Independent Auditors' Report

To the Plan Trustees and Administrator of the
Walt's Food Center 401(k) Profit Sharing Trust

Scope and Nature of the ERISA 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Walt's Food Center 401(k) Profit Sharing Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Walt's Food Center 401(k) Profit Sharing Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets all the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Walt's Food Center 401(k) Profit Sharing Trust and to meet our ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate basis to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Walt's Food Center 401(k) Profit Sharing Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Walt's Food Center 401(k) Profit Sharing Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Walt's Food Center 401(k) Profit Sharing Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Summary of significant accounting policies

Basis of accounting

The financial statements of the Walt's Food Center 401(k) Profit Sharing Trust (the "Plan") are prepared using the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis, and related fees are charged directly to the borrowing participant's account when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. During the year ended December 31, 2025, delinquent loans reclassified as benefit payments were $17,480 ($568 for 2024).

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. All of the Plan's investments are participant directed.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Note 2. Description of Plan

The following Plan description provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Walter Lagestee, Inc. (the "Employer") and covers all full-time employees who are at least 21 years of age and have completed one year of service. Participants who are at least 18 years of age but less than 21 shall accrue years of service with the Plan for the purpose of determining vesting in future Employer contributions. The Plan is governed by a Board of Trustees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the maximum amount allowed under the Internal Revenue Code, and those who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan, and the Plan allows participants to designate a portion of their contribution as a Roth elective deferral. Further, the Plan provides a safe-harbor matching contribution from the Employer equal to 100% of the first 4% of a participant's contributions' The Plan also allows for the Employer to make an additional contribution, solely at the discretion of the Employer's Board of Directors.

Participants' accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer contribution, (b) Plan earnings, (c) forfeitures of terminated participants' nonvested accounts, and charged with an allocation of any administrative expenses paid by the Plan. Employer contributions are allocated using a factor of the participants' annual wages. Earnings, forfeitures and administrative expenses are allocated based upon participant account balances, as defined in the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's discretionary contribution portion of their accounts plus actual earnings thereon commences as of December 31, next following the completion of one year of service, as defined in the Plan. Participants normally become fully vested in this discretionary contribution after six years of service. In the event of death, disability or retirement at designated ages, a participant's account becomes fully vested.

Note 2. Description of Plan (continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at the rate between 8.50%-9.50%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

Upon retirement, termination of service, death, total or permanent disability, or reaching age 70½, participants are eligible for lump-sum benefit payments based upon their vested interest in their account.

Forfeited accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $10 and $3, respectively. These accounts may either be reallocated to participants, used to reduce employer contributions, or used to pay administrative expenses of the Plan. In 2025, no forfeitures were used to reduce employer contributions ($206 in 2024). Also, in 2025 no forfeitures were used to pay administrative expenses ($62 in 2024).

Note 3. Investments

As of December 31, 2025, Voya Retirement Insurance and Annuity Company ("VRIAC") holds the funds for the Plan and maintains an individual account for each participant. Contributions made on a participant's behalf are directly allocated to that participant's account and are invested, based on the individual's direction, in pooled separate accounts and/or guaranteed investment contracts.

Note 4. Fair value measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

Note 4. Fair value measurements (continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There were, however, no investments for 2025 or 2024 whose fair values were measured using the fair value hierarchy.

Investment measured at net asset value

The investments measured at net asset value (NAV) represent units of pooled separate accounts maintained by the trustee, VRIAC, and are comprised of investments in various mutual funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily and there are no unfunded commitments, nor are there participant redemption restrictions for these investments. Investments measured at net asset value are not classified in the fair value hierarchy described above.

	December 31, 2025	December 31, 2024
Investments measured at net asset value:		
Pooled separate accounts	$ 6,816,626	$ 5,866,046

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024, are reported in net appreciation (depreciation) in fair value of investments.

It is the policy of the Plan to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Note 5. Guaranteed investment contract with insurance company

The Plan entered into a fully benefit-responsive investment contract with VRIAC who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract meets the fully benefit-responsive investment contract ("FBRIC") criteria and, therefore, is reported at contract value in the statements of net assets available for benefits. Contract value is the relevant measure attribute for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise, and there is no maturity date on the contract. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1%. Such interest rates are reviewed on an annual basis.

Certain events limit the Plan's ability to transact at contract value with issuer. Such events include: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (e) premature termination of the contract. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a breach of a material obligation under the contract, or (d) a material misrepresentation.

Note 6. Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Date of management's review

Subsequent events were evaluated through October 14, 2026, which is the date the financial statements were available to be issued.

Note 9. Information prepared and certified by the trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by VRIAC, the trustee of the Plan.

	December 31, 2025	December 31, 2024
Investments, at fair value:		
Pooled separate accounts	$ 6,816,627	$ 5,866,046
Investments, at contract value:		
Guaranteed investment contract	347,126	886,364

	Year Ended Dec. 31, 2025	Year Ended Dec. 31, 2024
Investment income:		
Net appreciation in fair value of investments	$ 857,035	$ 687,553
Interest income on notes receivable from participants	1,548	1,596

Note 10. Related party transactions

Certain administrative expenses have been paid by the Employer on behalf of the Plan. These expenses, however, are not material to the financial statements.

Certain employees of the Employer have been appointed as Trustees of the Plan. These employees are also participants in the Plan. They do not receive any compensation from the Plan for their services as Trustee.

Note 11. Income tax status

The Internal Revenue Service ("IRS") has determined and informed the Plan's third party administrator by a letter dated June 30, 2020, that the non-standardized pre-approved Plan and the related trust are designed in accordance with applicable provisions of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, including an amendment in 2022 in order to implement the SECURE Act, the CARES Act, and other law changes, the Trustees and Plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax position that more likely than not would not be sustained upon examination by the IRS. As the Plan is tax-exempt, the Plan administrator has concluded that there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2022.
