To Plan Participants and Administrator
Chem Carriers, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Chem Carriers, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Chem Carriers, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2023 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Chem Carriers, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Chem Carriers, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Chem Carriers, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Chem Carriers, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter —Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) and schedule of Delinquent Participant Contributions as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of the Chem Carriers, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

a) *General* – The Plan is a defined contribution plan effective on January 1, 2023. The Plan covers all eligible employees of the plan sponsor, Chem Carriers, LLC ("Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b) *Eligibility* – Employees become eligible to participate in the Plan upon the completion of three months of service, regardless of age. Eligible employees are able to enter into the Plan on the first day of the quarter coinciding with or following the date they become eligible. Employees that are union or non-resident aliens are not eligible to contribute.

c) *Contributions* – The IRS determines the amount that participants can contribute in a calendar year. Participants are limited to a maximum of $23,500 in salary reductions for the years ended December 31, 2025 with an additional $7,500 in catch up contributions for employees age 50 and older. The Plan currently offers investments through a life insurance company, which in turn offers the participants the ability to invest in various investment options at their individual direction. Each individual employer determines what, if any, matching contributions it will make to the Plan. The individual employer contributions are invested according to the provisions of each individual plan and are subject to certain limitations.

The Company may make matching contributions each pay period, for participants that have completed 1000 hours of service during, and were employed on the last day of, the Plan Year. The Company match applies to elective deferrals for all eligible participants, including Roth and Catch-up contributions. During 2025, the Company matched 50% of participant contributions up to 10% of compensation contributed by participants (or 5% of compensation maximum Company match).

The Company may make non-elective contributions annually, for participants that have completed 1,000 hours of service during, and were employed on the last day of, the Plan Year. Non-elective contributions are determined at

the end of the Plan Year and are allocated on an integrated basis, depending on the Plan's Top-Heavy status. No non-elective contributions were made for 2025.

d) *Participants Accounts* – Each participant's account is credited and/or reduced with the participant's contributions and withdrawals, employer matching contributions, and allocations of the Plan earnings and losses and administrative expenses. Participants direct their account balances among investment accounts maintained by Voya Retirement Insurance and Annuity Company, the Custodian. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's individual vested account.

e) *Vesting* – Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts, plus actual earnings thereon, is determined by a two to six year graded schedule. Participants become 20% vested after two years of service, and an additional 20% each year thereafter until fully vested is achieved at six years of service.

f) *Notes Receivable from Participants* – The loans are secured by the balance in the participant's account and bear interest at Prime Rate plus 1%. Participants are only allowed one outstanding loan at a time, with a minimum loan requirement of $1,000. Principal and interest are paid through monthly payroll deductions as determined by the loan agreement. Delinquent notes receivable from participants are reclassified as distributions.

g) *Payment of Benefits* – On termination of service due to death, disability or retirement, a participant, or their beneficiaries, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or annual installments based on a predetermined length of time. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

h) *Forfeited accounts* – At December 31, 2025 and 2024, forfeited nonvested accounts totaled $92,535 and $77,136, respectively. These accounts can be used to reduce future employer contributions and Plan expenses according to each individual employer's balance in these accounts. During the year ended December 31, 2025 forfeitures of $13,000 were used to pay Plan expenses and $350 to reduce employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the guaranteed investment contract which is reported at contract value (Note 6). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are reclassified as distributions based on the terms of the individual employer's Plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the employers. Expenses that are paid by the employers are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

3. Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to December 31, 2025 through October 15, 2026, which is the date the financial statements were available to be issued.

4. Information Prepared and Certified by the Custodian

The following is a summary of the Plan's financial information and data certified by Voya Retirement Insurance and Annuity Company, (the "Custodian") as complete and accurate in accordance with 29 CFR 2520.103-5(c) of the DOL's Rules and Regulation for Reporting and Disclosure under ERISA.

December 31,	**2025**	2024
Investments:		
Pooled separate accounts, at fair value	**$ 7,987,670**	**$** 6,365,537
Guaranteed investment contract, at contract value	**362,756**	230,513

Year ended December 31,	**2025**
Investment income:	
Net appreciation in fair value of investments	**$ 1,726,920**

5. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts – The units of pooled separate accounts are stated at fair value as determined by the issuer of the account based on the fair value of the underlying investment which are mutual funds with quoted prices in an active market. As such, pooled separate accounts are classified as Level 1 in the fair value hierarchy.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value.

	As of December 31, 2025			
Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$7,987,670	–	–	$7,987,670
	$7,987,670	–	–	$7,987,670

	As of December 31, 2024			
Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$6,365,537	–	–	$6,365,537
	$6,365,537	–	–	$6,365,537

6. Guaranteed investment contract (GIC)

The Plan' holds a guaranteed investment contact (GIC) with Voya Retirement Insurance and Annuity Company (Voya), under the investment fund, Voya Fixed Account. Voya maintains the contributions in a general account. The contracts underlying this investment option are considered to be fully benefit responsive.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value was $362,756 and $230,513 as of December 31, 2025 and 2024, respectively.

The Plan's ability to receive amounts due is dependent on Voya's ability to meet its financial obligations. Voya's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Voya may impose restrictions on the ability to move funds into or out of this investment option. Withdrawals from the Voya Fixed Account for other than the payment of benefits to participants may be subject to a Market Value Adjustment and a surrender charge.

7. Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

8. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services and other administrative fees amounted to $24,362 for the year ended December 31, 2025. In addition, certain administrative service fees to the Plan are included in investment income.

All of the party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

10. Tax Status

The Plan is a pre-approved defined contribution plan ("Pre-approved Plan") sponsored by Voya Retirement Insurance and Annuity Company ("Voya"). Voya obtained its latest opinion letter dated June 30, 2020 that the Pre-approved Plan, as then designed, was in compliance with the applicable requirements of IRC. is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan management believes that the Plan is currently designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore, believes that the Plan is qualified, as the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.
