Independent Auditor's Report

To the Trustee and Plan Management of
Advanced Spine and Pain 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Advanced Spine and Pain 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Advanced Spine and Pain 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Advanced Spine and Pain 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Advanced Spine and Pain 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Advanced Spine and Pain 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Advanced Spine and Pain 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Plan Description

The following description of Advanced Spine and Pain 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General:
The Plan is a defined contribution plan originally effective January 1, 2021, and is sponsored by Advanced Spine and Pain (the Plan Sponsor). ASAP 14 Inc., T ASAP Inc., New Parts Inc., One Ninety9 Corp, and Roy G. O'Neil PLLC participate in the Plan as participating employers. The Plan Sponsor and the participating employers are collectively referred to as "the Company." The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan excludes employees covered by a collective bargaining agreement unless the agreement provides for participation, certain nonresident aliens who receive no earned income from sources within the United States of America, and employees who are residents of Puerto Rico.

The trustee is responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Eligibility:
Employees of the Company are eligible to participate in the deferral, safe harbor, and discretionary matching contribution components of the Plan upon reaching age 18 and completing three months of service. Employees enter the Plan on the first day of the calendar quarter coinciding with or next following satisfaction of the eligibility requirements.

Participants are eligible for discretionary non-elective contributions (profit sharing) if they a) meet the eligibility requirements, b) are employed on the last day of the plan year, and c) complete one period of service, defined as a twelve-month period from the participant's date of employment. These conditions are waived in the year of the participant's death, total and permanent disability, or termination of employment on or after normal retirement age. The Plan does not impose an hours-of-service requirement for participation.

Contributions:
The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. The Plan has an auto-enrollment provision whereby all newly eligible employees are automatically enrolled at a 3% pre-tax deferral rate unless they affirmatively elect not to participate or elect a different deferral rate. The Plan does not have an auto-escalation provision. Contributions for automatically enrolled participants who do not make an investment selection are invested in the Plan's qualified default investment alternative until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, the Plan operationally adopted the optional provisions of the SECURE 2.0 Act permitting participants who attain ages 60 through 63 during the calendar year to make increased catch-up contributions.

The Company makes safe harbor matching contributions and may, at its discretion, make additional discretionary matching and/or discretionary nonelective (profit sharing) contributions to the Plan. During the year ended December 31, 2025, the Company contributed a safe harbor matching contribution equal to 100% of each participant's contribution up to 3% of eligible compensation, plus 50% of the next 2% of eligible compensation. There were no discretionary matching or nonelective contributions for the year ended December 31, 2025.

Participants may also contribute amounts representing eligible distributions from other qualified defined benefit or defined contribution plans and certain individual retirement accounts (rollovers). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Note 1 – Plan Description (Continued)

Participant accounts:
Each participant's account is credited with the participant's contributions, any Company contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting:
Participants are immediately vested in their salary deferrals, safe harbor contributions, rollover contributions, and related earnings. Vesting in the Company's discretionary matching and nonelective contribution portion of their accounts, plus actual earnings thereon, is based on periods of service measured in twelve-month periods from the participant's date of employment. A participant is 20% vested after two years of service and an additional 20% for each year thereafter. A participant is 100% vested after six periods of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes receivable from participants:
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes are secured by the balance in the participant's account and bear interest at a reasonable fixed rate established by the plan administrator based on prevailing rates for similar loans. Notes must be repaid over a period not to exceed five years, unless the note is for the purchase of the participant's principal residence, in which case the payment period may not exceed 30 years. Participants may have a maximum of one general and one residential note outstanding at any given time, and notes may be refinanced. Principal and interest are paid through recurring ACH withdrawals under a level amortization schedule.

Payment of benefits:
Upon termination of employment, a participant may elect to receive the vested interest in his or her account as a lump-sum distribution, installments over a period not exceeding the participant's or beneficiary's life expectancy, or partial withdrawals. The Plan permits in-service distributions upon reaching age 59½ and hardship distributions subject to Plan provisions. Effective January 1, 2024, if a terminated participant's vested account balance does not exceed $7,000, the Plan may distribute the participant's account without the participant's consent. If the vested account balance does not exceed $7,000, the balance will be automatically rolled over to an individual retirement account in the participant's name unless the participant makes an affirmative distribution election.

Forfeited accounts:
Forfeitures of nonvested accounts may be used to pay Plan expenses or reduce future Company contributions. As of December 31, 2025 and 2024, forfeited account balances were $0. No forfeitures were used during the year ended December 31, 2025.

Note 2 – Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies follows:

Basis of accounting:
The financial statements of the Plan are prepared on the accrual basis of accounting.

Note 2 – Summary of Significant Accounting Policies (Continued)

Estimates:
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The trustee determines the Plan's valuation policies utilizing information provided by the investment advisor and insurance carrier. See *Note 4* for discussion of fair value measurements.

Investment transactions are recorded on a trade-date basis. Net appreciation includes changes in the fair value of the pooled separate accounts, including income and gains and losses from the underlying investments.

Contributions receivable:
Contributions from participants and the related matching contribution are recorded in the year when the contributions from participants are withheld from compensation. Additional employer contributions, if any, are recorded in the year to which they relate in accordance with Plan provisions.

Notes receivable from participants:
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Notes deemed distributed for tax purposes remain recorded as notes receivable until an offset or other final disposition occurs, at which time they are recorded as distributions in accordance with the Plan provisions.

Payment of benefits:
Benefits are recorded when paid.

Administrative expenses:
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses in the accompanying statement of changes in net assets available for benefits. Certain expenses incurred in connection with general administration or the investments of the Plan that are paid by the Plan are also recorded as administrative expenses in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent events:
The Plan has evaluated subsequent events through October 14, 2026, which is the date the financial statements were available to be issued.

Note 3 – Information Certified and Provided by a Qualified Institution

The Standard Insurance Company (The Standard), an insurance company and qualified institution, has supplied the plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statement of changes in net assets available for benefits for the year ended December 31, 2025, and the supplemental schedule of assets (held at end of year) as of December 31, 2025. The Standard provides the certification pursuant to its reinsurance arrangement with Minnesota Life Insurance Company, the original issuer of the Plan's group annuity contract.

Note 4 – Fair Value Measurement

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Pooled separate accounts: Valued at the net asset value (NAV), or its equivalent, based on units of the pooled separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate accounts, less their liabilities. There are no unfunded commitments or redemption restrictions associated with these investments.

Note 4 – Fair Value Measurement (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts*	$ -	$ -	$ -	$ 3,858,207

	2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts*	$ -	$ -	$ -	$ 2,644,224

*In accordance with ASC 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's assets at the end of each respective year.

Note 5 – Party-in-Interest Transactions

Certain plan investments are maintained in the Minnesota Life Insurance Company Master Separate Account. Minnesota Life Insurance Company is the issuer of the Plan's group annuity contract and, therefore, these investment transactions qualify as party-in-interest transactions. Standard Retirement Services, Inc. provides recordkeeping and administrative services to the Plan, and StanCorp Investment Advisers, Inc. provides investment advisory services. Notes receivable from participants also qualify as party-in-interest transactions.

For the year ended December 31, 2025, the Plan recognized $7,133 of administrative expenses related to Plan administration, recordkeeping, and participant-level transactions. Indirect fees are paid to StanCorp Financial Group based on investment account values. These fees include a 1.06% asset-based fee, plus additional fund-specific fees ranging from 0.04% to 1.10% of the investment account value. Investment-related expenses are reflected in the pooled separate account unit values and reduce net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a complete or partial termination of the Plan, affected participants would become 100% vested in their accounts.

Note 7 – Risks and Uncertainties

The Plan invests in pooled separate accounts that hold various investment securities. Investment securities are exposed to various risks such as interest rate, market fluctuation, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 – Tax Status

The Plan Sponsor has adopted a pre-approved plan provided by Minnesota Life Insurance Company, which received an opinion letter dated June 30, 2020, from the IRS pursuant to a requirement to restate pre-approved plan documents every six years in order to maintain the Plan's tax-qualified status. Although the Plan has been amended since the opinion letter was issued, the plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Prohibited Transactions and Operational Failures

During 2025, the Company failed to deposit participant contributions totaling $49,026 within the timeframe required by Department of Labor regulations. These late remittances constitute nonexempt prohibited transactions. In September 2026, the Company completed the correction of the 2025 delinquent participant contributions by depositing $1,015 in lost earnings and filing Forms 5330 for 2025 and 2026, including payment of $254 in applicable excise taxes.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following reconciles net assets available for benefits per the financial statements to Form 5500 as of December 31:
