INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
MOBILEONE, LLC 401(k) Plan
La Jolla, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of MOBILEONE, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an ERISA 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MOBILEONE, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MOBILEONE, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MOBILEONE, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MOBILEONE, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MOBILEONE, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule H, Part IV, Line 4a for the year ended December 31, 2025 and Schedule H, Part IV, Line 4i as of December 31, 2025) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented fairly, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. DESCRIPTION OF PLAN

The MOBILEONE, LLC 401(k) Plan (the "Plan") is a defined contribution plan established on January 1, 2018 to help its employees save for retirement. The Plan, sponsored by MobileOne, LLC (the "Company"), is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Significant elements of the Plan are summarized below. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

Eligibility

Employees are eligible to participate in the Plan if they are at least 21 years of age and have completed six months of employment, as defined. Plan entry dates are the first date of the month coinciding with or next following the date the participant satisfies the eligibility conditions. Employees who are covered by a collective bargaining agreement, leased employees, non-resident aliens who received no earned income within the United States, and residents of Puerto Rico are not eligible to participate in the Plan.

Participant Contributions

Each payroll period, participants may contribute pre-tax deferral amounts as well as after-tax amounts designated as "Roth" contributions up to 90% of their eligible compensation, subject to limitations imposed by the Internal Revenue Code ("IRC"). Participants who are age 50 or older are eligible to defer additional amounts (called "catch-up" contributions) to the Plan up to the maximum allowed by the IRC. Participants may also contribute amounts representing rollover distributions from other qualified sources.

The Plan has adopted an automatic enrollment feature such that all eligible participants (except those who affirmatively elect to not participate or who elect a different specific contribution percentage) will be automatically enrolled in the Plan with a pre-tax deferral percentage of 5%. During the 90 days after automatic enrollment contributions are first deferred from a participant's compensation, participants can withdraw their contributions by submitting a refund form to the Plan administrator, and effectively electing to not contribute. Such participants can later opt to contribute at their discretion.

Employer Contributions

The Plan does not provide for employer matching contributions or profit-sharing contributions.

Notes Receivable from Participants (Participant Loans)

Participants may borrow against their accounts a minimum of $1,000 up to a maximum generally equal to the lesser of $50,000, or 50% of their vested account balance. Participants may have only one loan outstanding at a time. Loan transactions are treated as transfers between the investment fund and the loan account balance using the same allocation method as contributions. Loan terms may not exceed 5 years unless the loan is to be used to acquire the principal residence of the participant, for which a reasonable term is determined by the Plan administrator. Loans are secured by the participant's vested account balance and bear interest at a rate equal to 1% above the prime rate. The interest rates on outstanding loans at December 31, 2025 ranged from 4.25% to 9.50%. Principal and interest are paid regularly through payroll deductions.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of Plan earnings or losses, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Certain fees, such as those charged in connection with certain distributions, are deducted from the transacting participant's account.

Investment Options

Upon enrollment in the Plan, participants may direct the allocation of their accounts to any or all of the Plan's investment options. Subsequently, participants may change their allocation and transfer account balances between the investment options in accordance with the Plan.

Investment expenses charged by the mutual funds are paid directly from the underlying assets of the respective investments and are included in the net realized and unrealized appreciation or depreciation in the fair value of investments in the statement of changes in net assets available for benefits.

Vesting

Participants are always 100% vested in their contributions and any qualified nonelective employer contributions, plus actual earnings thereon.

Payment of Benefits

Upon termination and/or attainment of normal retirement age (65), participants may generally elect to receive a distribution of their account in a single lump-sum cash distribution or defer the distribution if their account exceeds $5,000 (excluding amounts attributable to rollover contributions), as described below. The Plan does not have an early retirement feature. Participants who are age 59½ or older may request an in-service withdrawal of their vested account balance. Any vested benefits will be paid to a participant's beneficiary upon death or disability of a participant. In addition, the Plan allows for hardship distributions from the participant's contribution account balance.

Beginning in 2023, the SECURE 2.0 Act of 2022 (the "SECURE Act 2.0"), which became law on December 29, 2022, raised the age a participant must begin taking distributions to 73. If a participant reached the age of 72 during 2023, the participant may defer receiving distributions until April 1, 2025, the latest date that a required minimum distribution may be taken for 2024.

Upon a participant's employment termination, the Plan may roll over a participant's vested account balance greater than $1,000 and less than $5,000 into an individual retirement account ("IRA") managed and maintained by the custodian of the Plan, if the participant has not elected to receive a lump-sum cash distribution or have the balance rolled over into an IRA of his/her choosing. Also at its discretion, the Plan may elect to distribute vested account balances of less than $1,000.

Forfeitures

In the event a portion of a participant's account is forfeited, such amounts may be reallocated as Company contributions, used to pay Plan expenses, or used to reduce employer contributions. As of December 31, 2025 and 2024, and for the year ended December 31, 2025, there was no balance or activity in the forfeitures account except for returned or stale distribution checks.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants or the processing of distributions are charged directly to the transacting participants' accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation or depreciation in the fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Plan management has evaluated events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE TRUSTEE/CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments and notes receivable from participants held at December 31, 2025 and 2024, and net realized and unrealized appreciation or depreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, the trustee/custodian of the Plan.

NOTE 4. TAX STATUS

The Company has adopted a non-standardized pre-approved plan and relies on the pre-approved plan's opinion letter from the Internal Revenue Service ("IRS"), which states that, in its opinion, the form of the pre-approved plan is acceptable and is designed in accordance with the applicable sections of the IRC. The Company has not applied for a determination letter from the IRS specific to the Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and believes that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their accounts if not already vested.

NOTE 6. EXEMPT PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain of the Plan's operating expenses are paid by the Company and the Company provides administrative services for the Plan at no cost to the Plan. The Plan allows participants to take loans against their account balances. These transactions are considered exempt party-in-interest transactions.

NOTE 7. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025 and 2024. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Valued at the net asset value of units of the respective collective trust at contract value by the issuer and considering the value obtained from independent pricing services based on the underlying fixed income securities and considering the contracts' crediting rate.

NOTE 7. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 524,625	$ -	$ -	$ 524,625

Total investments at fair value				$ 4,585,037

[(a)] The common/collective trusts, measured at the net asset value practical expedient, has not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the total investments presented in the statements of net assets available for benefits.

The following tables summarizes certain characteristics of the Plan's investments in common/collective trusts (for which fair value is measured using the net asset value practical expedient) as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments and the redemption notice period is applicable only to the Plan.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

NOTE 9. DELINQUENT REMITTANCES

The Company identified various instances where amounts withheld from employees during 2024 totaling $576,719 were not remitted to the Plan within the reasonableness timeframe established by the Department of Labor ("DOL"). Contributions (including loan payments) and lost earnings in the amount of $66,638 and 3,047, respectively, were remitted to the Plan in April 2025.

The Company also identified various instances where amounts withheld from employees during 2025 totaling $331,073 were not remitted to the Plan within the reasonableness timeframe established by the DOL.

The Company is in the process of calculating and remitting the remaining contributions and lost earnings. Based on the actions taken and intended to be taken, Plan management and the Company believe the delinquent remittances will not cause the Plan to be disqualified by the IRS and that the self-corrective actions will allow the Plan to be in compliance with the ERISA. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

NOTE 10. SECURE 2.0 ACT

In December 2022, the SECURE 2.0 Act become law. The purpose of the legislation is to expand access to retirement plans and to help working Americans increase their retirement savings. In addition to the changes to required minimum distributions described in Note 1, the SECURE 2.0 Act includes various required and optional provisions that will become effective through 2033, certain of which are described below.

- Beginning January 1, 2025, a participant from the ages 60 to 63 can elect catch-up contributions up to the limit of the greater of $10,000 or 150% of the catch-up contribution limit imposed by the IRS.

NOTE 10. SECURE 2.0 ACT (Continued)

- Beginning January 1, 2025, long-term part-time workers (defined as employees who have worked for two consecutive 12 month periods during each of which they have at least 500 hours of service) will become eligible to enroll in their employer's retirement plan after two years
- Beginning January 1, 2026, catch-up contributions will be made on a Roth basis, unless the participant earns $150,000 or less.
- Beginning in 2033, the age for required minimum distributions will increase from age 73 to 75.

Plan management has not yet determined which of the optional provisions, if any, the Plan will implement. Plan management expects to formally amend the Plan by December 31, 2026.
