Independent Auditor's Report

October 15, 2026

Plan Administrator
New Tech Engineering LP 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the New Tech Engineering LP 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following brief description of the New Tech Engineering LP 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of New Tech Engineering, LP (Plan Sponsor), and adopting employers including; New Auburn Energy Management, LLC, New Tech Global Environmental, LLC, New Tech Global Rig Personnel, LLC, New Tech Global Staffing, LLC, New Tech Global Ventures, LLC, NTGSH JV, LLC, and New Tech Global Rig Personnel, LLC (collectively, the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was initially adopted by the Employer on December 15, 2005 and has since been amended and restated.

New Tech Engineering, LP is named as the plan administrator. Empower Annuity Insurance Company of America (EAICA) serves as the asset custodian of the Plan's group annuity contract. Empower Trust Company, LLC (ETC) serves as the asset custodian of the Plan's mutual funds and notes receivable from participants. An officer of the Plan Sponsor serves as the trustee of the Plan.

In 2025, the Plan Sponsor identified an operational failure dating back to 2018, involving the inclusion of New Tech Global Rig Personnel LLC as a participating employer prior to a formal plan amendment. In accordance with IRS Notice 2023-43 and Section 305 of the SECURE 2.0 Act, the Plan Sponsor determined the failure qualified as an Eligible Inadvertent Failure under the Employee Plans Compliance Resolution System (EPCRS). The failure was corrected via a retroactive plan amendment executed on September 24, 2025 formally recognizing New Tech Global Rig Personnel LLC as a participating employer effective January 1, 2018. The correction was completed within 18 months of identification and did not reduce participant benefits. The Plan Sponsor has updated its compliance procedures to prevent recurrence and will reflect the amendment in future filings and disclosures.

Eligibility

Participation in the Plan is available for eligible employees who are 21 years or older and who have been employed for 90 days. Eligible employees may participate in the Plan on the first day of each plan quarter coinciding with or following the date on which the employee meets the eligibility requirements. Effective February 2025, the plan was amended to allow eligible employees to participate in the Plan on the first day of each plan month coinciding with or following the date on which the employee meets the eligibility requirements. The Plan includes a savings feature designed to permit the employees and the Employer to contribute to the Plan, at amounts allowable under Section 401(k) of the Internal Revenue Code (IRC). Employees become eligible to receive safe harbor matching contributions, discretionary profit-sharing contributions and discretionary employer matching contributions from the Employer after attaining the age of 21 and completing one year of service.

Contributions

An eligible employee may participate in the Plan by electing to defer a percentage of their compensation, on a pre-tax or Roth basis, of up to 90% of their eligible compensation subject to limitations of the IRC. Eligible participants who have attained age 50 before the close of the plan year are eligible to make catch-up contributions subject to the limitations of the IRC. The Plan also accepts participant rollover contributions from other qualified plans or individual retirement accounts.

The Employer made safe harbor matching contributions for the year ended December 31, 2025, to all eligible participants in an amount equal to 100% of the first 3% of the participant's eligible compensation contributed to the Plan and 50% of the next 2% of the participant's eligible compensation contributed to the Plan. Additionally, the Employer may elect to make discretionary profit-sharing contributions and discretionary employer matching contributions. The Employer did not make discretionary profit-sharing contributions or discretionary employer matching contributions for the year ended December 31, 2025.

Vesting

Participants are always 100% vested in their voluntary contributions, safe harbor employer matching contributions, and accumulated earnings thereon. A participant's interest in all other contributions made by the Employer begins vesting at 20% after one year of service, increasing 20% each year thereafter, with the participant 100% vested after five years.

Forfeitures

There were $0 and $974 of forfeited non-vested amounts available at December 31, 2025 and 2024, respectively. Forfeitures may be used to reduce future employer contributions or to offset plan expenses. For the year ended December 31, 2025, $987 and $988 in forfeitures were utilized to reduce employer matching contributions and to offset plan expenses, respectively.

Participant Accounts

Upon enrollment in the Plan, participants may direct the asset custodians with regard to the investment of their account balances into the various investment options offered by the Plan. Participants may change their investment elections at any time.

Each participant's account is credited with the participant's contributions, allocations of the employer contributions, and plan investment earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Notes receivable from participants are loans to participants secured by the vested portion of their accounts. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the highest outstanding loan balance during the preceding 12 months, or 50% of the vested portion of their account balances. A participant may not have more than one loan outstanding at any time. Interest rates are based on the prime rate plus 2%. Principal and interest are generally repaid through payroll deductions. Loan terms are limited to five years unless for the purchase of a primary residence, in which case the term may be extended beyond five years.

Benefit Payments

Distributions may be made to participants or their beneficiaries upon termination of employment, retirement, disability or death, as applicable. Under certain circumstances, plan participants may make withdrawals from their account while still employed for reasons of financial hardship, upon the attainment of age 59½, and for other such reasons. Participant account balances below specified thresholds may be distributed automatically or rolled over into an individual retirement account in accordance with the Plan's provisions. Withdrawals from the Plan may be subject to income taxes on contributions and income earned.

Note 2 - Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments of the Plan, except for the fully benefit-responsive group annuity contract, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for the benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for a discussion of fair value measurements and Note 5 for a discussion of contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation of the fair value of investments includes realized gains or losses on investments bought and sold during the year as well as unrealized gains or losses on the investments held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. In general, notes receivable from participants are placed into default in the calendar quarter following the quarter in which no payment on the note is made, and such defaults are recognized as distributions based upon the terms of the plan document when a distributable event has occurred.

Contributions

Contributions from participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation. The Employer's discretionary profit-sharing contributions are recorded in the plan year in which participant compensation is paid.

Benefit Payments

Benefits paid to participants or beneficiaries are recorded when paid.

Administrative Expenses

Fees related to the administration of notes receivable from participants and certain other administrative and transactional fees are charged directly to the participant's account. Certain costs and expenses incurred in connection with the operation of the Plan are paid by the Plan, unless paid by the Employer, at its discretion. Investment-related expenses are included in net appreciation or depreciation in the fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investment in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with the Plan's investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and may impact participants' account balances, and the amounts reported in the financial statements.

Subsequent Events

The plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 15, 2026, which is the date the financial statements were available to be issued. See Note 10.

Note 3 - Information Certified by the Plan's Asset Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from EAICA and ETC as of December 31, 2025 and 2024, and for the year ended December 31, 2025, that all of the information provided is complete and accurate. Information included in the financial statements and accompanying notes to financial statements as to investments, notes receivable from participants, investment income and interest income on notes receivable from participants, and all information in the supplemental schedule is presented in reliance solely upon these certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements, the accompanying notes to the financial statements and the supplemental schedule.

Note 4 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2025 and 2024.

Mutual Funds: These funds are valued daily based upon their quoted market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$23,602,920**	**$ -**	**$ -**	**$ 23,602,920**
Total investments at fair value				**$ 23,602,920**

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$18,135,939	$ -	$ -	$ 18,135,939
Total investments at fair value				$ 18,135,939

Note 5 - Group Annuity Contract with Empower Annuity Insurance Company of America

The Plan has a fully benefit-responsive group annuity contract with EAICA, the Key Guaranteed Portfolio Fund. EAICA maintains the contributions in an unallocated contract account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. EAICA is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. For the year ended December 31, 2025, the rate was 1.45%.

As described in Note 2, because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Amounts allocated to the Key Guaranteed Portfolio Fund earn interest at the higher of the rate guaranteed under the contract or the current rates established and declared by EAICA prior to each calendar quarter. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable of occurring.

The group annuity contract does not permit EAICA to terminate the agreement prior to the scheduled maturity date.

Note 6 - Federal Income Tax

The pre-approved plan adopted by the Plan received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that it was in compliance with the applicable requirements of the IRC. The pre-approved plan has been amended since receiving its IRS letter; however, the plan administrator believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Party-in-Interest Transactions

The group annuity contract is issued by EAICA, a party-in-interest with respect to the Plan. The Plan also engages in transactions with participants related to notes receivable, which are party-in-interest transactions with respect to the Plan. These transactions are covered by an exemption from the "prohibited transactions" provisions of ERISA and the IRC.

Note 8 - Plan Termination

The Employer has the right under the plan document to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become 100% vested in their account balances. See Note 10.

Note 9 - Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the net assets per the Form 5500 at December 31, 2025 and 2024:

	December 31,	
	2025	2024
Net assets available for benefits per the financial statements	**$ 27,555,153**	$ 21,328,005
Less: Employer contributions receivable	**(1,544,189)**	(1,260,464)
Less: Accumulated deemed distributions	**(77,577)**	(59,973)
Net assets per the Form 5500	**$ 25,933,387**	$ 20,007,568

A deemed distribution is defined as a participant loan defaulted for income tax purposes, but not for financial statement presentation until the participant experiences a distributable event under the plan document.

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per the Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	$ 6,227,148
Less: Change in employer contributions receivable	(283,725)
Less: Change in accumulated deemed distributions	(17,604)
Net income per the Form 5500	$ 5,925,819

Note 10 - Subsequent Events

In May 2026, the Plan Sponsor entered into an agreement to sell the majority of its assets to a third party. The transaction closed in July 2026. Management has evaluated the impact of the transaction on the Plan and has concluded that it resulted in a partial termination of the Plan. Accordingly, the accounts of all affected participants became fully vested as of the closing date of the sale. Because the Employer's contributions are made under a safe harbor arrangement and are 100% immediately vested when contributed, the partial plan termination had no effect on the vesting of participants' safe harbor matching contribution accounts. No adjustment has been made to the accompanying financial statements for this subsequent event.
