such that the assets held will be actuarially sufficient to pay the future life insurance premiums of qualified retirees. The responsibility for the administration of the Plan is vested in the trustees of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting standards generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Plan is responsible for payment of the administrative expenses and fees, including actuarial and recordkeeping services; however, the Plan Sponsor may at its discretion elect to pay the Plan's expenses directly. Expenses that are paid directly by the Plan sponsor and are not reimbursed by the Plan are excluded from these financial statements.

Postretirement Benefits

The amounts reported as the postretirement benefit obligation (which represents premium payments to be made on life insurance policies in effect through a group life insurance contract) represents the actuarial present value of those estimated future benefits, in the form of premium payments, that are attributed by the terms of the plan to employees' service rendered through: January 1, 2001 for AAR employees; January 1, 1998 for RAILINC employees; and January 1, 2004 for TTCI employees.

Postretirement benefits include future benefits expected to be paid for currently retired or terminated employees and their beneficiaries and dependents under life insurance provided through a group life insurance contract, and active employees and their beneficiaries and dependents after retirement from service. The postretirement benefit obligation represents the amount that is to be funded by contributions from the plan's participating employer and from existing plan assets.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Postretirement Benefits (Continued)

Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service in the industry rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by the Plan's actuary, Empower, and is the amount that results from applying actuarial assumptions to historical premiums cost data to estimate future annual incurred premiums cost per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, or withdrawal) between the valuation date and the expected date of payment of life insurance premiums.

The following were significant assumptions used in the valuations as of January 1, 2025 and 2024:

Weighted-average assumptions used to determine Net Periodic Postretirement Benefit Cost:

	2025	2024
Discount rate	5.65%	5.15%
Expected long-term return on assets	6.00%	6.00%
Rate of compensation increase	3.75%	3.75%
Average retirement age	Percentage rates vary between the ages of 60 and 65	
Mortality tables	Pri-2012 total dataset (Adjusted to 2006) with scale MP-2021	Pri-2012 total dataset (Adjusted to 2006) with scale MP-2021

Changes in actuarial assumptions used to determine the funded status of the Plan at December 31:

	2025	2024
Discount rate	5.45%	5.65%
Mortality tables	Pri-2012 total dataset with scale MP-2021	Pri-2012 total dataset with scale MP-2021

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

NOTE 3 - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the period presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds and Exchange-Traded Funds

The fair values are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Exchange-Traded Funds (ETF) are valued at the NAV of units held by the Plan at year-end. The mutual funds and ETF's held by the Plan are deemed to be actively traded.

Interest-Bearing Insured Deposits Program

These accounts are held in the Dreyfus Insured Deposit Program, which is a bank deposit "sweep" program that can provide daily interest income and FDIC insurance on balances up to $2.5 million. The fair value is the accounts balance at December 31, 2025 and 2024.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Level 1	Level 2	Level 3	Total
December 31, 2025				
Mutual Funds	$ 5,141,090	$ -	$ -	$ 5,141,090
Exchange-Traded Funds	1,349,355	-	-	1,349,355
Interest-Bearing Insured Deposits Program	38,042	-	-	38,042
Total	$ 6,528,487	$ -	$ -	$ 6,528,487

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 4,441,915	$ -	$ -	$ 4,441,915
Exchange-Traded Funds	1,313,533	-	-	1,313,533
Interest-Bearing Insured Deposits Program	35,594	-	-	35,594
Total	$ 5,791,042	$ -	$ -	$ 5,791,042

NOTE 4 - BENEFIT OBLIGATIONS

The Plan's actuary used census data and asset information as of January 1, 2025 and 2024, and a measurement date of January 1, 2025 and 2024, to calculate total projected benefit obligations as of December 31, 2025 and 2024, as follows:

	2025	2024
Postretirement benefit obligations:		
Retirees and their dependents	$ 3,877,308	$ 3,927,617
Fully eligible and other active employees	495,004	499,324
Total projected benefit obligations	$ 4,372,312	$ 4,426,941

The changes in benefit obligations for 2025 and 2024 are as follows:

	2025	2024
Postretirement benefit obligations:		
Balance at beginning of year	$ 4,426,941	$ 4,662,329
Increase (decrease) during the year attributable to:		
Benefits accumulated	247,837	245,985
Benefit/premium payments	(221,583)	(233,365)
Actuarial (gain)/loss	(80,883)	(248,008)
Balance at end of year	$ 4,372,312	$ 4,426,941

The premium payments recognized in the statements of changes in net assets available for benefits reflect only premiums paid by AAR. RAILINC and TTCI pay their respective premiums outside of the Plan and, accordingly, those amounts are not recognized in these financial statements.

NOTE 4 - BENEFIT OBLIGATIONS (Continued)

For 2025 and 2024, the premium payments made by each participating employer were as follows:

	2025	2024
Benefit/premium payments:		
AAR	$ 109,298	$ 114,071
TTCI	97,804	103,984
RAILINC	14,481	15,310
	$ 221,583	$ 233,365

Future benefit payments estimated to be paid by AAR, RAILINC, and TTCI over the next ten years are as follows:

Years ending December 31:	
2026	$ 363,449
2027	353,851
2028	343,985
2029	334,358

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, AAR has the right under the Plan to discontinue its contributions at any time and/or to terminate the Plan subject to the provisions of ERISA. Upon termination, the assets then remaining shall be subject to the applicable provisions of the Plan then in effect and shall be used until exhausted to pay benefits to employees in the order of their entitlement.

NOTE 6 - TAX STATUS

The Trust, as established on June 1, 1981, has been determined by the Internal Revenue Service to be exempt from income taxes pursuant to the provisions of Sections 501(a) and 501(c)(9) of the Internal Revenue Code (IRC). The trust has obtained a favorable tax exemption letter from the Internal Revenue Service and AAR believes that the trust and the Plan, as amended, continue to qualify and to operate as designed.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan's assets include investments in funds managed by CapTrust Financial Advisors. Empower Annuity Insurance Company provided actuarial services to the Plan. Transactions with these entities qualify as party-in-interest transactions. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 9 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 6, 2026, which is the date the financial statements were available to be issued.
