INDEPENDENT AUDITOR'S REPORT

October 13, 2026

To the Plan Administrator of
CCSI 403(b) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of CCSI 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter - Supplemental Schedule Required by ERISA (Continued)
In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following brief description of the CCSI 403(b) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more information and a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all employees of Coordinated Care Services, Inc. (CCSI) who meet certain eligibility requirements. The Plan is administered by CCSI.

Empower Retirement, LLC is the recordkeeper of the Plan, Empower Life & Annuity Insurance Company of New York (ELAINY) is the insurance company of the Plan and Empower Trust Company, LLC (ETC) is a directed custodian of certain assets of the Plan (collectively, Empower). Certain plan assets are maintained with Lincoln Life and Annuity Company of New York (Lincoln) who is the custodian and recordkeeper of those assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of CCSI are eligible to participate in the Plan. All eligible employees are able to begin salary deferrals on the first day of the first payroll period pursuant to a properly completed and valid salary deferral agreement entered into by the employee. Eligible employees, except for part-time employees who normally work less than 20 hours per week, are eligible to receive CCSI’s employer non-elective and matching contributions upon reaching age 18.

Contributions

Active participants may make voluntary contributions in the form of salary reductions. Pre-tax contributions are limited to a maximum contribution of the lesser of 100% of the participant’s total compensation for the Plan year or the maximum amount permitted by the Internal Revenue Code (IRC) and any applicable rollovers from other qualified plans, subject to certain limitations of the Plan and the IRC. Eligible participants, who attain the age of 50 before the end of the Plan year, are eligible to make catch-up contributions, subject to certain limitations of the IRC. Effective January 1, 2025, participants aged 60 through 63 were eligible to make additional catch-up contributions of up to $11,250 for the 2025 Plan year in accordance with the Secure 2.0 Act.

The Plan has a 4% automatic deferral election provision, which is effective as of the first day of the first pay period that occurs on or after the 30th day following the later of (a) the employee's entry date; or (b) the date on which the employee is provided notice of such automatic reduction by the Plan Administrator.

The Plan allows for discretionary non-elective employer and matching contributions to be reviewed annually for changes by the CCSI Board of Directors. During 2025 and 2024, CCSI made non-elective contributions to participant accounts in the amounts of $957,978 and $762,446, respectively, calculated as 4% of eligible participant compensation. In addition, during 2025 and 2024, CCSI matched an amount equal to 50% of employee deferrals, up to 4% of eligible compensation, for a maximum match of 2% totaling $491,401 and $452,860, respectively.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts
Each participant's account is credited with the participant's contribution, CCSI's discretionary non-elective employer and matching contributions and an allocation of Plan earnings (losses) on all contributions, and administrative expenses. Allocations are based on participant earnings (losses) or account balances, according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are fully vested in their elective deferrals, CCSI's matching contributions and actual earnings (losses) thereon, immediately upon participation in the Plan. Participants are subject to a vesting schedule relative to CCSI's non-elective contributions at 25% each year, over a four-year span, at which time they are 100% vested.

Notes Receivable from Participants
Participants may borrow from the funds attributable to the participant's employee elective deferral contributions, vested CCSI contributions and rollover contributions. Participants may only borrow against their respective balances maintained by Empower. Participants are allowed to borrow up from $1,000 up to the lesser of 50% of their vested account balances, or $50,000 reduced by the excess of: (1) the participant's highest outstanding loan balance during the preceding one-year period over (2) the participant's loan balance outstanding before the loan is made. A participant may have one loan outstanding at a time. The maximum term of repayment for a loan is five years, unless it is for the purchase of a principal residence, in which case it may be up to fifteen years. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
Vested funds are paid to participants when they terminate employment with CCSI or when they retire, upon attaining early retirement age of 55, or normal retirement age of 65. Participants who have reached age 59½ may take in-service distributions from assets held with ETC. Benefits may be paid out in a single lump sum or in periodic installments over a period that is not greater than or equal to the life expectancy of the participant.

Hardship Withdrawals
Prior to age 59 ½, a participant may withdraw their participant contributions for reasons of hardship. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Forfeited Accounts
Forfeitures may be used to pay plan expenses or to reduce employer non-elective and matching contributions. Forfeited balances used to reduce employer contributions and pay Plan expenses totaled $112,648 and $225,524 for the years ended December 31, 2025 and 2024, respectively. As of December 31, 2025 and 2024, the Plan reported available forfeitures of $2,791 and $2,726, respectively.

Administrative Expenses
Substantially all administrative expenses associated with the Plan are paid by the Plan participants. There are also certain expenses of maintaining the Plan that are paid directly by the Company, which are excluded from the accompanying financial statements

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared in accordance with accounting principles generally accepted (GAAP) in the United States.

Investments

The Plan invests in mutual funds, separate accounts, fixed annuity contracts and guaranteed interest contracts. Investments are reported at fair value, except for fully-benefit responsive fixed and guaranteed contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. All investments are participant directed.

The Plan's fixed and guaranteed contracts are comprised of a fixed annuity account and a capital preservation account. Contract value is calculated as accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. Contract value is the relevant measure for the portion of net assets available for benefits attributable to fully-benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair Value Measurement - Definition and Hierarchy

Financial Accounting Standards Board Accounting Standards Codification 820 (ASC 820) establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2 — Inputs to the valuation methodology include:

    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability; and
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy is determined based on the least reliable input that is significant to the fair value measurement.

A description of where the Plan's investments fall within the hierarchy is presented in Note 4.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefit payments to participants are recorded when paid.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the financial statements.

Estimates
The preparation of financial statements in accordance with GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates and such differences may be significant.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as accurate and complete by ELAINY, ETC and Lincoln as of and for the years ended December 31:

	2025	2024
Investments, at fair value	$ 30,518,212	$ 27,483,851
Investments, at contract value	$ 2,453,915	$ 2,397,247
Notes receivable from participants	$ 488,806	$ 404,875
Investment income	$ 4,046,788	$ 3,356,762
Interest income on notes receivable from participants	$ 36,073	$ 27,942
Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31:

2025	Level 1	Level 2	Level 3	Total
Mutual funds	$ 28,925,441	$ -	$ -	$ 28,925,441
Investments, at net asset value				1,592,771
Investments, at fair value				$ 30,518,212

2024	Level 1	Level 2	Level 3	Total
Mutual funds	$ 25,874,305	$ -	$ -	$ 25,874,305
Investments, at net asset value				1,609,546
Investments, at fair value				$ 27,483,851

Mutual funds: Valued using daily quoted net asset values obtained from active markets.

Separate Accounts: Separate accounts purchase specific equity and fixed income mutual funds. These investments are valued using the net asset value (NAV) of the participation units as a practical expedient to estimate fair value. The unit values of participation units in the subaccounts are determined by Lincoln based on the value of the underlying mutual fund held in the subaccount, minus the fund's liabilities, which are the contract charges imposed by Lincoln, divided by the number of participation units outstanding. The pooled separate account NAV is not a publicly quoted price in an active market. This NAV calculation is in accordance with the AICPA Audit and Accounting Guide*, Investment Companies.* The separate accounts do not have a market value adjustment and are redeemable daily at NAV. The investment strategies of these accounts are to invest in global and domestic equity and fixed income investments with the goal of producing favorable long-term returns primarily through appreciation of assets, dividends and interest. Currently, there are no lockout provisions, redemption restrictions, or unfunded commitments associated with these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan is invested in a fully-benefit responsive investment contract with Lincoln. Lincoln maintains the contributions in a fixed annuity account. The guaranteed minimum contract rate for the fixed annuity account was 1.80% and 1.25% for the years ended December 31, 2025 and 2024, respectively. The contract rate is evaluated quarterly based on current economic rates. Participant accounts are credited with the greater of the guaranteed minimum contract rate or the declared contract rate. Funds deposited in the fixed annuity account after April 30, 2019 earned a declared contract rate of 1.80% and 2.00% during 2025 and 2024, respectively. Funds deposited in the fixed annuity account prior to April 30, 2019 earned a declared contract rate of 3.00% in 2025 and 2024.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

The Plan is also invested in a fully-benefit responsive investment contract with Empower. Empower maintains the contributions in a capital preservation account that is a guaranteed interest contract. The capital preservation investment account is a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. Contract value is the relevant measurement attribute for that portion of net assets available for benefits because the contract is fully benefit responsive. Contract value represents contributions made under the contract, plus interest credited, less participant withdrawals and administrative expenses. The contract's fair value was approximately $1,002,684 and contract value was approximately $1,112,353 at December 31, 2025. The contract's fair value was approximately $981,394 and contract value was approximately $1,109,355 at December 31, 2024. The average yield earned by the contract and the average yield credited to participants for the year ended December 31, 2025 were both 2.55%. The average yield earned by the contract and the average yield credited to participants for the year ended December 31, 2024 were both 2.70%.

Certain events, which Plan management believes are not probable of occurring, may limit the ability of the Plan to currently transact at contract value and may result in a deferral of the payment at contract value for up to twelve months, respective to both contracts. Such events include but may not be limited to a participant termination of employment due to: (1) removal of a group of participants from Plan coverage as a result of temporary absence, change in position or other occurrence qualifying as a temporary break in service under the Plan; (2) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or (3) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan Sponsor's business. Such events also include: (1) removal from the Plan of one or more groups or classifications of participants; (2) partial or complete plan and contract termination of the contract (3) partial or complete Plan terminations; or (4) Plan disqualification.

6. PARTY-IN-INTEREST TRANSACTIONS

Lincoln is a custodian and recordkeeper of the Plan. Empower is the recordkeeper, custodian and insurance company of the Plan. As such, transactions between Lincoln, Empower, and the Plan qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

7. TAX STATUS

The Plan uses a prototype plan document sponsored by Empower. Empower received an opinion letter from the Internal Revenue Service (IRS) dated April 7, 2021, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, CCSI has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their account balances.

9. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. There were no differences between the net assets available for benefits and the changes of net assets available for benefits per the financial statements to Form 5500 for the years ended December 31, 2025 and 2024.

10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 13, 2026, which is the date the financial statements were available to be issued.
