INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Vortex Companies, LLC 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Vortex Companies, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

Vortex Companies, LLC 401(k) Plan (the Plan) is a qualified retirement plan adopted by Vortex Companies, LLC established for the benefit of eligible employees of the Company to save for retirement on a tax-advantaged basis. The Plan was effective on January 1, 2017, and was amended and restated effective January 1, 2025. The Plan is administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a member of a controlled group. The following are participating employers who have adopted the Plan: Vortex Lining Systems formerly known as Quadex Lining Systems; Vortex Industrial Solutions; Quadex, LLC; Schwalm USA LLC; Vortex Infrastructure Services, LLC; Vortex Infrastructure Products, LLC; Vortex Services, LLC; United Felts, Inc.; MaxLiner LLC; Ferratex Solutions LLC; Tristate Utilities; Sancon Technologies, Inc.; and Prism Contractors & Engineers, Inc. Vortex Companies, LLC and the participating employers are hereinafter collectively referred to as the Company.

During 2025, the Plan was amended to add additional participating employers. Tristate Utilities was added effective April 1, 2025; Sancon Technologies, Inc. was added effective July 1, 2025; and Prism Contractors & Engineers, Inc. was added effective August 1, 2025.

The following description of the Plan provides only general information. Participants should refer to the legal Plan document and trust agreement for a more complete description of the Plan's provisions.

Eligibility: All non-excluded employees of the Company who have completed two months of service and have reached at least age 18 are eligible to participate in the Plan. The Plan's entry date is the first day of the month coinciding with or next following the date when an employee satisfies the eligibility requirements.

Effective January 1, 2025, the Plan was amended and restated to reduce the service requirement for Plan eligibility from six months to two months.

Contributions: Participants may elect to reduce their compensation and make a contribution to the Plan on a pre-tax basis as an elective deferral contribution, up to the maximum amount allowed by law. The Plan also allows for elective deferral contributions to be made as Roth contributions. Participants who meet applicable age requirements may defer additional amounts, called catch-up contributions, subject to limitations established by law. Participants are permitted to revoke their elections at any time during the Plan year, and may make any other modifications as of each payroll period.

The Plan includes an auto-enrollment provision. Effective January 1, 2025, the Plan was amended and restated to increase the automatic enrollment deferral rate from 3% to 6% of eligible compensation. Upon meeting the Plan's eligibility requirements, eligible participants subject to the automatic enrollment provisions are automatically enrolled in the Plan at a deferral rate of 6% of eligible compensation, unless they affirmatively elect to opt out of the Plan or elect a different deferral rate. Participants may suspend their elections at any time.

Effective January 1, 2025, the Plan became a qualified automatic contribution arrangement (QACA) safe harbor plan. Under the QACA provisions, the Company makes a safe harbor matching contribution equal to 100% of a participant's elective deferral contributions that do not exceed 1% of eligible compensation, plus 50% of elective deferral contributions between 1% and 6% of eligible compensation. The safe harbor matching contribution is determined on an annual basis. The Company may also make a discretionary matching contribution on a participant's behalf during the Plan year. Each year, the Company determines the discretionary matching contribution formula. The discretionary matching contribution will not exceed 4% of a participant's eligible compensation.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

The Company may also make a discretionary profit-sharing contribution to the Plan on a participant's behalf. Generally, participants are eligible to receive an allocation of the profit-sharing contribution if they complete at least 1,000 hours of service during the Plan year and are employed by the Company on the last day of the Plan year. Participants may also share in the profit-sharing contribution without satisfying these requirements in the year of death, disability, or termination of employment after normal retirement age, as provided by the Plan.

Employees may be permitted to deposit into the Plan distributions they have received from other retirement plans and certain IRAs. Such a deposit is called a rollover contribution.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings and losses, and (c) forfeiture of employer discretionary matching contributions and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death, and Disability: A participant becomes 100% vested in his or her account balance upon attainment of normal retirement age, death, or disability, as defined by the Plan.

Vesting: Participants are immediately vested in their elective deferral and rollover contributions. A participant's interest in their matching contribution account and profit-sharing contribution account will vest based on years of vesting service. A participant receives a 25% vested percentage after one year of vesting service and an additional 25% for each additional year of vesting service. Participants become 100% vested after four years of credited service.

Effective January 1, 2025, QACA safe harbor matching contributions are subject to a separate vesting schedule. Participants are 0% vested in QACA safe harbor matching contributions with less than two years of vesting service and become 100% vested after two years of vesting service.

In connection with the merger of the United Felts 401(k) Plan, certain participants are subject to a separate vesting schedule for profit-sharing contributions. For employees of United Felts, Inc. or an affiliated or participating employer who did not complete an hour of service on or after December 12, 2024, profit-sharing contributions vest at 0% after one year of service, 20% after two years, 40% after three years, 60% after four years, 80% after five years, and 100% after six years of service. These participants become 100% vested upon death or disability.

Payment of Benefits: After a participant's termination of employment from the Company, the vested account balance will be distributed directly to the participant in cash as soon as administratively feasible. Participant consent is generally required if the vested account balance exceeds $5,000. With respect to a mandatory distribution that exceeds $1,000 but does not exceed $5,000, if the participant makes no affirmative election to receive or roll over the distribution, the amount will be automatically rolled over to an individual retirement account. Distributions upon death will be made pursuant to the election of the participant or the designated beneficiary.

Participants may receive certain in-service distributions from fully vested accounts, subject to the limitations specified in the legal Plan document. The Plan also permits certain in-service distributions upon attainment of age 55. Applicable law generally restricts in-service distributions from elective deferral accounts and certain other accounts before a participant attains age 59½.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants: Loans are made available under the Plan on a reasonably equivalent basis. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance, or $50,000 reduced by the highest outstanding loan balance in the last 12 months. The loans are secured by the balance in the participant's account. All Plan loans bear an interest rate of prime rate plus 2%. The interest rate remains fixed throughout the term of the loan. All loans must be repaid in level payments on at least a quarterly basis over a five-year period, unless the loan is for the purchase of the participant's principal residence, in which case the loan repayment period may not extend beyond 20 years from the date of the loan. Participants may only have one Plan loan outstanding at any given time. Loans will only be granted in the event of a Participant's hardship or for the purpose of enabling a Participant to meet specified financial situations.

Forfeitures: If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures may be used to reduce employer contributions or to pay Plan expenses. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $59,007 and $29,634, respectively. During 2025, forfeitures of $59,592 were used to reduce employer contributions and $7,294 were used to pay plan expenses.

Plan Termination: Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participant accounts will become 100% vested. The Company will direct the distribution of participant accounts in a manner permitted by the Plan as soon as practicable.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management related expenses are included in net appreciation in fair value of investments.

Transfers from Other Plan: Effective January 1, 2025, United Felts 401(k) Plan (United Felts Plan) was merged into the Plan. The Company launched United Felts, Inc. in January 2024, which was the result of the acquisition of Applied Felts Inc., Ferratex Solutions LLC and MaxLiner LLC. The transfer of $7,403,397 in net assets of the United Felts Plan into the Plan was completed in February 2025.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through October 15, 2026 which is the date the financial statements were available to be issued.

Effective January 12, 2026, the Company adopted the FlexPEP(k) Pooled Employer 401(k) Plan, and the Plan merged into the FlexPEP(k) Pooled Employer 401(k) Plan. Participant accounts and benefit obligations continued under the successor plan. Investments, with the exception of the Stable Value Fund, were liquidated on January 12, 2026, and net assets totaling $34,807,923 (unaudited) was transferred to the FlexPEP(k) Pooled Employer 401(k) Plan. Participant loans and other noncash assets were transferred separately.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: The Plan's investments, other than the fully benefit responsive investment contract, are reported at fair value as further described in Notes 4 and 5. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Excess Contributions: Refunds of excess participant deferral contributions may be required to satisfy the relevant nondiscrimination provisions of the Plan. Such refunds are accrued as a liability and reduction in contributions in the Plan year in which the excess deferrals were made to the Plan.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, credit and risks related to global events. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such chance could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefit.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by American United Life Insurance Company (AUL).

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing as asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Pooled Separate Accounts: The fair values of participant units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transactions prices. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit.

Investments measured at fair value on a recurring basis are summarized below:

	2025			
	Total	Level 1	Level 2	Level 3
Pooled separate accounts*	$ 34,043,241	$ -	$ -	$ -
Total investments at fair value	$ 34,043,241	$ -	$ -	$ -

	2024			
	Total	Level 1	Level 2	Level 3
Pooled separate accounts*	$ 15,107,068	$ -	$ -	$ -
Total investments at fair value	$ 15,107,068	$ -	$ -	$ -

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 – GROUP ANNUITY CONTRACT

The Plan holds a fully benefit-responsive group annuity contract with AUL, which provides the Stable Value Account (SVA) investment option. The contract is part of a guaranteed benefit group annuity agreement and is backed by AUL's general account. The SVA is reported at contract value, which is the amount participants would receive for withdrawals or transfers under normal plan operations.

AUL credits interest to SVA balances daily based on a guaranteed annual interest rate declared in advance of each calendar year. The minimum guaranteed rate is 0%. Participants' balances cannot decline due to market performance.

Participants may generally withdraw or transfer funds from the SVA at contract value for retirement, death or disability, financial hardship, termination of employment, or required minimum distributions. These withdrawals are not subject to charges.

While the contract is designed to be benefit-responsive, there are certain events that may limit access or result in delayed payments or charges, including Plan termination, mass layoffs or facility closures, Employer bankruptcy or shutdown, or large withdrawals exceeding 20% of plan assets in a year. In these cases, SVA funds may be moved to an interest-bearing account, payouts may be delayed up to 12 months, and withdrawal charges may apply depending on the circumstances.

Additionally, pursuant to a February 1, 2021 contract amendment, transfers from the SVA to competing investment options (such as money market or other short-duration fixed income funds) are prohibited. Further, amounts transferred from the SVA to a non-competing investment option may not be transferred back into the SVA or into a competing investment option until 90 days have elapsed from the date of the original transfer.

If the contract is terminated, all SVA balances will continue to earn interest but may be subject to delayed payout and withdrawal limitations as noted above.

NOTE 6 – PARTY IN INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds units of pooled separate accounts managed by AUL and an unallocated investment contract with AUL. AUL is a service provider to the Plan and, therefore, these transactions and the Plan's payment of fees to AUL and its affiliates qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 7 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the non-standardized pre-approved plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended from the original non-standardized pre-approved plan document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

(Continued)

NOTE 7 – TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 35,628,300	$ 16,167,799
Participant contributions receivable	-	(74)
Employer contributions receivable	(137,353)	(628,320)
Excess participant contributions payable	3,747	2,971
Net assets available for benefits per the Form 5500	$ 35,494,694	$ 15,542,376

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2025, per the financial statements to the net income reported in the 2025 Form 5500:

Increase in net assets available for benefits per the financial statements	$ 12,057,103
Add: employer contributions receivable at December 31, 2024	628,320
Add: participant contributions receivable at December 31, 2024	74
Less: excess participant contributions payable at December 31, 2024	(2,971)
Less: employer contributions receivable at December 31, 2025	(137,353)
Add: excess participant contributions payable at December 31, 2025	3,747
Net income per the Form 5500	$ 12,548,920
