Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Trans-Tech Energy, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The ERISA – required supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 and the ERISA – required supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and

other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Trans-Tech Energy, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan Document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan was adopted effective October 1, 2013 by Trans-Tech Energy, LLC, who is also the plan sponsor and Plan Administrator of the Plan (the Plan Administrator). The Plan is a defined contribution plan covering substantially all employees of the Plan Administrator, who are 21 years of age or older. A participant must complete three months of service to be eligible to participate in the Plan. An eligible participant can enter the Plan on the first day of each month, subsequent to completing eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan was restated effective January 1, 2023, with no significant changes to the structure of the Plan.

Effective January 1, 2023 eligible participants from Transtech Fabrication, LLC, Bendel Tank & Heat Exchanger, LLC, Energyneering Solutions, LLC, and Maddox Industrial, LLC joined the Trans-Tech Energy, LLC 401(k) Plan. On January 1, 2023, Transtech Fabrication 401(k) transferred its net assets into the Plan. Effective July 15, 2023 eligible participants from Metalforms, LLC joined the plan. Effective September 5, 2024 eligible participants from Koch Heat Transfer Company, LP (Koch) joined the Plan. Effective September 26, 2024 eligible participants from CTR of the Carolina's (CTR) joined the plan. Upon joining the Plan, employees were immediately able to participate in the Plan without restrictions.

Trustee and Administration of the Plan

The trustee and recordkeeper was Empower Annuity Insurance Company of America. The trustee holds all assets of the Plan in accordance with the service provider contract with the Plan Administrator. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Employees who elect to participate may contribute between 1% and the maximum allowable by law. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Administrator makes a safe harbor matching contribution. The Plan Administrator will make matching contributions to the account of each eligible participant in the amount equal to the sum of 100% of the participant's elective deferral up to 3% of the participant's compensation (as defined). Additionally, the Plan Administrator makes a matching contribution in the amount equal to the sum of 50% of the participant's elective deferral between 3% and 5% of the participant's compensation. The profit-sharing contribution may be made by the employer at the employer's discretion.

For the year ended December 31, 2025, the Plan Administrator's total employer contributions was $1,524,192.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are immediately vested in their elective deferrals and employer match plus the actual earnings thereon. Vesting in the company's profit-sharing contribution portion of their accounts plus actual earnings thereon is based on years of service with employers other than the Plan Administrator for vesting purposes. The profit-sharing contributions are subject to a vesting schedule, as defined in the Adoption Agreement, with the participant becoming 20% vested in the Plan after one year of credited service and being fully vested after six years of credited service.

Upon death or disability, the participant (or his/her beneficiary in case of his/her death) becomes 100% vested in the Plan. Upon reaching normal retirement age of 65 or after six years in the Plan, the participant becomes 100% vested in the Plan.

Payment of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. Participants may elect to roll over their vested balance to another qualified retirement plan or individual retirement account (IRA).

Forfeitures

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $1,171 and $1,154, respectively. Amounts forfeited from a participant's account shall be used to restore forfeitures or reduce Employer contributions (or reallocate as Employer contributions) or to pay reasonable Plan expenses to the extent specified in the Adoption Agreement. Forfeitures cannot be used as Elective Deferrals. Any such disposition of forfeitures from a Participant's Account shall be made no later than the end of the Plan year following the Plan year during which the forfeiture occurred. For the year ended December 31, 2025, no forfeitures were used to pay administrative costs.

Notes Receivable from Participants

Participants may borrow from their vested account balance a maximum amount equal to the lesser of $50,000 reduced by the excess of the participant's highest outstanding note balance during the 12 months preceding the date on which the note is made over the outstanding note balance on the date the new note is made, or 50% of their vested account balance. Based on the Plan provisions, there is a limit of one loan that each participant may have outstanding at any time. The notes are secured by the balance in the participant's account and bear a rate of interest equal to prime plus 1%. Interest rates in effect as of December 31, 2025 and 2024, ranged from 5.25% to 9.00% and 5.25% to 9.75%, respectively. Principal and interest are paid ratably through payroll deductions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Plan Administrator makes the respective payroll deduction from the participant's compensation. Non-elective/Profit sharing contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments, the Plan Administrator deems the participant loan to be in default. Once a distributable event occurs, such as employment termination, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The majority of administrative expenses of the Plan are paid by the Trans-Tech Energy, LLC. Certain transaction-specific charges and loan set-up charges are deducted directly from participants' accounts and are recorded in administrative expenses on the statement of changes in net assets available for benefits.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2024 and 2025, and net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America for all qualified institutions.

4. Guaranteed Interest Fund

The Plan has a benefit-responsive guaranteed interest fund with Empower Annuity Insurance Company of America. Empower Annuity Insurance Company of America maintains the contributions in a general account. The account is credited with earnings on the underlying investments in the entire medium-long-term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. In addition, the account is charged for participant withdrawals and administrative expenses. The guaranteed interest fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest fund. The guaranteed interest fund is presented in the statements of net assets available for benefits at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include certain amendments to the Plan Adoption Agreement, such as a complete Plan termination. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The average yield based on actual earnings was 2.70% and 1.41% for the years ended December 31, 2025 and December 31, 2024, respectively. The average yield based on interest rate credited to participants was 2.70% and 1.41% for the years ended December 31, 2025 and December 31, 2024, respectively.

Participants may transfer their account balance to any other investment option offered under the Plan at any time with no restrictions or penalties. If a participant transfers out of the Guaranteed Interest Fund, Empower Annuity Insurance Company of America reserves the right to restrict transfers for 30 days. These transactions are processed after the resolution of closed or disrupted financial exchanges or markets.

5. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies – These are valued at the daily closing price as reported by the fund. Registered investments held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Registered investments held by the Plan are deemed to be actively traded.

Common Collective Trust – This is valued using the NAV based on the fair value of the underlying investments held by the fund less its liabilities. The use of NAV as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 8,525,288	$ -	$ -	$ 8,525,288
Common collective trust:				
Investments measured at NAV*	-	-	-	24,733,569
Total Investments, at fair value	$ 8,525,288	$ -	$ -	$ 33,258,857

December 31, 2024

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 6,397,941	$ -	$ -	$ 6,397,941
Common collective trust:				
Investments measured at NAV*	-	-	-	18,947,809
Total Investments, at fair value	$ 6,397,941	$ -	$	$ 25,345,750

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Empower. Participant loan and distribution processing fees are paid by participants. The Plan also issues loans to participants, which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

8. Plan Termination

Although it has not expressed any intention to do so, the Plan Administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

9. Tax Status

The Plan uses a pre-approved plan document sponsored by Empower for the year ended December 31, 2025. Empower received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Prohibited Transactions

During 2025 and 2024, the Plan Sponsor failed to timely remit certain participant contributions to the Plan. The Plan Sponsor plans to correct the remaining 2024 and 2025 lost earnings on the late contributions by remitting lost earnings to affected Plan participants in accordance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA by the end of 2026. The Plan Sponsor made these corrections outside the IRS' Voluntary Correction Program.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

December 31,	**2025**	2024
Net Assets Available for Benefits, per the financial statements	**$ 34,218,217**	$ 26,233,502
Less: deemed distributed participant loans	**(15,567)**	-
Less: contributions receivable at end of year	**(62,249)**	(74,345)
Net Assets Available for Benefits, per the Form 5500	**$ 34,140,401**	$ 26,159,157

The following is a reconciliation of net change in net assets per the financial statements to the Form 5500:

Year ended December 31, 2025	
Net Increase in Net Assets Available for Benefits, per the financial statements	$ 7,984,715
Less: contributions receivable, December 31, 2025	(62,249)
Add: contribution receivable, December 31, 2024	74,345
Less: deemed distributed participant loans	(15,567)
Net Increase, per the Form 5500	$ 7,981,244

12. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued, and has determined that there were no subsequent events that have occurred through that date other than those currently disclosed.
