INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ledwell and Son Enterprises, Inc. 401(K) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in

all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

Effective April 1, 1995, Ledwell & Son Enterprises, Inc. (the "Company") established the Ledwell & Son Enterprises, Inc. 401(k) Plan and Trust (the "Plan"). The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) *General*. The Plan is a profit-sharing plan covering substantially all of the employees of the Company. Employees are eligible to participate in the Plan once they have attained the age of eighteen and have completed one year of service. The Plan provides for normal retirement, disability retirement and death benefits, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended, ("ERISA").

(b) *Contributions*. Each year, participants may elect to defer up to 100% of pretax annual compensation, as defined in the Plan document. The Company has an automatic enrollment feature which requires that all newly eligible employees will automatically have a 4% deferral deducted from their compensation unless they elect not to participate. The Company may match a discretionary percentage of base compensation that a participant contributes to the Plan annually. Employer matching contributions will only be made on employee contributions not withdrawn prior to the end of the Plan year. The Company may make an additional discretionary contribution which is allocated to each eligible employee using a cross-tested formula, which is unrelated to any employee contributions. Contributions are subject to certain limitations.

(c) *Participant's Account*. Each participant's account is credited with the participant's contribution and an allocation of (1) the Company's contribution, (2) Plan earnings or losses, and (3) forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) *Vesting*. Participants are fully vested in their voluntary contributions, plus actual earnings, or losses thereon. Vesting in the employer's matching and discretionary contribution portion of their account plus actual earnings or losses thereon is based on years of continuous service.

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

(e) *Payment of Benefits*. If employees terminate before rendering six years of service, they forfeit the right to receive some or all of the benefits they have accumulated based upon their percentage of vesting at the date of termination. Employees may elect to receive the current value of their accumulated benefits as a lump-sum distribution upon retirement or early termination, or they may elect to receive cash payments in annual or more frequent installments, over the life of the employee or beneficiary.

(f) Forfeited Accounts. At December 31, 2025 and 2024, forfeited non-vested accounts were immaterial. Forfeitures are used in accordance with the provisions of the Plan document.

(g) Administrative Expenses. Substantially all administrative expenses are paid by the Plan. Indirect fees have been netted in the fund earnings.

(h) Notes Receivable from Participants. Participants may apply for loans from their vested balances in the Plan. The amount the Plan may loan is limited by rules under the Internal Revenue Code (IRC). Loans are limited to 50% of the participant's vested balance, up to a maximum of $50,000, with a minimum of $1,000. Loans generally have terms of one to five years. Participant loans bear interest at the prime rate in effect when the loan is originated.

2. Significant Accounting Policies

(a) Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Investment Valuation and Income Recognition. The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income (loss) is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Payment of Benefits. Benefits are recorded when paid.

(d) Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) Notes Receivable from Participants. Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

(f) Excess Contributions Refundable. At December 31, 2025 and 2024, liabilities of $- and $4,225, respectively, are recorded for amounts refundable by the Plan to participants for contributions made in excess of IRS limits.

3. Information Certified by the Trustee

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024, and the net change in fair value of registered investment companies and common collective trusts and net change in contract

value of guaranteed investment contract for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Institutional Trust Company, the Plan's trustee.

4. Fair Value Measurements

FASB ASC #820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- *Registered Investment Company* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Common Collective Trust* – Valued at the net asset value (NAV) of shares (using the practical expedient) held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of investments as of December 31, 2025 and 2024 are summarized in the tables below:

	Assets at Fair Value as of December 31, 2025				
	Level 1	Level 2	Level 3	Investments Measured at NAV	Total
Registered Investment Company	$ 61,654,987	$ -	$ -	$ -	$ 61,654,987

Common Collective Trust	$ -	n/a	n/a	n/a
December 31, 2024				
Common Collective Trust	$ 123,404	n/a	Daily	n/a

5. Investment in Traditional Guaranteed Investment Contract

The Plan invests in a fully benefit responsive traditional investment contract through a fund called the Voya Fixed Account. The Voya Fixed Account is a fund intended to be a long-term investment for participants seeking stability of principal. This fund is available through an annuity contract issued by ING Life Insurance and Annuity Company (ILIAC). The fund guarantees minimum rates of interest and may credit interest that exceeds the minimum guaranteed rate. The guaranteed minimum crediting interest rate for the contract for the year ended December 31, 2025, was 1.00%. ILIAC makes this guarantee, and although ILIAC may credit a higher interest rate, the credited rate will never fall below the lifetime guaranteed minimum of 1.00%.

The contract value of the Voya Fixed Account for December 31, 2025 and 2024, was $8,575,720 and $11,672,479, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

7. Plan's Tax Status

The Plan is based on the Prototype Non-Standardized Profit-Sharing Plan of Voya Retirement Insurance and Annuity Company. The Plan last received a determination letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the Prototype Plan was designed in accordance with the provisions of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. Related-Party and Parties in Interest Transactions

Certain Plan investments are shares of Registered investment companies managed by Voya Institutional Trust Company, the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

9. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$74,778,417	$70,297,128
Plus: Amounts due for excess contributions refundable	-	4,225
Less: Amounts accrued for employer match and profit-sharing contributions receivable	(1,919,301)	(1,751,932)
Net assets available for benefits per Schedule H to the Form 5500	$72,859,116	$68,549,421

The following is a reconciliation of contributions received from the employer per the financial statements for the year ended December 31, 2025, to Form 5500:

Contributions from the employer per the financial statements	$ 1,919,301
Add: Prior year contribution receivable	1,751,932
Less: Current year contribution receivable	(1,919,301)
Contributions from the employer per form 5500	$ 1,751,932

The differences noted above are a result of the Form 5500 being prepared on the cash-basis method of accounting and the financial statements being prepared on the accrual-basis.

10. Subsequent Events

In March 2026, the Company executed a retroactive amendment, effective January 1, 2025, to conform the Plan document to its operation under the Internal Revenue Service Employee Plans Compliance Resolution System. The amendment revised the definition of compensation to include bonuses for all contribution purposes. Effective January 1, 2026, the Company amended and restated the Plan. The restated Plan permits Roth elective deferrals, excludes bonuses from compensation for all contribution purposes, and retains a 4% automatic deferral rate for eligible employees subject to the automatic contribution arrangement.

Also, effective January 1, 2026, No Boarders MRI LLC d/b/a Ledwell Advanced Imaging Center adopted the Plan as a participating employer. Management has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued, and no other subsequent events were noted.
