Independent Auditors' Report

The Plan Administrator and Plan Committee
Blended Health Services 401(K) Plan
Plano, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Blended Health Services 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:

- **the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).**
- **the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).**

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- **Exercise professional judgment and maintain professional skepticism throughout the audit.**
- **Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.**
- **Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.**
- **Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.**
- **Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.**

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- **the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.**
- **the information in the supplemental schedule related to assets held by and certified by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).**

(1) Description of plan

The following description of the Blended Health Services 401(K) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan maintained under Section 401(k) of the Internal Revenue Code (IRC) and covers substantially all employees of Blended Health Services, LLC, formerly Addiction Campuses (the "Plan Sponsor"). The Plan covers substantially all employees (participants). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Each employee is eligible to participate in the Plan on the earliest monthly entry date, following the date the employee has attained the age of 21.

Effective January 1, 2024, the Connections Wellness 401(k) Plan merged into the Blended Health Services 401(k) Plan, transferring assets totaling $2,913,073, including notes receivable from participants. The net assets were recognized in the participants' accounts of the Blended Health Services 401(k) Plan as previously carried in the accounts of the Connections Wellness Group 401(k) Plan.

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the IRC or may be made after-tax in the form of a Roth contribution. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions are permitted up to 90% of eligible compensation subject to certain IRC limitations.

The Plan provides that the Plan Sponsor will make a qualified automatic contribution arrangement (QACA) in an amount equal to 100% of a participant's elective deferrals that do not exceed 1% of a participant's compensation, plus 50% of the participant's elective deferrals between 1% and 6% of the participant's compensation. The Plan Sponsor may also make discretionary profit sharing contributions determined annually by the Plan Sponsor; however, such contributions are not required. No Plan Sponsor discretionary profit sharing contributions were made to the Plan during 2025 or 2024.

Eligible participants are automatically enrolled in the Plan with a deferral of 3% of eligible compensation, unless the eligible participant elects not to make a deferral or elects to make a higher or lower percentage of the elective deferral contribution. Employees that are automatically enrolled will have their deferral percentage increased by 1% each year on January 1, to a maximum of 10%, unless they elect differently.

Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited or charged with the participant's contributions, Plan Sponsor contributions, allocations of investment earnings or losses and administrative expenses. Allocations are based on a participant's compensation or account balances as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their elective salary deferral, Plan Sponsor's QACA contributions, and discretionary profit-sharing contributions plus actual earnings (losses) thereon. Participants who terminated prior to January 1, 2024, vested 20% in the Plan Sponsor's discretionary profit sharing contribution after two years of service, with vesting increasing an additional 20% each year thereafter, until participants were 100% vested after six years of credited service, and vested 25% in the Plan Sponsor's matching contributions after one year of service, with vesting increasing an additional 25% each year thereafter, until participants were 100% vested after four years of credited service.

(e) Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes receivable from participants are secured by the balance in the participant's account and bear interest at fixed rates ranging from 8.25% to 9.50%, which are commensurate with local prevailing rates as determined at the time of the note receivable by the Plan administrator. Principal and interest are paid ratably through payroll deductions in installments over a period not to exceed five years.

(f) Payment of benefits

On termination of service due to death, permanent disability, retirement, or other reasons, a participant may take a distribution of his or her entire account balance in a single lump sum or elect to receive annual installments over a specified period. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account balance. In-service withdrawals of all or a portion of a participant's vested account balance may be made by participants who have attained the age of 59½.

(g) Forfeited accounts

If a participant terminates employment prior to being fully vested in the Plan Sponsor contribution portion of his or her account for any reason except death, disability, or qualification for retirement, then the unvested contributions will be forfeited. Such forfeitures may be used to pay administrative expenses or reduce future Plan Sponsor contributions. During 2024, forfeitures of approximately $3,600 and $34,000 were used to pay administrative expenses and reduce Plan Sponsor contributions, respectively. During 2025, no forfeitures were available to be utilized. As of December 31, 2025 and 2024, there were no forfeited non-vested account balances.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½.

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. All reasonable expenses of administration that are incurred by the Plan are charged directly to the applicable participant's accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan agreement.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Revision of the 2024 financial statements

As disclosed in the previously issued 2024 financial statements, those financial statements reflected the Plan's investments in collective trust funds using net asset value (NAV) as a practical expedient to measure fair value. During 2025, management determined that the NAV of the collective trust funds is published and, therefore, should be classified as a Level 2 investment in the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*s. For comparative purposes, the accompanying 2024 financial statements have been revised to include these investments held at Level 2. The revision had no impact on the 2024 net assets available for benefits or changes in net assets available for benefits as previously reported.

(g) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2025, and October 15, 2026, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including the fair value of investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends and interest income, and interest on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal").

(4) Fair value measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- **Quoted prices for similar assets or liabilities in active markets;**
- **Quoted prices for identical or similar assets or liabilities in inactive markets;**
- **Inputs other than quoted prices that are observable for the asset or liability;**
- **Inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

(i) *Mutual funds*: Valued based on the funds' reported closing NAV as of the last business day of the plan year-end. The funds are deemed to be actively traded.

(ii) ***Pooled separate accounts*****: Valued based on NAV as of the last day of the year. The NAV is based on the fair value of the underlying investments held within the separate account and is used as the basis for participant transactions. Units may be redeemed at NAV on the measurement date and therefore the investments are considered to have a readily determinable fair value.**

(iii) ***Collective trust funds*** **(CCTs): Valued at the NAV of the underlying assets owned by the trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a CCT, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner.**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets within the fair value hierarchy as of December 31, 2025 and 2024.

	Fair Value Measurements as of December 31, 2025 Using the Following Inputs			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 362,026	$ -	$ -	$ 362,026

(5) Income tax status

The Plan adopted a non-standardized pre-approved profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated the non-standardized pre-approved profit sharing plan was in compliance with the applicable requirements of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under section 401(a) of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Party-in-interest transactions

Certain Plan investments are managed by Principal and, therefore, related transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers which qualify as party-in-interest transactions. The Plan holds notes receivable from participants which also qualify as party-in-interest transactions.

(7) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 5,720,375	$ 4,946,615
Deemed distributions of notes receivable from participants	(6,898)	(2,955)
Net assets available for benefits per the Form 5500	$ 5,713,477	$ 4,943,660

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2025 and 2024:

	2025	2024
Change in net assets available for benefits per the financial statements	$ 773,760	$ (990,525)
Change in deemed distributions of notes receivable from participants	(3,943)	(2,955)
Change in net assets available for benefits per the Form 5500	$ 769,817	$ (993,480)

(8) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
