Independent Auditor's Report

The Plan Administrator
Kinexion, Inc. 403(b) Retirement Plan
(f/k/a 403(b) Retirement Plan for IGHL & CDD)
Manorville, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Kinexion, Inc. 403(b) Retirement Plan (f/k/a 403(b) Retirement Plan for IGHL & CDD) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Disclaimer of Opinion

Prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, management has not maintained, and the Plan's trustee and recordkeeper at the time did not provide, sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – Supplemental Schedules Required by ERISA

The ERISA-required supplemental Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, and the ERISA-required supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

1. Description of the Plan

The following description of the Kinexion, Inc. 403(b) Retirement Plan (f/k/a 403(b) Retirement Plan for IGHL & CDD) (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan Document for a complete description of the Plan's provisions.

Effective June 1, 2025, the 403(b) Retirement Plan for IGHL & CDD was amended and restated. The 403(b) Retirement Plan for IGHL & CDD changed its legal name to Kinexion, Inc. 403(b) Retirement Plan.

General

The Plan is a 403(b) plan covering substantially all employees of Independent Group Home Living Program, Inc. (IGHL), The Center for Developmental Disabilities, Inc. (CDD), Maryhaven Center of Hope, Inc. (Maryhaven), The Association for Technology Dependent Children, Inc. d.b.a. Angela's House (ATDC), and East End Disability Associates (EEDA) (collectively the Plan Sponsor, or the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee and Administration of the Plan

The Plan Sponsor serves as the Plan Administrator. From January 1, 2024 through September 30, 2025, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal) served as the Plan's custodian and recordkeeper. Effective October 1, 2025, BPAS Plan Administration & Recordkeeping Services, and Hand Benefits & Trust Company, a trust company chartered under the laws of the State of Texas, both being wholly owned subsidiaries of Benefit Plans Administrative Services, Inc. (collectively, BPAS), assumed those responsibilities. The Plan also maintains assets with Mutual of America Life Insurance Company (MOA).

Eligibility

All employees other than excluded employees (non-resident aliens and employees who are eligible to participate in qualified cash or deferred arrangement), as defined by the Plan document, are eligible to participate in the Plan. There is no age or service requirement to enter the Plan.

Participant Contributions

Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan. Salary deferral agreements shall be made, terminated, or changed according to procedures and limitations set up by the Plan Administrator and the Plan document. The Plan also allows for Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatic enrollment deferral contributions are increased by 1% each year subsequent to enrollment up to 15%. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Employer Contributions

The Plan makes discretionary employer matching contributions, as approved by the Plan Sponsor for each Plan year. Participants must have performed one year of service (defined as 1,000 hours of service during the Plan year) to be eligible for the discretionary employer matching contributions. The matching contributions are directly related to employee salary-reduction contributions to the Plan. During the year ended December 31, 2025, the Plan matched 1.25% of participant eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are 100% vested in their individual deferral and rollover contributions and allocated earnings thereon. Participants are to be vested in the Plan's discretionary employer matching contributions based upon the participant's years of continuous service, as follows:

Years of Service for Vesting	Vested (%)
Less than 1	-
1	33
2	66
3+	100

Participants become fully vested in the event of retirement, death, or disability, as defined by the Plan.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of $1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or $50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the participant's account and bear an interest rate at the prime rate plus 1%, which would be made under similar circumstances and is fixed for the term of the loan. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence up to 30 years. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the Internal Revenue Code (IRC).

Payment of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum amount equal to the vested portion of the participant's account, or annual installments.

Participants may elect to roll over their vested balance to another qualified retirement plan or Individual Retirement Account (IRA). Immediate lump-sum distributions may be made to terminated participants if the participant's vested account balance is $1,000 or less. For terminated participants with vested balances greater than $1,000, but less than $5,000, their vested balance may be automatically rolled into an IRA unless otherwise elected. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures of employer contributions may be used to pay administrative expenses and reduce future employer contributions. There were no forfeited funds used to pay administrative expenses or employer contributions in 2025. The balance in the forfeiture account as of December 31, 2025 and 2024 was $76,818 and $8, respectively.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments (except for fully benefit-responsive investment contracts, which are reported at contract value) are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 3 for a discussion of the fully benefit-responsive investment contracts valued at contract value. See Note 5 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefits Paid

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems that a participant loan is in default, the participant loan balance is reduced, and a benefit payment is recorded.

3. Investment Contracts

Fixed-Income Guaranteed Option

The Plan has benefit-responsive investment contracts with Principal as of December 31, 2024 and for the period from January 1, 2025 through September 30, 2025, and Lincoln Life & Annuity Company of New York (Lincoln) as of December 31, 2025 and for the period from October 1, 2025 to December 31, 2025. Contributions are maintained in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

MOA Interest Accumulation

The Plan has a benefit-responsive investment contract with MOA. MOA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Certain events limit the ability of the Plan to transact at contract value with Principal, Lincoln, and MOA. Such events include the following: (i) amendments to the Plan document (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Sponsor does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

These contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity dates.

4. Certified Investments

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal as of December 31, 2024 and for the period from January 1, 2025 through September 30, 2025, by BPAS as of December 31, 2025 and for the period from October 1, 2025 to December 31, 2025, and by MOA as of December 31, 2025 and 2024 and for the year ended December 31, 2025, each a qualified institution.

5. Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in the active market for identical assets or liabilities (Level 1) and the lowest priority to the unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the methodology used for assets measured at fair value:

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange

Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Interest Accounts - The guaranteed interest accounts (GIAs) are fixed return products with annual interest rate guarantees and are credited on a net daily basis at annual effective rates. Fair value is determined based on a discounted cash flow model by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer or the theoretical exit price. American General Life Insurance Company values the GIAs based on the amount paid when funds are withdrawn prior to their maturity for an event other than death, disability, termination, or retirement. The fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. The Plan invests in certain funds that impose redemption restrictions and/or redemption fees on withdrawals made within specified holding periods. Because participants may not be able to redeem their investments at the reported contract value without penalty or restriction, these investments are reported at fair value.

Pooled Separate Accounts (PSAs) - Pooled separate accounts are valued at the net asset value of the units held. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. The fair value of the underlying investments, which can consist of a single mutual fund or multiple securities, is determined using market quotations or prices obtained from independent pricing sources. The NAV, as provided by MOA, is used as a practical expedient to estimate fair value. NAV would not be used if it was probable that the investment would not be traded at NAV. The investments held by the pooled separate accounts are traded on an active market. The Plan's investments in the pooled separate accounts may be redeemed daily. There are no redemption fees or notice periods and no unfunded commitments related to the Plan's investment in PSAs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, the investments at fair value.

December 31, 2025

	Level 1	Level 2	Level 3	Balance
Mutual funds	$ 64,882,908	$ -	$ -	$ 64,882,908
Guaranteed interest account	-	149,699	-	149,699
	$ 64,882,908	$ 149,699	$ -	65,032,607
Pooled separate accounts, measured at NAV*				833,083
Total Investments, at fair value				$ 65,865,690

December 31, 2024

	Level 1	Level 2	Level 3	Balance
Mutual funds	$ 50,191,584	$ -	$ -	$ 50,191,584
Guaranteed interest account	-	143,941	-	143,941
	$ 50,191,584	$ 143,941	$ -	50,335,525
Pooled separate accounts measured at NAV*				771,724
Total Investments, at fair value				$ 51,107,249

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have been categorized in the fair value hierarchy. The fair value amounts inserted in these tables are intended to present reconciliation of the fair value hierarchy table to the amounts presented in the statements of net assets available for benefits.

There have been no changes to the methodology used as of December 31, 2025 and 2024.

6. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. Income Tax Status

Effective October 1, 2025, the Plan adopted the Benefit Plans Administrative Services LLC Non-Standardized Pre-Approved Profit Sharing/Money Purchase/Cash or Deferred Arrangement. Prior to October 1, 2025, the Plan had adopted the Principal Pre-Approved Profit Sharing/Money Purchase/Cash or Deferred Arrangement. The IRS determined, in opinion letters for both of the pre-approved Plan documents both dated June 30, 2020, that the respective pre-approved plan documents were acceptable under the applicable provisions of the IRC. Accordingly, the Plan is permitted to rely on the opinion letters issued to Benefit Plans Administrative Services LLC and Principal Financial Group. Although the Plan has been amended since adopting the applicable pre-approved plan documents, Plan management believes the Plan is currently designed and operated in compliance with applicable IRC requirements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Accounting and Payroll Records

In November 2007, the Department of Labor issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA. Prior to the amended regulations, the Plan (established in 2008) was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited

involvement, if any, by the Plan Sponsor. Accordingly, various accounting and payroll records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not sufficiently maintained by the Plan. Consequently, the financial statements have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

9. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by MOA. Participant loan and distribution processing fees are paid to BPAS, Principal, and MOA by participants. The Plan also issues loans to participants, which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

10. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

December 31,	**2025**	2024
Net Assets Available for Benefits, per the financial statements	**$ 72,152,095**	$ 57,791,184
Less: employer contribution receivable	**-**	(555,263)
Net Assets Available for Benefits, per the Form 5500	**$ 72,152,095**	$ 57,235,921

The following is a reconciliation of net change in net assets per the financial statements to the Form 5500:

Year ended December 31, 2025	
Net Increase in Net Assets Available for Benefits, per the financial statements	$ 14,360,911
Change in employer contribution receivable	555,263
Net Income, per the Form 5500	$ 14,916,174

12. Delinquent Participant Contributions

During the Plan year ended December 31, 2025, participant contributions and loan repayments totaling $272,139 were not remitted to the Plan within the period prescribed by DOL regulations.

These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Plan Sponsor corrected this in October 2026.

13. Subsequent Events

There have been no material subsequent events that occurred through October 15, 2026, the date these financial statements were available to be issued, that would require adjustment to or disclosure in these financial statements.
