INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Easter Seals Alabama, Inc.
Retirement Plan of Easter Seals Alabama, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Retirement Plan of Easter Seals Alabama, Inc., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Retirement Plan of Easter Seals Alabama, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Retirement Plan of Easter Seals Alabama, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Retirement Plan of Easter Seals Alabama, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Retirement Plan of Easter Seals Alabama, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Retirement Plan of Easter Seals Alabama, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

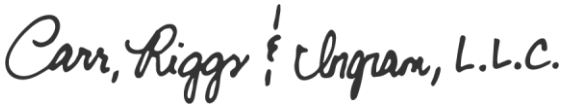

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: DESCRIPTION OF THE PLAN

The following brief description of the Retirement Plan of Easter Seals Alabama, Inc. (the Plan), provides only general information. Refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan sponsored by Easter Seals Alabama, Inc. (the "Organization", "Sponsor", "Employer", or "Plan Administrator"). The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Organization's Board of Directors (the "Board") is responsible for oversight of the Plan. The Board determines the appropriateness of the Plan's investment offerings and monitors investment performance. Plan benefits were frozen as of September 15, 2008.

Plan assets are held and managed by Principal Trust Company ("Principal Trust"), the trustee and the qualified institution of the Plan, which invests employer contributions and Plan earnings, and makes investment transactions as directed by the Board. Principal Life Insurance Company ("Principal") provides certain recordkeeping and retirement plan processing services. Martin, Martin, Randall & Associates, Inc. acts as the third-party administrator and actuary for the Plan and performs certain plan administration, actuarial services and annual ERISA compliance testing.

The Plan was established effective August 1, 1966, and was restated on January 1, 2019, to comply with the Pension Protection Act of 2006 ("PPA") and certain other legislative and regulatory changes.

The Plan was amended June 24, 2020, to permit in-service distributions upon attainment of age 59½ and completion of 20 years of service, effective July 1, 2020.

Eligibility

The Plan generally covers eligible employees whose employment or reemployment began before June 16, 2006. Employees of the Achievement Center who were employed before June 16, 2006, became eligible to participate effective October 1, 2006. Sheltered employees who elected not to participate are excluded. The Plan was frozen to new participation effective September 15, 2008.

Funding Policy

The Plan's funding policy is for the Organization to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. Employer contributions recognized in the financial statements were $567,571 and $545,999 for 2025 and 2024, respectively. Cash contributions made during 2025 totaled $600,000. The Organization's contributions for 2025 and 2024 exceeded the minimum funding requirements of ERISA. Although it has not expressed any intention to do so, the Organization reserves the right to terminate the Plan, subject to the applicable provisions of ERISA.

Note 1: DESCRIPTION OF THE PLAN (Continued)

Vesting

The Plan provides that participants become 100% vested after five years of service. Participants also become fully vested upon death, total and permanent disability, or attainment of the "Early Retirement Date," generally the first day of the month coinciding with or next following attainment of age 55 and completion of at least ten years of service for vesting purposes, with the age requirement waived for participants with at least 20 years of service for vesting purposes.

Pension Benefits

A participant's annual normal retirement benefit at age 65 equals the frozen accrued benefit as of October 1, 2006, plus 2.125% of average compensation multiplied by credited service from October 1, 2006 through the Plan's benefit accrual freeze on September 15, 2008. Early retirement is available at age 55 with at least ten years of service for vesting purposes. The age requirement and early-retirement reduction are waived for participants with at least 20 years of service for vesting purposes. Otherwise, the vested accrued benefit is reduced for commencement before the normal retirement date in accordance with the Plan's early-retirement provisions.

Effective July 1, 2020, a participant who has attained age 59½ and completed 20 years of service may elect to receive an in-service distribution in accordance with the Plan.

Death Benefits

The Plan provides a pre-retirement death benefit equal to the greater of the pre-retirement survivor annuity or a refund of the participant's employee account balance. If a married participant dies before benefit payments begin, the surviving spouse is entitled to the minimum spouse's death benefit, generally equal to the survivor benefit that would have been payable under a joint and 50% survivor annuity. Any remaining death benefit is payable to the participant's designated beneficiary in accordance with the Plan.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements as determined by the Plan's trustee. The Board of Directors determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Valuation of Other Financial Instruments

The carrying value of the Plan’s receivables approximate fair value.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits represent benefits attributable to service rendered under the Plan, including benefits payable to current and former employees and their beneficiaries. Benefits are based on the participant’s frozen accrued benefit as of October 1, 2006, plus benefits accrued under the Plan’s formula through September 15, 2008, when all benefit accruals ceased.

Accrued Expenses

Accrued expenses at December 31, 2024 represent the Pension Benefit Guaranty Corporation (PBGC) premium incurred during the 2024 plan year and paid during the 2025 plan year. There were no accrued expenses at December 31, 2025.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Organization, as provided by the plan document. Expenses that are paid directly by the Organization are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 13, 2026, and determined there were no events that occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Note 3: INFORMATION CERTIFIED BY THE QUALIFIED INSTITUTION

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements was obtained by management and agreed to or derived from information certified to be complete and accurate by Principal Trust, the qualified institution:

a) Total investments, at fair value, included in the statements of net assets available for benefits at December 31, 2025 and 2024.
b) Investment income, including net appreciation (depreciation) in value of investments, information included in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
c) All amounts included in Note 4, *Fair Value Measurements*.
d) All information included in the supplemental schedule of assets (held at end of year) as of December 31, 2025.

Note 4: FAIR VALUE MEASUREMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
  - observable; or
  - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4: FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate accounts: Valued at net asset value (NAV) of the shares held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The underlying investments consist of mutual funds; domestic and international stocks; fixed securities, such as asset-backed securities, residential mortgage-backed securities, commercial mortgage-backed securities and corporate bonds; and commercial real estate, including mortgage loans, which are backed by the associated properties. Mutual funds are valued at the NAV of shares held by the Plan at year end. Common stock and fixed securities are valued at the closing price reported on the active market on which the individual securities are traded. Real estate is valued based on annual certified appraisals and updated daily for changes in factors, such as occupancy levels, lease rates, overall market conditions and capital improvements. Mortgage loans are valued based on estimated market interest rates for loans of comparable quality and maturity giving consideration to the value of the underlying collateral. Accordingly, these NAV based investments have been excluded from the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	**Total**
December 31, 2025				
Pooled separate accounts (A)	$ -	$ -	$ -	**$ 16,488,477**
Total investments at fair value				**$ 16,488,477**

Note 4: FAIR VALUE MEASUREMENTS (Continued)

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2024				
Pooled separate accounts (A)	$ -	$ -	$ -	$ 16,386,418
Total investments at fair value				$ 16,386,418

(A) Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments measured at fair value based on net asset values (NAVs) per share as of December 31, 2025 and 2024, respectively.

Instrument	Year-End	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts (A)	December 31, 2025	**$ 16,488,477**	None	Immediate	None
Pooled separate accounts (A)	December 31, 2024	**$ 16,386,418**	None	Immediate	None

Note 5: ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

The actuarial present value of accumulated plan benefits as of December 31, 2025 and 2024 is as follows:

December 31,	**2025**	2024
Actuarial present value of accumulated plan benefits		
Vested benefits:		
Participants and beneficiaries currently receiving payments	**$ 13,004,358**	$ 12,906,641
Other vested benefits	**2,715,830**	3,686,596
Total vested benefits	**15,720,188**	16,593,237
Nonvested benefits	**-**	-
Total actuarial present value of accumulated plan benefits	**$ 15,720,188**	$ 16,593,237

The changes in accumulated plan benefits are as follows:

For the years ended December 31,	**2025**	2024
Actuarial present value of accumulated plan benefits at beginning of year	**$ 16,593,237**	$ 17,226,945
Increase (decrease) during the year attributable to:		
Passage of time	**834,034**	1,125,246
Benefits paid	**(1,707,083)**	(1,758,954)
Net increase (decrease)	**(873,049)**	(633,708)
Actuarial present value of accumulated plan benefits at end of year	**$ 15,720,188**	$ 16,593,237

The actuarial valuation dates of January 1, 2026 and January 1, 2025 correspond to accumulated plan benefits reported as of December 31, 2025 and December 31, 2024, respectively. Significant assumptions underlying the actuarial computations are:

The Unit Credit funding method was used.

Interest rate used to determine accumulated plan benefits:

January 1, 2025	7.5% compounded annually
January 1, 2026	7.5% compounded annually
Mortality basis	1983 Group Annuity Table, combined 50% male and 50% female mortality

Retirement age: Age 65

The Plan's funding requirements are determined annually by the Plan's actuary in accordance with applicable ERISA funding requirements.

Note 6: TAX STATUS

The Plan adopted a volume submitter plan document that was amended and restated effective January 1, 2019. The Internal Revenue Service issued an advisory letter dated March 30, 2018, stating that the form of the volume submitter plan document is acceptable under the applicable requirements of the Internal Revenue Code. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Tax positions are recognized only if it is “more likely than not” that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan paid certain expenses related to plan operations and investment activity to various service providers (see Notes 1 and 2). These transactions are party-in-interest transactions under ERISA.

For the year ended December 31, 2025, certain Plan investments consisted of units of pooled separate accounts offered through group annuity contracts with Principal Life Insurance Company. Principal Life Insurance Company serves as the investment manager, as defined by ERISA, for the assets of the pooled separate accounts and provides certain defined benefit plan recordkeeping and retirement plan processing services. Principal Trust Company serves as the Plan’s trustee and custodian. Accordingly, transactions involving Principal and Principal Trust qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services provided by Principal amounted to $147,791 for the year ended December 31, 2025.

Note 8: PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Benefits attributable to employee contributions, taking into account those paid out before termination.
2. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
3. Other vested benefits insured by the PBGC (a U.S. government agency) up to the applicable limitations.
4. All other vested benefits (that is, vested benefits not insured by the PBGC).
5. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions.

However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.
