Report of Independent Auditors

To the Administrator of Paramount Global 401(k) Plan

Opinion

We have audited the accompanying financial statements of Paramount Global 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

PricewaterhouseCoopers LLP, 300 Madison Avenue, New York, New York 10017
(646) 471 3000

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. Schedule H, line 4a - Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2025 and Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 ("supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - PLAN DESCRIPTION

The following is a brief description of the Paramount Global 401(k) Plan (the "Plan") and is provided for general information only. Participants should refer to the Plan document, as amended, for more complete information regarding the Plan.

The Plan, sponsored by Paramount Global (the "Company"), is a defined contribution plan offered to substantially all of the Company's U.S. based employees who are employed by the Company or any of its participating subsidiaries and affiliates and paid through a Company payroll system. On August 7, 2025, pursuant to a transaction agreement (the "Transaction Agreement") dated as of July 7, 2024, Paramount Global and Skydance Media, LLC became wholly-owned subsidiaries of Paramount Skydance Corporation (the "Skydance Transaction").

Eligible full-time, newly hired employees may enroll in the Plan immediately or are automatically enrolled following 60 days after hire or rehire and attainment of age 21, unless they elect not to participate. Part-time employees are automatically enrolled in the Plan on the first day of the month following the attainment of age 21 and completion of 1,000 hours of service within a consecutive twelve-month period, (or if earlier, upon satisfying the special service requirement for certain long-term part-time employees), unless they already voluntarily enrolled upon meeting the age and service requirements or have elected not to participate. The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), and the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is overseen by the Paramount Global Administrative Committee (the "Administrative Committee"). The Administrative Committee has been designated as the administrator of the Plan as defined under ERISA (the "Plan Administrator") under the Plan document.

Exempt Party-in-Interest Transactions

Prior to the Skydance Transaction, certain Plan investments were shares of Paramount Global Class A Common Stock and Paramount Global Class B Common Stock and, following the Skydance Transaction, certain Plan investments are shares of Paramount Skydance Corporation Class B Common Stock, and therefore qualified (or qualify) as party-in-interest transactions. The fair value of these investments was $57 million and $51 million at December 31, 2025 and 2024, respectively. In connection with the Skydance Transaction, the Plan's shares of Paramount Global Class A Common Stock and Paramount Global Class B Common Stock were exchanged for shares of Paramount Skydance Corporation Class B Common Stock or cash in accordance with the Transaction Agreement and participant elections. For the year ended December 31, 2025, these investments appreciated by $15 million and earned dividends of $0.9 million. During the year ended December 31, 2025, the Plan sold shares of these investments for total proceeds of $79 million and purchased shares of these investments at a cost of $70 million. Total proceeds includes $3 million of cash received from participant elections in accordance with the Transaction Agreement, which was contributed to the stable value fund. All shares of Paramount Global Class A Common Stock and Paramount Global Class B Common Stock were delisted from Nasdaq and were cancelled and ceased to exist as of August 7, 2025.

Fidelity Management Trust Company (the "Trustee") is the trustee and custodian of the Plan, Fidelity Workplace Services LLC (the "Recordkeeper") is the recordkeeper of the Plan, and State Street Global Advisors Trust Company ("State Street") is an independent fiduciary for the Plan's Paramount Skydance Corporation Class B stock fund. Certain Plan investments are managed or issued by the Trustee, State Street or their affiliates and therefore qualify as party-in-interest transactions. The fair value of these investments was $48 million and $53 million at December 31, 2025 and 2024, respectively. The Plan's investments also included a synthetic guaranteed investment contract issued by State Street which expired in 2025. The contract value of this synthetic guaranteed investment contract was $60 million at December 31, 2024.

Participant Accounts

Each Plan participant's account is credited with the participant's contributions, the employer contributions, if applicable, and the participant's share of the interest, dividends, and any realized or unrealized gains or losses of the Plan's assets, net of certain Plan expenses. Plan accounts may also be debited for certain other expenses.

Participants have the option of investing contributions to their accounts and their existing account balances among various investment options. These investment options include common collective funds, registered investment companies (mutual funds), proprietary funds that consist of common collective funds and/or separately managed accounts, which primarily invest in common stocks, a stable value fund that consists of synthetic guaranteed investment contracts, and the Paramount Skydance Corporation Class B Stock Fund.

Within the Plan, the Paramount Skydance Corporation Class B Stock Fund is part of an Employee Stock Ownership Plan ("ESOP"). As a result, the Plan offers an ESOP dividend election under which Plan participants can elect to reinvest any ESOP dividends paid on vested shares in the Paramount Skydance Corporation Class B Stock Fund or to receive dividends as a cash payout. If a participant does not make an election, the dividends are reinvested in the Paramount Skydance Corporation Class B Stock Fund.

Participants may also elect to open a self-directed brokerage account ("SDA"). Participants may not contribute directly to the SDA, but may transfer balances to the SDA from other investment funds except the Stable Value Fund. A participant may transfer up to 25% of their account balance (net of loans) to the SDA. The initial transfer to the SDA may not be less than $2,500 and there is no minimum for subsequent individual transfers.

Contributions

The Plan permits participants to contribute up to 50% of eligible annual compensation on a traditional before-tax, Roth 401(k) after-tax, or combination basis and up to 15% of eligible annual compensation on a traditional after-tax basis, subject to the Code limitations set forth below. Total combined contributions for all participants may not exceed 50% of eligible annual compensation. Roth 401(k) contributions and the related earnings can be withdrawn tax-free if certain requirements are met.

The Plan provides (1) nondiscretionary employer matching contributions and (2) discretionary profit-sharing contributions. The formula for the nondiscretionary matching contributions is (a) 100% of a participant's deferrals on the first 1% of the participant's eligible compensation, plus (b) 80% of a participant's deferrals on the next 5% of the participant's eligible compensation. Any discretionary profit sharing contributions are contributed for those eligible participants who are active employees eligible for the Plan on December 31. For 2025, a discretionary profit-sharing contribution of 1.25% was made in April 2026 and is therefore included in employer contributions receivable on the Statement of Net Assets Available for Benefits.

Participants may elect to invest their contributions in any investment option, including the Paramount Skydance Corporation Class B Stock Fund. If no option is elected by the participant, the contribution is invested in the Plan's Qualified Default Investment Alternative ("QDIA"), a common collective fund that is primarily invested in a mix of equities and bonds appropriate for the participant's target retirement year, which is assumed to be at age 65.

Effective on the 60th day following the date upon which an employee becomes eligible to participate in the Plan, employees are deemed to have authorized the Company to make before-tax contributions to the Plan in an amount equal to 6% of the employee's eligible compensation. However, a deemed authorization does not take effect if, during the 60-day period, the employee elects not to participate in the Plan or to participate at a different contribution rate.

The Code limits the amount of annual participant contributions that can be made on a before-tax or Roth 401(k) basis to $23,500 for 2025. Total compensation considered under the Plan, based on Code limits, could not exceed $350,000 for 2025. The Code also limits annual aggregate participant and employer contributions to the lesser of $70,000 or 100% of compensation in 2025. All contributions made to the Plan on an annual basis may be further limited due to certain nondiscrimination requirements prescribed by the Code.

All participants who have attained age 50 before the close of the Plan year (calendar year) are eligible to make catch-up contributions. These contributions are not treated as matchable contributions. Catch-up contributions can be made if the eligible participant makes the maximum $23,500 contribution permitted for the Plan year. The limit for catch-up contributions was $7,500 in 2025.

Vesting

Participants in the Plan are immediately vested in their own contributions and earnings thereon. The Plan includes a two-year cliff vesting schedule for employer matching contributions and profit-sharing contributions (collectively "employer contributions").

Forfeitures

If a participant's employment terminates prior to being fully vested in their employer contributions, the non-vested portion of their account is forfeited and may be used for future employer contributions and, to the extent not used or designated for such contributions, to pay administrative expenses. Forfeitures are recorded at the time vested benefits are distributed or as of the close of the fifth consecutive year of break in service if no distribution was elected. During 2025, the Plan utilized forfeitures of approximately $0.4 million to pay administrative expenses and $3.6 million to fund employer contributions. As of December 31, 2025 and 2024, the Plan had forfeitures of approximately $5.1 million and $4.5 million, respectively, available to be used as noted above.

Notes Receivable from Participants

Eligible participants may request a loan for up to the lesser of 50% of the participant's vested account balance or $50,000, reduced by the highest outstanding balance of any Plan loan made to the participant during the twelve-month period ending on the day before the loan is made. The minimum loan available to a participant is $500. The interest rate on participant loans is one percentage point above the annual prime rate in effect (as published in *The Wall Street Journal*) on the first day of the calendar month in which the loan is processed. Principal and interest is payable through payroll deductions. Generally, only one loan may be outstanding at any time. Participants may elect repayment periods from 12 to 60 months commencing as soon as administratively possible following the distribution of the loan proceeds to the participant. The Plan allows participants to elect a repayment term of up to 300 months for loans used for the acquisition of a principal residence. Repayments of loan principal and interest are allocated in accordance with the participant's current investment elections. Loans outstanding at December 31, 2025 carry interest rates ranging from 4.25% to 9.50%.

Distributions and Withdrawals

Earnings on employee contributions (other than Roth contributions) and employer contributions are not subject to income tax until they are distributed or withdrawn from the Plan, although earnings on Roth contributions are taxable upon distribution if the requirements for a tax-free distribution are not met.

Participants in the Plan, or their beneficiaries, may receive their vested account balances in a lump sum, in installments over a period of up to 20 years, or in partial distributions of the account balance in the event of retirement, termination of employment, disability or death. For vested account balances invested in the Paramount Skydance Corporation Class B Stock Fund, participants may elect to receive distributions in cash or whole shares.

In general, participants must receive a required minimum distribution ("RMD") upon attainment of a certain age, unless they are still employed. For individuals who attain age 70 ½ on or after January 1, 2020, in accordance with the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), the RMD age is 72. For individuals attaining age 70 ½ on or after January 1, 2023, in accordance with the SECURE Act 2.0, the RMD age is 73.

Participants in the Plan may withdraw part or all of their after-tax and rollover contributions and the vested portion of employer matching contributions. Upon attainment of age 59 ½, participants may also withdraw all or part of their before-tax or Roth 401(k) contributions and earnings thereon. The Plan limits participants to two of the above withdrawal elections in each Plan year.

A participant may obtain a financial hardship withdrawal of the vested portion of employer matching contributions, employer discretionary profit sharing contributions and employee before-tax or Roth 401(k) contributions provided that the requirements for hardship are met and only to the extent required to relieve such financial hardship. There is no restriction on the number of hardship withdrawals permitted.

When a participant terminates employment with the Company, the full value of employee contributions and earnings thereon plus the value of all vested employer contributions and earnings thereon are eligible for distribution and can be rolled over to a tax qualified retirement plan or an Individual Retirement Account ("IRA") or remain in the Plan rather than being distributed, subject to the minimum distribution requirement. If the vested account balance is $1,000 or less and the participant does not make an election to rollover the vested account balance, it will be automatically paid in a single lump sum cash payment, and taxes will be withheld from the distribution.

Plan Expenses

Trustee fees and fees for investment of Plan assets are charged to the Plan's investment funds. Certain administrative expenses such as fees for accounting, investment consulting and employee communications may be paid by the Plan using forfeitures or may be paid by the Company. Recordkeeping fees are paid from participant accounts. For 2025, $0.4 million was paid to the Trustee and the Recordkeeper, parties in interest, for services provided during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

In accordance with Financial Accounting Standards Board ("FASB") guidance, investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Contract value was determined to be the relevant measurement for the portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis with respect to the fully benefit-responsive investment contracts.

Investment Valuation

Short-term money market investments are carried at amortized cost which approximates fair value due to the short-term maturity of these investments. Investments in common stock are reported at fair value based on quoted market

prices on national security exchanges. Investments in registered investment companies are reported at fair value based on quoted market prices in active markets. The fair value of investments in separately managed accounts is determined by the Trustee based upon the fair value of the underlying securities. The fair values of investments in common collective funds ("CCTs") are determined using the net asset value per share ("NAV") provided by the administrator of the fund. The NAV is determined by each fund's trustee based upon the fair value of the underlying assets owned by the fund, less liabilities, divided by the number of outstanding units. The common collective funds have no restrictions on participant redemptions. The notice period applicable to the Plan in the case of a full redemption varies by fund and ranges from one day to one month. The Plan had no unfunded commitments relating to the common collective funds at December 31, 2025 and 2024. The fair value of fixed income, asset-backed and mortgage-backed securities is determined by independent pricing sources based on quoted market prices, when available, or using valuation models which incorporate certain other observable inputs including recent trading activity for comparable securities and broker quoted prices. Cash and cash equivalents are valued at cost plus accrued interest, which approximates fair value.

The Plan invests in fully benefit-responsive synthetic guaranteed investment contracts through the Stable Value Fund. The value of these contracts represents the aggregate amount of deposits thereto, plus interest at the contract rate, less withdrawals. As part of their investment strategy, the managers of the Stable Value Fund may use derivative financial instruments for various purposes, including managing exposure to sector risk or movements in interest rates, extending the duration of the investment portfolio and as a substitute for cash securities. The derivative instruments typically used are interest rate futures and swaps. Interest rate swaps are recorded at fair value and marked-to-market through the duration of the contract term with an offsetting increase to unrealized appreciation (depreciation). Futures are marked-to-market and settled daily. The daily receipt or payment is recognized as unrealized appreciation (depreciation) until the contract is closed at which time the total fair value of the futures contract is recognized as a realized gain (loss).

Security Transactions and Income Recognition

Purchases and sales of securities are recorded on the trade date. The average cost basis is used to determine gains or losses on security dispositions. Interest income is accrued as earned and dividend income is recorded on the ex-dividend date.

Net appreciation or depreciation in the fair value of investments, included in the Statement of Changes in Net Assets Available for Benefits, consists of the realized gains and losses and the unrealized appreciation and depreciation on those investments presented at fair value.

Contributions

Contributions from Plan participants and nondiscretionary matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan.

Payment of Benefits

Benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan to make estimates and assumptions, such as those regarding the fair value of investments, that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from these estimates.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks such as market, interest rate and credit risk. Market values of investments could decline for several reasons including changes in prevailing markets and interest rates, increases in defaults, and credit rating downgrades. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of such securities, it is at least reasonably possible that changes in investment values in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the related Statement of Changes in Net Assets Available for Benefits.

NOTE 4 - INVESTMENTS AT CONTRACT VALUE

The Plan invests in synthetic guaranteed investment contracts, which provide for the repayment of principal plus interest through benefit-responsive wrapper contracts. A wrapper contract is issued by a third party insurance company, financial institution or bank, and is held in combination with fixed income securities to form a synthetic guaranteed investment contract. The interest crediting rate on synthetic guaranteed investment contracts reflects the yield of the associated fixed income investments, plus the amortization of realized and unrealized gains and losses on those investments, typically over the duration of the investments. Interest crediting rates are reset on a monthly or quarterly basis, and the wrapper contracts provide that adjustments to the interest crediting rate cannot result in a future interest crediting rate that is less than zero. Certain factors can influence the future interest crediting rates, including the level of market interest rates, the amount and timing of participant contributions and withdrawals, and the returns generated by the fixed income investments that are associated with the synthetic guaranteed investment contract.

Certain employer initiated events may limit the ability of the Plan to transact at contract value with the issuer. These events include, but are not limited to, full or partial termination of the Plan, a material adverse change to the provisions of the Plan, an employer election to withdraw from the contract to switch to a different investment provider, an employer's bankruptcy, layoffs, plant closings, corporate spin-offs, mergers, divestitures or other workforce restructurings, or if the terms of a successor plan do not meet the contract issuer's underwriting criteria for issuance of a replacement contract with identical terms. The Plan Administrator believes that no events are probable of occurring that may limit the ability of the Plan to transact at contract value.

The contract issuer is permitted to terminate the fully benefit-responsive investment contracts with the Plan and settle at an amount different from contract value in certain events, including loss of the Plan's qualified status, an uncured material breach of responsibility, or material adverse changes to the provisions of the Plan.

At December 31, 2025 and 2024, the contract value of the Plan's synthetic guaranteed investment contracts was $616 million and $680 million, respectively.

NOTE 5 - FAIR VALUE MEASUREMENTS

The following tables set forth the Plan's financial assets measured at fair value on a recurring basis at December 31, 2025 and 2024. See Note 2 for the valuation methodology used to measure the fair value of these investments.

There have been no changes to the methodologies used to measure the fair value of each asset from December 31, 2024 to December 31, 2025. These assets have been categorized according to the three-level fair value hierarchy established by the FASB, which prioritizes the inputs used in measuring fair value. Level 1 is based on quoted prices for the asset in active markets. Level 2 is based on inputs that are observable other than quoted market prices in Level 1, such as quoted prices for the asset in inactive markets or quoted prices for similar assets. Level 3 is based on unobservable inputs reflecting the Plan's own assumptions about the assumptions that market participants would use in pricing the asset. The asset's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The Plan has no investments classified within Level 3 of the valuation hierarchy.

(a) Primarily invested in common stock and registered investment companies. Assets categorized as Level 2 reflect investments in money market funds.

(b) Primarily invested in large and small capitalization equities. Assets categorized as Level 2 reflect investments in money market funds.

(c) Assets categorized as Level 2 reflect investments in money market funds.

(d) Primarily invested in equities and U.S. fixed income securities.

(e) Primarily invested in U.S. government securities and U.S. government agency securities.

(f) In accordance with FASB guidance, investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits. At December 31, 2025, 52% of the CCTs were invested passively in U.S. and international equities and U.S. fixed income securities, 44% of the CCTs were invested in passive target date funds and the remaining 4% of the CCTs were invested actively in U.S. small/mid cap and international equities. At December 31, 2024, 54% of the CCTs were invested passively in U.S. and international equities and U.S. fixed income securities, 41% of the CCTs were invested in passive target date funds and the remaining 5% of the CCTs were invested actively in U.S. small/mid cap and international equities.

NOTE 6 - INCOME TAX STATUS

The Internal Revenue Service ("IRS") issued a favorable determination letter dated January 13, 2015, indicating that the Plan document satisfied the requirements of Section 401(a) of the Code and that the trust thereunder is exempt from federal income taxes under the provisions of Section 501(a) of the Code. The Plan Administrator believes that, although the Plan has been amended subsequent to the date of the IRS determination, it is designed and is currently being operated in compliance with the applicable provisions of the Code.

As of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that require recognition of an asset or liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits in progress for any tax year.

NOTE 7 - TERMINATION PRIORITIES

The Company has reserved the right by action of the Paramount Skydance Corporation Board of Directors or Administrative Committee to amend or terminate the Plan provided that such action does not retroactively reduce earned participant benefits. In the event of termination of the Plan, participants become fully vested.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:
